

# Student Handbook

2007/2008

Copyright © August 2007 Pacifica Graduate Institute

Pacifica Graduate Institute | 249 Lambert Road, Carpinteria, CA 93013 TEL: 805.969.3626 | www.pacifica.edu

# Dear Students:

It is a pleasure to welcome you to Pacifica Graduate Institute, whether you are a newly enrolled or continuing student.

The information contained in this Student Handbook will provide help as you navigate through various educational landscapes at Pacifica. Please consider this Handbook to be your 'first contact' for academic and administrative information by familiarizing yourself with the Table of Contents, Faculty and Staff, General Information, Academic Policies and Regulations, Forms, and Schedule of Fees. It clarifies many of the questions that will arise during your tenure here.

We are delighted to accompany and support your progress toward a graduate degree.

Sincerely,

Cindy Carter, Ph.D. Dean of Academic Affairs

Pacifica reserves the right to alter its policies and procedures at any time and to implement new policies to address emerging needs. In such event, the school will make all reasonable efforts to notify students. Students should be aware that the policies and procedures contained in the Handbook may not remain in effect during their entire program of studies at Pacifica. To the extent that there may be discrepancies between the Tuition and Fee Agreement and the Student Handbook, the Agreement is binding.

# **GENERAL INFORMATION**

# Philosophy of the Institute

# animae mundi colendae gratia for the sake of tending soul in and of the world

Pacifica Graduate Institute's Counseling Psychology, Clinical Psychology, Depth Psychology, Depth Psychotherapy, Mythological Studies, and Humanities programs are built on the conviction that the science of psychology and comparative mythology is enhanced immeasurably by the study of literature, religion, art, and culture. These undertakings infuse the study of human experience with a necessary sense of the recurring archetypal motifs of the psyche – a sense long honored by the traditions of depth psychology.

The remembrance of these motifs not only reconnects the individual to archetypal patterns moving the human heart and soul, but also cultivates an awareness that the threads of the psyche animate the world itself. In light of the imminent dangers overshadowing the modern world, we believe that psychological training and mythological studies can no longer remain isolated vocations. Rather, psychology and mythological studies can give insights into the struggles of the age in which we live.

#### Mission Statement

The mission of Pacifica Graduate Institute is to provide graduate degree programs and to foster research in the fields of psychology and mythological studies framed in the traditions of depth psychology. The Institute seeks to fulfill this purpose by creating an educational environment that nourishes respect for cultural diversity and individual differences and an academic community that fosters for its faculty and students a spirit of free and open inquiry consistent with the recognized values of academic freedom. Students are invited to Pacifica for study, for mutual community building, and for support from faculty and from one another. Pacifica Graduate Institute offers graduate programs in Counseling Psychology, Clinical Psychology, Depth Psychology, Depth Psychotherapy, Mythological Studies, and Humanities. All degree programs carry an emphasis in depth psychology.

The Counseling Psychology, Clinical Psychology, Depth Psychology, and Depth Psychotherapy programs are designed to educate scholars and clinicians who will contribute to the healing vision offered by a soul-centered, psyche-centered approach to psychology. Our curriculum emphasizes scholarly research and writing as well as professional development in clinical practice. Our coursework is founded upon the conviction that psychology is enhanced by the study of ancient and contemporary culture, including literature, religion, art, and mythology. These disciplines have long been integral to the tradition of depth psychology.

The Mythological Studies program offers students a strong grounding in the varieties of mythological narratives and religious beliefs as well as a foundation in the principles of depth psychology. Mythological Studies coursework explores human experience within the context of cultural and religious systems in order to affirm the importance of the mythic perspective in the formation and development of soul in the world. Emphasis is placed upon the exploration of the imagination and creative expression as well as scholarly research and writing.

The Humanities program opens doorways to understanding common patterns through mythological themes and then follows those themes as they appear in history, visual arts, music, classical literature, and philosophy. The combined disciplines of Mythology and Depth Psychology access and stimulate inner life processes, including a remembrance of indigenous and traditional wisdom, allowing the transcendence of individual egos. Contemporary demands and professional development are then met with creative expressions in the Process and Praxis coursework. Face-to-face contact on campus encourages the development of relationships in which fertile seeds of understanding and engagement can be grounded. Online involvement provides convenient interactive communities that support students' internal and external discoveries while working from home, yet with like-minded individuals from around the world.

# **Academic Freedom Statement**

Pacifica Graduate Institute is committed to the free exchange of ideas for all faculty and students. The Institute is committed to creating an academic environment that fosters the willing and enthusiastic participation of those individuals and groups who compose its academic community.

# Accreditation and Academic Status

Santa Barbara Graduate Schools, Inc., d.b.a. Pacific Graduate Institute, is accredited by the Accrediting Commission for Senior Colleges and Universities of the Western Association of Schools and Colleges (WASC), an institutional accrediting body recognized by the Council on Postsecondary Accreditation and the U.S. Department of Education (Western Association of Schools and Colleges, 985 Atlantic Avenue, Suite 100, Alameda, CA 94501; telephone: 510-748-9001; fax: 510-748-9797; www.wascweb.org). In June 2001, Pacifica's accreditation was re-affirmed.

Pacifica Graduate Institute is an accredited institution with each degree recognized and approved by the State of California. In addition, Ph.D. graduates in Clinical Psychology are eligible to apply for the California Clinical Psychology License if they meet the California Board of Psychology requirements for supervised professional experience. M.A. graduates in Counseling Psychology may apply for the California Marriage and Family Therapy (M.F.T.) License. Students commuting from other states need to check with their state boards for applicable licensing requirements.

# **State Licensure**

All psychology students seeking licensure as clinical psychologists or counselors are urged to contact the appropriate governmental agency in their state about present and future curricular and internship requirements. It is the student's responsibility to ensure that s/he meet various licensure requirements in his/her particular state.

# Non-discrimination and Equal Opportunity Statement

Pacific Graduate Institute does not discriminate on the basis of race, color, national origin, religion, creed, gender, sexual orientation or identity, physical or mental disability, citizenship status (within the limits imposed by law or Institute policy), marital status, medical condition, or age in any of its policies, procedures, or practices. This nondiscrimination policy covers treatment in institutionally approved academic programs and activities. In conformance with Institute policy, Pacifica Graduate Institute is an Affirmative Action/Equal Opportunity. If a student believes s/he has been subjected to any form of unlawful discrimination, please submit a written complaint to the Dean of Academic Affairs.

# The Diversity Committee Mission Statement

Diversity in the student body, faculty, staff, board, and administration is an incomparable asset to the learning experience at Pacifica Graduate Institute. The purpose of the Diversity Committee is to nourish an atmosphere at Pacifica that promotes, respects, and encourages diversity in its fullest sense.

In order to achieve greater diversity, concerted effort is necessary in recruitment and retention. To build an atmosphere of hospitality toward differences, Pacifica encourages cross-cultural dialogue, reviews the curriculum regularly with regard to issues of diversity, and explores pedagogies that enlist awareness of diversity in the learning process.

Appreciation for diversity begins with thoughts and attitudes that support multicultural environments. Pacifica engages in a process of self- evaluation regarding institutional, collective, and individual racism and other bias in order to work toward a more inclusive learning environment.

Pacifica encourages regular dialogue on issues of diversity among the staff, faculty, and student body.

Depth psychology is an historical conversation of diverse voices with multiple yet related points of view on interiority, culture, context, the unconscious, imagination, dialogue, transformation, myth, symbol, symptom, and healing.

Practitioners of depth psychology who are struggling to become conscious about issues of cultural bias, Eurocentrism, colonialism, and domination in the field find many theories of depth psychology can be used as a valuable guide to the hosting of diversity.

Depth "psychologies" may more aptly describe the complexity of voices that comprise any situation: intrapsychic, interpersonal, intercultural, or interspecies. They ask us to acknowledge our point of view at any moment as one among many. This attitude helps allow space for alternate perspectives to emerge, thus augmenting, challenging, confirming, and critiquing points of view with which we have identified. Depth psychologies see this discipline as a necessary and ongoing process that is sensitive to shifts in what calls from the margins of a culture at any particular time.

The movement from singularity of voice to polyphony, from identification with a fixed viewpoint to a critique and contextualizing of viewpoint, parallels psychology's own

contemporary movement from a universalist standpoint that often covered over cultural context and bias.

Just as the individual seeks to open a space for other viewpoints to emerge, some depth psychologies are presently struggling to be clear about their origins in Euro-American culture and the implicit values underlying their predominant foci of research, clinical practice, and favored methodologies.

This struggle allows psychology thoughtfully to extend its research and clinical practice to groups and issues previously under-represented by a more monocultural discipline, by working in concert with members of such groups.

In accord with Pacifica's commitment to depth psychology, we actively support an educational environment that respectfully welcomes the richness of cultural, racial, gender, sexual orientation, class, religion, learning style, able-bodiedness, and other even as yet unnamed differences, which all who study and work in this Institute bring as gifts for a learning community.

# **FERPA Rights**

The Family Educational Rights and Privacy Act (FERPA) helps protect the privacy of student education records and affords each the right to inspect and review education records, the right to seek to amend those records and to limit disclosure of information from those records. Each student is the "owner" of his or her education record. The institution is the custodian of that record. A student's rights are as follows:

- 1. The right to inspect and review education record within 45 days of the date Pacifica receives the access request.
  - A student should submit to the Registrar's Office an official written request that identifies the record(s) for inspection. The Registrar's Office will send notification of the time and place where the record may be inspected.
- 2. The right to request an amendment of the educational record that a student believes is inaccurate or misleading.
  - To request an amendment, please write to the Registrar's Office clearly identify the amendment, and specify why the record is inaccurate and/or misleading.
  - If Pacifica decides not to amend the record as requested, the student will be notified. Additional information regarding the hearing procedure to contest the non-amendment decision will be provided at the time of notification.
- 3. The right to consent to disclosures of personally identifiable information contained in the student's education record, except to the extent that FERPA authorizes disclosure with consent.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Pacifica to comply with the requirements of FERPA. FERPA is administered by the:

Family Policy Compliance Office U.S. Department of Education 400 Maryland Avenue, S.W. Washington, DC 20202-4605

5. Pursuant to Section 99.3 of FERPA regulations, directory information and information from a student's education record may be disclosed without his/her written permission. Directory information includes: name, address, telephone number, email address, date and place of birth, major field of study, dates of attendance, degrees and awards, most recent educational institution attended, and enrollment status.

If a student does not wish for his/her directory information to be released, that student must sign and submit to the Registrar's Office a Request to Withhold Directory Information form which is available on the website.

The complete text of the Family Educational Rights and Privacy Act of 1974 as Amended (and its interpretation) is available in the Registrar's Office.

# **Instructional Facilities**

Pacifica Graduate Institute is a private corporation with campuses located at 249 Lambert Road and at 801 Ladera Lane in Carpinteria, CA 93013. Situated approximately five miles south of Santa Barbara, the Lambert Road campus is comprised of six buildings on thirteen acres. Pacifica also has a campus on Ladera Lane. This campus is situated on thirty-five acres in the coastal foothills of Montecito, just north of the Lambert Road Campus. The Ladera Lane campus has housing and dining facilities.

At the discretion of the Institute, classes may be conducted at other locations throughout the Santa Barbara area.

# Pacifica Graduate Research Library and the Joseph Campbell and Maria Gimbutas Library

#### Introduction

Pacifica Graduate Institute Library resources and services support graduate-level study in the areas of counseling psychology, clinical psychology, depth psychology, depth psychotherapy, mythological studies and humanities. Subject area strengths are in Jungian and archetypal psychology, depth psychology, psychoanalysis, clinical psychology, mythology, religious studies, psychological studies of literature, and research methodology.

# **Library Collections**

The Graduate Research Library on the Lambert Road campus holds approximately 15,000 books, 1,500 theses and dissertations, 700 audio and video titles, and access to thousands of journal titles, both print and electronic. Special reference collections include rare books, student papers, course reserves, and internship and licensing information for counselors and psychologists for each state. The Graduate Research Library maintains a branch location at the Ladera campus, and materials are sent by shuttle between the two campuses upon request. The collections are indexed in the library catalog, available on the library website.

At the Ladera campus, the library maintains branch collections, as well as database, email and internet access. The library is staffed whenever Ladera campus students are in session: when Ladera classes are not in session, the Ladera branch library is closed, and students are asked to use the Lambert campus main library. Shuttle service is offered between the two campuses, and students make use of both library facilities. Books, tapes, journal articles, and other items are delivered to students upon request to either campus.

OPUS Archives and Research Center (an independent non-profit organization) has approximately 4,600 books as well as the archival materials of Joseph Campbell, Marija Gimbutas, James Hillman, Jane Hollister, and Joseph Wheelwright. The Hillman and Wheelwright materials include an extensive collection of Jungian publications. In addition to these resources, the OPUS Archives and Research Center has plans is accepting the incoming collections of Marion Woodman and Robert Johnson. Archival materials are located on both campuses at this time.

#### **Electronic Resources**

Through Pacifica, students have onsite as well as remote access to the following databases: Academic Search Premier, PsycInfo, the ATLA Religion Database, ATLA Serials, Religion and Philosophy Collection, Psychology and Behavioral Sciences Collection, the PEP Archive, PsycArticles, PsycCritiques, PsycExtra, ProQuest Digital Dissertations, PapersInvited, Humanities International Complete, JSTOR – Arts and Sciences III, ERIC, and Mental Measurements Yearbook. These databases contain citation information and full-text access to thousands of journals in a variety of subject areas. Additionally, the library offers access to several encyclopedic e-books in the subject areas of religious studies, paychoanalysis, human development, and social theory.

Computer terminals are available for student use at both campuses and support word processing, web-based e-mail, and internet searching. Printers and photocopiers are also available. Internet access hook-ups and WiFi hotspots are available to support the use of personal laptops.

To facilitate distance learning, Pacifica Graduate Institute uses a Learning Management System (LMS), a web-based platform to deliver course content for online classes. The LMS facilitates student-teacher communication in a non-traditional classroom setting. Students registered for online courses receive a username and password, granting them access to the LMS once the enrollment process is completed. Technical support is available by contacting your Program Administrator.

# **Interlibrary Loan Services**

Materials not held by the library may be obtained upon request through interlibrary loan. Pacifica is a member of the On-line Computer Library Center (OCLC), an Interlibrary Loan network of hundreds of libraries world wide, and maintains membership in the Northern California Consortium of Psychology Libraries (NCCPL), the Gold Coast Library Network, and the Black Gold Library Consortium. The Pacifica Library also participates in global resource sharing. Interlibrary loan requests may be made in person, by e-mail, or telephone: ill@pacifica.edu or (805) 679-6143.

#### **Reference Services**

Reference librarians are available to provide orientations to the library, bibliographic instruction, and reference and referral services. Individual instruction (by appointment or on a walk-in basis) and small group instruction are provided throughout the year.

Reference requests may also be made by mail, telephone at ext. 144, fax, or e-mail at reference@pacifica.edu.

#### **Circulation Services**

Most of the library's materials circulate. However, reference books, journals, and special collections (e.g., course reserves) do not. The loan period for Pacifica faculty, staff, and students is six weeks. The loan period for Pacifica alumni and Friends of the Library is two weeks. Items checked out may be renewed, provided they have not been reserved by someone else. Reserve Request Forms, required to reserve materials, are available in the library. When a requested item is returned, it may either be mailed to the student or held at the library for the student, on request.

Overdue fines of 50 cents per day for books and \$1 per day for all other materials are charged. If an overdue item is not returned within two months of the due date, it is considered lost and a replacement charge plus a \$20 processing fee is assessed: items returned damaged (this includes highlighting, underlining, or other book defacement) or missing components are also subject to cost of replacement plus processing fee charges. Overdue items cannot be renewed. Psychological assessment materials carry their own fee structure for fines and penalities, and students are strongly advised to inquire about these charges at the Circulation desk. Circulation requests may be made in person, by e-mail or telephone: circulation@pacifica.edu or (805) 679-6115.

# Fax and Shipping Charges

Billing for all library charges is handled through the Business Office, generally on a monthly basis. Please send all payments to the Business Office, as the library does not process payments.

#### Renewals

Renewal requests are best handled a minimum of one week before the existing due date, as not all items are renewable. Materials reserved by other patrons cannot be renewed and must be returned by the original due dates. Renewal requests may be made in person, by email or telephone: circulation@pacifica.edu or (805) 679-6115.

# Check Out Policy for Psychological Assessment Materials

Students may check out testing materials on a first-come first-served basis. A 24-hour advance notice is required in order to secure a room reservation. The Library conference room must also be reserved to review and use the testing materials: psychological assessment materials must remain in the library. Students who do not arrive within 30 minutes of their reservation times forfeit the use of the testing materials as well as the Library conference room, and will need to make arrangements to reschedule. Please inquire at the circulation desk about fines for testing materials that are kept beyond their times.

# **Library Hours**

The Graduate Research Library is open seven days per week. Hours will vary during, and between sessions and on holidays. Please refer to the library website or call the circulation desk for current hours.

The Joseph Campbell and Marija Gimbutas Library is open seven days per week to Pacifica students and faculty, though provision of advanced notice is recommended for more extensive, research visits. Other scholars may visit the library by appointment only. Please contact Richard Buchen, Special Collections Librarian, at ext. 133 for an appointment.

# **Library Contact Information**

Library Website <a href="http://www.pacifica.edu/libraries.html">http://www.pacifica.edu/libraries.html</a></a>
<a href="http://www.online.pacifica.edu/pgl">http://www.online.pacifica.edu/pgl</a>

The Library website contains links to information on journal holdings as well as to the library catalog. The Library News site is a weblog that is updated regularly with information on recent library acquisitions, research tips, calls for papers, etc, and students are encouraged to view it regularly.

#### GENERAL POLICIES AND PROCEDURES

# Changes in Academic Policy

Major changes in academic policies of the Institute will be undertaken through the following steps:

- a. A member of the academic community suggests a change.
- b. The Office of Academic Affairs will correspond in writing to the academic community about the proposed change.
- c. Administrative staff (if affected) and/or faculty will have one month to provide opinions, feedback, and suggestions to the Education Council and/or Office of Academic Affairs.
- d. With the Office of Academic Affairs recommendation, the Education Council will determine the need for a new policy. If a new policy is developed, the Dean of Academic Affairs will announce it in writing. The old policy remains in effect until the new policy becomes effective.

There are a number of ways in which students have input at Pacifica Graduate Institute. Those include, but are not limited to: faculty and course evaluations, faculty liaison meetings, suggestions through the student representative, and periodic student surveys conducted by the Office of Institutional Evaluation and other departments.

# Curriculum and Program Review

The sequence of classes may be changed by the Program Chair at any time prior to a quarter. Other significant curricular changes are implemented only after review by the Curriculum Committee and the approval of the Dean of Academic Affairs. To ensure that our programs offer the highest quality educational experience, we continually evaluate the curriculum and programs. The culmination of this process occurs each winter when the Dean of Academic Affairs and the Program Chairs meet with the faculty and staff. Program Chairs and their faculty send a self-reflective report to the Dean of Academic Affairs. Material gathered during this review is forwarded to the Curriculum Committee of the Academic Senate for review and implementation.

# **Evaluation of Faculty and Courses**

At the conclusion of each quarter, faculty/course evaluation forms are distributed. Evaluations forms will either be distributed in class during the last session of the quarter, or online two weeks prior to the end of the quarter for online courses. Students are invited to provide specific comments about their instructor's attitudes, availability, clarity, fairness, etc. as well as about the depth and suitability of course material. After the student has completed an evaluation form, the student should either mail it or deliver it in person to the Program Administrator. The Program Chair reviews the forms as a part of faculty evaluation. The anonymous feedback provided is carefully considered in future selection of faculty and in curriculum development.

# Honesty and Plagiarism Policy

Pacifica Graduate Institute is committed to the highest standards of academic honesty. It is expected that students will complete all course assignments, exams, research projects, theses and dissertations with honesty and integrity. Students may not, at any time, misrepresent the authorship of work submitted in their name. Plagiarism, fabrication of research data and failure to complete separate written work for each course taken are examples of violations of the honesty policy. If a student wishes to use similar material for different courses, s/he must first obtain explicit permission from the instructors. Students may be required to submit electronic copies of course assignments for anti-plagiarism software scanning.

1

Students are expected to be familiar with the definitions of plagiarism provided by the writing and publication manuals of their respective disciplines. Psychology, Counseling, Depth Psychotherapy and Humanities students will find this definition in the current edition of the *Publication Manual of the American Psychological Association*. Students in other institute programs will find this definition in the current edition of the *MLA Style Manual and Guide to Scholarly Publishing*. Appropriate citation and referencing of sources as described by these manuals is the best way to avoid the possibility of plagiarism. Since the intent to deceive is not a necessary element in plagiarism, careful note taking is essential to avoid unintentional plagiarism.

All instances of academic dishonesty must be reported to the department Chair and the Dean of Academic Affairs.

If a student plagiarizes (presents others' words as his/her own), misrepresents the source of their work, steals, borrows and/or collaborates in a dishonest way with others in completing such work, or are fraudulent in any way related to the practicum work, the student will receive a failing grade from the instructor or research committee member for that work and will automatically be placed on academic probation by the Registrar pending a formal review by the Education Council. Sanctions range from a grade of "F" for the assignment to permanent expulsion from Pacifica Graduate Institute, depending upon the Education Council's differential assessment of the academic breach. Evidence of plagiarism discovered after graduation may lead to the revocation of a student's degree.

If the penalty involves separation from Pacifica Graduate Institute, the Registrar will notify the student in writing.

Students may appeal Education Council decisions to the Academic Dean, who may appoint a Review Committee. Decisions from the Academic Dean are final.

Students' written work is protected by intellectual property rights. Faculty may not duplicate or distribute students' written work without the student's permission. Course content is likewise protected by intellectual property rights. Faculty own all rights to lecture material and other course content. Students may not duplicate, distribute, or sell lecture notes or other course content.

# Policy on Conduct and Impairment

The purpose of a conduct policy is to respect and safeguard the intention of the faculty, administration, and students to create an atmosphere where learning and dialogue can flourish. Whenever engaged in any activity related to being a student, whether in the classroom, offices, campus, residential areas, or shuttles, or in any form of correspondence with other students, staff, or faculty, students are expected to maintain themselves in a sober, drug free, and capable condition and behave in an orderly and respectful manner. Orderly behavior means behavior that does not disrupt regular academic life and complies with school policies.

Verbal abuse, sexual harassment, the carrying of weapons, issuing of threats, verbal, written or otherwise, acts of violence, or any other form of disorderly conduct, are all expressly forbidden and will not be tolerated. Students shall also respect parking and land use regulations while on campus.

Students are expected to arrive for class on time and to behave respectfully toward staff, faculty, and other students and to refrain from any behavior that might interfere with the learning environment. While disagreement can enrich academic exchange, all members of the educational environment need to pursue disagreement with basic respect for the other.

Students who are impaired for any reason such that they are not able to function within the expectations of the Policy on Conduct and Impairment should seek appropriate remedy or assistance rather than come onto the campus.

Violation of any of the above guiding principles is cause for suspension, academic probation, and/or disqualification by the Department Chair pending a formal review by the Education Council. The Council will have the authority to take appropriate disciplinary action.

Students may appeal the Education Council decisions to the Academic Dean who may appoint a Review Committee. Decisions from the Academic Dean are final.

# Course Materials

The contents of each course, as taught by individual instructors at Pacifica Graduate Institute, are copyright protected. All federal and state copyrights are reserved for all original material presented in each course through any medium, including lecture or print. Individuals are prohibited from being paid for taking, selling, or otherwise transferring for value, personal class notes made during each course to any entity without the express written permission of the individual instructor. In addition to legal sanctions, students found in violation of these prohibitions may be subject to academic disciplinary action.

# Drug-Free School and Workplace: Drug and Alcohol Policy

In compliance with the Drug-Free Schools and Communities Act Amendments of 1989 (which requires that each institution of higher education receiving federal financial assistance adopt and enforce a drug-free school policy), Pacifica Graduate Institute has implemented a policy to prevent the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees.

**Drug-Free School Policy Statement** 

Pacifica Graduate Institute strictly prohibits the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance, as defined by applicable law, on Pacifica property or as part of any Institute sponsored activity. The use of alcoholic beverages while on Pacifica premises, including meal periods and breaks, is absolutely prohibited except when authorized by a member of the Executive Management Council for approved Pacifica functions.

Health Risks Associated With the Use of Illicit Drugs and the Abuse of Alcohol

The act requires that students, faculty and staff be made aware of the health risks associated with the use of illicit drugs and the abuse of alcohol that are stated here, as these risks are described in federal regulations. Alcohol and drug use and abuse are prohibited not simply because they are against the law, but because of the demonstrated health risks associated with usage. The use of drugs and alcohol can cause physical and psychological dependence. Use and abuse can interfere with memory, sensation, and perception. Drugs impair the brain's ability to synthesize information. Regular users of drugs develop tolerance and physical dependence often accompanied by withdrawal symptoms. The psychological dependence occurs when the drug taking becomes central to the user's life.

While the following list is not exhaustive, it serves to demonstrate the range of potential hazards associated with usage:

#### Alcohol

- · Impairs judgment, vision, coordination, and speech
- Often leads to dangerous risk-taking behavior which can result in unintended pregnancies and exposure to sexually transmitted diseases
- May be a factor in violent behaviors such as assault or acquaintance rape
- In large amounts may cause sudden mood swings and unconsciousness
- · Binge drinking may result in respiratory arrest and death
- May be a factor in serious car accidents causing injury and/or death
- Long-term abuse can lead to major health problems such as liver and heart disease, circulatory problems, peptic ulcers, various forms of cancer, and irreversible brain damage
- Ingested when pregnant, may increase the risks of birth defects such as fetal alcohol syndrome which may leave the child with irreversible physical abnormalities and mental retardation

# Marijuana

- Street names: pot, ganga, weed, grass, etc.
- May impair or reduce short-term memory and comprehension
- May alter sense of time and judgment
- Reduces coordination and energy level
- May cause drowsiness and mood swings
- May lower the immune system, cause damage to the reproductive system and increase the risk of lung cancer

#### Club Drugs

- Most common club drugs include Ecstasy (MDMA), GHB, Rohypnol, ketamine, methamphetamine, and acid (LSD)
- Street names: XTC, X (MDMA), Special K, Vitamin K (ketamine), liquid ecstasy, soap (GHB), and roofies (Rohypnol)
- And chronic use may lead to changes in brain function
- May cause coma and seizures
- Can cause delirium, amnesia, and other problems
- May incapacitate users and cause amnesia

#### Cocaine

- Powerfully addictive drug that is snorted, sniffed, injected, or smoked
- Crack is cocaine that has been processed from cocaine hydrochloride to a free base for smoking
- Street names: coke, snow, flake, blow, etc.
- Usually makes the user feel euphoric and energetic
- May cause delirium, hallucinations, blurred vision, muscle spasms
- Related health effects include heart attacks, respiratory failure, strokes, and seizures
- In large amounts can cause bizarre and violent behavior
- In rare cases, can cause sudden death

# Ecstasy/MDMA

- Acts as both a stimulant and a hallucinogen
- Is taken orally as a capsule or tablet
- Street names: XTC, X, Adam, hug beans, and love drug
- Short-term effects include feelings of mental stimulation, emotional warmth, enhanced sensory perception, and increased physical energy
- Adverse health effects can include nausea, chills, sweating, teeth clenching, muscle cramping, and blurred vision

#### Amphetamine

- Stimulants that give users extra energy for 4-6 hours
- Are taken orally, snorted, sniffed, smoked or injected
- Street names: crank, meth, crystal, dexies, and beans
- Prevents sleep, reduces appetite, speeds up breathing and heart rate, and widens the pupils
- Users feel more energetic, cheerful, and confident which gives a high risk for psychological dependence
- Users may develop delusions, hallucinations and feelings of paranoia
- Users can develop temporary or permanent paranoid psychosis
- Impairs judgment and decision making
- Decreases appetite, weight loss, and tremors

# Methamphetamine

- An addictive stimulant that is closely related to amphetamine, but has longer lasting and more toxic effects on the central nervous system
- Use has high potential for abuse and addiction
- Street names: speed, meth, chalk, ice, crystal, and glass
- Increases energy level and physical activity
- Decreases appetite
- Can cause agitation paranoia, increased heart rate, increased blood pressure and body temperature
- May cause cardiac arrest or even death
- Chronic, long-term use can lead to psychotic behavior, hallucinations, and stroke

#### Heroin

- Addictive drug that is processed from morphine
- Usually appears as a white or brown powder
- Street names: smack, H, ska, junk, etc.
- Short-term effects include a surge of euphoria followed by alternately wakeful and drowsy states with cloudy mental functioning
- Is associated with fatal overdose
- Users who inject the drug risk infectious diseases such as HIV/AIDS and hepatitis
- Long-term users may develop collapsed veins, liver disease, and lung complications

# Acid (LSD)

- One of the strongest mood-changing drugs
- Is sold as tablets, capsules, liquid, or on absorbent paper
- Street names: acid, blotter, etc.
- Produces unpredictable psychological effects
- Users may experience delusions and visual hallucinations
- Physical effects include increased body temperature, heart rate, and blood pressure
- Causes sleeplessness and loss of appetite

#### Inhalants

- Breathable chemical vapors that users intentionally inhale
- Produces mind-altering effects
- Street names: whippets, poppers, and snappers
- Substances are often common household products that contain volatile solvents or aerosols
- Can produce a rapid high that resembles alcohol intoxication
- In large amounts will produce a loss of sensation and unconsciousness

# PCP/Phencyclidine

Illegally manufactured in labs and sold as tablets, capsules, or colored powder

- May be snorted, smoked, or eaten
- Street names: angel dust, ozone, wack, rocket fuel, etc.
- Has intensely negative psychological effects
- Users often become violent or suicidal

# **Prescription Medications**

- Are abused or used for non-medical reasons
- Can alter brain activity and lead to dependence
- Commonly used as follows: opioids, central nervous system depressants, and stimulants
- Street names are: OxyContin, Darvon, Vicodin, Dilaudid, Demerol, Lomotil, Nembutal, Valium, Xanax, Dexedrine, and Ritalin
- Long-term use can lead to physical dependence and addiction
- Usage can lead to compulsive use, paranoia, dangerously high body temperatures, and irregular heartbeat

#### Steroid

- Human-made substance related to male sex hormones
- Abuse can lead to serious health problems, some of which are irreversible
- Side effects can include liver tumors and cancer, jaundice, high blood pressure, kidney tumors, severe acne, and trembling

# Smoking/Nicotine

- One of the most heavily used addictive drugs
- Increases risk for lung cancer, emphysema, and bronchial disorders
- May cause cardiovascular diseases
- Creates secondhand smoke which causes lung cancer in adults and greatly increases the risk of respiratory illnesses in children

# **Disciplinary Actions**

The school will impose disciplinary sanctions on students, faculty and staff who violate this policy. Discipline may range from a warning to immediate expulsion, termination, or suspension, and/or referral to local, state, or federal law enforcement authorities for prosecution. Students violating the policy may be suspended, placed on academic probation, be subject to disqualification, and/or face any other disciplinary measures. The school may require completion of an appropriate rehabilitation program as a disciplinary sanction.

Alternatives to immediate dismissal may include as follows:

- Rehabilitation enrollment in and completion of an approved rehabilitation treatment program
- After care enrollment in and completion of an approved after-care program
- Substance abuse education enrollment in an approved substance abuse education or similar program

Any further drug or alcohol abuse after an alternative treatment program will be grounds for immediate dismissal. Any violation of local, state, and federal laws constitutes a violation of school policy.

# Applicable Legal Sanctions Under Federal, State and Local Law

Local, state, and federal laws establish severe penalties for unlawful possession, manufacture or distribution of illicit drugs. The sanctions may range from a small fine and probation for minor infractions to imprisonment, fines and seizure of property for felony convictions.

Laws governing the possession and abuse of alcohol vary from state-to-state and may carry substantial penalties. Drivers convicted of misdemeanor or felony DUI in the state of California can receive county jail or state prison sentences, fines, impoundment or forfeiture of vehicle, license restriction/suspension/revocation, and an ignition interlock device requirement or probation.

# Drug/Alcohol Counseling/Treatment Resources

- Alcoholics Anonymous
- Al-Anon
- Narcotics Anonymous
- · National Institute on Drug Abuse
- Community agencies yellow pages under "Drug Abuse & Addiction Information & Treatment Centers"

Students may appeal the disciplinary decisions to the Academic Dean who may appoint a Review Committee. Decisions from the Academic Dean are final.

# **Pacifica Identification Cards**

All Pacifica students are issued an identification (ID) card when their association with Pacifica begins. All ID cards will be issued in the student's legal name as listed in Pacifica's enrollment management system. ID cards are issued for either a four (4) or seven (7) period, depending on each student's program of study.

#### Acquisition and Replacement

Students receive ID cards at Orientation. Each student's first ID card is free. If a student's card is lost or stolen, there is a \$10.00 fee for a replacement card. If a student needs to request a card, please contact the Director of Operations.

#### Benefits and Uses

Student ID cards serve the following the purposes:

- Identification
- Discounts for conferences
- Discounts for journals
- Discounts for some insurances
- Discounts for movies

# Computer and Network Resources Acceptable Use Policy

The purpose of the Computer and Network Resources Acceptable Use policy is to further Pacifica Graduate Institute's commitment to scholarship using the full spectrum of resources available to faculty, students, and staff. Included in this spectrum are e-mail accounts for faculty and staff, access to online/distance education, access to the Institute's digital library, and use of the Institute's computers, printers, and copy machines during on-campus sessions. To ensure that use of the Institute's computer and network resources comply with Institute policies and procedures, as well as local, state, and federal regulations, Pacifica Graduate Institute has developed an Acceptable Use Policy, the provisions of which are detailed below.

# **Academic Freedom and Computer Use**

Pacifica Graduate Institute is committed to providing those facilities, faculty, curricula, resources, and administrative personnel that will facilitate the free exchange of ideas. The Institute is committed to creating an academic environment that fosters the willing and enthusiastic participation of those individuals and groups who compose its academic community. At the same time, the Institute must protect itself from the legal, academic, and personal ramifications ensuing from the misuse of its computer and network resources. Thus, the Institute has placed reasonable limits on the use of its computing and network resources. Any policies contained herein are intended to preserve a learning environment characterized by mutual respect and the exchange of intellectual ideas.

# **Audience and Agreement**

This Computer and Network Resources Acceptable Use Policy applies to all staff, students, and faculty receiving and using an Institute computing account, receiving and using an Institute e-mail account and using Institute computing and network resources. All such users are bound by the policies contained herein.

# Computer and Network Responsible Usage Policy

#### **POLICY STATEMENT**

#### 1. GENERAL STATEMENT

The Computer and Network Responsible Usage Policy is a measure providing structure and guidelines for proper use and management of Pacifica's computing and network resources. Pacifica provides these resources to support its instruction, research, and service missions; administrative functions; student and campus life activities; and the free exchange of ideas among members of our community and between Pacifica and the global community.

The use of our technology, like the use of any other Pacifica resource, is subject to normal requirements of legal and ethical behavior within our Pacifica community. Thus, legitimate use of our computer and network systems does not extend to whatever is technically possible. Although some limitations are built into computer operating systems and networks, those limitations are not the sole restrictions on what is permissible. Users must abide by all applicable restrictions, whether or not they are integrated into the operating system or network and whether or not they can be circumvented by technical means.

Pacifica grants access to its networks and computer systems with the responsibilities and obligations described below, and subject to all local, state, and federal laws. Consequently, all computer and network use must be legal, ethical, and consistent with Pacifica's mission.

# 2. APPLICABILITY

This policy applies to all users of Pacifica's computing resources, whether affiliated with Pacifica or not, and to all uses of those resources, whether on campus or from remote locations. Additional policies may apply to specific computers, computer systems, or networks provided or operated by specific units of Pacifica or to uses within specific units. For further information, users should consult the operators or managers of the specific computer, computer system, or network, in which they are interested.

#### 3. POLICY

All users of Pacifica computing resources must:

- Comply with all federal, state, and other applicable laws; all generally applicable Pacifica rules and policies; and all applicable contracts and licenses. Examples include, but are not limited to, the laws of libel, privacy, copyright, trademark, obscenity, and child pornography; the Electronic Communications Privacy Act and the Computer Fraud and Abuse Act, which prohibit "hacking," "cracking," and similar activities; the applicable code of student conduct; Pacifica's sexual harassment policy; and all applicable software licenses. Users who engage in electronic communications with persons in other states or countries or on other systems or networks should be aware that they may also be subject to the laws of those other states and countries and the rules and policies of those other systems and networks. Users are responsible for ascertaining, understanding, and complying with the laws, rules, policies, contracts, and licenses applicable to their particular uses.
- Use the My.Pacifica issued e-mail account for all classroom correspondence, excluding any online coursework usage, for official notifications and miscellaneous communication with Pacifica staff, faculty and students. Pacifica's primary student E-mail system is called My.Pacifica E-mail. It is the student's responsibility to frequently monitor correspondence to this account. My.Pacifica E-mail is a web-based service, which means that your e-mail is accessible via supported Web browser technologies.

Individual e-mail access can be obtained by entering <a href="http://email.my.pacifica.edu">http://email.my.pacifica.edu</a> in your web browser address bar.

My.Pacifica e-mail offers several advantages:

- Enhanced security for your electronic mail correspondence.
- Access to your e-mail anywhere a supported browser has access to the Internet.
- SPAM filtering and tagging.

• Access to your Pacifica e-mail from several locations (Work, Home, Internet kiosk, etc.).

Students have 2GB of storage for e-mail messages on the My.Pacifica e-mail service.

PLEASE REMEMBER TO FEQUENTLY CHECK YOUR MY.PACIFICA E-MAIL. AFTER 90 DAYS OF INACTIVITY YOUR E-MAILBOX WILL BE AUTOMATICALLY EMPTIED.

- Use only those computing resources which they are authorized to use, and use them only in the manner and to the extent authorized. Ability to access computing resources does not, by itself, imply authorization to do so. Users are responsible for ascertaining what authorizations are necessary and for obtaining them before proceeding. Unless authorized by Pacifica's Department of Information Technology, user IDs and passwords may not, under any circumstances, be shared with, or used by, persons other than those to whom they have been assigned by Pacifica.
- Respect the privacy of other users and their accounts, regardless of whether those accounts are securely protected. Ability to access other persons' accounts does not, by itself, imply authorization to do so. Users are responsible for ascertaining what authorizations are necessary and for obtaining them before proceeding.
- Respect the finite capacity of technology resources and limit use so as not to consume an unreasonable amount of those resources or interfere unreasonably with the activity of other users. Although there is no set bandwidth, disk space, CPU time, or other limits applicable to all uses of Pacifica computing resources, Pacifica may require users of those resources to limit or refrain from specific uses in accordance with this principle. For example, streaming audio or news feeds for non-academic purposes can saturate technology resources with voluminous traffic to the exclusion of another's use. The reasonableness of any particular use will be judged in the context of all of the relevant circumstances.
- Refrain from using resources for personal commercial purposes or for personal financial or other gain. Pacifica computing resources cannot be used for personal commercial purposes or for personal financial or other gain.
- Refrain from stating or implying that they speak on behalf of the Pacifica and from using Pacifica trademarks and logos without authorization to do so. Affiliation with Pacifica does not, by itself, imply authorization to speak on behalf of the Pacifica. Authorization to use Pacifica trademarks and logos on Pacifica computing resources may be granted only as appropriate. The use of suitable disclaimers is encouraged.

#### 4. ENFORCEMENT

Users who violate this policy may be denied access to Pacifica computing resources and may be subject to other penalties and disciplinary action, both within and outside of Pacifica. Violations will normally be handled through Pacifica disciplinary procedures applicable to the

relevant user. However, Pacifica may temporarily suspend or block access to an account, prior to the initiation or completion of such procedures, when in Pacifica's sole determination it reasonably appears necessary to do so in order to protect the integrity, security, or functionality of Pacifica or other computing resources or to protect Pacifica from liability. Pacifica may also refer suspected violations of applicable law to appropriate law enforcement agencies.

# 5. SECURITY AND PRIVACY

Pacifica employs various measures to protect the security of its computing resources and of its users' accounts. Users should be aware, however, that Pacifica cannot guarantee such security. Users should, therefore, engage in "safe computing" practices by establishing appropriate access restrictions for their accounts, guarding their passwords, and changing them regularly. Also, users should ensure the installation of anti-virus software and appropriate updates for personally-owned computers connecting to Pacifica's network and computers.

Users should also be aware that their uses of Pacifica computing resources are not private. While Pacifica does not routinely monitor individual usage of its computing resources, the normal operation and maintenance of Pacifica's computing resources require the backup, the logging of activity, the monitoring of general and individual usage patterns, and other such activities that are necessary for the rendition of service.

Pacifica, in its discretion, may disclose the results of any such general or individual monitoring, including the contents and records of individual communications, to appropriate Pacifica personnel or law enforcement agencies and may use those results in appropriate Pacifica disciplinary proceedings.

# GUIDELINES FOR RESPONSIBLE USAGE

While not exhaustive, the following list provides some specific guidelines for responsible and ethical behavior.

# 1. Security

- a. Make copies of important computer files on a regular basis.
- b. Retain the original computer software disks in a safe place.
- c. Keep the computer's operating system and other computer software up-to-date with manufacturers' patches and updates.
- d. Secure voice, computer, and network accounts with unique passwords that change regularly and do not share with anyone.
- e. Use a virus protection system that is updated regularly to detect the latest types of Trojans and viruses.
- f. Do not violate the security of any technology resource at Pacifica or anywhere on the Internet.

# 2. Laws and Regulations

- a. Abide by all federal, state and local laws.
- b. Comply with all product licensing and contractual agreements.
- c. Adhere to all copyright laws. The unlawful distribution of copyrighted works can provide the basis for civil litigation and criminal prosecution.

# 3. Sharing Resources

- a. Do not use peer-to-peer file sharing utilities (for example: LimeWire, Kazaa, iMesh, Morpheus, and BitTorrent) to unlawfully download or share copyrighted material for which copyright permission has not been granted.
- b. Do not saturate technology resources with voluminous traffic, such as mass emails or malicious activities, to the exclusion of another's use. The Pacifica network, computer labs, e-mail system, and telephone system are shared broadly and are, therefore, limited.

#### 4. E-mail

- a. All official correspondence between Pacifica faculty, staff and students will be communicated using the My.Pacifica student e-mail system.
- b. Please keep mailbox size to a minimum by deleting all unnecessary messages and storing other messages outside the mailbox.
- c. The use of offensive communications, such as obscenity, profanity, and inappropriate jokes are not permitted. Likewise, libel, slander, intimidation, and harassment are expressly forbidden.
- e. Submit e-mail messages directed at a large number of faculty, staff, or students to an Executive Management Team Member for review and approval prior to sending.
- f. It is imperative that you log into your My.Pacifica e-mail account at the minimum once every 90 days to keep your account active. In most instances you will need to regularly check your My.Pacifica e-mail much more frequently.

# 5. Other Uses of Technology Resources

- a. Do not use Pacifica resources for personal financial gain without explicit Pacifica approval.
- b. Limit the use of Pacifica technology unrelated to Pacifica 's academic or administrative needs. Such use must not interfere with Pacifica activities or responsibilities.
- c. Do not use technology resource privileges that are no longer authorized after graduation, transfer to another Pacifica role, or separation from Pacifica.
- d. Wireless networking is reserved for classroom and "mobile" computing. It is not intended as a primary means for connecting to Pacifica networks.

# 6. Privacy and Confidentiality

- a. Respect the privacy and personal rights of others.
- b. Do not access or copy another user's e-mail, data, computer software, or other files without permission.

#### FREQUENTLY ASKED QUESTIONS

# 1. Does this policy mean that I can't download copyrighted audio or video programs?

Ninety nine point nine percent of the time the answer is Yes. The unlawful use or distribution of copyrighted works provides the basis for civil litigation and criminal prosecution as well as disciplinary action by Pacifica. "Fair use" of such material for legitimate educational purposes, however, may be permissible, but should never be assumed.

# 2. What are the possible consequences of violating this policy?

Some of the possible consequences include:

- temporary deactivation of Pacifica technology resource access;
- permanent deactivation of Pacifica technology resource access;
- disciplinary actions taken by the appropriate Pacifica department;
- expulsion from school or termination of employment; and
- prosecution under applicable federal, state, or local laws

# 3. What will Pacifica do to protect my operating system from viruses?

Information Technology (IT) works diligently to block system and network access to viruses and to secure Pacifica's centralized servers. However, individual users are responsible for maintaining their operating systems and other computer software with the available updates and virus protection programs.

# ALL USERS MUST TAKE RESPONSIBILITY FOR THEIR ROLE IN KEEPING THEIR SYSTEMS UP TO DATE

# 4. Is Pacifica responsible for my computer's anti-virus protection?

All personally-owned computers are the sole responsibility of the owner. This includes ensuring the installation of anti-virus software and maintaining the software by updating it as necessary. Ensuring installation of anti-virus software and appropriate updates for personal computers is the responsibility of the individual users.

# 5. Is Pacifica's technical staff required to provide network connectivity?

Technical staff is not required to assist users in connecting personally owned computers to the network. Their assistance may be provided as a courtesy.

# 6. What does "personal use" include? When "personal use" crosses the line from permitted to prohibited?

Personal use includes any use that is not Pacifica related and required in the user's positions as Pacifica faculty, staff, or student. Use of Pacifica technology resources for personal commercial purposes, for personal financial gain, or other personal reason is generally improper and, under some circumstances, may be illegal. In general, personal use should meet the following criteria:

- it must not consume a significant amount of technology resources;
- it must not interfere with the performance of the user's Pacifica responsibilities;
- it is not made for personal commercial or financial gain; and
- it is otherwise in compliance with applicable laws, rules, policies, agreements, and licenses.

# 7. Are my communications via Pacifica's computer and network resources private?

Users should be aware that their use of the Pacifica computing resources are not private. While Pacifica does not routinely monitor individual usage of its computing resources, the normal operation and maintenance of Pacifica's computing resources require the backup, the logging of activity, the monitoring of general and individual usage patterns, and other such activities that are necessary for the rendition of service.

Pacifica, in its discretion, may disclose the results of any such general or individual monitoring, including the contents and records of individual communications, to appropriate Pacifica personnel and/or law enforcement agencies and may use those results in appropriate disciplinary proceedings.

# 8. How can I ensure that my documents are compatible from one computer to another?

Due to the requirements and limitations of diverse computing and software environments, Pacifica has standardized on the Microsoft Office Suite to assure document compatibility across a variety of operating platforms.

# 9. How do I access my My.Pacifica E-mail account?

My.Pacifica E-mail is a web-based service, which means that your e-mail accessible via supported Web browser technologies. Individual e-mail access can be obtained by going to <a href="http://email.my.pacifica.edu">http://email.my.pacifica.edu</a>.

# Netiquette

Netiquette, defined as Internet etiquette, is necessary if the Pacifica community is to foster relationships characterized by mutual respect, caring, and support for learning. Students engaged in online learning, whether through coursework, communication with students and faculty, or some combination thereof, shall abide by the following guidelines and policies:

- Always remember that classmates and faculty are real people.
- Don't say anything to classmates online that wouldn't be said face-to-face.
- Present feedback in a constructive and sensitive manner.
- Use private correspondence to discuss sensitive or detailed issues.
- Use communications to convey good will, to encourage response, and to enhance relationships.

Students enrolled in Pacifica Graduate Institute's Humanities program have access to e-mail communication technology through their WebCT account.

#### ListServ Groups, Unenet and Mailing Lists

Please be considerate of Pacifica faculty, staff and students by restricting e-mail and web-based correspondence with these parties to course-specific, academic, or other Institute-related issues.

# **Discussion Groups & Chat Rooms**

Personal Misrepresentation — Using school-owned technology to mislead a person romantically or financially or to lure children and other individuals for the purpose of harming them are strict violations of netiquette, punishable by law and may be subject to academic reprimand by or dismissal from Pacifica's academic programs.

Flaming – Pacifica wishes to encourage lively debate and an environment of academic freedom. At the same time, the school wishes to foster a learning environment characterized by mutual respect with regards to race, ethnicity, gender, sexual orientation, religion, and nationality. For this reason, discussion posts that intentionally target a specific individual or group for the purpose of initiating controversy (flames) are prohibited. Individuals who engage in flame wars that target individuals or groups may be subject to reprimand by individual faculty members and other Pacifica Graduate Institute personnel.

Electronic hoaxes and rumors – It is the policy of Pacifica to prohibit the use of school-affiliated resources to spread hoaxes or rumors. Students who engage in this activity are subject to academic probation or dismissal from Pacifica's academic programs.

# Information Retrieval

The basic issue with information retrieval and the Internet is to be considerate of other people's time. Telnet files that are available on the Internet or through file transfer protocol should be downloaded onto the desktop and then opened for review of the contents. Opening and reviewing such documents online ties up the Internet and denies others access to information. Other things to remember when downloading files are downloading during low "traffic hours" (usually before 8 AM and after 5 PM), following time limits posted by archive sites, and obtaining copyright permission before downloading and duplicating web-based materials.

# Copyright

When using and duplicating Internet-based sources for academic research or personal enrichment, adhere to the fair use and copyright policies outlined on the Internet resources and Pacifica's Academic Integrity Policy. Cite sources in accordance with the guidelines established by the American Psychology Association.

# Computer Requirements

Computer hardware, software and an Internet connection are means use to participate in Pacifica's online courses. The following requirements are technical recommendations intended to enhance the learning experience and ensure the most trouble-free use of Pacifica's online resource. Pacifica highly recommends a broadband (cable modem or DSL) connection. While not required, subscribing to a broadband connection is the most important investment a learner can make to improve his/her learning experience.

# **Computer Requirements Table**

	Minimum	Recommended
Internet		
Connectivity***	56K Modem	Broadband (Cable or DSL), T1, DS3
E-Mail Capabilities	Microsoft Internet Explorer 6.0.02	Microsoft Internet Explorer 7.0 or higher
·	Mozilla Firefox 1.7	Mozilla Firefox 2.0 or higher
	Netscape 7.1	Netscape 8.0 or higher
Software*	Macintosh: MS Word 2001	Macintosh: MS Office 2004 or higher
	PC: MS Word 2002, XP	PC: MS Office 2003 or higher
	Antivirus Software	Anti-Virus Software
Plug-ins	Windows Media Player 8	Windows Media Player 11 or higher
(Free downloads)	Adobe Acrobat Reader 7	Adobe Acrobat Reader 8 or higher
	Adobe Macromedia Flash 9 Player	Adobe Macromedia Flash 9 Player
	Java Runtime Environment 1.5	Java Runtime Environment 1.5, 1.6
Peripherals	Video Card and monitor capable of 800 x 600 pixel resolution	Video Card and monitor capable of 1024 x 768 pixel resolution or higher
	Speakers & sound card	Speakers & sound card
PC Requirements		
	Minimum	Recommended
Processor	Intel PIII 500 MHz	Intel 2.4 GHz or higher, Intel Core 2 Duo or higher
Operating System	Windows XP Home Edition	Windows XP Professional SP 2, Windows Vista
RAM	256 MB	1.0 GB or higher
Browser** (only 1 needed)	Microsoft Internet Explorer 6.0.02	Microsoft Internet Explorer 7.0 or higher
(,	Mozilla Firefox 1.7	Mozilla Firefox 2.0 or higher
	Netscape 7.1	Netscape 8.0 or higher
Macintosh Requir	ements	
and the same of th	Minimum	Recommended
Processor	G3 800 MHz	G4 1.25 GHz or higher
Operating System	OS X 10.1	OS X 10.4 or higher

Browser**	Safari 1.3	Safari 1.3 or higher
	Mozilla Firefox 1.7	Mozilla Firefox 2.0 or higher

<sup>\*</sup>Specific courses or programs may have additional requirements.

\*\*Other browsers and platforms may perform adequately, however they are not supported by Pacifica's support technicians.

\*\*\*Pacifica Graduate Institute urges students involved in any online programs to conform to our recommended system configuration.

# **Grievance Policy and Procedure**

The purpose of this procedure is to assure prompt and equitable resolutions of issues arising from academic and administrative policies of Pacifica Graduate Institute as they may affect students. The procedure is designed to secure resolution through mutual agreement. The procedure is responsive to student concerns and provides a thorough review in conjunction with affording due process rights to dispute participants.

Pacifica encourages students to utilize informal procedures for addressing and resolving complaints, but when necessary, students may file a formal grievance according to the procedures described below.

#### **Definitions**

A student complaint is an allegation by a student that there has been an arbitrary or discriminatory application of, or failure to act pursuant to, the policies of Pacifica Graduate Institute pertaining to students.

An academic complaint is a student complaint that involves a faculty member(s) and/or the Department Chair.

An administrative complaint is a student complaint about a staff member.

A grievance is a formal written complaint by a student to a designated academic (department chair) or administrative officer (director) in which specific remedies may be requested.

The parties to a grievance are the student(s) filing the grievance and the person(s) against whom the grievance is filed.

# Informal Procedure for Resolving Academic and Administrative Complaints

A student is encouraged to discuss his/her complaint with the person(s) who is (are) directly involved in the complaint, in an effort to come to a satisfactory, informal resolution.

If these informal direct discussions are not successful, then the student may pursue a further informal avenue. If the matter is an academic complaint, the student may contact the Department Chair. If the matter is an administrative complaint, the student may contact the Administrative Director. The Chair or student affairs representative can be of assistance in directing a student to the appropriate person.

# Formal Procedure for Resolving Grievances - Academic

A formal grievance shall be submitted to the Department Chair, in writing on the Student Complaint and Grievance Form (available in the "Forms" section and on the website). The grievance shall state the nature and time of the offending action(s) and the person(s) involved in the action or failure to act. If the grievance involves the Department Chair, the grievance should be addressed to the Dean of Academic Affairs. If the matter involves the Dean, the grievance would be brought to the attention of the President of Pacifica.

The person receiving the formal written grievance will review it, and will gather information from the grievance parties keeping a record and/or summary of this information. S/he will declare a resolution of the grievance. In either case, the basis for the recommendation or

declaration will be stated in writing. Copies of all records will be sent to and maintained by the Academic Affairs Office.

# Formal Procedure for Resolving Grievances - Administrative

A grievance involving non-academic matters must be addressed to the Administrative Department Director involved with that function, e.g., Financial Aid, Business Office, etc. It should be submitted in writing on the Student Complaint and Grievance Form.

The Director will review the grievance and investigate the complaint. The Director will gather information from the parties to the grievance and keep a record and/or summary of this information. After review, the Director will recommend a solution by mutual agreement, and, if this is not acceptable, will declare a resolution of the grievance. Copies of all records will be sent to and maintained by the office of Human Resources.

# **Appeal Process**

For both academic and administrative grievances, if the parties accept the recommendations following review, the entire process terminates. If the recommendations are not acceptable, then the grievant(s) shall so indicate in writing to the Dean of Academic Affairs within 15 days of recommendations being mailed to grievant(s) that she/he/they are appealing. If she/he/they do not so indicate in this prescribed time, the entire process terminates.

If the grievant(s) elect(s) to appeal, the appeal, academic appeals will go to the Dean of Academic Affairs, along with the written record from the previous steps. Administrative appeals and records will go to the Chief Operations Officer. If the either the Dean of Academic Affairs or the Chief Operations Officer is the object of the grievance, the grievance will be referred to the President.

Within 30 days of appeal to either chief officer, either officer will convene a Special Hearing Committee to further investigate the grievance. The Committee may include any of the following members, depending upon the circumstances: Core Faculty members, any Administrative Director, Ethics Committee members, or others. The Committee will make recommendations, as described below, within 45 days after being convened.

The Committee will recommend steps to the parties that will provide an amicable and mutually acceptable solution. If the parties cannot agree on a solution, the Committee will declare a resolution in writing. Student(s) who do not accept the decision of the Committee must file a written appeal to the Dean of Academic Affairs or Chief Operations Officer within 15 days.

The Dean of Academic Affairs or Chief Operations Officer will accept, reject, or revise the decision of the Committee and communicate it to the grievant(s). This decision will be based on the record and the chief officers will not reopen the matter for additional evidence or argument. The action of the Dean of Academic Affairs or Chief Operations Officer will be final.

#### Harassment

Pacifica is committed to maintaining a safe, productive environment for all members of its community. Harassment can take many forms, including sexual harassment. Each of us in the Pacifica community must be sensitive to the feelings of others and must not act in a way that might be considered harassment by someone else. Prohibited harassment includes the following forms of offensive behavior:

- Verbal harassment: making or using derogatory comments, epithets, slurs, and jokes.
- Physical harassment: touching, assaulting, impeding or blocking movement.
- Visual harassment: leering, making sexual gestures, displaying of sexually suggestive objects or pictures, cartoons, drawings, written material, or Internet images.

• Sexual favors: unwelcome sexual advances, offering benefits in exchange for sexual favors, or making or threatening reprisals after a negative response to sexual advances.

Sexual harassment is any unwelcome behavior that has the purpose or effect of creating a sexually intimidating, hostile, or offensive environment.

If any student has been the victim of harassment, that student should provide a written complaint to the Program Chair as soon as possible after the incident. The complaint should include details of the incident(s), the names of the individuals involved, and the names of any witnesses. The incident will be investigated. Student cooperation is crucial for Pacifica to maintain a safe, comfortable academic environment. There will be no retaliation against any student for making a sexual harassment complaint.

If a student is afraid to report harassment to the Program Chair, the student is urged to speak to an administrator whom s/he trusts or to a member of the Institute's Ethics Committee.

The procedure for submitting a harassment claim is the same as the grievance procedure outlined above.

Multiple Relationships

Pacifica's policy on multiple relationships encourages the cultivation of warm, authentic, and enriching interactions in our academic community while placing necessary boundaries on some behaviors. Our policy is informed by the observation that community life always requires the surrender of certain personal freedoms, and that this surrender opens up broader opportunities for constructive interaction. A wisely drafted policy on multiple relationships serves to promote, rather than to deter, closer interpersonal connections among faculty, students, and staff. It also supports the multiplicity of our relationships as we interact with each other as students teachers, and colleagues.

Pacfica's multiple relationship policy limits only those interactions that carry a strong potential for bringing harm to individuals, the Pacifica community, or the Institute as a legal entity.

# **Brief Summary of Pacifica's Multiple Relationship Guidelines**

Faculty and students are prohibited from entering into sexual, financial, client-therapist, and supervisory relationships when they are involved in coursework together or are scheduled to be involved in coursework together. Oral exams, tutorial work, and thesis or dissertation advising are also classified as "coursework involvement."

Faculty – core, adjunct, and contributing – and students are prohibited from entering into sexual, financial, client-therapist, and clinical supervision relationships at any time until the student has graduated or withdrawn from the Institute. Any exceptions to this policy must be reviewed by the Education Council.

Important: Adjunct or contributing faculty who elect to supervise or do therapy with former students privately undertake this work as independent practitioners and not as employees of Pacifica Graduate Institute. The Institute shall accept no responsibility for services offered outside the framework of regularly scheduled courses.

# **Definitions and Explication**

A distinction must be made between multiple relationships and sexual harassment. Sexual harassment is characterized by non-mutuality and abuse of power. Harassing behaviors may include foisting unwelcome sexual advances, making sexual statements, or attempting to use power or position as leverages for sexual favors. These kinds of behaviors are prohibited in the strictest sense by Pacifica's code of conduct. Procedures for filing sexual harassment grievances are outlined in this handbook and in Pacifica's Faculty Handbook.

Multiple relationships differ from sexual harassment in two main ways. The former are entered into by mutual consent, generally being welcomed by both parties. Secondly, multiple relationships encompass a wide range of interactions, including financial interactions and client-therapist relationships. They become problematic only when the interaction interferes with our official roles, duties, or activities at the Institute. For example, a therapist might find it difficult to give a poor evaluation of a student's work if it is warranted.

Multiple relationships become increasingly problematic when there exists an inequality of power between parties. When these interactions go awry, they carry the potential for bringing harm to individuals and the community. "Harm" may take the form of emotional pain, impairment of the learning environment, interruption of graduate studies, loss of employment at the Institute, or litigation — to name a few.

Therefore, the first and most important commitment shall be to stay mindful of multiple relationship issues as we interact with each other. Everyone shares this responsibility to avoid. Before becoming involved in ways that extend beyond our official roles at the Institute, we should ask, "What potential harm to individuals, the learning environment, or the Institute could result from this anticipated interaction? Would our ability to work together professionally be impaired by this anticipated interaction? What would happen if our outside relationship turned sour?" Serious multiple relationship problems would become a rarity if questions such as these were kept in conscious awareness.

Four specific areas of behavior have been identified as carrying considerable risks for engendering harm in multiple relationships. These are: sexual interactions, financial interactions not mediated by the Institute, client-therapist interactions, and supervisory interactions not mediated by the Institute.

The term "student" includes all individuals who are enrolled at Pacifica and who have neither received their degrees nor withdrawn from the school. Individuals on a leave of absence are also "students."

Sexual interactions include all of those interactions associated with erotic and romantic relationships. Sexual interactions are prohibited between students and all core or adjunct faculty members. They are also prohibited between students and contributing faculty when the student is enrolled in or scheduled to be enrolled in a class taught by that faculty.

Financial interactions not mediated by the Institute include exchanging services or goods for money, entering into financial partnerships, loaning or borrowing money, and entering into any other private money exchange relationship. Financial interactions are prohibited between students and all core or adjunct faculty members. They are not prohibited between students and contributing faculty as long as a student is neither enrolled in nor scheduled to be enrolled in further coursework with that faculty.

In reviewing the above guidelines, it should be emphasized that some interactions may be imprudent even if not prohibited under the guidelines. Students, faculty, and staff are urged to consider all possible outcomes carefully before entering into any multiple relationship situation.

# Tending Multiple Relationship Issues on an Ongoing Basis

Multiple relationship issues are a continuing part of our inter-subjective field. We encourage students, faculty, administrators, and staff to process specific issues as they arise, exploring how we feel about them, what effects they may have on others, what stances might be taken in regard to them, and what the issues are "telling us" about our own community and culture.

# **Ethics Committee**

The Ethics Committee at Pacifica is comprised of either faculty members who are not program chairs or a combination of faculty members and staff. Members are appointed by the President to serve for a period of two years. The purpose of the committee includes, but is not limited to, the following:

- To offer information and counsel regarding issues that may present an ethical dilemma.
- To offer advice and/or recommendations on appropriate courses of action on issues brought to the committee. Examples include problems within the institute that arise between student and faculty, faculty and faculty, or involving staff or administration.

The Ethics Committee is not a policy making or decision making body, but is available to provide consultation and recommendations when needed. Students, faculty, staff, and administrators may bring issues to this committee.

#### **Business Office**

#### **Tuition and Fee Payments**

Pacifica's annual tuition and fees are billed quarterly. Tuition and residential/non-residental fees are due 21 days prior to the first day of class for each quarter. All other fees are due within 15 days of receipt of the monthly statement. To ensure continued enrollment in a program, students must pay their student account balance on a timely basis.

Tuition and fees, not otherwise covered by Financial Aid funds, must be paid in full by the above deadlines.

Students may make payments either by check or by credit card (MasterCard, Visa, or Discover). Credit card payments will result in additional 2% fee. Forms to authorize automatic credit card payments are available in the Business Office.

A late fee of \$100 will be assessed to each student account each quarter if payment for tuition and residential/non-residential fees is not received by the first day of the quarter. Interest may also be added to overdue accounts at the rate of 10% per annum.

## **Refundable Tuition Policy**

# Withdrawing from Pacifica or withdrawing from a quarter

To be eligible for a refund, timely written notification of the request must be submitted to the Office of the Registrar as specified below. The date of withdrawal will be determined by the date written notification is received by the Office of the Registrar. Students who withdraw from Pacifica or take a Leave of Absence and withdraw from a quarter after instruction has begun will receive a pro-rata refund of the tuition charges as stated below:

## Time frame - Academic Quarter Refund

On or before the first day of class of the quarter	100%*
First week of the quarter (i.e., day 2 to day 7)	80%
Second week of the quarter	70%
Third week of the quarter	60%
Fourth week of the quarter	50%
Fifth week of the quarter	40%
Sixth week of the quarter	30%
After sixth week	0%
*New students will receive 100% refund minus \$250 non-refundable enroll	ment deposit.

#### **Summer Quarter Policy**

# Dropping or withdrawing from a course

To be eligible for a refund, a completed Request to Drop a Class form must be received by the Office of the Registrar. The date of withdrawal will be determined by the date written notification is received by the Office of the Registrar. Students dropping or withdrawing from a course will receive a pro-rata refund based on a "per unit tuition calculation"\*\* as specified below.

#### Time frame - Academic Quarter

On or before the first day of class of the quarter	100%
First week of the quarter (i.e., day 2 to day 7)	80%
Second week of the quarter	70%
Third week of the quarter	60%
Fourth week of the quarter	50%
Fifth week of the quarter	40%
Sixth week of the quarter	30%

**Summer Quarter Poticy** 

# Refundable Residential/Non-Residential Fee

To be eligible for a full refund, written notification must be submitted to the Housing Department at least five (5) days prior to the beginning of on-site instruction. For those students who attend a portion of their on-site instruction, or who do not provide sufficient notice, the refund will be prorated based upon the number of days of on-site instruction in the quarter, up to and including the date written notification is received.

If the school cancels or discontinues an on-site course, the student will receive a pro-rata refund of the Fee.

**Dissertation Refund Policy** 

Students who withdraw from Pacifica during the dissertation phase of their program must submit a written request to the Registrar's Office. The date of withdrawal will be determined by the date written notification is received by the Office of the Registrar. The dissertation refund is pro-rated based on the number of quarters for which the student is enrolled. If a student withdraws after the start of a quarter, s/he will be charged the full amount for that quarter and any excess payment will be refunded. If the student is a financial aid recipient, any pending financial aid will be canceled.

# Financial Aid

The purpose of financial aid is to provide financial assistance to students enrolled on at least a half-time basis (minimum 3 units) in an eligible program at Pacifica. Pacifica's Board of Trustees, administrators, faculty, and staff do all they can to ensure a quality education that is accessible by students. Pacifica is committed to a policy of non-discrimination in its policies pertaining to the awarding of financial aid.

Important note: The financial aid information published in this handbook is current and accurate at the time of printing. Federal and state regulations governing the various federal and state programs may change periodically. Please consult the Financial Aid Office for the most up-to-date information.

For more detailed information regarding the types of financial aid available, financial aid application requirements, policies, and procedures, contact the Financial Aid Office or visit the website at www.online.pacifica.edu/pfa.

General Eligibility Requirements

To qualify for federal financial aid at Pacifica a student must:

- 1. be admitted to an eligible program at Pacifica and enrolled in that program on at least a half-time basis (minimum 3 units);
- 2. complete and submit the Free Application for Federal Student Aid (FAFSA) form each year to determine eligibility;
- 3. be in good standing (a student may not be in default on or owe a refund for any federal financial aid programs);
- 4. be a United States citizen or legal permanent resident of the United States and provide proof of compliance with selective service and drug conviction regulations;
- 5. be making Satisfactory Academic Progress toward the completion of degree requirements (see next page for SAP policy); and
- 6. complete an entrance counseling session with the Financial Aid Office prior to receiving the first loan disbursement and an exit counseling session when leaving Pacifica.

For complete details on the types of assistance available, please refer to the Pacifica Financial Aid Guide. Copies are available at the Financial Aid Office and online.

#### Return of Federal Funds/Refunds

If a student receives federal financial aid and finds it necessary to withdraw from all courses at Pacifica prior to the completion of the current quarter, the Department of Education requires that Pacifica adhere to the following federal policy. The focus of the policy is to return the **unearned** portion of the federal financial aid for the enrollment period. Only the amount of financial aid that has been earned (based on the number of calendar days completed in the period of enrollment) will be retained on the student's behalf. Any unearned aid will be returned to the lender.

Return of federal funds will be calculated based on the date an official withdrawal is received by the Registrar's Office (i.e., written notification, the last date of documented attendance or, for an unofficial withdrawal, the mid-point of the term or the last documented date of attendance).

If withdrawing from school on or before the 60% point in the term, then the school, and possibly the student, shall return the percentage of unearned Title IV federal financial aid.

The distribution of returned funds is as follows:

- 1. Federal Unsubsidized Stafford Loan
- 2. Federal Subsidized Stafford Loan
- 2. Federal Grad-Plus
- 3. State, private, or institutional aid
- 4. The student

"Refund" refers to the calculation of institutional charges and is a separate calculation from the Return of Federal Funds calculation. The amount of refundable institutional charges (tuition and residential/non-residential fees) will be prorated based on school policy. Policy details are available in the Refund Policy section of this handbook. If there is a balance due by the student as a result of the unearned financial aid being returned, each student will be responsible for payment of the difference.

Details and examples of the Return of Federal Funds Policy are available in the Financial Aid Office. Details and examples of the Refund Policy are available in the Business Office.

Satisfactory Academic Progress (SAP) for Students Enrolled in Coursework

To receive financial aid, a student must be making satisfactory academic progress toward completion of the degree requirements. The Financial Aid Office will review academic records annually upon completion of the spring quarter to determine continued eligibility. A student must maintain a cumulative grade point average of at least 3.0 and complete a minimum number of units per academic year. At the time of evaluation a student may not have more than two incomplete, withdrawal, or failing grades (refer to the SAP brochure available in the Financial Aid Office for complete details). If a student is not making satisfactory academic progress, that student will be placed on financial aid probation. During the financial aid probationary period, a student may receive financial aid. If the deficiencies exceed those listed above, financial aid eligibility will be suspended until deficiencies are removed. If extenuating circumstances (such as prolonged illness or a death in the family) hindered academic performance, the student has the right to appeal. The appeal of the suspension must be in writing addressed to the Director of Financial Aid. Complete details of the SAP policy are provided to all financial aid recipients when they are awarded financial aid each year.

#### Financial Aid Probation (FAP)

If a student is placed on Financial Aid Probation, s/he will remain eligible for financial aid during the probationary period. Students are given the opportunity during this period to resolve any academic deficiencies that may be outstanding. If deficiencies are not resolved during the probationary period, eligibility for financial aid will be suspended.

Financial Aid Suspension (FAS)

Financial aid eligibility will be suspended indefinitely if a student does not meet the financial aid probationary requirements. To regain eligibility, a student must appeal in writing to the Director of Financial Aid. The Financial Aid Committee will review the appeal. The decision of the committee is final. If a student commits fraud during the financial aid process, eligibility will be lost and the student will be reported to the Department of Education.

#### Satisfactory Academic Progress (SAP) for Dissertation Students

If a student is enrolled in the dissertation phase of the Ph.D. program, s/he may be eligible for the Federal Stafford Loan program. Please note that if a student chooses to begin the dissertation clock while simultaneously being enrolled in regularly scheduled coursework then eligibility for the year may already be depleted. The only choice for funding may be through a private alternative loan program. Contact the Financial Aid Office for consultation.

If enrolled in the dissertation phase only, a student is considered to be enrolled on a half-time basis. All eligible financial aid recipients entering the dissertation phase of the program will be awarded Stafford Loans on a borrower-based academic year. In other words, from the time the two-year clock begins, the financial aid will cover four consecutive quarters. For example: dissertation start date January 1 (winter) – financial aid will cover four consecutive quarters (winter, spring, summer, and fall).

Upon completion of the first four (4) quarters of the two-year dissertation clock, the financial aid office will confirm active participation in the dissertation process. Active participation is

defined as submission of written materials beyond the initial concept paper and on-going consultation with the student's dissertation committee. Once active participation in the dissertation process is confirmed, the student may be eligible for additional Stafford Loans during the second year of the two-year clock.

If a student finds that additional time beyond the two-year clock is necessary for completion of the dissertation, that student must enroll in the extended one-year clock. To remain eligible for additional Stafford Loans, the coordinator or chair of the dissertation committee must approve the student proposal and submit the approval form to the dissertation office. Proposal requirements are defined by each program and are included in the dissertation handbook. It is the student's responsibility to stay in contact with the committee and to follow-up on the progress of the proposal approval. Please be aware that all pending financial aid will be canceled once the final draft of the dissertation is approved.

#### In summary:

- First year of initial two-year clock: Successful completion of coursework requirements as defined by SAP policy for those students enrolled in coursework.
- Second year of initial two-year clock: Continued financial aid eligibility requires confirmed submission of written materials beyond the initial concept paper and ongoing consultation with dissertation committee.
- Third year or extended one-year clock: After completion of two-year clock, continued financial aid eligibility requires coordinator or chair approval of the dissertation proposal. Please be aware that all pending financial aid will be canceled once the final draft of the dissertation is approved.
- Federal financial aid is not available beyond the extended one-year clock.

# Satisfactory Academic Progress (SAP) for Thesis Students

If enrolling in the thesis process students may be eligible for financial aid during the first quarter. Students must be actively engaged in the thesis writing process to be eligible for financial aid. Any pending disbursements will be canceled once thesis is completed.

# **Student Responsibilities**

#### Students must:

- accurately complete and submit all applications by the required deadlines;
- promptly respond to requests for additional required documentation;
- avoid intentional misreporting of information on financial aid forms;
- read, understand, and retain copies of all forms signed and submitted;
- read, understand, and accept responsibility for all signed agreements;
- review and understand all information about the program of study prior to enrollment;
- understand and comply with all requirements of federal, non-federal, and Pacifica financial aid programs;
- remain continuously enrolled, i.e., not have a break in enrollment (e.g., leave of absence) for sequential continuation of financial aid;
- complete the required Entrance Counseling session prior to the receipt of the first loan disbursement;
- complete an Exit Counseling session prior to leaving Pacifica (i.e., upon completion of degree requirements or prior to a leave of absence or withdrawal); and

 notify the Federal Loan and Alternative Loan lenders and the administrative offices at Pacifica of all changes to a student's address, phone number, e-mail address, and enrollment status. Failure to notify the Financial Aid Office may result in delayed processing of the financial aid.

# Veterans Administration Educational Benefits

Pacifica's programs are approved for the training of veterans and other eligible persons under Title 38, U.S. Code. To find out eligibility under any of these programs, call 1-888-GIBILL1.

For students eligible for education benefits through the Veterans Administration, all previous education and training will be evaluated. Credit will be awarded where appropriate and the program will be shortened accordingly. The student and the Veterans Administration will be notified promptly.

Failure to maintain a cumulative grade point average of 3.0 or higher in three consecutive quarters will result in the veteran's benefits being interrupted and the VA office being notified.

## **Housing Policies**

#### Lambert Road and Ladera Lane Campuses

Housing is provided at one of two locations, depending on the program track assignment. Students assigned to Tracks C, D, J, K, L, Q take classes and are housed on the Ladera Lane Campus.

Students assigned to Track A, B, E, G, O, T take classes on Pacifica's Lambert Road Campus and are housed at the Best Western Carpinteria Inn.

Shuttle service is provided by Pacifica to transport students to the Lambert campus and between campuses.

There are two housing statuses at Pacifica: Residential and Non-Residential. Residential status means that a student resides in Pacifica housing for each session. Non-Residential status means that overnight Pacifica lodging is not required. Non-Residential status is available to students who reside in either Santa Barbara or Ventura counties. Proof of residency is required. All first-year students maintain Residential status for one academic year unless they are residents of Santa Barbara County or Ventura County. Residential students are required to stay in Institute provided housing during their class sessions.

For Residential students in the Counseling, Clinical, Depth, Myth, and Depth Psychotherapy programs, housing arrangements include two nights during the fall, winter, and spring quarters. For the summer quarter, housing arrangements include six nights for the Counseling Psychology and Clinical Psychology programs; four nights for the Mythological Studies and the Depth Psychotherapy programs, and the Depth Psychology program has no on-site summer session.

For Residential Humanities students, housing arrangements include four nights during the fall, winter, spring and summer quarters (fees are charged on a yearly basis).

All meal plans, both Residential and Non-Residential, with the exception of the Humanities program, include one continental breakfast, two full breakfasts, three lunches, and two dinners for each class session for the fall, winter, and spring, quarters. For the summer quarter the meal plans vary depending on the program in which the student is enrolled.

The fees for housing and meal plans summarized above are governed by the "Tuition and Fee Agreement" signed by all students. Please note that there are only three circumstances for which our housing policy allows fee adjustments:

- 1. students who have been granted Non-Residential status;
- 2. students who submit timely notification of an anticipated absence; \* and
- 3. a special scheduling of classes as determined by the Registrar.

\*In case of an anticipated absence for a particular session, a written cancellation must be received at <u>least five days</u> prior to scheduled arrival to avoid room and meal charges.

If a student believes that s/he falls within one of these special circumstances, that student may petition for an exception to housing policy. Petitions for an exception must be submitted in writing to the "Pacifica Housing Committee" for consideration. Please send petitions to the Housing Coordinator.

# Lambert Road and Ladera Lane Campuses Housing and Meals Residential Students

Housing for Residential students placed at the Best Western Carpinteria Inn are based on double occupancy with roommates assigned by the Housing Office. Roommate assignments are based on gender and common class year. Occasionally, however, it may be necessary to pair students from a different class years in order to fulfill the double occupancy condition. A student may submit a roommate preference and most requests are honored.

Residential students are asked to submit a new Residential Housing Form (available in the back of this handbook) to the Housing Office at least three weeks prior to each quarter. If changes in housing needs or status are not anticipated during the academic year, a student may opt to submit the Residential Housing Form or Non-Residential Application / Housing Form annually. Students are responsible for any charges incurred due to failure of a timely written notification.

Residential students wishing to change to Non-Residential status may do so by submitting a Residential Housing Form to the Housing Office that includes the address of the student's residence in Santa Barbara or Ventura County. This change will take effect upon receipt of the written notice, and acceptance by the Housing Committee of proof of county residency (see below).

<u>Please Note:</u> Pacifica reserves the right to make temporary alternative housing and/or transportation arrangements in the rare circumstance when it may be necessary.

#### Non-Residential Students

To meet the conditions of Non-Residential status, a student must reside in Santa Barbara or Ventura County. Both new and returning students are required to submit annual proof of county residency, along with a Non-Residential Form. A student may also qualify for Non-residential status if s/he stays with an immediate family member in either of the counties during a class sessions. Pacifica considers immediate family as being parents (natural or adoptive), grandparents, or siblings. Any student who plans to stay with immediate family during his/her sessions must submit a Non-Residential Form and a notarized affidavit confirming the immediate family relationship. (See Housing Coordinator for forms).

If a student does not meet the above conditions, but wishes to apply for Non-Residential status, s/he may do so by submitting a written request to the Pacifica Housing Committee. Requests will be carefully reviewed. If the Housing Committee approves the request, the Housing office will notify the student in writing and the status change becomes effective before the next class session.

Unless a student resides in Santa Barbara County, Ventura County, or stay with immediate family as described above, any first year student must maintain Residential status for one academic year before his/her Non-Residency request for an exception to the policy will be considered. However, if s/he moves to Santa Barbara County or Ventura County during the academic year, Non-residential status will take effect before the next class session, contingent on acceptance by the Housing Committee of proof of residency in one of the counties.

If the circumstances that originally qualified a student for Non-Residential status become invalid, s/he must notify the Housing Office in writing and Residential status will be assigned.

Residential or Non-Residential status remains in effect until the student notifies the Housing Coordinator in writing of a change. Changes of status become effective for the subsequent class session.

**Please Note:** Non-Residential students are responsible for their own transportation to and from the campuses and remain participants in the Pacifica meal plan. (Please see below.)

#### **Meal Policies:**

#### Student meals

Meal plans for both residential and non-residential students, with the exception of the Humanities program, include one continental breakfast, two full breakfasts, three lunches and two dinners for each class session for the fall, winter, and spring quarters. For the summer quarter, the meal plans vary depending on the program in which the student is enrolled.

Humanities students enjoy breakfast, lunch, and dinner for every day they are in session oncampus, with the exception that no dinner is provided on the final day of the fall and spring residential sessions.

Pacifica's meal policy requires full participation by all students during their class sessions. At times, however, a student may request an exemption from the policy if s/he has successfully petitioned the Education Council for an altered class schedule. If a student does not require

meals for the full three-day session due to non-attendance or approved alteration to a class schedule, that student must notify the Housing Office at least five days prior to the scheduled class session to avoid any charges.

Students are asked to please bus their own tables. When eating outside, students are asked to return all dishware and utensils to the busing station in the dining room.

#### Guest meals and campus visitors

Upon occasion students may invite a guest to join them for a meal. To make arrangements for such a guest meal, please notify the Housing Coordinator at least one week prior to the class session. This notice ensures that the catering staff is prepared and that a meal ticket is issued for the guest. Guest meals are billed to the hosting student's account. Because our dining facilities are often utilized for classroom interaction during mealtimes both dining facilities are considered classrooms. As such, students are asked to limit guests to one meal per session and guests may not be under 18 years of age. Guests should not arrive or remain on campus for extended periods of time prior to or after the meal. Guest meals are a privilege which may be revoked at any time for any reason at Pacifica's discretion.

No visitors of any age are allowed in classrooms (which may at certain times include the dining halls on both campuses) and no one unaffiliated with Pacifica, who is either selling products to students, or charging or requesting a fee for services rendered to students, is permitted on campus at any time. A guest or family member may not sleep overnight on the Ladera campus and everyonc on either campus, or traveling to or from either campus, must abide by all parking, traffic, and land use regulations.

If a student wishes to have a meal on campus while a different track is in session, s/he should notify the Housing Office prior to arrival and obtain a meal ticket. All meals are coordinated through the Housing Office. Ticketed meals are billed to the student's account.

#### Special diets

Pacifica's catering service will provide special meals for any student who is placed on a restricted diet by his/her physician. To request a medically restricted diet, a student must complete a Dietary Form, available in the back of this handbook, and submit it to the Housing Office along with a physician's prescription at least two weeks prior to attendance. If necessary, the kitchen staff will meet with and/or discuss with a physician any dietary restriction in order to provide the proper meal within the context of the current menu. It is importative that meal planning be done in advance so that the kitchen staff may be prepared.

Students following a vegan diet, are asked to fill out the Dietary Form and the caterer will provide an alternative meal. These meals are for vegans only. If a student selects a vegan diet on the dietary form, all meals will be prepared as vegan. Vegan menus will not be available on a meal-by-meal basis.

If a student has requested a special diet meal, s/he is responsible for identifying himself/herself to the kitchen staff at mealtime. **Please do not go through the buffet line.** 

The caterer will try to accommodate personal preferences and personal choice diet requests (e.g., low fat, high protein, low cholesterol) if same can be created within the context of the

<u>currently planned menus</u>. Please inform the Housing & Meal Coordinator the first morning of the class session to review what options are available. The food service staff is not able to guarantee special foods, either by brand name or type.

**Housekeeping Policy** 

Out of respect for fellow students and housekeeping staff, students are asked to keep the classrooms neat and orderly. Please take responsibility for returning glasses, dishware, and utensils to the dining room. Note that personal items may be moved around when classrooms are reset for the next class and such items should be removed prior to any meal breaks.

Campus Safety and Security

Pursuant to the Crime Awareness and Campus Security Act of 1990, annual reports of crime statistics and campus polices concerning crime and security on campus are available in the Campus Transportation and Security Office located on the Lambert Road Campus in the main building above the Bookstore, on the Pacifica website, and within this handbook.

Lambert Road Campus

Each Lambert campus building is equipped with one or more fire extinguishers and a first aid station. For safety reasons, students are asked to stay on designated paths when walking on campus. While most paths are lighted at night, we advise students to carry a flashlight and walk on the driveway. Also, for safety reasons, it is not advisable to walk on Lambert Road, and students are strongly discouraged from doing so. If it is necessary to walk on Lambert Road, however, walk only two abreast and on the side of the road facing traffic.

The Transportation and Security office is responsible for responding to student safety and security concerns. For on campus emergencies between 6:00 am and 11:00 P.M., please call 805-896-1887 or 805-896-1888, the campus receptionist, or another staff member at 805-969-3626 X 101. Any staff responder will then dial 9-1-1. For off-campus emergencies please dial 911 and if possible notify the security office. (Please note that shuttle drivers are not able to transport injured students to any location other then the Best Western Carpinteria Inn.) If necessary, shuttle drivers have access to the Student Emergency Contact Forms, which are located in the Transportation and Security Office. Please report any and all campus safety concerns to the Transportation and Security Office.

Ladera Lane Campus

The Ladera Lane campus site is a member of the Montecito Emergency Response and Recovery Action Group (MERRAG). This group, initially formed by the Montecito Fire, Water and Sanitary Districts, is designed as a "self-help" organization that enables these special districts and the community to respond to a disaster during the first 72 hours after an event.

Ladera Lane campus buildings are equipped with fire extinguishers. First aid supplies for minor medical problems or supplies for personal needs may be obtained at the reception desk in the Administration building.

Staff members are on duty at the Ladera Lane campus reception desk from 7:00 A.M. to 12:00 A.M. to assist students.

If there is an after hours emergency, call the Ladera night security caretaker at 805-708-4531. Please identify the location as the **Ladera Lane** site. A 9-1-1 call may be made from the public phones. (Each room at the Ladera Lane campus has been supplied with a pamphlet containing the above information and phone numbers.)

Meeting rooms on the Ladera Lane campus are locked at 11:30 P.M. and buildings are locked at 11:45 P.M. On-site security is available for emergencies.

Students are advised to stay on paths as poison oak flourishes in the brush. Even though the walkways are lit during the evening hours, a flashlight is recommended.

Please report any and all safety concerns to Pacifica personnel.

#### **Lost and Found**

Pacifica is not responsible for misplaced personal items. As a courtesy, however, a lost and found service is provided through the reception desk.

## **Campus Visits**

See Guest meals and campus visitors section above.

# **Nursing Mothers / Special Needs**

Pacifica wishes to support student mothers who are nursing infants and asks that all mothers and caretakers are respectful of the learning environment. Day care resources are not available at either campus.

Students with special needs (e.g. nursing mothers) who require a family member's or caretaker's presence on campus for distinct periods are required to contact the Program Administrator prior to class sessions so that appropriate arrangements can be made if possible. A private room will be made available for breast milk expression.

Nursing infants may be transported privately (shuttle service is not available) onto common campus areas only during lunch or dinner breaks and must leave when classes resume. The dining room, library, and computer labs are restricted areas; for everybody's protection and safe keeping, infants may not occupy these spaces at any time. A Private room can be made available for nursing during meal breaks.

If disturbances or other legal issues arise the visitor exception may be withdrawn and other feeding arrangements will need to be made.

Parking arrangements for visitors to the Lambert Road campus must be made with the Campus Receptionist at 805.969.3626, ext. 101 prior to arriving on campus.

# Student Parking

We require all students to comply with Pacifica's parking and transportation policies, as presently written, and as they may be amended. These policies are designed to be respectful of our neighborhood, and comply with our Conditional Use Permit (CUP) requirements, and local, county and state laws.

Pacifica is not liable for loss or damages to any vehicle or its contents while parked at either campus location. Please be careful to lock your vehicle and secure all valuables.

**Lambert Road Campus** 

Parking on the Lambert Road campus for faculty and staff is limited and occurs by assignment only; there is no student parking. Additionally, pursuant to policy, neither students, family members, nor guests are permitted to park on Lambert Road, at the off-ramp area at the intersection of Via Real and Highway 101, or at Loon Point. If a student violates a parking or transportation policy, s/he will receive a verbal or windshield notice of violation. A second violation will result in a written notice sent certified U.S. mail. Each subsequent violation will result in a \$75.00 fine. Repeated violations may result in disciplinary action, including possible dismissal from the Institute by the Education Council.

## Physically Disabled and Special Needs Parking at Lambert Road Campus

All parking at the Lambert campus is by assignment only, with arrangements made through the Campus Receptionist at 805-969-3626 Ext, 101 prior to coming to the Lambert campus. If a student requests parking at the Lambert Road Campus because of physical disability, s/he is required to submit to the Campus Receptionist a doctor's verification of the disability or possess a valid placard issued by the DMV, which must be properly displayed within the vehicle. If a student experiences a temporary special need (e.g. a broken limb) s/he is required to provide a current doctor's verification with inclusive dates.

In addition, if a student has special needs that require a family member or caretaker's presence on campus for an extended period of, s/he must make arrangements for the parking prior to coming to the Lambert campus.

#### Ladera Lane Campus

Student parking is available at the Ladera Lane campus. Residential students are asked to park in the parking area next to the handball courts behind the Residence Building. Non-Residential students should park in the main lot in front of the Administration Building. Students may not park in restricted areas. Please read the parking signs and note there is no student parking on Ladera Lane, or on Toro Canyon Road.

**Good Neighbor Policy** 

Pacifica's community reputation, in part, is based on its relationship with its neighbors. We ask that each student join with us in extending consideration to those with whom we share our connected space.

When on Pacifica campuses, please be guided by the following:

## **Lambert Road Campus**

- Respect Pacifica's and our neighbor's boundaries. Please do not go on any property
  other than the campus areas between our driveway and Lambert Road, our gardens, and
  the open area above the gardens.
- Please do not feed or pet the neighboring horses or pick orchard fruit.

- To respect all community members, animals are neither allowed on campus grounds nor in campus buildings, nor should they be left in vehicles parked on campus. Service animals are excepted.
- Please be attentive to the noise levels on campus at all times. This is a remote, quiet campus where even the sound of voices travel great distances, particularly during the evening hours. Please conduct evening gatherings indoors only.
- Please follow all posted speed limit recommendations and use caution when entering and exiting the property.

#### Ladera Lane Campus

- We ask that all students respect both Pacifica's and our neighbors' boundaries. Please
  do not enter or tread on any property other than the campus areas surrounding the
  buildings. When walking on the grounds, for your own safety, please stay on the
  pathways.
- A strict noise curfew takes effect each evening at 10:00 P.M. Ladera is a very quiet neighborhood and sounds travel great distances. Please keep voices low while outside, and be sure noises remain confined within building walls after 10:00 P.M.
- To respect the needs of all community members, pets are not allowed on campus grounds, in campus buildings, or in vehicles parked on campus. Note: Neighbors, however, are permitted to walk their leashed dogs through the campus grounds.
- Parking is allowed only in designated spaces on the campus lots. For the immediate
  future, handicapped parking is located to the rear of the Dining Hall though no other
  student parking is allowed in that area. Note: Any parking on neighborhood streets is
  prohibited.
- Please drive carefully when approaching and departing the campus. Although seemingly "country roads," Ladera Lane, East Valley Road, and neighboring streets are narrow and winding, often filled with fast moving traffic.
- For the same reasons, it is not advisable to walk on Ladera Lane, East Valley Road, and/or Toro Canyon Road. If it is ever necessary to do so, however, please walk single file and on the side of the road facing oncoming traffic.
- Please follow all posted speed limit recommendations and use caution when entering and exiting the property.

#### Use of Alcohol

The use of alcohol on the grounds of either campus is prohibited except for approved functions.

#### **Organized Student Gatherings**

Due to the conditional use permit (CUP) restrictions imposed by Santa Barbara County at both campus sites, plans for any group gatherings other than those indicated on the program class schedule must be submitted in advance for review and approval by the Program Chair and campus site administration.

#### **Fires**

The Lambert and Ladera Lane campuses are both located in high fire danger areas. The making of fires, the use of candles and other flammable items by students on the grounds of either campus is strictly prohibited.

**Smoking** 

Due to the constantly high fire danger, students must be very careful when smoking outdoors. Students must smoke only in designated areas on either campus. Please exercise respect for others when smoking.

Lambert Campus

The Lambert campus has a designated smoking area located in the corner of the upper corral area, across the driveway from the Library entrance. Smoking is not permitted in any other area on the Lambert campus.

Ladera Lane Campus

The Ladera Campus has one designated smoking area. It is located outside near the Northwest corner of the dining hall. Smoking is not permitted in any other areas on the Ladera campus.

**Student Solicitations** 

Outside vendors may submit advertisements to Pacifica's Director of Operations, who will evaluate ads for appropriateness. Approved ads will be posted on the student bulletin board. Student to student solicitations for selling of services and goods are not allowed on either campus. Students are not permitted to use other students' names, addresses, and/or email addresses for solicitations purposes. Student are also encouraged to refer to the Multiple Relationship Policy.

#### **Textbooks**

The Institute established a Bookstore to serve students studying the specialized curriculum of Pacifica. It is located on the Lambert Road campus and also serves students at the Ladera Lane campus during class sessions. The bookstore stocks required texts and the supplemental readings suggested for classes, as well as research material for papers, theses, and dissertations. There are also books and merchandise for relaxation.

Textbooks are made available to entering students and students completing online coursework in the summer months through mail order. Once the academic year begins, textbooks for succeeding quarters are available for purchase during the last session of the current quarter, with the exception of the Humanities program. (For example, winter quarter texts are sold during the last session of fall quarter.)

Textbooks are made available to Humanities students approximately one month before the beginning of each quarter and can be purchased by mail order. Humanities students can purchase fall and spring textbooks if and when on campus for the summer and winter residential portions.

The bookstore provides free shipping of textbooks as well as discounted used copies of certain textbooks.

Texts and other books are available year round. Purchases made in the Bookstore may not be charged to a student account, as the Bookstore accounting system is independent of the Student Accounts System managed by the Business Office.

## **New Book Return Policy**

All returns must be made within five weeks of purchase and must be accompanied by a receipt. The exception is summer quarter texts, which may only be returned during the first two days of the summer session. Books must be in **new** and saleable condition. (Be careful with merchandise in your book bag – no nicks, scratches, torn dust jackets, bent corners, folded pages, etc.) Photocopied Course Readers, opened videos, audio cassettes, tarot decks, CD's, and any discounted items are **not** returnable.

# The Golden Rule - "Put It In Writing"

Any "agreement," "understanding," or "decision" made in a meeting with a faculty or administrative staff member is **not** official unless the **student** puts the results of that meeting on paper and presents it to the faculty or administrative staff member for signing. This written document must be given to the Registrar, who will place it in the student's permanent file.

Any petitions or recommendations for exceptions to, or changes in, school policy must be in writing and should be sent to the Education Council, attention **Office of the Registrar**, for consideration.

# ACADEMIC POLICIES AND REGULATIONS

**Information Changes** 

To ensure the accuracy of our records and to help us stay in contact, students should immediately notify the Registrar's Office in writing of any changes to name, address, phone numbers, or e-mail address. To this end, we encourage use of the Student Data Change Form included in this handbook. Alternatively, you may access and perform information changes by using the updating services offered on My.Pacifica.edu. Name changes must be accompanied by supporting legal documentation such as a copy of a driver's license, social security eard, marriage license, or divorce decree showing the new name.

# Transfer Credit and Prior Training

Due to the unique instructional nature of the Doctoral and Master's degree programs, prior coursework or training usually is not equivalent to the approach and methodology used at Pacifica Graduate Institute. Additionally, because of the sequential nature of the programs, we strongly advise against transferring in prior coursework. A maximum of six (6) units for any program may be transferred. Courses taken at another institution more than four (4) years prior to matriculation at Pacifica Graduate Institute will not be considered for transfer.

Only Master's level courses may be used to transfer credits in the M.A. program.

Only Doctoral level courses may be used to transfer credits in the Ph.D. programs. Some exceptions may apply in the Mythological Studies program for students who have previously completed courses in other programs at Pacifica.

Additional information about transfer of credits and prior training can be obtained in the Office of Admissions. Applications for transfer of credit must be submitted to the Director of Admissions prior to the first day of class at Pacifica.

For students eligible for education benefits through the Veterans Administration, all previous education and training will be evaluated. Credit will be awarded where appropriate and the program will be shortened accordingly. The student and the Veterans Administration will be notified promptly.

The Quarter System

Pacifica's academic year is divided into four quarters. For all programs except Humanities, the fall, winter, and spring quarters include three 3-day sessions totaling nine days of instruction per quarter. Examinations are usually included in the allotted time for the quarter. The summer session consists of seven consecutive days of instruction for students in the Counseling Psychology and Clinical Psychology programs and four consecutive days of instruction for students in the Mythological Studies program. Students in the Depth Psychology program pursue off-campus fieldwork or research during the summer quarter and have five (5) consecutive days of instruction.

MA Humanities is a hybrid program. Students attend five residential sessions at the Ladera Lane Campus during the two-year program. The rest of the quarter's time is spent engaged in online courses. The five residential sessions are scheduled as follows:

- Five days to begin the fall quarter of Year One
- Nine days to complete the Winter quarter and begin the Spring quarter of Year One
- Nine days to complete the Summer quarter of Year One and start the Fall quarter of Year Two
- Nine days to complete the Winter quarter of Year Two and start the Spring quarter of Year Two
- Four days to complete the Summer quarter of Year Two

#### Academic Credit

Pacifica awards academic credit on a quarter unit basis. Units described in this handbook and in Pacifica's catalog are quarter units. One-and-one-half quarter units equal one semester unit (three quarter units are equivalent to two semester hours).

#### Course Load

All degree programs at Pacifica require full-time enrollment. Students are expected to enroll in all courses offered each quarter in his/her program and class year unless transfer credit for a particular course has been granted. Other exceptions are rare and require a petition that must be approved by the Education Council.

For financial aid purposes, a minimum of six (6) units will be considered full-time. Less than six (6) units is considered half-time with the exception of the summer quarter. During the summer quarter, full-time is four (4) or more units. Less than four (4) units is considered half-time during the summer quarter. Fewer than three (3) units is considered less than half-time.

# **Enrollment Policy**

Students are expected to complete and submit appropriate registration forms for academic enrollment prior to attending class. Several kinds of registration forms are in use at Pacifica, including those for coursework, thesis, dissertation, traineeship only, internship only, and Independent Studies. It is the student's responsibility to request the necessary registration forms from the Registrar's Office.

While taking courses, students are expected to register for all courses offered in the program and class year with the following exceptions:

- Students may be part-time for a particular quarter if they have received transfer credit for one or more of the courses being offered (please see Transfer Credit section).
- Students may be part-time if they have not successfully completed a course that is a prerequisite for another course and therefore are not allowed to continue with that sequence of courses.
- Students may be part-time if they are making up previously missed courses.
- Students in the M.A. Counseling Psychology Program are advised to contact the Program Administrator for part-time status requests.

Only in exceptional circumstances will a student be granted permission to enroll part-time for reasons other than those stated above. Requests are to be submitted in writing to the Education Council at least 30 days prior to the quarter in question.

If a student is not enrolled full-time, please be aware that it may affect eligibility for financial aid and for deferment of loans.

Students must complete online registration one month prior to the beginning of each quarter to ensure space availability.

A late registration fee will be assessed for any registration forms received less than two weeks before the start of the quarter. Coming to class does not automatically register a student for a course. Likewise, a student may not drop a course by not attending the class. If a student does not attend a course and does not officially drop or withdraw from the course via written notification to the Registrar, s/he will receive a grade of F with no tuition refunded. Please note: If a student does not intend to enroll in any academic work (i.e., coursework, independent study, thesis, dissertation, traineeship/internship) then s/he is expected to complete and submit a Leave of Absence Form to the Registrar's Office. If a student fails to submit a Leave of Absence Form in a timely manner, s/he is subject to administrative withdrawal from the program. Once a student has been withdrawn, s/he must apply for readmission to re-enter the program.

Attendance - On-Campus

All students may not miss more than one-third of any given course. Students are expected to be on time and to attend all class meetings for each course. It is the student's responsibility to inform instructors of absences. Ideally, a student should inform his/her Program Administrator and the Housing Coordinator before the absence occurs. Instructors may deduct participation points for absences.

Religious holiday observance does not negatively affect attendance. However, advance written notice must be given to the Program Chair. With the exception of Humanities students, students are permitted a total of five (5) class day absences per academic year. Due to the limited time on campus, Humanities students may not miss more than a total of 36 hours per year of scheduled on-campus class sessions. This effectively means that Humanities students must attend a minimum of 8 hours out of a total possible 12 hours of on-campus instruction for each course.

Additional absences for any course during a quarter will necessitate re-taking the course. Only under profound circumstances will Education Council waive or alter this requirement. Excessive unexcused absences may be cause for academic probation or academic disqualification (see section on Academic Standing).

Attendance - Online Policy

Students completing coursework online are required to participate actively in online course activities. Online course activities include, but are not limited to: reading lesson presentations; reading and responding to discussion topics posted by instructors and fellow students;

completing lesson assignments, group projects, and term projects; maintaining contact with instructors and peers using course e-mail, chat rooms and/or the discussion board.

For courses taught entirely online, regular activity is considered to be a minimum of logging in three times a week and posting at least one discussion question response each week for each course offered during a particular quarter. Please refer to each individual instructor's guidelines.

Humanities students meet the required contact hours for each 2-unit course by attending the oncampus class session, which is approximately 12 hours for each course, and by completing the remaining necessary 10 contact hours online. Students must login several times a week, for a total of one hour per week, to complete the discussion questions and assignments as assigned.

Important: Although students are allowed to miss up to one-third online and in-session coursework, absences can severely compromise the learning experience and retention of information in a distance-learning environment. For this reason, Pacifica strongly discourages students from missing any on-campus class sessions or assigned online activities. Excessive absences may result in academic probation or disqualification (see section on Academic Standing).

## **Dropping a Course**

A student may drop a course without the course appearing on her/his transcript if s/he submits a Request to Drop a Class form to the Registrar's Office:

- within one week after the first day of each quarter in the Humanities program
- prior to the start of the quarter for the track or within one week after the first class meeting, with the exception of summer session for all other programs
- prior to the 1<sup>st</sup> day of summer session, with the exception of the Humanities program

The tuition for the course will be refunded according to the refund schedule listed in this handbook in the section titled "Refundable Tuition Policy".

Students should submit the form directly to the Registrar's Office. The Registrar's Office will notify course instructors and the form will be filed in the student's permanent file.

Any course dropped after the first week of class is considered a withdrawal and the course will remain on the transcript and the withdrawal will be noted with a W grade. Tuition will be refunded according to the refund schedule listed in the catalog.

# Withdrawing from a Quarter or Program

Withdrawal is defined as completely withdrawing from all classes and/or the academic program. Students must notify the Office of the Registrar in writing of their intention to withdraw. Failure to attend classes or verbal notification to program administrators or instructors does not constitute withdrawal. Students who drop out of a course or program without official written notification will be issued a failing grade.

If the letter of withdrawal is received prior to the coursework due date for any classes in which the student is enrolled, a final grade of W will be placed on the transcript. If the withdrawal is received after the due date, the student will be graded based on attendance in the course and on the work submitted by the due date.

The effective date of the withdrawal is the date the Office of the Registrar receives official written notification of the student's intention to withdraw. Students may be eligible to receive a refund of tuition and fees based on the Refundable Tuition and Fee policy. Financial aid recipients refunds will be evaluated based on the Return of Federal Funds policy.

#### Dissertation Withdrawal Policy

Students who find it necessary to withdraw from Pacifica during the dissertation phase of their program must submit a written request to the Registrar's Office. Any student so withdrawing will receive a grade of "W" for dissertation writing.

After withdrawing, students who wish to continue their education at Pacifica will need to apply for re-admission. If the student wishes to return to the same program and is readmitted, s/he will be required to complete any new curricular requirements, establish a new dissertation committee, and enroll in a new two-year dissertation clock. Students are advised to consult with the Admissions Office for details on the reapplication process and program requirements.

#### **Evaluations**

Evaluation of students' work by instructors, supervisors, and peers is a large part of the educational process and occurs frequently throughout the program. During the quarter, instructors are encouraged to give direct verbal and written feedback regarding work.

In the normal course of evaluating written work, a faculty member who notices significant problems that limit a student's ability to write lecture essays or to complete a thesis or a dissertation may choose to submit a Writing Skills Evaluation Form to the Program Administrator. A copy of this form will be mailed to the student along with the paper; the student's Program Chair will retain the original. In such cases, students are strongly advised to seek help as soon as possible to strengthen their writing skills.

The library maintains a list of resources for writing assistance, including the Writing Assistance Practicum.

# **Writing Assistance Practicum**

If a student experiences difficulty in writing papers, s/he should seek assistance early in his/her academic work in order to prepare for thesis or dissertation work. Each program has a list of resources available to students who need help. These resources range from texts and articles on writing, to on-line services, to independent tutors, editors, and writing teachers working in the Santa Barbara area. It is up to the student to seek help.

In some cases, students may arrange for a Writing Assistance Practicum with a specific faculty member. A Writing Assistance Practicum may be appropriate when writing problems arise up in a particular class. There is a separate fee for a Writing Assistance Practicum, which covers up to six (6) hours of consultation time, including reading and commenting on the student's work. No academic credit is given for a Writing Assistance Practicum.

## **Faculty-Student Meetings**

Students are encouraged to meet with faculty regarding evaluation of her/his work and the grades received. Faculty and administrators hold both physical, and virtual office hours, if applicable, each quarter. Instructors will announce in the syllabus the day and time of office hours.

Each class meets once per quarter with a faculty liaison. Questions, concerns, and suggestions of the class will be communicated to the faculty liaison member, who takes such concerns to the administration and faculty council meetings. Student representatives, selected by the class, may also bring issues to the attention of the faculty liaison.

#### **Student Self-Disclosure**

Assignments and class discussions, which offer the opportunity for self-disclosure, may generate anxiety. There is no requirement that you disclose your personal history and your grade will not be affected by your decision not to disclose. An alternative activity will be planned in lieu of your disclosure. It is, however, important to note that these disclosures may offer opportunities to expand how you understand human behavior and that anxiety is often a pre-requisite for personal transformation.

## **Submission and Return of Student Papers**

Pacifica requires students to submit all work to their instructors in a typewritten or printed format by the due date indicated on the course syllabi. Students are asked to submit their work either in person, by mail, or by other delivery service **unless** they are completing an online course.

For online courses, students must submit papers in electronic format by the due dates listed in the course syllabi. The due date will generally be the last day of the quarter for online course work. Submission methods generally include posting electronic copies of the paper to the Assignment Dropbox in the online course or e-mailing an electronic attachment of the paper to the instructor. Please refer to individual instructors' directions as outlined in the syllabi.

Every Pacifica student must at all times have an electronic copy of any paper available and must submit it upon request. All student papers are subject to plagiarism software scans. Faculty will grade all papers and submit both grades and papers to the Program Administrator within three weeks of the course work due date.

Important: Students should always verify with the instructor the preferred method for paper submission and adhere to the guidelines established by the course professor. It is highly recommended that students document all correspondence regarding submission of papers and retain both electronic and hard copy versions of the coursework.

For on-campus courses, approximately eight weeks after the final class session each quarter, the Program Administrator will mail final papers to the students and the Registrar's Office will send an unofficial transcript. For online courses, faculty grade and return papers through the online course provider. It is the student's responsibility to check with the online course provider for final paper grades and comments no later than three weeks after the course due date.

#### Grades

While most courses at Pacifica are evaluated with a letter grade, a limited number of courses are graded on a Pass - No Pass basis. Please be aware that a student may not graduate with any grade of D, F, or NP on their transcript.

A grade of A, B, C, or P is required to successfully complete a course.

Exception: A grade of A or B is required to successfully complete CP 832 Legal, Ethical, and Professional Practice.

1

Pacifica's grading system consists of the following grade notations with associated grade points.

Grade	Grad	de Points
A B C D F	Honor grade to distinguish exceptional work at the graduate level Sufficient performance at the graduate level Passing work at the graduate level Unacceptable performance at the graduate level Failing grade	4.0 3.0 2.0 1.0 0.0
P NP W R I IEXT IW I grade	Passing work; credit Work not passing; no credit Withdrawal from coursework or program Repeated; course was or is currently being repeated Incomplete Incomplete, due date has been extended Incomplete requested, student withdrew from course Incomplete grades which have been completed are noted by an I followed by the final grade, with associated grade points (e.g., IA, IP, etc.; IB represents Incomplete changed to B with 3.0 grade points	IB, ints)
Grade t TR NG J	Tutorial (t Indicates that a tutorial is in progress e.g. Ft) Transfer credit awarded No graded was received Work in progress; continuation of a course	

Beyond these general guidelines, individual instructors may outline specific grading criteria on their course syllabi.

# **Grade Point Average**

Grade point averages (GPA) are determined by dividing the total number of grade points earned by the total number of units attempted, excluding courses in which grades of W, P, NP, I, IEXT, IP, INP, IW, NG, TR, J, or R were received.

# **Quarterly Reporting of Grades**

Approximately eight weeks after the final class session each quarter, the Registrar's Office will mail a copy of an unofficial transcript to each student. The transcript includes all of the student's courses and grades as well as the quarterly and cumulative grade point averages. To ensure receipt of the unofficial transcript, please keep us apprised of any changes in address. The Registrar's Office does not release grades over the phone.

## **Grade Appeals**

To appeal a grade in a course, students should first discuss the matter with the course instructor. If dissatisfied with the outcome of this meeting, a student may initiate a formal grade appeal. A grade may be overturned by the Institute if it is determined to have been awarded capriciously, prejudicially, or unfairly. An "unfair" grade is one that is determined to be at least two letter grades different from what it justly should be. For example, if a paper was given a D but an independent judge determined that the paper merited a B, the grade is considered "unfair." A grade of B cannot be contested on the basis of unfairness. This guideline protects the right of instructors to apply a stricter or more liberal standard to their evaluation while protecting students from extreme misjudgments.

To initiate a formal grade dispute, write a letter to the Program Chair, attach a copy of the work contested, all comments written on that work by the instructor, and all correspondence relating to that work. The Program Chair will make a decision regarding the case or will form a committee to review the matter. Students may appeal the Chair's decision to the Dean of Academic Affairs whose decision is final.

## **Academic Standing**

Academic standing depends on several factors, including grades and attendance. The categories of scholastic standing are:

**Good Standing:** Graduate students are considered to be in good academic standing if s/he maintains a minimum 3.0 (B) cumulative grade point average.

Satisfactory Progress: Students achieve satisfactory progress by receiving passing grades in all courses attempted and by maintaining a minimum 3.0 (B) cumulative grade point average. Financial aid recipients must maintain a cumulative grade point average of 3.0 and successfully complete a minimum number of units each quarter. For complete details, refer to the Satisfactory Academic Progress policy in the Financial Aid section of this handbook. Students who do not maintain satisfactory progress will be referred to the Program Chair and will be placed on academic probation and/or be subject to academic disqualification.

Academic Probation: Students are placed on academic probation upon failure to achieve or maintain a cumulative grade point average of 3.0. Students may also be placed on academic probation for excessive unexcused absences or for failure to follow the Honesty or Conduct Policies of the Institute. After being notified of probationary status, it is recommended that a probationary student contact the Program Chair for advisement. Probationary status is removed when a student has raised her/his cumulative GPA to at least a 3.0 and/or when the honesty, conduct, or attendance issues have been addressed satisfactorily.

A student may be on academic probation for no more than two consecutive quarters of enrollment. If probationary status is not removed within two enrolled quarters, a student will be placed on academic disqualification status.

Clinical Probation: Students are placed on clinical probation when they do not make satisfactory progress in their clinical traineeship or internship work. This includes unsatisfactory reports from the clinical supervisor, substantiated charges of legal or ethical

violations in regard to the practice of psychotherapy, or poor performance in the clinical practice courses. The Education Council will conduct an independent investigation before any student is placed on clinical probation.

Students on clinical probation may be required to undertake one or more of the following remedial steps: obtain additional clinical supervision, engage in further personal psychotherapy, enroll in an independent study program to attend to areas needing improvement, and/or suspend their internship activity. A probationary review of progress to remedy this situation will take place within six months. (Refer to the Traineeships and Internships section of this handbook.)

**Academic Disqualification:** Academic disqualification discontinues current enrollment and bars further registration in any course pending a review by the Education Council. There are five circumstances under which students would be liable for placement on academic disqualification status:

- 1. Students who fail to resolve their academic probation status within two consecutive quarters of enrollment will automatically be placed on academic disqualification.
- 2. Students who do not make satisfactory progress during the six-month remedial work period of their clinical probation may be placed on academic disqualification status. Students in this situation have the opportunity to make a written and oral presentation to show cause for remaining in the program
- 3. Students who engage in additional unethical or illegal behavior in regard to the practice of psychotherapy while on clinical probation will undergo an immediate review. If evidence of this behavior is substantiated by the Education Council, the student may have his/her probation extended or may be placed on academic disqualification status.
- 4. If a student does not pass either the written or oral exam in the Doctoral or Master's program after three attempts, he/she shall be placed on academic disqualification status.
- 5. Violation of the Honesty Policy or the Conduct Policy is cause for academic probation and/or disqualification.

When any of these situations occur, the Registrar will notify the student in writing of the status. Students who are academically disqualified will receive a pro rated refund of tuition and fees based on Pacifica's Refund Policy as described in this handbook. Financial aid recipients will be evaluated based on the Return of Federal Funds policy required by federal regulations as outlined in the Financial Aid section of this handbook.

**Disqualification Appeal Procedure** 

In the event a student is academically disqualified, s/he may submit a petition to the Education Council. Petitions to the Education Council must be submitted to the Registrar within one week of receipt of disqualification notice. The Council will review and consider all materials that are submitted and will respond to the student in writing. A copy of the Council's action, along with the student's petition, will be placed in his/her permanent file.

If Education Council denies the appeal for reinstatement, please keep in mind that the student does have the option to apply for readmission unless the disqualification was based on the Honesty Policy.

Students who are disqualified for violations of the Conduct and Impairment Policy or the Honesty Policy are eligible to appeal the disqualification by petitioning the Dean of Academic Affairs who may appoint a review committee and whose decision is final.

Suspension: Students who are suspended due to violations of the Honesty Policy or the Conduct and Impairment Policy may not attend classes. Within three weeks of the date of the suspension, there will be a review by the Program Chair and the Office of Academic Affairs to determine whether the student will be taken off of suspension and allowed to return to classes, continued on suspension for a determined period of time, placed on academic probation, or academically disqualified. The student will be notified of the date of this review and will have the option of providing written response to the reviewing committee. Suspension of classes includes those conducted online, in this case, the suspended student will be denied access to the Learning Management System.

## **Incomplete Policy**

A temporary grade of incomplete indicates that the student has been unable to complete course work due to serious extenuating circumstances. To prevent falling behind in coursework, students are strongly discouraged from taking incomplete grades.

Students may not take more than four incomplete grades per academic year. If a student exceeds the limit of four incompletes per academic year, a grade of "F" or "NP" will be recorded on the transcript for each additional Incomplete request.

It is the student's responsibility to contact the instructor regarding the work required to complete the course. To request an incomplete, a Request for Incomplete form must be submitted to the instructor on or before the course work's due date. With the exception of Humanities students, the completed work must be submitted to the instructor prior to the first day of the third session of the following quarter for Fall, Winter and Spring quarters. Spring quarter incomplete work is due prior to the first day of the first session of the Fall quarter. Students in the Humanities program must submit the finished coursework and a Grade Change Form to the instructor no later than two weeks prior to the end of the following quarter.

All students are responsible for ensuring that their paperwork has been completed. If the student fails to submit final work within the required time period, a failing grade will be recorded on the transcript. To remove the failing grade from the transcript, the student may repeat the course or complete a tutorial. If a student's cumulative GPA falls below 3.0, probationary status is automatic. If the probationary status is not removed within two enrolled quarters, the student will be placed on academic disqualification status.

The instructor will evaluate the work, complete a Grade Change Form and submit both to the Registrar within three weeks following the Incomplete due date. The Registrar will record the grade change and return the final paper plus a revised copy of the transcript to the student.

Counseling students may not request an incomplete in Process of Psychotherapy I, II, III courses or in Clinical Practice I, II, III courses. Mythological Studies students may not request an incomplete for the Dissertation Formulation class.

Incomplete and failing grades may impact the eligibility of financial aid recipients. Please consult the Satisfactory Academic Progress section for complete details.

# Repeating a Course to Achieve a Passing Grade

A student may elect to repeat a course in which a D, F, or NP grade was received. Both original and repeat enrollments will be noted on a student's permanent academic record. However, unit credit and grade points are earned only once, and the units and grade points earned for the higher passing grade will be used in computing the grade point average.

Repetition of a course must meet with the approval of the Program Chair. Given the sequential structuring of and periodic revisions to the curriculum, course repetition may be difficult. If scheduling or revisions prevent repetition of a course, a student may work in an Independent Study context with the course instructor. An Independent Study fee will be assessed for this instruction.

# Academic Tutorial/Extended Tutorial

If no more than one year has elapsed since a student originally took the course, a student may take an Academic Tutorial. After the one year deadline has elapsed but within two years of the original course date, a student may take an Extended Tutorial.

Four kinds of academic tutorials are offered at Pacifica:

- 1. If a student wishes to remedy a grade of C or lower in a course taken within the past two years for which attendance requirements were met, that student may elect to take an academic, or extended, tutorial with the instructor of that course. Approval must be received from the Chair for an alternate instructor. In some cases, more than one academic tutorial may be required to raise a grade of D or F to a satisfactory grade of B or C. Grades may be raised to no higher than a B through the academic tutorial process.
- 2. If a student is in good standing and must miss more than the allowable absences due to extenuating circumstances, the student will fail that course but may, within one year, petition the Education Council for an academic, or extended, tutorial.
- 3. If a student does not successfully complete the written or oral exams, an academic tutorial may be undertaken to gain mastery of deficient areas in preparation for re-examination.
- 4. If a student does not have an approved concept paper at the end of doctoral coursework, that student must take an academic tutorial with a member of the research faculty until the concept paper is approved. (Note: Students enrolled in the Mythological Studies program may not request incompletes in MS 733 Dissertation Formulation.)

# The procedure for engaging in an academic tutorial or extended tutorial is as follows:

1. Submit an Academic Tutorial Request and Contract form or Extended Tutorial Request and Contract form to the prospective faculty member. A contract will be formulated outlining the objectives and methods for completing the study.

- 2. The faculty will submit the signed contract to the Registrar's Office who will mail a copy to the student.
- 3. The Business Office will charge the student's account for the tutorial fee.
- 4. The student will send the completed tutorial work and a Grade Change Form to the instructor, who will submit the Grade Change Form along with work to the Registrar. The Registrar's Office will notify the student in writing of the final grade.

The student may take a maximum of four academic and/or extended tutorials over any successive two-quarter period. Requests for additional academic or extended tutorials beyond this number must be made by written petition to the Education Council.

Academic tutorials begin on the first day of the month and end on the last day of the month in which they are taken. There is a separate fee for an academic tutorial; it is assessed on a per calendar month, per course basis. A new academic tutorial contract must be completed for each calendar month that a student works with a faculty member and the student will be billed the tutorial fee for each calendar month.

Extended tutorials cover a period of three calendar months, since additional reading and research is required. There is a separate fee for an extended tutorial; it is assessed on a three calendar month, per course basis.

Taking an academic or extended tutorial does not place a student on enrollment status. Academic tutorials or extended tutorials may be taken while a student is on leave from the school. A student may use the Academic Tutorial or Extended Tutorial Request and Contract forms in this handbook or online when applying for an academic or extended tutorial.

If a student has not met the deadline for the completion of the thesis, an academic tutorial may not be taken. A student must re-enroll in Directed Research I or II. Students may use the Thesis Registration Form in the back of this handbook or online in order to re-enroll for Directed Research.

# Traineeship Tutorial - Counseling Psychology

If a student doesn't complete the direct service requirements in any quarter for traineeship in the M.A. Counseling Psychology program, s/he may request a Counseling Psychology Traineeship Tutorial, which will allow one additional month for the completion of direct service hours for that quarter. If at the end of one month s/he has not completed the direct service requirement, the student must consult with the Clinical Coordinator to develop a plan for remediation.

There is a separate fee for a Traineeship Tutorial.

For more information, please refer to the M.A. Counseling Psychology Traineeship Guidelines.

**Independent Study** 

Special scheduling conditions or life circumstances may cause a student to withdraw from a class. In general, Independent Study arrangements are discouraged. However, when a student cannot wait to take the course at the time it is offered again because of course sequencing, or if the course will no longer be offered, that student may contact the Program Chair and request to complete the course with the course instructor through an Independent Study arrangement. If the Chair approves the request and the instructor agrees to work with the student, the student should complete an Independent Study Contract form and obtain the signature of the instructor.

The student should work with the instructor over a period of three months to complete the course requirements; the three-month period of study should coincide with an academic quarter. The student is expected to submit final work to the instructor along with an Independent Study Grade Form on or before the due date for the Independent Study. When enrolled in an Independent Study, a student will be billed a per unit tuition charge for the course(s). A student is considered to be enrolled while taking a course as an Independent Study and s/he may accrue traineeship or internship hours. Independent Studies may not be undertaken following degree completion.

Traineeships and Internships

Supervised Fieldwork - M.A. Counseling Traineeships

Master's students in Counseling Psychology must complete 300 hours of supervised traineeship in order to satisfy the program's traineeship requirement. During the second year of the program, students must complete a minimum of 150 hours of direct client contact at their traineeship site. Students must complete a minimum of 30 hours of direct client contact at their trainee site during the Clinical Practice I class and a minimum of 50 hours of direct client contact during the Clinical Practice II and III classes. The additional 20 hours remaining from the first quarter of the second year must be completed during the second and third quarters of the second year.

In order to receive a passing grade for the Clinical Practice courses in the Counseling Psychology program, all course requirements must be met including the required number of direct client contact hours, and each student must successfully complete the oral comprehensive exam. If this requirement is not met, the student will fail the course and a grade of F will be posted to his/her transcript. A student may not attend the next sequential Clinical Practice course unless the student registers, immediately after the course deadline, for a Traineeship Tutorial in which a student will receive a one-month extension to meet the direct client contact requirement. If at the end of one month a student has completed the direct service requirement, s/he must submit documentation of hours along with a Grade Change Form to the Clinical Coordinator within one week prior to the tutorial deadline. If s/he has not met the direct client contact requirement, s/he must consult with the Clinical Coordinator to develop a remediation plan.

Supervised Fieldwork - Ph.D. Clinical Practicum & Internship

Doctoral students in Clinical Psychology are required to complete 2500 hours of supervised internship during their program. While practicum hours may be accrued as soon as a student begins the clinical program, internship hours may only be accrued beginning with the first

quarter of the second year of coursework after the student has completed prerequisite coursework and a clinical competence assessment.

#### Supervised Fieldwork - Ph.D. Clinical and M.A. Counseling

All internships and traineeships must include direct client contact. Pacifica's Clinical Coordinator must approve both the site and the clinical supervisors who oversee the traineeship or internship work. Pacifica faculty – core, adjunct, or contributing – are not permitted to supervise any student at his/her traineeship or internship site. If charged with legal or ethical violations in performing psychotherapy or if a student fails to make satisfactory progress in the traineeship or internship, that student will be subject to clinical probation or academic disqualification.

Students are placed on clinical probation when they do not make satisfactory progress in their clinical traineeship or internship work. This includes unsatisfactory reports from the clinical supervisor, substantiated charges of legal or ethical violations in regard to the practice of psychotherapy, or poor performance in the clinical practice courses. The Education Council will conduct an independent investigation before any student is placed on clinical probation. (Refer to the Clinical Probation policy in the Academic Standing section of this handbook.)

If a student is placed on clinical probation, s/he may be required to undertake one or more of the following remedial steps: obtain additional clinical supervision, engage in further personal psychotherapy, enroll in an independent study program to attend to areas needing improvement, suspend their internship activity. A review of a student's progress to remedy this situation will take place within six months of the student being placed on probation.

If a student practices any form of psychotherapy or healing activity outside of an approved traineeship or internship site, s/he may not identify the work as affiliated with his/her education at Pacifica. A complete packet of traineeship or internship information will be provided to each student.

# Traineeship Only and Internship Only Enrollment

Counseling Psychology students who have satisfactorily completed all coursework, passed the oral exam, and completed their thesis may enroll for traineeship only status. Clinical Psychology students who have completed all coursework and passed written exams may enroll for internship only status. This status enables students to accrue traineeship or internship hours during those periods when they are not enrolled in coursework, Independent Studies, thesis, or dissertation.

Students who elect to enroll on a traineeship only or internship only basis, must receive approval from either the M.A. Clinical Coordinator or the Ph.D. Director of Clinical Training. Submit the Internship Only/Traineeship Only Enrollment Form, signed by the appropriate Clinical Coordinator, to the Registrar. There is a separate quarterly fee for this enrollment. An enrollment form must be submitted for each quarter a student wishes to be enrolled; the student's account will be billed. Following degree completion, enrollment is not permitted in either traineeship only or internship only.

Students in this status are not considered enrolled at Pacifica for financial aid purposes. Financial aid recipients are not eligible for financial aid or loan deferment during this period of time.

Personal Therapy

If enrolled in either the Counseling Psychology or Clinical Psychology program, students are required to fulfill a personal therapy requirement while enrolled at Pacifica. Students are expected to choose their own therapist(s); therapists must be licensed mental health clinicians or certified analysts. Students may satisfy the personal therapy requirement via individual, group, couple, and/or family therapy, but are prohibited from having a personal therapy relationship with any Pacifica faculty – core, adjunct, or contributing – until they have graduated or withdrawn from the Institute. Completed hours are to be recorded on the Personal Therapy Documentation form and signed by the therapist. Pacifica faculty strongly recommend the completion of a minimum of 25 hours of personal therapy for each year of enrollment.

Counseling students must complete 50 hours of personal therapy. Clinical students must complete 60 hours of personal therapy.

**Depth Transformative Practice** 

In the Depth Psychology program, students are required to participate in 60 hours (6 units) of depth transformative practice. Examples of such practice include, but are not limited to, individual depth psychotherapy, group dialogue work, facilitated vision questing, rites of passage, meditation, artistic engagement, or other psycho-spiritual practice. The transformative practice must be approved in advance by the Transformative Practice Coordinator. Completed hours are to be recorded on the Depth Transformative Practices Documentation of Hours form, which should be signed by the appropriately trained guide, teacher, or therapist, then submitted to the Program Administrator.

Practice Requirement of Depth Psychology with Emphasis in Depth Psychotherapy

Students in the Depth Psychology Program with Emphasis in Psychotherapy must engage in the practice of psychotherapy in order to meet the basic requirements for practicum eoursework. However, Pacifica does not monitor this work nor does Pacifica provide clinical supervision of these hours for licensure.

#### Referrals

From time to time, we receive inquiries about therapists in specific areas who are Pacifica alumni. Pacifica is unable to make such referrals and recommends consulting a local directory for a mental health professional in the desired community.

Oral Comprehensive Examination - Counseling Psychology

Master's students enrolled in Clinical Practice III must successfully pass the oral examination. Each student must be in good standing in order to take the exam and must have completed the required minimum hours of direct client contact at her/his trainee site and achieved a grade of C or better in Clinical Practice I and II.

If a student does not pass the oral exam, that student must consult with the Clinical Coordinator, who will advise whether a tutorial or a more extended independent study would best address the area(s) of weakness evidenced in the exam. It is suggested that an academic tutorial or independent study be completed prior to rescheduling the exam. A re-examination fee will be charged to the student's account. If a student does pass the oral exam within three attempts, s/he will be academically disqualified.

## Written Comprehensive Examination – Clinical Psychology

Upon successful completion of ten quarters of Ph.D. coursework in the Clinical Psychology program, a student is eligible to take the written comprehensive exam if that student is in good standing. This evaluation of the student's cognitive understanding of the coursework serves as partial fulfillment of the degree requirements.

Each student must achieve a passing grade for each question from at least two of three evaluators. S/he must retake any failed portion of the exam. A student may take an academic tutorial in preparation for re-examination. A per question re-examination fee will be charged to each student's account. If the student does not pass the written exam within two attempts, s/he will be placed on academic disqualification status.

# Written Comprehensive Examination - Depth Psychology

In the Depth Psychology Program, after successful completion of at least five quarters of coursework, students take their written exam at the end of the second year. This exam is an evaluation of the student's understanding of the program's core competencies.

Each student must achieve a passing grade for each question from at least two of three evaluators. Any failed portions of the exam must be retaken. A student may take an academic tutorial in preparation for re-examination. A per question re-examination fee will be charged to the student's account. Students who do not pass the written exam within two attempts will be unable to progress to the doctoral phase of the program.

# Ph.D. Oral Examination - Depth Psychology

Depth Psychology doctoral students are eligible to take the oral examination in the spring of their third year, after having taken their written comprehensive exam. The oral exam occurs in the context of the course DP 992 Enacting the Oral Tradition. This is the final evaluation of students' ability to integrate academic coursework and serves as partial fulfillment of the degree requirements.

If a student fails the exam, s/he may take a tutorial in preparation for re-examination. A re-examination fee will be charged to each student's account. If the student does not pass the oral exam within two attempts, s/he will be placed on academic disqualification status.

# Written Comprehensive Examination – Depth Psychology with Emphasis in Psychotherapy

Depth Psychotherapy students who have successfully completed at least five quarters of Ph.D. coursework, and who are in good standing will be eligible to complete the written comprehensive examination. The written exam will consist of a take home assignment given at

the beginning, and due at the end of Spring Quarter. This is an evaluation of the student's understanding of the coursework to date, as well as an opportunity to set learning goals for the balance of the program. It serves as partial fulfillment of the degree requirements.

The examination will be read by two faculty and must be approved by both in order for the student to pass. Students who do not pass the written examination may retake it one time only but will be required to take an academic tutorial prior to retaking the exam. A re-examination fee will be charged to each student's account. If the student does not pass the written examination within two attempts, s/he will be placed on academic disqualification status.

# Oral Comprehensive Examination – Ph.D. Depth Psychology with Emphasis in Psychotherapy

Depth Psychotherapy Program students who have passed the written comprehensive examination are eligible to take the oral comprehensive examination in the summer of their third year. The oral exam occurs in the context of DPP 994 Oral Comprehensive Presentation which also focuses on the development of teaching and oral presentation skills. The exam is the final evaluation of the students' ability to integrate academic coursework and practical experience and serves as partial fulfillment of the degree requirements.

# Written Comprehensive Examination – Mythological Studies

Upon the successful completion of at least five quarters of coursework, students are eligible to take the written comprehensive exam provided that they are in good academic standing. If a student has completed less coursework but wishes to take the exam, s/he may submit a written request to the Program Chair. Successful completion of this written exam is a requirement for the M.A. degree. Each student must obtain a passing grade for each of the two parts of the written exam.

Each student must retake any failed portion of the exam. Students may take a tutorial in preparation for re-examination. A per question re-examination fee will be charged to each student's account. If the student does not pass the written exam within two attempts, s/he will be placed on academic disqualification status.

# Oral Consultation - Mythological Studies

An oral consultation takes place in the Dissertation Formulation course during the third year of the program. The purpose of this assessment is to raise critical questions pertaining to a proposed dissertation project. Each student must successfully incorporate the critique of this consultation into his/her dissertation concept paper in order to be advanced to candidacy.

If a student does not receive a Pass grade for the concept paper by the course work deadline, s/he will be required to take a tutorial prior to re-submitting it. Each student will also be required to meet (or talk in a conference call) with the Research Coordinator. There is a separate fee for a tutorial. Each student may take a maximum of two tutorials or one extended tutorial to achieve an acceptable paper. If a student is unable to achieve an acceptable concept paper via the tutorial process, s/he will be placed on academic disqualification status.

## **Portfolio Requirement – Humanities**

In lieu of a Master's thesis, students in the Humanities program are required to complete a portfolio as a capstone project. Portfolios accepted by the Porfolio Committee serve as partial fulfillment of the degree requirements. A complete handbook with guidelines is provided to each student.

#### The Thesis

Students in Counseling Psychology complete a Master's thesis within the Directed Research I and II courses. A complete handbook with a set of guidelines is provided to each student. Master's students follow the guidelines of the Thesis Handbook that is current at the time their work is being submitted. Students are required to enroll in Directed Research II in order to complete the thesis; s/he must submit to the Registrar's Office a Thesis Registration Form, which covers three quarters of enrollment.

If a student does not complete a thesis within the first three quarters of enrollment, s/he must re-enroll on a quarterly basis by submitting an extended Thesis Registration Form to the Registrar prior to the beginning of each quarter. There is a separate fee for additional thesis quarters. Thesis quarters begin on October 1, January 1, April 1, and July 1. Financial aid is available during the first quarter of the three quarter thesis enrollment period; contact the Financial Aid Office for details.

## Advancement to Candidacy

A student will earn the designation of "doctoral candidate" after s/he has successfully completed all coursework, passed written and oral comprehensive exams, and his/her dissertation concept paper has been accepted by the Institute. However, once candidacy is achieved, a student may not indicate in public announcements or advertising that s/he holds a doctorate. Additionally, the use of Ph.D.-c is not permissible as a designation.

#### The Dissertation

A complete handbook with a set of guidelines and forms for the dissertation process is provided to each student.

In order to work with the dissertation committee, the student must officially enroll in the two consecutive academic year period of dissertation writing. This is often referred to as the two-year dissertation "clock." To begin the dissertation clock, the student must a) have an approved concept paper, b) submit a Dissertation Registration Form to the Dissertation Office by the registration deadline, and c) be in good financial standing with the Business Office. There are four enrollment dates for the dissertation – October 1, January 1, April 1, and July 1. Registration forms must be received no later than the 1st day of the month of the student's intended enrollment.

If a student needs to enroll beyond the two-year clock, that student is required to register for additional one-year periods until s/he has completed the dissertation; s/he will be billed only for those quarters that are required for acceptance of a final draft. To register for an additional year, each student must submit a Dissertation Registration Form to the Dissertation Office in accordance with the registration deadlines stated above. Dissertation registrations may not extend beyond the program time limit.

Each student is required to make satisfactory payment arrangements with the Business Office regarding the dissertation fee. The dissertation fee schedule is included at the back of this handbook; contact the Business Office for more information. Financial aid is available for the two-year dissertation period for those who qualify; contact the Financial Aid Office for compete details.

Following completion of coursework, a student may take a leave of absence for a maximum of one year prior to beginning the clock. Any break in enrollment, including leave of absence, following the two-year clock, however, will result in committee dissolution; continued enrollment is required for a student to maintain her/his committee. Financial aid recipients should consult with the Financial Aid Office to discuss the impact that a break in enrollment will have on current and future student loans.

If a student plans to return following a break in enrollment, s/he must do so within the permissible one year maximum leave of absence and the eight year program time limit and must submit a Dissertation Registration Form to the Registrar in accordance with the registration deadlines stated above. Upon return, s/he will need to reconstitute a committee. Be aware that former committee members are under no obligation to rejoin the committee and that new committee members have the right to disapprove work that may have been approved by former committee members.

At the completion of either the two-year or one-year clocks, students may be eligible for a one quarter, no-fee extension. The extensions may be applied **once** to either enrollment period and are granted for short illness or unforeseen circumstance, committee member sabbatical, or being within one quarter of final draft approval by all committee members. See form in Dissertation Handbook. Further extensions of dissertation enrollment without additional fee can only take place by petitioning the Education Council and are only granted under exceptional circumstances, such as serious and prolonged medical illness.

Students will be assessed an additional dissertation processing fee that includes the costs of proofreading, duplicating, microfilming, copyrighting, and binding the dissertation. This fee varies per student and is determined after the final proofread and edited manuscript has been submitted.

If a student intends to complete the dissertation process in time to participate in the commencement ceremony over the Memorial Day weekend, s/he must successfully defend his/her dissertation and complete all other degree requirements at least six weeks prior to the date set for the ceremony. Please keep in mind that the months of April and May are particularly busy so students may wish to plan their completion efforts to avoid those months. A suggested timeline:

12 weeks prior to graduation – Final draft accepted by all committee members and submission of final draft to proofreader.

9 weeks prior to graduation – Student receives proofread copy and dissertation order forms and begins editing the manuscript.

8 weeks prior to graduation – Student submits and Pacifica accepts the final edited version ready for copying and binding. Defense is scheduled.

6 weeks prior to graduation - Student successfully defends the dissertation.

#### Research and Ethics

Any research that includes human subjects needs to follow the guidelines for such work in the corresponding department research and thesis or dissertation handbook. This includes informing subjects of their rights and securing informed consent forms from each subject. For instance, if a student is interviewing individuals for a term paper, s/he must inform them of their right to anonymity and of their right to discontinue the interview at any point. S/he should also sign an informed consent form. The format for these forms can be found in the research handbooks for each department.

# Program Time Limits for Completion of Degree Requirements

Students enrolled in the Master's program in **Counseling Psychology** and **Humanities** must complete all degree requirements (coursework, traineeship, personal therapy, oral exam, thesis or portfolio, and on-campus sessions) within a five-year period from the initial date of beginning the program.

Students enrolled in the Clinical Psychology, Depth Psychology, Depth Psychotherapy programs must complete all degree requirements (coursework, internship, personal therapy or depth transformative practice, exams, and dissertation) within an eight-year period from the initial date of beginning the program.

Students enrolled in the **Mythological Studies** program must complete all degree requirements (coursework, written exam, oral consultation, and dissertation) within an eight-year period from the initial date of beginning the program.

Time limits for program completion include periods of non-enrollment.

If a student wishes to attend beyond the normative time frame stated above, s/he must petition Education Council in advance for an extension of the program time limit; if the program time limit expires, the student will be administratively withdrawn from the program and will have to apply for re-admittance. If approved for readmission, a student must satisfy all degree requirements in effect at the time of return, including but not limited to total units, courses, personal therapy or depth transformative hours, written and oral exams, traineeship or internship hours, and portfolio, thesis, or dissertation.

# **Posting of Degrees**

A student's degree will be posted to reflect the date that s/he successfully completed the final degree requirement. This date will appear on her/his transcript as the official date the degree was conferred.

Once the degree is conferred and posted to the transcript, the Registrar will send a letter of congratulations to the student. Allow a minimum of two weeks processing time once degree

requirements are completed. If a student does not receive confirmation of his/her degree within three weeks, please contact the Registrar.

Diplomas are printed once annually in May and are distributed at commencement ceremonies over the Memorial Day weekend. If a student is unable to attend commencement, the Registrar's Office will mail the diploma by mid-June. Please keep in mind that each student must resolve all financial obligations with the Business Office (including but not limited to tuition, residential/non-residential fees, thesis or dissertation fees, library fees and fines, parking fines, and miscellaneous charges) before the diploma or official transcript will be released and doctoral students must submit a FINAL corrected dissertation manuscript and the accompanying forms for microfilming and copyright before official transcripts can be released by the Registrar's Office.

# **Commencement Ceremonies**

If students wish to participate in commencement ceremonies, they must successfully complete all degree requirements at least six weeks prior to the date set for the ceremony. Participation, though voluntarily, must be planned. All students intending to participate in the exercises must notify the Registrar's Office by March 20 so that all regalia can be ordered. No students will be allowed to participate in the commencement exercises unless these procedures are followed.

In order to receive a diploma or official transcript, all outstanding prior balances (including but not limited to tuition, residential/non-residential fees, thesis or dissertation fees, library fees and fines, parking fines, and miscellaneous charges) must be paid in full to the Business Office by April 15.

Leave of Absence Policy and Procedure

A student who finds it necessary to interrupt studies at Pacifica may submit a written request for a leave of absence upon completion of one quarter of study. Continuous registration as a graduate student is required unless a formal leave of absence form is submitted to and processed by the Registrar. A leave of absence may be for a minimum of one quarter or a maximum of one year during coursework study. Students may also take a leave of absence for up to one year before beginning the thesis or dissertation phase of the program. Students are encouraged to discuss plans with the Program Chair, Program Administrator or Student Affairs representative before taking the leave of absence.

Reasons for requiring a leave typically include bereavement, illness, care giving, maternity, paternity, and call to active military duty. Withdrawing from all courses during a quarter does not in itself constitute a leave of absence. Students requesting a leave of absence must submit a completed Leave of Absence Form with the Chair's signature to the Registrar. All requests must be submitted in advance of the anticipated leave.

The Registrar will send written verification of a leave of absence request to the student. For students who take a leave of absence prior to the start of the quarter, enrollment ends on the last day of the preceding quarter. A separate fee will be assessed for the leave of absence.

Students who do not attend class without filing for a leave of absence will be considered withdrawn from the institution. Students who have been withdrawn must apply for readmission

through the Admissions Office in order to re-enter their program and will be subject to the degree requirements and handbook policies, including tuition and fees, in effect at the time of their readmission.

In the event a student is granted a leave of absence or is withdrawn after a quarter has begun, a pro-rata refund of tuition will be applied. Financial aid recipients funding will be evaluated based on the federal refund policy as outlined in the Return of Title IV Funds policy. All financial aid recipients are required to complete an Exit Interview as required by federal regulations. Lenders will be notified of the last date of attendance and the repayment terms and conditions of the loan will begin. The last date of attendance will be the date the Registrar receives the signed Leave of Absence Form.

Following an approved leave of absence, students must submit a Request for Re-Enrollment to the Registrar at least six (6) weeks prior to the intended quarter of re-enrollment. Returning students may not necessarily be re-assigned to their original track or campus location. A leave of absence may not be taken during either the two year or one year dissertation periods of enrollment. In the rare event that a student is granted a leave of absence following the start of the two or one year clocks, the dissertation committee will be dissolved.

While on a leave of absence, the following factors may apply:

- The sequential nature of the curriculum will be disrupted which may cause challenges in the re-entry phase.
- Financial aid recipients may be required to begin repayment of student loans during the leave (depending on the length of the leave).
- The Visa status of international students may be affected.
- Students may engage in approved tutorial work with an instructor.
- Students in the M.A. program may not engage in thesis work with their advisor or coordinator.
- Students may accrue personal therapy hours.
- Students may not accrue internship or traineeship hours.
- Taking a leave of absence does not extend the program time limits of eight years for students in the Ph.D. programs and five years for students in the M.A. programs.

#### Re-enrollment and Re-admittance

Re-enrollment/Re-entry applies when a student returns from a leave within the maximum time period allowed.

Following an approved leave of absence, students must submit a Request for Re-Enrollment to the Registrar at least six (6) weeks prior to the intended quarter of re-enrollment. Returning students may not necessarily be re-assigned to their original track or campus location. A leave of absence may not be taken during either the two year or one year dissertation periods of enrollment. In the rare event that a student is granted a leave of absence following the start of the two or one year clocks, the dissertation committee will be dissolved.

To re-enter the program following a leave of absence, a student must be in good financial standing. The Registrar will inform a student of his/her status and eligibility for re-entry.

Re-Admittance applies if the leave of absence exceeds the maximum permissible time period; if there is a break in enrollment and a failure to submit a Leave of Absence Form; if the program time limit has expired; or if the student has withdrawn from the program. If the conditions of re-admittance apply, the student will be administratively withdrawn from the program and will need to apply for re-admission through the Institute's Admissions Office. Students must adhere to all catalog, handbook, and degree requirements in effect at the time of readmission; in other words, they will be held to new curricular and total unit requirements, new fee structures, and new institutional policies. Students who are considering reapplying to the program after an extended leave of absence should note that only coursework completed within the past eight years will be considered toward completion of degree requirements. This policy also applies to internship, traineeship and personal therapy requirements. The Registrar's Office, Business Office, Financial Aid Office, and Program Chair will review each student's status and transcript in order to determine the appropriate academic schedule and requirements.

**Transcripts** 

The Registrar's Office is responsible for maintaining an official record of each student's academic program of studies at Pacifica. Among other things, the transcript reflects the degree program, a chronological record of courses and grades, and degree(s) earned within that program at Pacifica.

Students may request an official or unofficial copy of a transcript at any time, but such request will not be processed if the Business Office, or Dissertation Office, has placed a hold on her/his account. Transcripts will be provided at no cost to students who are currently enrolled; a processing fee of \$4.00 per transcript applies if a requester is no longer enrolled at Pacifica.

To order a transcript, submit a signed written request to the Registrar's Office along with applicable payment. Faxed requests will be accepted if they are signed. Transcripts will not be released without a valid signature. All transcript requests must be in writing; telephone and email requests do not qualify. The Registrar's office maintains all files in compliance with applicable law.

#### **Education Council**

The Education Council is composed of five voting and several non-voting members. It meets twice monthly on Thursdays to consider policy issues and to review petitions that students submit for exceptions to school policy. To request an exception, the following steps should be taken.

- 1. Put in writing the nature of the request and the reasons an exception to policy is in order. The petition should be clear, specific, and concisc.
- 2. If the petition is based on medical reasons, please provide appropriate documentation of the medical situation or condition.
- 3. Petitions that do not involve dissertations should be directed to the Registrar; send a copy to the Chair of the program as well.
- 4. Petitions that involve dissertations should be sent to the Dissertation Office.
- 5. For petitions to be considered in a timely fashion, they must be received no later than 4:00 pm on Tuesday of the weck Education Council meets. Petitions that

- involve dissertations, however, must be received at least one week prior to the scheduled meeting.
- 6. If appealing an academic disqualification, the student has one week from the date s/he receives the notice of disqualification to submit a written appeal to the Education Council.

If Education Council approves a petition that involves financial exceptions, it must also be reviewed and approved by the Executive Management Committee as well.

Depending on the nature of the petition, either the Registrar's Office or the Dissertation Office will notify the student as to the decision made on the petition.

# Pacifica Graduate Institute's Policy for Accommodating Students and Applicants with Disabilities

It is the policy of Pacifica Graduate Institute to comply with the Americans with Disabilities Act, Section 504 of the Rehabilitation Act, and state and local regulations regarding students and applicants with disabilities. Under these laws, no qualified individual with a disability shall unlawfully be denied access to or participation in services, programs, or activities of Pacifica Graduate Institute.

In carrying out this policy, we recognize that disabilities include mobility, sensory, health, psychological, and learning disabilities. Pacifica will make efforts to provide reasonable accommodations to qualified individuals with disabilities, to the extent that such accommodations are readily achievable. Though Pacifica takes the needs of students with disabilities seriously, it is not able to guarantee that all services requested can or will be provided. Specifically, accommodations that are unduly burdensome or that fundamentally alter the nature of the service, program or activity may not be entertained.

#### **Disability Defined**

A disability is a physical or mental impairment that substantially limits one or more of the major life activities of the individual.

#### Major Life Activities

The phrase major life activities refers to normal functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.

#### Physical Impairment

A physical impairment includes any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: neurological, musculoskeletal, special sense organs, respiratory and speech organs, cardiovascular, reproductive, digestive, genitourinary, hemic and lymphatic, skin, and endocrine.

#### Mental Impairment

A mental impairment includes any mental or psychological disorder such as mental retardation, organic brain syndrome, emotional or mental illness, and specific learning disabilities.

Learning Disabilities

A learning disability is a generic term that refers to a heterogeneous group of disorders manifested by significant difficulties in the acquisition and use of listening, speaking, reading, writing, reasoning, or mathematical abilities. These disorders occur in persons of average to very superior intelligence and are presumed to be due to central nervous system dysfunction.

#### Admission of Students with Disabilities

Pacifica will make admission decisions using criteria which do not consider an individual's disability. Thus, Pacifica will not impose or apply admission or eligibility criteria that screen out or tend to screen out individuals on the basis of their disability, unless such criteria is necessary to keep the program, service or activity being offered from being overburdened or fundamentally altered.

Students with disabilities desiring to enroll in any program, service or activity of Pacifica must be able to meet the minimal standards of Pacifica and the particular program, service or activity to which admission is sought.

**Students Requesting Accommodations** 

Students with disabilities who require accommodations must make those needs known to the Academic Affairs Associate as soon as possible. It is the student's responsibility to make his/her needs known in a timely manner and to provide the appropriate documentation (see Disability Verification section and Guidelines for Documentation sections). The student should not assume that this information is known by Pacifica because it was included in the student's application for admission or communicated to anyone other than the Academic Affairs Associate.

Pacifica will make reasonable accommodations to students with documented disabilities. These accommodations may include course load modifications, exam accommodations, readers, sign language interpreters, note takers, and additional time to complete assignments. No accommodation will be provided if it fundamentally alters the nature of the service, program or activity or if it would be unduly burdensome whether financially, administratively, or otherwise.

Students seeking accommodations should contact the Academic Affairs Associate for an accommodations request packet. Once the request form and appropriate documentation is received, the Academic Affairs Associate will contact the student to develop a suitable accommodation plan.

Note: Temporary impairments are not commonly regarded as disabilities, and only in rare circumstances will the degree of limitation rendered by a temporary impairment be substantial enough to qualify as a disability pursuant to this policy.

#### **Accommodations**

Pacifica will provide services and accommodations as mandated by the ADA and section 504 of the Rehabilitation Act of 1973. Because each disability and the particular circumstances surrounding each request are unique, it is impossible to predict what accommodations might be provided to any particular student. Academic accommodations include, but are not limited to:

note takers, testing accommodations, extended time on exams, American Sign Language interpreters, and audio recordings. This list is not exhaustive, nor are these services guaranteed.

Whether a requested accommodation will be provided will depend on the nature and functional limitations of the student's disability, the particular class or classes taken, and the burden that the accommodation would place on Pacifica in terms of resources as well and whether the accommodation would fundamentally disturb or alter the nature of the service provided.

#### **Disability Verification**

Students requesting accommodations must provide diagnostic documentation from a licensed clinical professional who is familiar with the functional implications of the impairments. The opinions and recommendations of the licensed clinical professional will be considered in developing a suitable accommodation plan. Disability documentation must adequately verify the nature and extent of the disability in accordance with current professional standards and techniques, and it must clearly substantiate the need for all of the student's specific accommodation requests. All documentation must be submitted on the official letterhead of the professional describing the disability. The report should be dated and signed and include the name, title, and professional credentials of the evaluator, including information about license or certification.

If the original documentation is incomplete or inadequate to determine the extent of the disability or reasonable accommodations, Pacifica has the discretion to require additional documentation. Any cost incurred in obtaining additional documentation when the original records are inadequate is borne by the student. If the documentation is complete but Pacifica desires an additional assessment for the purpose of obtaining a second opinion, then Pacifica bears the latter costs.

In general, it is not acceptable for such documentation to include a diagnosis or testing performed by a member of the student's family. Additionally, students requesting accommodations for the manifestations of multiple disabilities must provide evidence of all such conditions.

#### Guidelines for Documentation of a Disability

Accommodations will be reviewed, and if appropriate, granted once <u>all</u> documents have been received by the Academic Affairs Associate. Please note that prior history of a certain accommodation does not guarantee its continued provision. An Individualized Education Plan (IEP) or a 504 Plan is not sufficient documentation of a disability.

To establish that an individual is covered under Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973, documentation must indicate that the disability substantially limits a major life activity. If academic or classroom-based adjustments and accommodations are requested learning must be one of the major life activities affected.

Documentation submitted must meet the following criteria:

- Be appropriate to verify eligibility
- Demonstrate a current substantial impact of one or more major life activities
- Support the request for accommodations, academic adjustments, and/or auxiliary aids

Note: All diagnosticians must be impartial individuals who are not family members of the student. Documentation must be supplied by a qualified professional who is licensed or certified to diagnose the disability in question. Diagnostic reports must include the names, titles, professional credentials, addresses, and phone numbers of the evaluators as well as the date(s) of testing.

Documentation for eligibility should be current, within the last three years. Exceptions to this policy can be made by the Academic Affairs Associate, but such exception is not mandated and lies within the discretion of the Academic Affairs Associate.

# Documentation Guidelines for Physical Disabilities and/or Systemic Illnesses

Physical disabilities and systemic illnesses include but are not limited to: Mobility Impairments, Multiple Sclerosis, Cerebral Palsy, Chemical Sensitivities, Spinal Cord Injuries, Cancer, AIDS, Muscular Dystrophy, and Spinal Bifida. Any physical disability and/or systemic illness is considered to be in the medical domain and requires the expertise of a licensed physician, including a neurologist, psychiatrist, or other medical specialist with experience and expertise in the area for which accommodations are being requested.

#### Documentation must include:

- A clear statement identifying the disabling condition(s).
- An assessment of the functional limitations of the condition(s) for which accommodations are being requested, and whether the degree of limitation is mild, moderate, or substantial. This assessment must include a summary of the procedures and evaluation instruments used to make the diagnosis, including evaluation results and standardized scores if applicable.

- A description of present symptoms that meet the criteria for diagnosis.
- Medical information relating to the student's needs to include the impact of medication on the student's ability to meet the demands of the postsecondary environment.
- Suggestions of reasonable accommodations that might be appropriate at the postsecondary level are encouraged. These recommendations should be supported by the diagnosis.

# Documentation Guidelines for Deafness or Hearing Loss

Services are provided to all deaf and hearing impaired students at Pacifica who have a documented unaided bilateral hearing loss of at least 30 db. The audiologist who conducts this test must be an impartial individual who is not related to the student.

#### Documentation must include:

- A clear statement identifying the disabling condition.
- An audiological evaluation and/or audiogram
- An assessment of the functional limitations of the hearing loss for which accommodations is being requested, and whether the degree of limitation is mild, moderate, or substantial.
- Suggestions as to how the functionally limiting manifestations of the hearing loss condition(s) may appropriately be accommodated. These recommendations should be supported by the diagnosis.

#### **Documentation Guidelines for Low Vision or Blindness**

Ophthalmologists are the primary professionals involved in diagnosis and medical treatment of individuals who are blind or experience low vision. Optometrists provide information regarding the measurement of visual acuity as well as tracking and fusion difficulties (including but not limited to: eye focusing problems, visual sensory disorders, and motor integration).

#### Documentation must include:

- A clear statement identifying the disabling condition.
- An ocular assessment or evaluation from an ophthalmologist.
- A low-vision evaluation of residual visual function, when appropriate.
- An assessment of the functional limitations of the condition(s) for which accommodations is being requested, and whether the degree of limitation is mild, moderate, or substantial.
- Suggestions as to how the functionally limiting manifestations of the visual condition(s) may be appropriately accommodated. These recommendations should be supported by the diagnosis.

#### Documentation Guidelines for a Specific Learning Disability

Students requesting accommodation on the basis of a specific learning disability must provide documentation from a professional who has undergone comprehensive training and has relevant experience in differential diagnosis of a full range of cognitive and psychiatric disabilities. The following professionals are considered qualified: licensed clinical psychologists, neuropsychologists, LD specialists, and educational therapists.

The diagnosis of a learning disability shall be based on multiple forms of evidence that support a learning disability diagnosis.

#### Documentation must include:

- A diagnostic interview including a description of the presenting problem(s); developmental, medical, psycho-social and employment histories; and family history (including primary language of the home).
- Assessment for the neurological or psychological evaluation to illustrate a substantial limitation to learning, the comprehensive assessment battery must contain the following domains:
  - Aptitude/Cognitive Ability an assessment of global intellectual functioning as measured by the Wechsler Adult Intelligence Scale-III (WAIS-III) with all subtests and standard scores.
  - Academic Achievement A comprehensive achievement battery (e.g., Woodcock-Johnson Psycho educational Battery Revised: Tests of Achievement) with subtest and standard scores, indicating current level of functioning in the academic areas of reading, math, oral and written language.
  - ➤ Information Processing A comprehensive battery (e.g. Woodcock-Johnson Psycho educational Battery Revised: Tests of Cognitive Abilities) with subtest and standard scores which addresses the specific areas of short and long-term memory, sequential memory, auditory and visual perception, processing speed, executive functioning, and motor ability.

- > A specific diagnosis which conforms to DSM-IV criteria for a specific learning disability.
- > A clinical summary which indicates the following:
- > The substantial limitations to major life activities posed by the specified learning disability;
- > The extent to which these limitations impact the academic context for which accommodations are being requested;

> How the specific effects of the learning disability may be accommodated at the postsecondary level.

Since accommodations are based on the current impact of the learning disability to the student, the documentation and testing must be no more than three years old.

Documentation Guidelines for Attention Deficit Hyperactivity Disorder (ADHD)

Students requesting accommodations on the basis of attention deficit-hyperactivity disorder (ADHD) must provide documentation by a professional who has undergone comprehensive training and has relevant experience in differential diagnosis and the full range of psychiatric disorders (licensed clinical psychologist, neuropsychologist, psychiatrist and other relevantly trained medical doctors).

#### Documentation must include:

- Evidence of early impairment. The condition must have been exhibited in childhood in more than one setting.
- Evidence of current impairment. An assessment of the individual's presenting attentional symptoms and evidence of current impulsive/hyperactive or inattentive behaviors that significantly impair functioning in two or more settings must be provided. In an academic setting, functional impairment is most often expressed in poor academic performance across a variety of academic tasks.
- A diagnostic interview. The interview must contain self-report and third party
  information pertaining to: developmental history, family history, learning or
  psychological difficulties; relevant medical and medication history; a thorough
  academic history; a review of prior psycho educational test reports to determine whether
  a pattern of strengths or weaknesses is supportive of attention or learning problems.
- Evidence of alternative diagnoses or explanations being ruled out. The documentation
  must investigate and discuss the possibility of dual diagnoses and alternative or
  coexisting mood, behavioral, neurological, and/or personality disorders that may
  confound the ADHD diagnosis.
- Neuropsychological or psycho educational assessments needed to determine the current impact of the disorder on the individual's ability to function in an academic setting and to establish eligibility for classroom accommodations including alternative testing, note takers, and/or alternative media. Such data should include subtest and standard scores.
- A specific psychological diagnosis as per the Diagnostic and Statistical Manual IV (DSM-IV). Symptoms of hyperactivity/impulsivity that were present in childhood, and the current symptoms which have been present for at least the past six months and which impair functioning in two or more settings (e.g., school, work, home) must also be identified.

- An indication of whether or not the student was evaluated while on medication and the degree to which the prescribed treatment reduces the level or degree of impairment.
- A clinical summary which indicates: the substantial limitations to major life activities posed by the disability; describes the extent to which these limitations would impact the academic context for which accommodations are being requested; suggests how the specific effects if the disability may be accommodated; and states how the effects of ADHD are mediated by the recommended accommodations.

#### **Documentation Guidelines for Traumatic Brain Injury**

Traumatic Brain Injury is trauma to the brain resulting from cerebral vascular accidents, tumors, or other medical conditions. Students requesting accommodations on the basis of traumatic brain injury (TBI) or brain insult must provide documentation by a neuropsychologist.

#### Documentation must include:

- A thorough neuropsychological evaluation including assessment of the areas of attention, visuoperception/visual reasoning, language, academic skills, memory/learning, executive function, sensory, motor, and emotional status. Data should include subtest scores and percentiles.
- Evidence of current impairment. A history of individual's presenting symptoms and evidence of behaviors that significantly impair functioning.
- A diagnostic interview. The interview must contain self-report and third-party information pertaining to: developmental history, family history, learning or psychological difficulties, relevant medical history, and a thorough academic history.
- Evidence of alternative diagnoses or explanations being ruled out. The documentation must investigate and discuss the possibility of dual diagnoses and alternative or coexisting mood, learning, behavioral, and/or personality disorders that may confound the diagnosis.
- A specific psychological diagnosis as per the Diagnostic and Statistical Manual IV (DSM-IV).
- A clinical summary which: indicates the substantial limitations to major life activities posed by the disability; describes the extent to which these limitations would impact the academic context for which accommodations are being requested; suggests how the specific effects of the disability may be accommodated; and states how the effects of the disability are mediated by the recommended accommodations.
- Suggestions of reasonable accommodations that might be appropriate at the postsecondary level. These recommendations must be supported by the diagnosis.

#### Documentation Guidelines for Psychiatric/Psychological Disabilities

Psychiatric and psychological disabilities include but are not limited to: Depressive Disorders, Post-Traumatic Stress Disorder, Bipolar Disorders, and Dissociative Disorders. Students requesting accommodations on the basis of a psychiatric disability must provide the current documentation from a licensed psychologist, psychiatrist, or licensed clinical social worker.

#### Documentation must include:

 A specific, current psychiatric diagnosis as per the DSM-IV which indicates the nature, frequency, and severity of the symptoms upon which the diagnosis was predicated. A diagnosis without an explicit listing of current symptoms is not sufficient. Primary and secondary Axis I and Axis II diagnoses are required.

 Evidence of current impairment. An assessment of the individual's presenting symptoms and evidence of current behaviors that significantly impair functioning must be provided. In an academic setting, functional impairment is most often expressed in poor academic performance across a variety of academic tasks.

• Evidence is needed to determine the current impact of the disorder on the individual's ability to function in an academic setting and to establish eligibility for classroom accommodations including alternative testing, note takers and/or alternative media.

• Prescribed medications, dosages and schedules which may influence the types of accommodations provided.

• A clinical summary which: indicates the substantial limitations to major life activities posed by the psychiatric disability; describes the extent to which these limitations would impact the academic context for which accommodations are being requested; suggests how the specific effects of the psychiatric disability may be accommodated; and states how the effects of the psychiatric disability are mediated by the recommended accommodations.

#### Forms

Students requesting accommodations must submit an Accommodations Request Form at the beginning of each academic year. Students must submit the request form at least 30 days prior to the first day of classes. Confirmation must be sent quarterly either via e-mail or snail mail that the accommodation request(s) needs to be continued.

**Note:** It is the student's responsibility to identify as an individual with a disability when an accommodation is needed; complete and submit all documentation in a timely fashion; and follow published procedures for obtaining reasonable accommodations, academic adjustments and/or auxiliary aids and services.

#### Grievances

Students who request accommodations and who believe that such accommodations have been impermissibly denied, or who believe they may have been discriminated against on the basis of their disability, should bring this matter to the attention of the Dean of Academic Affairs. Any such reconsideration request must be made in writing. The Dean will make every effort to resolve the situation and has the option to appoint a three person panel to review the request or to handle the request personally without convening a panel. The findings of the Dean, or the panel, shall be provided in written form to the student and President of Pacifica. The Dean's decision, whether independently or by panel, shall be binding.

#### Frequently Asked Questions

#### What constitutes a disability?

A disability is defined as a mental or physical impairment which substantially limits one or more major life activities.

#### What does substantially limiting mean?

According to Section 504 of the Rehabilitation Act of 1973, substantially limiting is defined as being unable to perform a major life activity, or significantly restricted as to the condition,

manner, or duration under which a major life activity can be performed, in comparison to the average person or to most people.

# I've been accepted at Pacifica Graduate Institute and I have a disability...what do I have to do to receive accommodations?

Students with disabilities who need accommodations must contact the Academic Affairs Associate to request an ADA Accommodations Packet. Students should not assume that the Academic Affairs Associate knows any information about their disability because it was included in the application for admission process.

#### Is my temporary impairment considered a disability?

A temporary impairment (e.g., broken arm or leg, recovering from surgery, et.) does not constitute a disability for purposes of Section 504 or the ADA unless its severity is such that it results in a substantial limitation of one or more major life activities for an extended period of time. The issue of whether a temporary impairment is substantial enough to be a disability must be resolved on a case-by-case basis, taking into consideration both the duration of the impairment and the extent to which it actually limits a major life activity of the affected individual.

#### How can I obtain permission for accessible (handicapped) parking?

If a student requests parking at the Lambert Road Campus because of physical disability, he/she must submit to the Campus Receptionist a doctor's verification of the disability or possess a valid placard issued by the DMV, which must be properly displayed within the vehicle. If a student has special needs that require a family member or caretaker's presence on campus for an extended period of time, he/she must make arrangements for the parking prior to coming to the Lambert campus.

Student parking is available at the Ladera Lane campus. Handicapped parking is available with the above criteria.

# Are there any sources of funding for college expenses that are specifically for students with disabilities?

- ❖ Vocational Rehabilitation Services: A federal program designed to "obtain, maintain, and improve employment for people with disabilities". To be eligible for funding, a student must have a disability which is severe enough that it impedes them from getting or keeping a job specifically because of the disability. It must also be agreed that college is needed to increase a student's ability to obtain employment.
- Financial Aid/Scholarship Opportunities: Funding opportunities for students can be found at: <a href="http://www.finaid.org/otheraid/disabled.phtml">http://www.finaid.org/otheraid/disabled.phtml</a>

This policy was adopted from Title III of the Americans with Disabilities Act; The National Joint Committee on Learning Disabilities, Journal of Learning Disabilities; The University of Houston Law Center Handbook for Students and Applicants With Disabilities; The University of Wisconsin, Madison McBurney Disability Resource Center; University of Illinois at Urbana-Champaign Division of Rehabilitation-Education Services; The consortium on ADHD Documentation, Educational Testing Services Document titled "Guidelines for Documentation of Psychiatric Disabilities in Adolescents and Adults.

#### PACIFICA GRADUATE INSTITUTE SERVICE ANIMAL POLICY

The Americans with Disabilities Act and Section 504 of the Rehabilitation Act require that applicants and students with disabilities be provided with "reasonable accommodations." Those accommodations may include the use of a service animal.

#### WHO NEEDS SERVICE ANIMALS?

Some disabled people require the assistance of an animal because of their condition(s). Under most federal laws, a person is considered to be disabled if s/he has a sensory, mental or physical condition that substantially limits one or more major life activities (such as walking, seeing, working, etc.)

#### WHAT IS A SERVICE ANIMAL?

The most common service animals are dogs, but sometimes other species are used (for example, a cat or a bird). Service animals may be any breed, size or weight. Some, but not all, service animals wear special collars and harnesses. Some, but not all, are licensed or "certified" and/or have identification papers. However, there is no legal requirement for service animals to be visibly identified or to have documentation.

The ADA defines a service animal as "any animal that is individually trained to do work or perform tasks for the benefit of a person with a disability."

WHAT'S THE DIFFERENCE BETWEEN A SERVICE ANIMAL AND A PET? Service animals are not considered to be pets. A person with a disability uses a service animal as an auxiliary aid.

#### WHAT DO SERVICE ANIMALS DO?

Service animals perform many types of services for those with disabilities. Here are some examples:

- A guide animal serves as a travel tool by a person who is legally blind.
- A hearing animal alerts a person with significant hearing loss or who is deaf when a sound occurs, such as a ringing alarm or a knock on the door.
- A service animal helps a person who has a mobility or health disability. Duties may include carrying, fetching, opening doors, ringing doorbells, activating elevator buttons, steadying a person while walking, helping a person up after a fall, etc. Service animals sometimes are called assistance animals.
- A seizure response animal assists a person with a seizure disorder. The animal's service depends on the person's needs. The animal may go for help, or may stand guard over the person during a seizure. Some animals have learned to predict a seizure and warn the person.
- A companion animal or emotional support animal assists people with psychological disabilities. Emotional support animals can help alleviate symptoms such as depression, anxiety, stress and difficulties regarding social interactions, allowing students to live independently and fully use and enjoy their living environment.

#### Guidelines for Students, Faculty and Staff

#### SERVICE ANNIMAL ACCOMMODATION

The Chief Operations Officer reviews all requests for reasonable accommodations seeking a service animal inclusion. Service animals may not reside in campus housing without prior approval. A request must be made in writing to the Chief Operations Officer at least 30 days before the housing is required. Accompanying the request should be medical documentation reciting that the requestor has a disabling condition or impairment, and that a service animal is needed in order for the requestor to utilize Pacifica's facilities and/or services. The person's health care provider must submit a signed letter on professional letterhead which states:

- The nature of the disabling condition or impairment; and
- The provider's professional opinion that the person needs the requested animal to use Pacifica's facilities and services, the function of the animal, and whatever rationale or further statement Pacifica may reasonably need to understand the basis for the professional opinion.

#### **DEPOSITS AND FEES**

A service animal is not a pet. The disabled individual who uses a service animal is not required to make a pet deposit; however the student is liable for any damage the animal actually causes.

#### AWARENESS RULES

All staff and faculty must be aware of the rules relating to service animals:

- Allow a service animal to accompany the student/applicant at all times and everywhere
  on the property except where animals are specifically prohibited (such as in the pool).
- Do not pet or touch a service animal. Petting a service animal when it is working distracts the animal from the task at hand.
- Do not feed a service animal. The animal may have specific dietary requirements. Unusual food or food at an unexpected time may cause the animal to become ill.
- Do not deliberately startle a service animal. Avoid making noises at the animal (barking, whistling, etc.).
- Do not separate or attempt to separate a student/handler from her or his service animal.
- Avoid initiating conversation about the service animal, the student's disabilities or other service animals one has known. If you are curious, you may ask if the student/handler would like to discuss it, but be aware that many people with disabilities may not care to share personal details.
- Remember, not all disabilities are visible. The nature of the person's disability is a private matter, and you are not entitled to inquire for details.
- Although it is recommended, service animals are not required to wear any special identifying gear such as harnesses or capes. Service animal owners/handlers are not required to carry any paperwork documenting the animal as a service animal.
- A student may train his or her own service animal and is not required to provide any information about training or the specific tasks the animal performs.

#### REMOVAL OF A SERVICE ANIMAL

If a service animal is unruly or disruptive (barking, running around, aggressively jumping on people, nipping, or other harmful behavior), Pacifica may ask the handler to remove the animal

from the Institute. If the animal's improper behavior happens repeatedly, Pacifica may tell the handler not to bring the animal onto Institute property until significant steps have been taken to mitigate the behavior. Mitigation can include refresher training for both the animal and the handler and may include a muzzle.

A handler with a service animal who is ill may be asked to remove the animal from Pacifica's facilities.

An animal that is unclean, noisy or bedraggled may be asked to leave.

#### AREAS OFF-LIMITS TO SERVICE ANIMALS

Pacifica may designate certain areas off limits to service animals, such as swimming in the pool. Such designations should not infringe upon the right of a person with disabilities to full enjoyment of the amenities of the community.

#### **EMERGENCY SITUATIONS**

In the event of an emergency, the Emergency Response Team (ERT) that responds should be aware that the animal may become disoriented from the confusion and that the animal may be stressed. The ERT member should be aware that the animal is protective and not harmful. Every effort should be made to keep the animal and the handler together, but the first responsibility of the ERT member is to the handler which may necessitate leaving an animal behind in a certain situation.

# GUIDELINES FOR DISABLED PERSONS WITH SERVICE ANIMALS

### REQUEST FOR A SERVICE ANIMAL ACCOMMODATION

The student/applicant who needs a service/companion animal should submit a request in writing to the Chief Operations Officer.

# VERIFICATION OF DISABILITY AND NEED FOR A SERVICE ANIMAL

The Chief Operations Officer reviews all requests for reasonable accommodations seeking a service animal inclusion. Service animals may not reside in campus housing without prior approval. A request must be made in writing to the Chief Operations Officer at least 30 days before the housing is required. Accompanying the request should be documentation reciting that the requestor has a disabling condition or impairment, and that a service animal is needed in order for the requestor to utilize Pacifica's facilities and/or services. The handler's health care provider must submit a signed letter on professional letterhead which states:

- The nature of the disabling condition or impairment; and
- The provider's professional opinion that the person needs the requested animal to use Pacifica's facilities and services, the function of the animal, and whatever rationale or further statement Pacifica may reasonably need to understand the basis for the professional opinion.

#### ANIMAL CARE AND SUPERVISION

The handler is responsible for the care of his/her service animal. The animal must be supervised and the handler must retain full control of the animal at all times. This generally means that while the animal is in common areas, it is on leash, in a carrier, or otherwise in the direct

control of the animal owner/handler. When in the presence of others, the animal is expected to be well behaved (not jumping on or nipping at people, not snarling or barking, etc.).

The handler is responsible for the proper disposal of animal waste –

- never allow the service animal to defecate on any property unless the handler immediately removes the waste.
- Always carry equipment sufficient to clean up the animal's feces.
- Properly dispose of waste and/or litter.
- If you need assistance with cleanup, make arrangements for such help through family, friends or advocates.

#### REQUIREMENTS

Requirements of service animals and handlers include:

- Dogs must be licensed in accordance with county regulations, and wear a current vaccination tag.
- Animal must be in good health.

#### **GRIEVANCES**

Any handler dissatisfied with a decision concerning a service animal may appeal the decision in writing to the President of Pacifica Graduate Institute. The President has the power to handle the appeal individually or to convene a three person panel. The decision from the President or the panel is binding.

# Guide to Intellectual Property & Copyright for Pacifica Students

Introductory Note

Copyright rules for education and academia are not stringent. In fact, it is in this area that copyright seems to break down, to a degree. This is especially true for musical works by contemporary artists. In reaction, the RIAA (Recording Industry Association of America) recently launched a series of lawsuits against music duplicators, music file-sharers, and the like. While copyright law allows for only 10%, but not more than 30 seconds, of a song to be reproduced for academic means, some individuals have successfully argued their cases – some have not, which is why it is best to err on the side of caution. Imagine receiving a cease and desist notice regarding your dissertation after you've completed it! Therefore, this hand-out serves only as a guideline regarding current practices in Intellectual Property, and you are personally responsible for complying with copyright law. The good news is that your works are also protected by these principles.

#### **Definitions and Terms**

What is Intellectual Property?

The term "Intellectual Property" refers to all ideas, information, creation, knowledge, that are protected by law. Intellectual Property concerns everything tangible that human minds have created, as opposed to physical property. For example, the Microsoft® (or MSN®) butterfly is not a physical object, but it is a fixed form protected by Intellectual Property Rights.

What is Copyright?

Copyright law is designed to protect the works of authors and creators of art, music, poetry, prose, etc., from unauthorized republication, reproduction, duplication, or distribution. Original copyright law was drafted to foster creativity and inspire new, original, academic, cultural or economic contributions. Any work, in a fixed, tangible form, is automatically protected by copyright the moment it is completed; registration with the Copyright Office offers additional benefits to copyright holders, but it is not necessary for protection under the law. Copyright is one specific type of the many Intellectual Property Rights.

What Else Might be Protected by Intellectual Property Rights?

Patents, trademarks, registered trademarks, registered designs, company logos, cartoons, created scents, trade dresses, performances, maps, spoken recordings, lectures, are all examples of items or ideas that can be protected from unauthorized use.

What is Public Domain?

Public Domain concerns anything published/produced prior to 1923, anything published between 1923 and 1977 without copyright notice, and anything published from 1923 to 1964 with copyright notice but without copyright renewal; other exceptions exist as well. Anything that falls within Public Domain may be freely used by anyone (with proper citations, of course). For updated information about Public Domain materials, you will need to consult the U. S. Copyright Office (http://www.copyright.gov). Cornell University has an excellent web page on materials available through Public Domain (http://www.copyright.cornell.edu).

#### What is Fair Use?

Fair use is a copyright exemption that allows greater latitude for scholars and critics engaged in non-commercial use. However, fair use is not a law, and is considered more along the lines of a doctrine. U.S. guidelines and common practices of fair use for laws relating to Intellectual Property are contained within this document.

#### **Using Protected Materials**

#### Books, Manuscripts, and Printed Materials

According to copyright law, no more than 10% or 1,000 words of a single work may be reproduced without authorization. However, for academic purposes, "fair use" clauses relax such restrictions. Most students do not quote more than 10% of a book within their own papers, theses, or dissertations, so this is not often an issue. Though the boundaries of "fair use" are often unclear, anything in the 15-20% range is considered pushing your luck, and anything greater than 15-20% of the entire work will likely be considered unacceptable. Proper attribution and citation are always required (anything else is plagiarism).

#### Poetry

An entire poem may be quoted if its length is less than 250 words; if the poem is longer, may up to 250 words may be used. Additionally, no more than five poems or poem excerpts by different authors from the same anthology may be used, and no more than three poems or poem excerpts by any one poet.

#### Music or Lyrics

As you may know, music reproduction is a hot topic these days, and it is in this area where students get into the most trouble. For academic, educational fair use, 10%, but not more than 30 seconds, of a musical work may be copied. Furthermore, students may not alter or change the fundamental musical structure or character of the work. Even if the intent is for "academic" or "educational" applications of copying or distributing complete songs, there is no protection under fair use. **Please note**: This means that students may not submit entire songs or copied CDs to accompany their papers, theses, or dissertations (that's called "pirating" material) without expressed permission from the copyright holders. Additional copyright restrictions involving the thwarting of industry technology (anti-pirating coding) also prevent the copying of entire CDs.

#### Photographs, Art Work, and other Illustrations

In most cases, expressed permission to use these must be obtained. For example, if the wish is to use a strip from *Calvin and Hobbes*, (written) permission must be obtained from Bill Watterson to do so. This extends to photographs of protected architecture, and buildings/architecture created on or after Dec. 1, 1990 – in some cases, even if the individual snapped the photo. To use a picture of the Guggenheim, (written) permission may be required to use the image. In most art and architecture books, an extensive section of items is listed as "[re]printed with permission." Also, finding it on a website does not imply that it is free of copyright restrictions or fees. If the intent is to use a photograph of a person, written permission is required.

For paintings, permissions may be required from the governing/owning body, such as the Tate, the Huntington, the Getty, the National Gallery, and so on, as well as the copyright holder.

No more than five images by an artist or photographer may be used in any one work, and no more than 10%, or up to 15 images, of a collective work (periodical issue, anthology, encyclopedia, etc.).

As with music, the integrity of copyrighted art work may not be altered or modified.

#### Videos, Movies and Multimedia

The 10% rule applies here as well: You may use up to 10%, but not more than 3 minutes, of a copy protected video, movie, motion picture, etc. For copyrighted databases, data tables, and datasets, up to 10%, or 2500 fields, or cells (whichever is less) may be used.

#### Numbers are reported for Lambers Laders Compuses

# Pacifica Graduate Institute Depth Transformative Practices Documentation of Hours

During the course of the M.A./Ph.D. Depth Psychology program, students are expected to engage in 60 hours of depth transformative practices, within a relational context. A minimum of forty hours are required for completion of the Master's degree with an additional twenty hours for completion of the Ph.D. degree. Latitude is given to students to choose the form of this practice in accordance with their needs and interests. Examples of such practice may include, but are not limited to, individual depth psychotherapy, group dialogue work, facilitated vision questing, rites of passage, meditation or other psycho-spiritual retreat, or artistic engagement.

# FULL-TIME NON-RESIDENTIAL APPLICATION / HOUSING LADERA CAMPUS

To be completed by all students applying for non-residential status.

Students claiming residency in either Santa Barbara County or Ventura County must attach written proof of residency. Written proof would include a copy of driver's license, utility bill, etc. Students are required to notify the Housing Coordinator immediately if planning a move outside of Santa Barbara County or Ventura County; as such a move would likely change the student's residency status.

<u>Time Frame</u>: Students who do not reside in Santa Barbara County or Ventura County and who wish to apply for Non-Residential status must complete and submit this form to the Housing Office <u>3 weeks prior to the effective quarter</u>. The Housing Committee will review requests from non-county residents who apply for Non-Residential status and notify students of its decision.

New Application	Returning Non-Resident Student

### PART-TIME NON-RESIDENTIAL APPLICATION / HOUSING LADERA CAMPUS

To be completed by all students applying for non-residential status.

Students claiming residency in Santa Barbara county or Ventura county must attach written proof of residency. Written proof would include a copy of driver's license, utility bill, etc. Students are required to notify the Housing Coordinator immediately if planning a move outside of Santa Barbara County or Ventura County; as such a move would likely change the student's residency status.

<u>Time Frame</u>: Students who do not reside in Santa Barbara County or Ventura County and who wish to apply for non-residential status must complete and submit this form to the Housing Office <u>3 weeks prior to the effective quarter.</u>

The Housing Committee will review requests from non-county residents who apply for non-residential status and notify students of its decision.

#### **Dissertation Fee Schedule**

### Initial two-year enrollment clock - based on the year you entered the PhD program

For students entering their initial two-year clock, one-half of the designated fee will be billed at the beginning of each year of the two-year clock.

In Fall 2003	Fee = \$17,915	Annual Billing $=$ \$8,957.50	Qtrly Pymt = \$2,239.37
In Fall 2004	Fee = \$19,170	Annual Billing = $$9,585.00$	Qtrly Pymt = $$2,396.25$
In Fall 2005	Fee = \$20,510	Annual Billing = $$10,255.00$	Qtrly Pymt = $$2,563.75$
In Fall 2006	Fee = \$21,430	= '	
In Fall 2007	Fee = \$22,395	Annual Billing $=$ \$11,197.50	

#### **Payment Options:**

#### Option 1: \*

✓ Initial two-year enrollment clock – Pay one-half of the Dissertation Fee on or before the beginning of each year. See annual figures above.

#### Option 2: \*

- ✓ Initial two-year enrollment clock Pay one-eighth of the Dissertation Fee at the start of each quarter (quarter begin dates October 1, January 1, April 1, July 1 each year). See quarterly payment figures above.

  Ontion 3:
- ✓ Financial Aid recipients Must complete the FAFSA form each year and maintain satisfactory academic progress toward completion; may qualify for up to \$20,500 annually, beginning 2007/2008. See Pacifica's website for details or contact the Financial Aid Office.
- ✓ Initial two-year enrollment clock—One-eighth of the Dissertation Fee will be deducted from the Stafford loan(s) each quarter. Excess loan funds will be made available (within 14-days of receipt of funds) to the students each quarter for educational expenses. Contact the Financial Aid Office for complete details.

#### Extended one-year enrollment clock

For students enrolling in extended one-year dissertation clock the fee will be billed quarterly:

Oct 07-July 08	Fee = \$9,585	Qtrly Pymt = $$2,396.25$
Oct 08-July 09	Fee = \$10,255	Qtrly Pymt = \$2.563.75
Oct 09-July 10	Fee = \$10,715	Qtrly Pymt = \$2,678.75
Oct 10-July 11	Fec = \$11,198	Otrly Pymt = $$2,799.38$

#### **Payment Options:**

#### Option 1: \*

Extended one-year enrollment clock – Pay the one-year fee indicated above at the start of the extended one-year enrollment period.

#### Option 2: \*

- Extended one-year enrollment clock Pay one-fourth at the start of each quarter (quarter begin dates October 1, January 1, April 1, July 1 each year). See quarterly payment figures above.

  Option 3:
- Financial Aid recipients Must complete the FAFSA form each year and maintain satisfactory academic progress toward completion; may qualify for up to \$20,500 annually, beginning 2007/2008. See Pacifica's website for details or contact the Financial Aid Office.
  - Extended one-year enrollment clock One-fourth of the fee will be deducted from the Stafford loan(s) each quarter. Excess loan funds will be made available to the students each quarter for educational expenses. Contact the Financial Aid Office for complete details.

<sup>\*</sup> Pacifica accepts personal checks, money orders and credit card payments (additional 2% credit card fee will apply).
