Dear Students:

It is my pleasure to welcome you to Pacifica Graduate Institute, whether you are a newly enrolled or continuing student.

The information contained in this Student Handbook is designed to assist you as you navigate through various educational terrains at Pacifica. Familiarizing yourself with the critical information held in these pages will help bring clarity to questions that may arise during your tenure here.

Knowing Pacifica’s policies is a great way to be conscious of potential concerns and to be certain that you enjoy smooth sailing as you progress through your education. It also provides you with information about what we do and who to see if perchance you do run into stumbling blocks.

We are delighted to accompany you and support your progress toward a graduate degree. Our hope is that your Pacifica experience is intellectually rich and personally transformational while guiding you towards your vocational and career goals.

I wish you all the best.

Sincerely,

Joseph Cambray,
Provost

Pacifica reserves the right to alter its policies and procedures at any time and to implement new policies to address emerging needs. In such event, the school will make all reasonable efforts to notify students. Students should be aware that the policies and procedures contained in this handbook may not remain in effect during their entire program of studies at Pacifica. To the extent that there may be discrepancies between the Tuition and Fee Agreement and the Student Handbook, the Agreement is binding.

About Pacifica
Philosophy of the Institute

*animae mundi colendae gratia*
for the sake of tending soul in and of the world

Pacifica Graduate Institute’s Counseling Psychology, Clinical Psychology, Depth Psychology (Jungian and Archetypal Studies, Somatic Studies, Community/Liberation/Ecopsychology, and Depth Psychotherapy/Integrative Therapy & Healing Practices specializations), Mythological Studies, and Engaged Humanities and the Creative Life programs are built on the conviction that the science of psychology and comparative mythology is enhanced immeasurably by the study of literature, religion, art, and culture. These undertakings infuse the study of human experience with a necessary sense of the recurring archetypal motifs of the psyche – a sense long honored by the traditions of depth psychology.

The remembrance of these motifs not only reconnects the individual to archetypal patterns moving the human heart and soul, it also cultivates awareness that the threads of the psyche animate the world itself. In light of the imminent dangers overshadowing the modern world, we believe that psychological training and mythological studies can no longer remain isolated vocations. Rather, psychology and mythological studies can give insights into the struggles of the age in which we live.

Core Values of Pacifica

- **Logos**: The idea that academic excellence is central to what informs our curriculum, research, and scholarship – demonstrated by conscious reflective regard for new knowledge resting securely on the traditions of the past that inform the development of the whole person (intellect, dream, intuition, symptoms, feeling, imagination, and other ways of knowing) in relation to the larger social world.

- **Eros**: The importance of open communication, respectful relationship, care, and a heartfelt regard for a diverse community which includes a love for learning as a noble goal of the human spirit.

- **Consciousness**: The awareness of Pacifica as a “psychological community” with a connection to the deep psyche – mindful attention is given to personal and community introspection, the conscious tending of the shadow of consciousness, and a respect for solar thinking (reason) and lunar reflection (dream and imagination).

- **Integrity**: The necessity for a just, psyche-centered attitude rooted in the “wisdom traditions,” and committed to cultivating an honest and caring presence among ourselves, our students, and the larger community.
- **Service:** The love of care: of ourselves as unique human beings, of others within the Pacifica community as well as those we engage in the world through our example, talks, lectures, workshops, writing, teaching; the capacity to “see through” cultural forms in a “bilingual” way, the art of “hosting the incarnate and the invisible” and our ongoing service to our fields of Depth Psychology, Mythological Studies, and the Humanities.

- **Stewardship:** “Animae mundi colendae gratia,” means the care for the world soul. It includes becoming sustainable at all levels – from our way of being actively present in imaginal inquiry to our presence in the larger earth community. This includes issues from work load to land use, from our way of conducting business to our model of doing business.

**Mission Statement**

The mission of Pacifica Graduate Institute is to foster creative learning and research in the fields of psychology and mythological studies, framed in the traditions of depth psychology.

By creating an educational environment with a spirit of free and open inquiry, consistent with the recognized values of academic freedom, Pacifica is dedicated to cultivating and harvesting the gifts of the human imagination. So that these insights may influence the personal, cultural, and planetary concerns of our era, this dedication is contained in the motto: *animae mundi colendae gratia* - for the sake of tending soul in and of the world.

**Origins and Orientation**

Pacifica traces many of its central ideas to the heritage of ancient story tellers, dramatists, and philosophers from all lands who recorded the workings of the imagination. The legacies of these early men and women have evolved in multiple cultural contexts including the systematic explorations of the unconscious by Freud, Jung, and other theorists of the psychologies of this century.

The concepts of depth psychology result from this long development and are at the core of Pacifica’s orientation. These ideas – such as the importance of symbol and metaphor in personal and cultural imagery or the recognition of the dynamic interplay between the natural world and the world of the human psyche – are articulated in all of the Institute's programs. Pacifica students and faculty contribute further to this rich body of knowledge through the intricacies of the human imagination.

Extending the concepts of psychology and mythological studies beyond the personal, beyond the consulting room, and beyond the classroom, we see psychological life as an evolutionary development within nature, alive in all the phenomena and systems of our world. In studying and working with these multidimensional exchanges, we facilitate contributions to the contemporary concerns of our world through dialogues between the psyche of the individual, the mythologies of the culture, the collective human imagination, the living planet, and the societies we partake of and contribute to.

**The Tradition of Depth Psychology**

Students are invited to Pacifica for scholarly study, for mutual community building, and for mentorship and support from faculty and from one another. Pacifica Graduate Institute offers graduate programs in Counseling Psychology, Clinical Psychology, Depth Psychology (Jungian
and Archetypal Studies, Somatic Studies, Community/Liberation/Ecopsychology, and Depth Psychotherapy/Integrative Therapy & Healing Practices specializations), Mythological Studies, and Engaged Humanities and the Creative Life. All degree programs carry an emphasis in depth psychology.

Programs in Counseling Psychology, Clinical Psychology, Depth Psychology (Jungian and Archetypal Studies, Somatic Studies, Community/Liberation/Ecopsychology, Depth Psychotherapy/Integrative Therapy & Healing Practices specializations) are designed to educate scholars, practitioners, and clinicians who will contribute to the healing vision offered by a soul-centered, psyche-centered approach to psychology. Our curriculum emphasizes scholarly research and writing as well as professional development in clinical and community practice. Our coursework is founded upon the conviction that psychology is enhanced by the study of ancient and contemporary culture, including literature, religion, art, and mythology. These disciplines have long been integral to the tradition of depth psychology.

The Mythological Studies program offers students a strong grounding in the varieties of mythological narratives and religious beliefs as well as a foundation in the principles of depth psychology. Mythological Studies coursework explores human experience within the context of cultural and religious systems in order to affirm the importance of the mythic perspective in the formation and development of soul in the world. Emphasis is placed upon the exploration of the imagination and creative expression as well as scholarly research and writing.

The Engaged Humanities and the Creative Life program prepares students to manifest their vision of a better world through the acquisition of critical thinking, analytical writing, creative engagement, and enhanced communication skills. Students connect with the world’s great stories through the perspective of depth psychology, mythology, the arts, and humanities to serve personal and professional goals. The approach is broad, interdisciplinary, and satisfying in the areas of intellectual curiosity and creativity. The combined disciplines of depth psychology and humanities access and stimulate inner life processes, including a remembrance of indigenous and traditional wisdom, allowing the transcendence of individual egos. Face-to-face contact on campus encourages the development of relationships in which fertile seeds of understanding and engagement can be grounded, and this program’s online involvement provides convenient interactive communities that support students’ internal and external discoveries while working from home, yet with like-minded individuals from around the world.

**Instructional Facilities**

Pacifica Graduate Institute is a private corporation with campuses located at 249 Lambert Road and at 801 Ladera Lane in Carpinteria, CA 93013. Situated approximately five miles south of Santa Barbara, the Lambert Road campus is comprised of six buildings on thirteen acres. Pacifica’s Ladera Lane campus is situated on thirty-five acres in the coastal foothills of Montecito, just north of the Lambert Road Campus. The Ladera Lane campus has lodging as well as dining facilities.
General Information

Academic Freedom Statement
Pacifica Graduate Institute is committed to the free exchange of ideas for all faculty and students. The Institute is committed to creating an academic environment that fosters the willing and enthusiastic participation of those individuals and groups who compose its academic community.

Accreditation
As an accredited institution, Pacifica Graduate Institute is committed to high standards of quality, integrity, capacity, and effectiveness. Pacifica’s academic programs are subject to review and approval on multiple levels: 1. WASC Senior College and University Commission (WSCUC); 2. State of California Board of Private Postsecondary Education (BPPE); 3. U.S. Department of Education (DOE).

The WASC Senior College and University Commission (WSCUC) is a regional accrediting agency serving a diverse membership of public and private higher education institutions throughout California, Hawaii, and the Pacific, as well as a limited number of institutions outside the U.S. Through its work of peer review, based on academic standards agreed to by the membership, the Commission encourages continuous institutional improvement and assures the membership and its constituencies, including the public, that accredited institutions are fulfilling their missions in service to their students and the public good. WSCUC is recognized by the U.S. Department of Education (DOE) as certifying institutional eligibility for federal funding in a number of programs, including student access to federal financial aid.

WSCUC is reviewed periodically for renewal of recognition by the U.S. Department of Education (DOE) and by the Council for Higher Education Accreditation (CHEA).

Accredited membership in WSCUC is achieved and maintained after an institution undergoes a series of self-studies and peer reviews by educators from member schools. These reviews are planned periodically to ensure that each institution is achieving its mission, educational purposes, and other academically-oriented standards of quality, integrity, capacity, and effectiveness.

Statement of WSCUC Accreditation Status
In June 2010, Pacifica’s accreditation was re-affirmed with the next review scheduled for 2018.

Current Accreditation Status: ACCREDITED
First Accredited: June 30, 1997
Most Recent Commission Action: Reaffirmation of Accreditation - June 24, 2010

For standards of accreditation and information regarding the WSCUC, including information about policy and process for compliance complaints, visit: http://www.wascsenior.org, or contact WSCUC at the address below.

WASC Senior College and University Commission (WSCUC)
985 Atlantic Avenue, Suite 100
Alameda, CA 94501
Telephone: (510) 748-9001  
Fax: (510) 748-9797

**Status**
To comply with new DOE requirements for proprietary schools, Pacifica Graduate Institute applied to the California Bureau for Private Postsecondary Education (BPPE) and in April, 2014 was approved to operate by means of accreditation.

This approval signifies that an institution is in compliance with state standards as set forth in the Private Postsecondary Education Act.

For more information, visit: [Student Consumer Information](#)

**Professional Licensure for Graduates**
Professional licensure is regulated by individual states. All Clinical and Counseling Psychology students seeking licensure as clinical psychologists, Marriage and Family Therapists, or Professional Clinical Counselors are urged to contact the appropriate governmental agency in their state about present and future curricular and internship requirements. It is each student’s responsibility to ensure that he/she understands the various licensure requirements in his/her particular state. Students commuting from other states need to check with their state boards for applicable licensing requirements. It is the responsibility of each student to keep copies of all documentation related to his or her program that may be required when applying for licensure, such as supervised practicum/practicum/ internship logs, personal therapy hours, syllabi, course requirements/catalogs, incomplete requests, grade change forms, student handbooks, grades, notices, and any other documents or forms.

- Ph.D. or Psy.D. graduates in Clinical Psychology are eligible to apply for the California Clinical Psychology License if they meet the California Board of Psychology requirements for supervised professional experience and pass national as well as state exams. Graduates in Clinical Psychology seeking licensure in other states are responsible for examining requirements of these states as well as continually staying informed about their state’s changes in regard to licensure requirements (see Clinical Psychology Training Handbook for more information).

- M.A. graduates in Counseling Psychology may apply for the California Marriage and Family Therapy (M.F.T.) License and the California Licensed Professional Clinical Counselor (L.P.C.C.) License. Graduates who begin matriculating in the M.A. program in 2012 may also apply for the Licensed Professional Counselor (L.P.C.) credential upon graduation.
Referrals
From time to time, we receive inquiries about therapists in specific areas who are Pacifica alumni. Pacifica is unable to make such referrals and recommends consulting a local directory for a mental health professional in the desired community.

FERPA Rights
The Family Educational Rights and Privacy Act (FERPA) helps protect the privacy of student education records and affords each student the right to inspect and review education records, the right to seek to amend those records and to limit disclosure of information from those records. The institution is the custodian of that record. Students’ rights are as follows:

- The right to inspect and review their education record within 45 days of the date Pacifica receives the access request. Students should submit to the Registrar’s Office an official written request that identifies the record(s) requested for inspection. The Registrar’s Office will send notification of the time and place where the record may be inspected.

- The right to request an amendment of the educational record that a student believes is inaccurate or misleading. To request an amendment, please write to the Registrar’s Office, clearly identify the amendment, and specify why the record is inaccurate and/or misleading.

If Pacifica decides not to amend the record as requested, the student will be notified. Additional information regarding the hearing procedure to contest the non-amendment decision will be provided at the time of notification.

- The right to consent to disclosures of personally identifiable information contained in the student’s education record, except to the extent that FERPA authorizes disclosure with consent.

- The right to file a complaint with the U.S. Department of Education concerning alleged failures by Pacifica to comply with the requirements of FERPA. FERPA is administered by the:

  Family Policy Compliance Office
  U.S. Department of Education
  400 Maryland Avenue, S.W.
  Washington, DC 20202-4605

- Pursuant to Section 99.3 of FERPA regulations, “directory information” from a student’s education record may be disclosed without written consent. Directory information includes: name, address, telephone number, email address, date and place of birth, major field of study, dates of attendance, degrees and awards, most recent educational institution attended, and enrollment status.

Students will be asked to complete a Release of Directory Information form at the time of orientation. The form provides a directive as to whether or not the student authorizes release of
certain directory information without written consent. The absence of student consent, however, does not change the rights or obligations of Pacifica under FERPA or its regulations, including Section 99.3, to disclose directory information without student consent. The student can at any time alter this directive by contacting the Registrar’s Office and submitting a new form.

The complete text of the Family Educational Rights and Privacy Act of 1974 as Amended (and its interpretation) is available in the Registrar’s Office.

**Pacifica Identification Cards**
All Pacifica students are issued an identification (ID) card when their association with Pacifica begins. All ID cards will be issued in the student’s legal name as listed in Pacifica’s enrollment management system. ID cards are issued for either a four or seven year period, depending on the program of study.

**Acquisition and Replacement**
Students receive ID cards at Orientation. Each student’s first ID card is free. If a student’s card is lost or stolen, there is a $10.00 fee for a replacement card. To request a card, contact the Director of Guest Services.

**Benefits and Uses**
Student ID cards serve the following the purposes:
- Identification
- Discounts for conferences
- Discounts for journals
- Discounts for some insurances
- Discounts for movies

**Academic Policies and Procedures**

*The Golden Rule - “Put It In Writing”*
Any “agreement,” “understanding,” or “decision” made in a meeting with a faculty or administrative staff member is not official unless the student puts the results of that meeting on paper and presents it to the faculty or administrative staff member for signing. This written document must be given to the Registrar, who will place it in the student’s permanent file.

Any requests for exceptions to or changes in school policy must be made in writing and should be sent to the Education Council, via the Registrar, for consideration.

**My. Pacifica Student Email**
All notifications to students from Pacifica faculty and administration are sent to their my.pacifica student email. It is the student’s responsibility to check their my.pacifica email accounts on a regular basis for important information. Pacifica does not maintain personal email accounts. In addition, students should communicate with faculty and administration using their my.pacifica student email to ensure their privacy.
**Information Changes**
To ensure the accuracy of our records and to help us stay in contact, students should immediately notify the Registrar’s Office in writing of any changes to name, address, or phone numbers. We encourage you to use the Student Data Change Form available on Pacifica’s website. Information changes can also be performed by using the updating services offered at My.Pacific.edu. Name changes must be accompanied by supporting legal documentation such as a copy of a social security card, marriage license, or divorce decree showing the new name.

**Transfer Credit**
Due to the unique instructional nature of the Doctoral and Master’s degree programs, prior coursework usually may not be equivalent to the approach and methodology used at Pacifica Graduate Institute. Additionally, the sequential nature of some programs should also be factored in the decision to apply for transfer credit.

A maximum of eight (8) units may be transferred from outside institutions, if there is significant overlap with current courses offered in the applicable Pacifica program. Courses taken at another institution more than four (4) years prior to matriculation at Pacifica Graduate Institute will not be considered for transfer.

A maximum of ten (10) units may be transferred from one degree program to one other program within Pacifica Graduate Institute, unless an approved transfer credit agreement between programs specifies an alternate number of units. To be considered for transfer credit, the coursework must have been completed at Pacifica within the past five (5) or eight (8) years, depending on the program and specific transfer credit agreement.

The units for courses transferred must meet or exceed the unit values of petitioned courses, and students must have earned “B” grades or better in each course.

Additional information about transfer of credits can be obtained in the Office of Admissions. Students must submit all requests for transfer of credit to the Director of Admissions prior to the start date of the first year classes.

A student’s financial aid may be affected by a decrease in the number of enrolled units resulting from receipt of transfer credit. Students should consult with the Financial Aid Office about their eligibility.

**Education Council – Requesting Exceptions to Academic Policies**
The Education Council is composed of seven voting and several non-voting members. It meets twice monthly on Thursdays to consider policy issues and to review petitions that students submit for exceptions to school policy. To request an exception, the following steps should be taken:

**Procedure for petitioning Education Council**
- Put in writing to the Registrar the nature of the request and the reasons an exception to policy is in order. The petition should be clear, specific, and concise. **Students who**
wish to submit the petition via email must use their My.Pacifica email address and note “Petition” in the subject line.

- If the petition is based on medical issues, please provide details about the medical situation or condition and its impact.
- Petitions that do not involve dissertations should be directed to the Registrar and copied to the Program Chair.
- Petitions that involve dissertations should be sent to the Dissertation Office.
- For petitions to be considered in a timely fashion, they must be received no later than 4:00 pm on Tuesday of the week Education Council meets. Petitions that involve dissertations, however, must be received at least one week prior to the scheduled meeting.
- If appealing an academic disqualification, the student has one week from the date of notice of disqualification is received to submit a written appeal to the Education Council.

Generally, petitions involving financial issues are reviewed by the Student Accounts Committee. If a petition that is approved by Education Council also involves a financial exception, it must also be reviewed and approved by the Institutional Management Council.

Depending on the nature of the petition, the Dissertation Office or Registrar’s Office will notify the student in writing as to the decision made on the petition. Students may appeal Education Council decisions to the Provost who may make an independent decision or appoint a Review Committee. All appeals must be received within one quarter of Education Council’s ruling. Decisions made by the Provost are final.

Enrollment Policy
Students are expected to register quarterly through My.Pacifica self-service no later than two weeks prior to the start of each quarter. Students are required to be registered for a class prior to attending the class. Under very limited circumstances, Education Council will review petitions to audit a class with applicable fees.

Students who wish to register for dissertation, practicum or internship only, and independent studies must submit the appropriate paper registration form to the Registrar’s Office prior to the beginning of the quarter. These forms are available in the Registrar’s section of Pacifica’s website.

While taking courses, students are expected to register for all courses offered in the program and class year with the following exceptions:

- Students may be part-time for a particular quarter if they have received transfer credit for one or more of the courses being offered (please see Transfer Credit section).
- Students may be part-time if they have not successfully completed a course that is a prerequisite for another course and therefore are not permitted to continue with that sequence of courses.
- Students may be part-time if they are making up previously missed courses.
Students in the Engaged Humanities and the Creative Life program may request part-time status after completing one quarter as a full-time student. Students may obtain a Request for Part-Time Status Policy and Form from the Program Chair or Program Administrator.

Students in the Clinical Psychology and Counseling Psychology programs are advised to contact the Student Affairs Coordinator for part-time status requests. Part-time status must be approved by the Program Chair.

Only in exceptional circumstances will a student be granted permission to enroll part-time for reasons other than those stated above. Requests are to be submitted in writing to the Education Council at least 30 days prior to the start of the quarter in question.

Students who are not enrolled full-time should be aware that eligibility for financial aid and deferment of loans may be affected.

Online registration for each quarter opens during the second session of the prior quarter. Online registration in the hybrid programs begins 6-7 weeks prior to the start of the new quarter.

A late registration fee will be assessed for any registration received less than two weeks before the start of the quarter. Coming to class does not automatically register a student for a course. Students in hybrid programs will be able to access their courses online after registering for their courses. Likewise, a student may not drop a course by not attending the class. Students who do not attend a course and do not officially drop or withdraw from the course by submitting a Request to Drop a Class Form or Leave of Absence Form to the Registrar will receive a failing grade with no tuition refunded. Students who do not register for classes each quarter or submit a leave of absence will be considered inactive. Students who do not remedy their inactive status within one quarter will be administratively withdrawn from Pacifica.

If a student does not intend to enroll in any academic work (i.e., coursework, independent study, thesis, dissertation, supervised practicum/internship) then he or she is expected to complete and submit a Leave of Absence Form to the Registrar’s Office. Students who fail to submit a Leave of Absence Form in a timely manner are subject to administrative withdrawal from the program. Once a student has been withdrawn, he or she must apply for readmission to re-enter the program.

Course Load
All degree programs at Pacifica require full-time enrollment, with the exception of the Engaged Humanities and the Creative Life program which allows part-time matriculation. Students are expected to enroll in all courses offered each quarter in his or her program and class year unless transfer credit for a particular course has been granted. Other exceptions are rare and require a petition approved by the Education Council.

For financial aid purposes, enrollment in six (6) units or more is considered full-time and three (3) to five (5) units is considered half-time, with the exception of the summer quarter. During the summer quarter, enrollment in four (4) or more units is considered full-time and enrollment in three (3) units is considered half-time. Enrollment in fewer than three (3) units is considered less than half-time.
The Quarter System
Pacifica’s academic year is divided into four quarters. For all programs except those offered as hybrid programs, the fall, winter, and spring quarters include three sessions of on-campus instruction per quarter. Examinations are usually included in the allotted time for the quarter. For programs with on-campus summer sessions, the summer session consists of four to seven consecutive days of on-campus instruction, depending on the program. Some programs require students to pursue off-campus fieldwork or research during the summer quarter. For the hybrid programs, the fall, winter, spring and summer quarters include one 4-day session of on-campus instruction per quarter.

Academic Credit
Pacifica awards academic credit on a quarter unit basis. Units described in this handbook and in Pacifica’s catalog are quarter units. One and one-half quarter units equal one semester unit (three quarter units are equivalent to two semester units).

Credit Hour Policy and Definition
A course unit is a weighted value assigned to a course which is awarded to a student upon completion of the course. A contact hour is the amount of time of classroom instruction associated with each course. At Pacifica, one (1) course unit is comprised of ten (10) contact hours and is considered to be one (1) credit hour.

A credit hour is a measure of the amount of work required of graduate students as established by federal regulations to determine equivalency among accredited institutions of higher learning. It is represented in terms of the number of hours in the classroom or direct faculty instruction as well as the minimum number of hours of out-of-class work needed for students to achieve the learning outcomes identified for a course.

At Pacifica, since we are on a ten- to twelve-week quarterly system, one credit hour equals ten hours in the residential classroom and in the online environment; the latter includes listening to or viewing the faculty online presentations and participating in the related discussion boards, plus a minimum of three hours of out-of-class student work for each week of the quarter, which represents a 1:3 ratio between instruction and independent work.

Out-of-class work includes doing the required reading, conducting research for residential or online presentations, completing final essays or capstone projects, etc.

This practice is consistent with masters and doctoral level expectations and fulfills the educational objectives recognized throughout the institution.

Attendance Policy – On-Campus
Students are expected to attend all classes. Students are also expected to be on time and to be physically present for the entire duration of all class meetings for each of their courses. Attendance via skype, phone, or other electronic calling device is not permitted. If an absence should become necessary, it is the student’s responsibility to inform the instructor. A student should also inform
the Program Administrator and the Housing and Guest Services Coordinator before the absence occurs. Instructors may deduct participation points for absences.

Religious holiday observance does not negatively affect attendance; however, advance written notice must be given to the Program Chair. With the exception of students in the hybrid programs, students cannot miss more than five (5) class days per academic year. Additionally, in order to ensure academic excellence, students must attend a minimum of 2/3 of the total classroom hours for each course. Students in the hybrid degree programs may miss no more than 1/3 of the contact hours during the residential session per course and may miss no more than 1/3 of the total hours online and in residence.

Please Note: Missing more than 1/3 of any course during a quarter will result in a failing grade and necessitate retaking the course. Only under profound circumstances will Education Council waive or alter this requirement. Excessive unexcused absences may be cause for academic probation or academic disqualification (see section on Academic Standing).

**Attendance Policy – Online**

Students completing coursework online are required to participate actively in online course activities. Online course activities include, but are not limited to: reading or listening to lesson presentations; reading and responding to discussion topics posted by instructors and fellow students; completing lesson assignments, group projects, and term projects; and maintaining contact with instructors and peers by using course email, chat rooms, and/or discussion boards.

For courses taught entirely online, regular activity is considered to be a minimum of logging in three times a week and posting at least one discussion question response each week for each course offered during a particular quarter in accordance with the course requirements. Please refer to each individual instructor’s guidelines. In the online classes, weekly posts count towards class attendance, although students may miss up to 1/3 of online activity.

Students in the hybrid programs meet the required contact hours for each course by attending the on-campus residential (approximately 15.5 hours for each three unit course), and by completing the necessary contact hours for each course online (14.5 hours for each three unit course). Students should expect to login several times a week to complete the discussion questions and assignments.

Although students are allowed to miss up to 1/3 of online and 1/3 of on campus coursework, absences can severely compromise the learning experience and retention of information in a distance-learning environment. For this reason, Pacifica strongly discourages students from missing any on-campus class sessions or assigned online activities. Excessive absences may result in academic probation or disqualification (see section on Academic Standing).

**Dropping a Course**

A student may drop a course without the course appearing on his or her transcript if a Request to Drop a Class form is submitted to the Registrar’s Office:

- within one week after the first day of each quarter for students in hybrid programs.
• prior to the start of the quarter for the track or within the first week of the quarter, with the exception of summer session for all other programs.
• prior to the 1st day of summer session, with the exception of students in a hybrid program.

The tuition for the course will be refunded according to the refund schedule listed in this handbook in the section titled “Refundable Tuition Policy” and is based on the date the Request to Drop a Class form is received by the Registrar’s Office. Students should submit the form directly to the Registrar’s Office. The Registrar’s Office will notify course instructors and applicable administrative offices, and the form will be filed in the student’s permanent file.

Any course dropped after the first week of class is considered a withdrawal. The course will remain on the student’s transcript, and the withdrawal will be noted with a W grade. Tuition will be refunded according to the refund schedule noted in the Student Handbook.

Leave of Absence Policy and Procedure
Continuous registration is required to remain an active student. A student who finds it necessary to interrupt studies at Pacifica after completing at least one full quarter may submit a Request for Leave of Absence form to the Registrar’s Office. Reasons for requiring a leave often include bereavement, illness, care-giving, maternity, paternity, and call to active military duty. With the exception of the Counseling Psychology and the Clinical Psychology programs, a Leave of Absence, if approved, may be for a minimum of one quarter or a maximum of one year during coursework study. Due to the sequential structure of course requirements, students in the M.A. program in Counseling Psychology and students in their first year of the Ph.D./PsyD program in Clinical Psychology who elect to take a Leave of Absence must remain on leave for one full year.

Students may also take a Leave of Absence, if approved, for up to one year before beginning the dissertation phase of their program. Taking a Leave of Absence does not extend the program time limits of eight years for students in the doctoral programs and five years for students in the master’s programs. Withdrawing from all courses during a quarter does not in itself constitute a Leave of Absence. A completed Request for Leave of Absence form must be submitted to the Registrar’s Office no later than 30 days in advance of the anticipated leave.

The Registrar will send written verification of a Leave of Absence request approval to the student. For students who take a Leave of Absence prior to the start of the quarter, enrollment ends on the last day of the preceding quarter. A separate fee will be assessed for the Leave of Absence.

Students who do not register for class and have not filed for a Leave of Absence will be placed on inactive status and are subject to administrative withdrawal from the institution. Students who have been withdrawn must apply for readmission through the Admissions Office in order to re-enter their program, and they will be subject to the degree requirements and handbook policies, including tuition and fees, in effect at the time of their readmission.

If a student needs to take a Leave of Absence after the quarter has begun, the date on which the Registrar’s Office receives the Leave of Absence Form constitutes the effective date of the leave. This date will be used to calculate any pro-rata refund of tuition and/or fees based upon the Refundable Tuition Policy. Financial aid recipients’ funding will be evaluated based on the
federal refund policy as outlined in the Return of Title IV Funds policy. All financial aid recipients must complete an Exit Interview as required by federal regulations. Lenders will be notified through the National Student Clearinghouse of the last date of attendance and the repayment terms and conditions of the loan will begin. The last date of attendance will be the date the Registrar receives the signed Leave of Absence Form.

Students in dissertation may not take a Leave of Absence during either the initial nine quarter or subsequent one year periods of enrollment. If a student takes a leave following the completion of the two-year or one-year dissertation clock, their dissertation committee will be dissolved and the student will have to reconvene a committee upon reenrollment.

While on a Leave of Absence, the following factors may apply:

- The sequential nature of the curriculum will be disrupted which may cause challenges in the re-entry phase.
- Financial aid recipients may be required to begin repayment of student loans during the leave (depending on the length of the leave).
- The Visa status of international students will be affected.
- Students may engage in approved tutorial work with an instructor.
- Students in the Counseling Psychology Program may not engage in thesis work with their advisor, course instructor, or research associate.
- Students in the Counseling Psychology Program may not accrue personal therapy hours.
- Students may not accrue practicum, internship, or supervised practicum hours.

To resume enrollment following an approved Leave of Absence, students must submit a Request for Re-Enrollment form to the Registrar’s Office at least six (6) weeks prior to the intended quarter of re-enrollment.

Students are encouraged to discuss their plans with their Program Chair, Program Administrator, or Student Affairs representative before taking a Leave of Absence.

**Re-Enrollment**

Re-enrollment applies when a student returns from a leave within the maximum time period allowed. Following an approved Leave of Absence, students must submit a Request for Re-Enrollment to the Registrar at least six (6) weeks prior to the intended quarter of re-enrollment.

To re-enter the program following a Leave of Absence, a student must be in good financial standing. Students who have failed any courses are strongly advised to remediate these prior to returning from leave. The Registrar will inform a student of his or her status and eligibility for re-enrollment.

**Transfer between Programs**

Students seeking to transfer between two Pacifica programs are viewed as new admissions applicants and must work with the admissions office, as well as with both their prior and their new program faculty and administrators. Transfer of credits between programs is determined based on programs’ curricula differences. Students are required to discuss their transfer preferences with the chair of their initial program prior to initiating the transfer. Because of distinct program emphases
and practicum requirements, transfers between Ph.D. and Psy.D. programs in Clinical Psychology are not permitted after the first year of studies.

Re-Admittance
Re-admittance applies when a student has withdrawn or been administratively withdrawn from Pacifica.

If a student’s Leave of Absence exceeds the maximum permissible time period, if there is a break in enrollment and the student does not submit a Leave of Absence Form, or if the student’s program time limit has expired, then he or she will be administratively withdrawn from the program. Any student who has withdrawn or been administratively withdrawn from the program will need to apply for re-admission through the Admissions Office. Students will be required to follow all catalog, handbook, and degree requirements in effect at the time of readmission. They will be held to new curricular and total unit requirements, new fee structures, and new institutional policies.

Students who are considering re-applying to any program with the exception of the Mythological Studies, Engaged Humanities or Counseling programs should note that only coursework completed within the past eight years will be considered toward completion of degree requirements. For student re-applying to the Mythological Studies program, coursework completed within the past ten years will be considered toward the completion of degree requirements. For students re-applying to the Engaged Humanities or Counseling programs, only coursework completed within the past five years will be considered toward completion of degree requirements. This policy also applies to internship, supervised practicum experience and personal therapy requirements. The program chair, with input from the Registrar, Financial Aid and Student Accounts offices, will review the student’s record to develop an academic plan for degree completion and determine the program time limit.

Withdrawing from a Quarter or Program
Withdrawal is defined as completely withdrawing from all classes and/or the academic program through submission of official notice to the Registrar. Students must submit a signed statement of withdrawal to the Registrar’s Office via mail, fax, or email. Failure to attend classes or verbal notification to instructors, Program Administrators or the Registrar’s Office does not constitute withdrawal. Students who drop out of courses without official written notification of their withdrawal will be issued a failing grade.

The effective date of the withdrawal is the date the Registrar’s Office receives official signed notification of the student’s intention to withdraw. Students may be eligible to receive a refund of tuition and fees based on the Refundable Tuition and Fee policy. Refunds for financial aid recipients will be evaluated based on the Return of Federal Funds policy.

If the notification of withdrawal is received prior to the coursework due date for any classes in which the student is enrolled, a final grade of W will be placed on the transcript. If the withdrawal is received after the due date, the student will be graded based on attendance in the course and on the work submitted by the due date.
**Dissertation Withdrawal Policy**
Students who find it necessary to withdraw from Pacifica during the dissertation phase of their program must submit a signed notification to the Registrar’s Office. The student will receive a grade of “W” for dissertation writing.

After withdrawing, students who wish to resume their education at Pacifica will need to apply for re-admission. If the student wishes to return to the same program and is readmitted, he or she will be required to complete any new curricular requirements and establish a new dissertation committee. Students are advised to consult with the Admissions Office for details on the reapplication process and program requirements.

**Grades**
While most courses at Pacifica are evaluated with a letter grade, a limited number of courses are graded on a Pass/No Pass basis. Please be aware that a student may not graduate with any grade of D, F, or NP on their transcript.

A grade of A, B, C, or P is required to successfully complete a course, with the exception of the Clinical Psychology program. In the Clinical Psychology Program, a grade of A, B, or P is required to receive course credit.

Pacifica’s grading system consists of the following grade notations with associated grade points.

<table>
<thead>
<tr>
<th>Grade</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Honor grade to distinguish exceptional work at the graduate level</td>
</tr>
<tr>
<td>B</td>
<td>Sufficient performance at the graduate level</td>
</tr>
<tr>
<td>C</td>
<td>Passing work at the graduate level, except in the Clinical Program</td>
</tr>
<tr>
<td>D</td>
<td>Unacceptable performance at the graduate level</td>
</tr>
<tr>
<td>F</td>
<td>Failing grade</td>
</tr>
<tr>
<td>P</td>
<td>Passing – satisfactory or better work at the graduate level</td>
</tr>
<tr>
<td>NP</td>
<td>Not passing – unsatisfactory work at the graduate level</td>
</tr>
<tr>
<td>W</td>
<td>Withdrawal from course or program (a W is posted when a class is dropped after the first week of the quarter)</td>
</tr>
<tr>
<td>J</td>
<td>Work in progress; continuation of a course (e.g., thesis and dissertation); a grade hold is in place</td>
</tr>
<tr>
<td>R</td>
<td>Repeated; course was repeated</td>
</tr>
<tr>
<td>I</td>
<td>Incomplete (additional time requested to submit final coursework)</td>
</tr>
<tr>
<td>IEXT</td>
<td>Incomplete, due date has been extended</td>
</tr>
<tr>
<td>IW</td>
<td>Incomplete requested, student withdrew from course</td>
</tr>
<tr>
<td>I grade</td>
<td>Incomplete grades which have been completed are noted by an I followed by the final grade, with associated grade points (e.g., IA, IB, IP, etc.; IB represents Incomplete changed to B with 3.0 grade points)</td>
</tr>
<tr>
<td>grade t</td>
<td>Tutorial (t indicates that a tutorial is in progress, e.g., Ft)</td>
</tr>
<tr>
<td>TR</td>
<td>Transfer credit awarded</td>
</tr>
<tr>
<td>NG</td>
<td>No grade was received</td>
</tr>
</tbody>
</table>
Beyond these general guidelines, individual instructors may outline specific grading criteria in their course syllabus.

**Grade Point Average**
Grade point averages (GPA) are determined by dividing the total number of grade points earned (Q points) by the total number of units attempted, excluding courses in which grades of W, P, NP, I, IEXT, IP, INP, IW, NG, TR, J, or R were received.

**Quarterly Reporting of Grades**
Approximately eight weeks after the final class session each quarter, the Registrar’s Office will mail a copy of an unofficial transcript to each student. The transcript includes all of the student’s courses and grades as well as the quarterly and cumulative grade point averages. To ensure receipt of the unofficial transcript, please update any changes in address by contacting the Registrar’s Office or using the My.Pacifica account.

The Registrar’s Office does not release grades over the phone; however, students may view their grades by logging into their My.Pacifica self-service account. Students are advised to check their grades each quarter.

**Grade Appeals**
In order to be considered, a grade appeal must be received within one quarter of the receipt of the grade in question. To appeal a grade in a course, students must first discuss the matter with the course instructor. If dissatisfied with the outcome of this discussion, a student may initiate a formal grade appeal. A grade may be overturned by the Institute if it is determined to have been awarded capriciously, prejudicially, or unfairly. An “unfair” grade is one that is determined to be at least two letter grades different from what it justly should be. For example, if a paper was given a D but an independent reviewer determined that the paper merited a B, the grade is considered “unfair.” A grade of B cannot be contested on the basis of unfairness. This guideline protects the right of instructors to apply a stricter or more liberal standard to their evaluation while protecting students from extreme misjudgments.

To initiate a formal grade dispute, write a letter to the Program Chair, attach a copy of the work contested, all comments written on that work by the instructor, and all correspondence relating to that work. The Program Chair will make a decision regarding the case or appoint an independent reviewer to read and evaluate the paper. The Program Chair will notify the student regarding the result of the grade dispute process and maintain the anonymity of the independent reviewer.

**Academic Standing**
Academic standing depends on several factors, including grades and attendance. The categories of academic standing are:

**Good Standing**
Graduate students are considered to be in good academic standing if they maintain a minimum 3.0 (B) cumulative grade point average. Students who do not maintain good academic standing will be referred to their program chair and will be placed on academic probation.
**Good Standing – Clinical Psychology Program**
In addition to maintaining a minimum 3.0 cumulative grade point average, Clinical Psychology students must receive a grade of B or higher in every graded Clinical Psychology course. If a student receives a grade lower than a B in any graded course taken in the Clinical Psychology program the student is required to remediate that grade. For complete details, please refer to the Academic Tutorial, Extended Tutorial, and Independent Study sections in this handbook.

**Satisfactory Progress (Financial Aid)**
Students achieve satisfactory progress by receiving passing grades in all courses attempted and/or by maintaining a minimum 3.0 (B) cumulative grade point average. Financial aid recipients must maintain a cumulative grade point average of 3.0 and successfully complete a minimum number of units each quarter. For complete details, refer to the Financial Aid Satisfactory Academic Progress policy in the Financial Aid section of this handbook.

**Academic Probation**
Students are placed on academic probation upon failure to achieve or maintain a cumulative grade point average of 3.0. Students may also be placed on academic probation for excessive unexcused absences or for failure to follow the Honesty or Conduct Policies of the Institute. After being notified of probationary status, it is recommended that a probationary student contact the Program Chair for advisement. Probationary status is removed when a student has raised his or her cumulative GPA to at least a 3.0 and/or when the honesty, conduct, or attendance issues have been addressed satisfactorily.

A student may be on academic probation for no more than two consecutive quarters of enrollment. If probationary status is not remediated and removed within two enrolled quarters, a student will be academically disqualified.

**Clinical Program Probation**
The Clinical Psychology Program includes a probation policy that may focus on the academic, clinical practice and/or other problematic professional behaviors by students enrolled in the program (e.g., breaches of ethical or professional codes of conduct, failure to remediate issues identified in the annual student assessments). Prior to probation, the Identification of Student Problem form may be utilized to notify the student about concerns expressed by faculty, staff, their clinical supervisors or others directly involved in student’s training. This form serves as preliminary notification of concern to a student together with specific steps and timing to remedy the concern. If the concern is not resolved in a manner identified in the Identification of Student Problem form, the Probation process will ensue. Clinical Program Probation Status form may be utilized immediately if the nature of concern is deemed significant (e.g., distinct ethical or legal violation, severe breach of academic policies).

In regard to probation related to clinical training, the Director of Clinical Training (DCT) is responsible for monitoring student behavior and performance at clinical training field placement, including practicum and internship. In cases where the DCT, Pacifica faculty, or training site supervisor identifies a need for remediation of student performance, the DCT will review the situation. In cases of minor concerns, the DCT may simply discuss concerns about the student’s
performance with the student informally in order to help the student improve performance. This discussion may occur during end of year annual assessment, which may include a preliminary written identification of the problem. In other cases, the DCT may place the student on Clinical Probation for the purpose of identifying specific steps to remediate the problem. Clinical Program Probation involves a specific written Remediation Plan which addresses the relevant knowledge, skill set, and/or professional attitudes of the student.

Required actions will reflect the nature of concern and may include reading or writing assignments (e.g., researching the relevant ethical guidelines underlying the problem behavior, identifying steps to develop self-awareness and needed skills), additional coursework or other training, or removal from a practicum or internship position (if probation is related to clinical training). The student will have an opportunity to agree or disagree with the findings of the Remediation Plan and will be asked to make comments as well as sign the Clinical Probation Status form. Students may appeal the requirements of the Remediation Plan through the Program Chair and then to the Education Council if the Chair does not agree with the student’s appeal. Additional details about Clinical Program Probation are outlined in the Annual Assessment documents and the Clinical Training Handbook.

**Academic Disqualification**

Academic disqualification discontinues a student’s current enrollment and bars further registration and attendance/participation in any course pending a review by the Education Council. There are five circumstances under which a student would be placed on academic disqualification status:

1. Students who fail to resolve their academic probation status within two consecutive quarters of enrollment will automatically be placed on academic disqualification status.
2. Students who do not make satisfactory progress during the six-month remedial work period of their clinical probation may be placed on academic disqualification status. Students in this situation have the opportunity to make a written and oral presentation to show cause for remaining in the program.
3. Students who engage in additional unethical or illegal behavior in regard to the practice of psychotherapy while on clinical probation will undergo an immediate review. If evidence of this behavior is substantiated by the Education Council, the student may have his/her probation extended or may be placed on academic disqualification status.
4. If a student does not pass either the written or oral exam in the Doctoral or Master’s program after two attempts, he or she shall be placed on academic disqualification status.
5. Violation of the Honesty Policy or the Conduct Policy is cause for academic probation and/or disqualification.

When any of these situations occur, the Registrar will notify the student in writing of the status. Students who are academically disqualified will receive a prorated refund of tuition and fees based on Pacifica’s Refund Policy as described in this handbook. Financial aid recipients will be evaluated based on the Return of Federal Funds policy required by federal regulations as outlined in the Financial Aid section of this handbook.

**Disqualification Appeal Procedure**
In the event a student is academically disqualified, he or she may submit a petition to the Education Council to appeal the disqualification. Petitions to the Education Council must be submitted to the Registrar within one week of receipt of the disqualification notice. The Council will review and consider all materials that are submitted and will respond to the student in writing. A copy of the Council’s action, along with the student’s petition, will be placed in his or her permanent file.

If the Education Council denies the appeal for reinstatement, the student has the option to apply for readmission unless the disqualification was based on the Conduct and Impairment Policy or the Honesty Policy. Students who are disqualified for violations of the Conduct and Impairment Policy or the Honesty Policy are eligible to appeal the disqualification by petitioning the Student Relations Liaison in the Provost’s Office who may appoint a review committee. The review committee will make a suggestion to the Provost and the decision of the Provost will be final.

Suspension
Students who are suspended due to violations of the Honesty Policy or the Conduct and Impairment Policy may not attend classes in person or online. Within three weeks of the date of the suspension, there will be a review by the Program Chair and the Provost to determine whether the student will be taken off of suspension and allowed to return to classes, continued on suspension for a determined period of time, placed on academic probation, or academically disqualified. The student will be notified of the date of this review and will have the option of providing a written response to the reviewing committee. Suspension of classes includes those conducted online; the suspended student will be denied access to the Learning Management System.

Evaluation of Student Work
Evaluation of students’ work by instructors, supervisors, and peers is a large part of the educational process and occurs frequently throughout the program. During the quarter, instructors are encouraged to give direct verbal and written feedback regarding work.

In the normal course of evaluating written work, a faculty member who notices significant problems that limit a student’s ability to write essays and research papers or to complete a thesis or a dissertation may choose to submit a Writing Skills Evaluation Form to the Program Administrator. A copy of this form will be mailed to the student along with the paper, and the student’s Program Chair will retain the original. In such cases, students are strongly advised to seek help as soon as possible to strengthen their writing skills through the use of Pacifica’s writing tutor or other program resources.

The library maintains a list of resources for writing assistance, including the Writing Assistance Practicum.

Writing Assistance
Students who experience difficulty in writing papers are encouraged to seek assistance early in their academic work in order to prepare for thesis or dissertation writing. Available resources include texts and articles on writing, online services, independent tutors, editors, and writing teachers. It is up to the student to seek help. Library resource page regarding writing assistance can
be found at: http://www.pacifica.edu/graduate-research-library/writing-assistance. English as a Second Language writing resources are available as well.

In some cases, students may arrange for a Writing Assistance Practicum with a specific faculty member. A Writing Assistance Practicum may be appropriate when writing problems arise in a particular class. There is a separate fee for a Writing Assistance Practicum which covers up to six (6) hours of consultation time, including reading and commenting on the student’s work. No academic credit is given for a Writing Assistance Practicum.

**Clinical Psychology Evaluations of Student Performance and Program Advancement**

In addition to coursework evaluations, Clinical Psychology students are evaluated at the end of each academic year to assess eligibility for continuation in the program, as well as their readiness to advance to the next level of clinical practice, whether practicum or internship. The purpose of these reviews is to identify student strengths, as well as areas of concern. While areas of concern may be discussed in terms of student’s continued professional and academic growth, significant problem areas or failure to pass the Annual Assessment require formal remediation (noted in the Identification of Student Problem form), as suggested by the student’s advisor, Program Chair, or Director of Clinical Training. Unsuccessful remediation may lead to Probation status, noted in the Clinical Program Probation Status form.

**Faculty/Student Meetings**

Students are encouraged to meet with faculty regarding evaluation of his or her work and the grades received. Faculty and administrators hold both physical and virtual office hours, if applicable, during each quarter. Instructors will announce in the syllabus the days and times of office hours.

Depending upon the program, classes may meet with a faculty liaison or the Program Chair at scheduled meeting times during the academic year. Students’ questions, concerns, and suggestions may be communicated to the faculty liaison member or Program Chair who then take such concerns to the administration and faculty council meetings. A cohort may also choose to elect a student representative who can bring issues to the attention of the faculty liaison or Program Chair.

**Faculty/Student Advisement and Mentoring – Clinical Psychology Program**

Each clinical student is assigned a faculty advisor. Faculty advisors are available to meet with their advisees and to have contact each enrolled quarter. The focus of faculty advisement is to provide ongoing feedback regarding academic performance; to review student portfolio, research activities, internship/practicum issues, and dissertation progress; and to support personal and professional growth. Clinical psychology faculty members schedule office hours when students are on campus or via phone or Go-to Meeting.

**Student Self-Disclosure**

Assignments and class discussions that offer the opportunity for self-disclosure may generate anxiety. There is no requirement that you disclose your personal history, and your grade will not be affected by your decision not to disclose. An alternative activity may be offered in place of an assignment that requests disclosure. It is, however, important to note that these disclosures may
offer opportunities to expand how you understand human behavior. Anxiety is often a critical aspect of personal transformation.

Submission and Return of Student Papers
Pacifica requires students to submit all work to their instructors in a typewritten or printed format by the due date indicated on each course’s syllabus. Students are asked to submit their work either in person, by mail, or by other delivery service unless they are completing an online course. In the Clinical Psychology program all paper submissions are conducted via Desire to Learn (D2L) unless individual faculty instructions differ. In other programs, some instructors may allow electronic submission of papers, which will be noted in the course syllabus. Be sure to follow these instructions unless notified directly by the instructor to submit work in a different way.

For online and hybrid courses, students must submit papers in electronic format by the due dates listed in the course syllabus. The due date will generally be the last day of the quarter for online course work. Submission methods generally include posting electronic copies of the paper to the Assignment Dropbox in the online course platform or emailing an electronic attachment of the paper to the instructor. In some instances, instructors may require hard copies of papers or assignments to be mailed to them. Please refer to individual instructors’ directions as outlined in the syllabus.

Every Pacifica student must at all times have an electronic copy of any paper available and must submit it upon request. All student papers are subject to plagiarism software scans. If plagiarism is detected, the faculty will notify the student and follow procedures related to Academic Honesty policies set at Pacifica. Faculty will grade all papers and submit both grades and papers to the Program Administrator within three weeks following the course work due date.

Students should always verify with the instructor or refer to the course syllabus for the preferred method for paper submission and adhere to the guidelines established by the course instructor. It is highly recommended that students document all correspondence regarding submission of papers and retain both electronic and hard copy versions of the coursework.

For on-campus courses, approximately eight weeks after the final class session each quarter, the Program Administrator will mail final papers that were submitted in hardcopy and/or the instructor will provide feedback via email for electronic submissions to the students. The Registrar’s Office will then send an unofficial transcript.

For online courses, faculty grade and return papers through the online course provider. It is the student’s responsibility to check with the online course instructor for final paper grades and comments. Final paper grades will be posted online no later than four weeks after the end of the quarter.

Students are responsible for maintaining their written work in all of their coursework, including backing up their work electronically for future use. Course faculty, online learning management staff, or other Pacifica staff are not responsible for maintaining a copy of students’ work.
**Incomplete Policy**

To request an incomplete, students need to submit a Request for Incomplete form to the instructor on or before the course work due date. Students must then submit their completed work and Grade Change Form to the instructor on or before the incomplete work due date indicated in the course syllabus. Students are responsible for contacting the instructor regarding the work required to complete the course.

Students who do not submit their final work within the required time period will receive a failing grade on their transcript. To remove the failing grade from the transcript, the student may complete a tutorial or repeat the course depending on the amount of time that has elapsed. If a student’s cumulative GPA falls below 3.0, he or she will automatically be placed on probationary status. If the probationary status is not removed within two enrolled quarters, the student will be placed on academic disqualification status.

The instructor will evaluate and submit the student’s work and Grade Change Form to the Registrar’s Office within three weeks following the incomplete due date. Students are responsible for ensuring that their paperwork has been submitted to the Registrar’s Office. The Registrar will record the grade change and return the final paper plus a revised copy of the transcript to the student.

A temporary grade of incomplete indicates that the student has been unable to complete course work due to serious extenuating circumstances and will be indicated on the transcript. To prevent falling behind in coursework, students are strongly discouraged from taking incomplete grades. Students in most programs may not take more than four incomplete grades per academic year. Students in the hybrid programs take fewer courses and therefore may not take more than three incompletes per academic year. If a student exceeds the limit of incompletes per academic year, a grade of “F” or “NP” will be recorded on the transcript for each additional Request for Incomplete.

Certain classes may not allow incompletes. Students in each program should consult the course syllabus to determine if an incomplete is allowed in a particular course.

Incomplete and failing grades may impact a student’s continued eligibility for financial aid. Please consult the Satisfactory Academic Progress section for complete details. In addition, a student’s eligibility to register for courses with required prerequisites may be affected.

**Remediating Unsatisfactory Grades**

There are several ways in which students may achieve a passing grade for courses in which a grade of C, D, F, or NP was received.

**Academic Tutorial/Extended Tutorial**

If no more than one year has elapsed since a student originally took the course, a student may take an Academic Tutorial. After the one year deadline has elapsed but within two years of the original course date, a student may take an Extended Tutorial. For example, if a student does not achieve a passing grade for a course taken during the 2016 fall quarter, the student has until the end of the
2017 fall quarter to remediate that grade by means of an academic tutorial. If a student is not able to remediate the grade within the one year time frame, the student has until the end of the 2018 fall quarter to remediate that grade by completing an extended tutorial. Courses in which a student earned a B are not eligible for tutorials.

Circumstances for which a student would register for a tutorial are as follows:

- If a student wishes to remedy a grade of C or lower in a course taken within the past two years for which attendance requirements were met, the student should take an academic tutorial (within one year), or extended tutorial (within two years) with the instructor of that course. Approval must be received from the Chair for an alternate instructor. In some cases, more than one academic tutorial may be required to raise a grade of D or F to a satisfactory grade of B or C. Grades may be raised to no higher than a B through the academic tutorial process. Therefore, if a student submits an A paper for a tutorial, the grade issued will be a B. However, any grades earned other than an A will remain unchanged. For example, if a student submits a B paper for the tutorial, the grade issued will be a B.

- If a student is in good standing and must miss more than the allowable absences due to extenuating circumstances, the student will fail that course, but may petition the Education Council which may approve completion of an academic or extended tutorial within one year.

- In some programs, if a student does not successfully complete the written or oral exams, an academic tutorial may be undertaken to gain mastery of deficient areas in preparation for re-examination. (Please refer to the section of the student Handbook pertaining to comprehensive exams.)

- If a student does not have an approved concept paper at the end of doctoral coursework, the student must take an academic tutorial with a member of the research faculty to achieve concept paper approval.

The procedure for engaging in an academic tutorial or extended tutorial is as follows:

- Contact the course instructor to confirm their availability to supervise the tutorial for the proposed time period. Submit a completed Academic Tutorial Request and Contract form or Extended Tutorial Request and Contract form to the course instructor before engaging in the tutorial. The contract describes the objectives and methods for completing the tutorial as determined by the faculty member.

- Prior to the tutorial start date, the instructor signs and submits the signed contract to the Registrar’s Office who mails a copy to the student.

- The Student Accounts Office charges the student’s account for the tutorial fee.

- The student sends the completed tutorial work and a Grade Change Form to the instructor on or before the tutorial due date, who then submits the Grade Change Form and work to the Registrar. The Registrar’s Office notifies the student of the final grade.

The student may take a maximum of four academic and/or extended tutorials over any successive two-quarter period. Requests for additional academic or extended tutorials beyond this number must be made by written petition to the Education Council.
**Academic tutorials begin on the first day of the month and end on the last day of the month in which they are taken.** There is a separate fee for an academic tutorial which is assessed on a per calendar month, per course basis. A new academic tutorial contract must be completed for each calendar month that a student works with a faculty member, and the student will be billed the tutorial fee for each calendar month.

**Extended tutorials cover a period of three calendar months beginning on the first day of the month and ending on the last day of the third month.** There is a separate fee for an extended tutorial which is assessed on a three calendar month, per course basis.

Taking an academic or extended tutorial does not change a student’s enrollment status. Academic tutorials or extended tutorials may be taken while a student is on leave from the school. A student may find the Academic Tutorial or Extended Tutorial Request and Contract forms on the Pacifica website.

**Repeating a Course**

To remediate a failing grade in a course taken more than two years ago a student must repeat the course. Both original and repeat enrollments will be noted on a student’s permanent academic record; however, unit credit and grade points are earned only once, and the units and grade points earned for the repeated course will be used in computing the grade point average.

Students must obtain the Program Chair’s approval to repeat a course. Given the sequential structuring of and periodic revisions to the curriculum, course repetition may not always be possible. If scheduling or revisions prevent repetition of a course, a student may complete an Independent Study with the course instructor. Please see the Independent Study section of this handbook for more information. An Independent Study fee will be assessed for this instruction.

**Independent Study**

In general, Independent Study arrangements are discouraged; however, under special circumstances when a student cannot delay retaking or making-up a course the time it is offered again because of course sequencing or if the course is no longer offered, that student may contact the Program Chair and request to complete the course with the course instructor through an Independent Study arrangement. If the Chair approves the request and the instructor agrees to work with the student, the student should complete an Independent Study Contract form and obtain the instructor’s signature followed by the Chair’s signature. The Independent Study Contract should then be submitted to the Registrar’s Office prior to beginning the Independent Study. A syllabus should be attached to the Independent Study Contract. Students may not register for an Independent Study during a quarter when the course is offered on campus.

The student should work with the instructor over a period of three months to complete the course requirements: the three-month period of study coincides with the calendar year quarter (Fall 10/1-12/31; Winter 1/1-3/31; Spring 4/1-6/30; Summer 7/1-9/30). The student is expected to submit final work to the instructor along with an Independent Study Grade Form on or before the due date for the Independent Study. When enrolled in an Independent Study, a student will be billed a per unit tuition charge for the course(s). A student is considered to be enrolled while taking a course as
Supervised Practicum and Internships

**Supervised Practicum – Counseling Psychology Practicum Experience**
Master’s students in Counseling Psychology must complete a minimum of 280 hours of Direct Service and 300 overall practicum hours in an approved supervised practicum in order to satisfy the program degree requirements. After completion of 18 quarter units, students qualify to begin their practicum. This generally corresponds to 1st year summer and enrollment in CP 609. Students are expected to accrue a minimum of 30 hours of direct client contact during fall quarter of the 2nd year while enrolled in Clinical Practice I, CP 610. During winter, and spring quarter students continue enrollment in the Clinical Practice sequence of courses and continue to accrue Direct Service hours.

In order to receive a passing grade for the Clinical Practice sequence of six courses in the Counseling Psychology program, all course requirements must be met including the required number of direct client contact hours, and each student must successfully complete the Capstone I A, Comprehensive Oral Exam and Capstone I B, Written Vignette Exam.

If a student does not complete the minimum direct service requirements in any quarter of Clinical Practice enrollment, he or she may not enroll in the next Clinical Practice course in the sequence and must withdraw from the supervised practicum site. The student would then need to defer Clinical Practice and the supervised practicum experience to the following year and must consult with the Director of Clinical Training and consult the Supervised Practicum Guidelines provided to all first year students.

A student who does not meet the direct service requirements for Clinical Practice I (CP 610) during the fall quarter is not eligible to register for Clinical Practice II (CP 611) in the subsequent winter quarter. For more information, please refer to the Counseling Psychology Supervised Practicum Guidelines.

**Practicum and Supervision Seminars – Doctorate in Clinical Psychology**
Pacifica requires students to enroll in practicum and supervision seminars during the three years that they are enrolled in coursework, in Fall, Winter, and Spring quarters. Practicum seminars are held on Thursdays of the residential weekends when students are on campus. In the Psy.D. program, first year students attend the Professional Development Seminars, second year students attend the Diagnostic Practicum Seminars, and third year students attend the Psychotherapy Practicum Seminars. The Ph.D. seminars focus on professional identity and clinical supervision experiences drawing from diverse depth psychological traditions.

Practicum and supervision seminars are sequentially organized in a way to benefit students who attend classes and are either preparing or pursuing practicum training. For this reason, practicum seminars are not allowed to be taken as an independent study. The attendance policy for the seminars is the same as for any other class at Pacifica: a student cannot miss more than 1/3 of the classes in any given quarter. Please refer to the Attendance Policy for more information.
In rare occasions when a student is on Leave of Absence for one quarter during an academic year (Fall, Winter, Spring), they may be able to arrange an independent study for the practicum and supervision seminars. If a student misses two quarters out of the three during an academic year, they must enroll to take the seminars in class during their next academic year. Students who miss two quarters or more of seminars cannot make up the seminars as an independent study.

Students cannot request an incomplete for the seminars. If a student does not pass the seminar, a tutorial must be completed to remediate the grade. The student must contact the Instructor to arrange for the tutorial. If the incomplete assignment is the student presentation, they may be asked to do so in class. Please see the Academic Tutorial/Extended Tutorial section in the Student Handbook for more information on tutorials.

Supervised Clinical Training – Ph.D. and Psy.D. Clinical Practicum and Internship
Doctoral students in Clinical Psychology are required to complete a minimum of 2500 total hours of supervised professional experience during their program. A minimum of 1000 hours of practicum is required and 1500 hours of pre-doctoral internship hours are required. If a student is from a state that requires more internship hours than those required by Pacifica Graduate Institute, which are based on California State Board of Psychology guidelines, the clinical program supports what is needed for that student’s particular state. Students collaborate with the Clinical Training Office and Director of Clinical Training (DCT) throughout their clinical training and are active agents in their own application and interview process. Practicum applications take place through the Southern California Psychology Training Programs (SCAPTP) oversight and other such practicum organizations as well as through Pacifica Graduate Institute’s dedicated sites. Students work toward establishing formal readiness for practicum during their first academic year. Once their readiness is approved by the DCT, students may begin to identify and interview for practicum placements. After completing their first Annual Assessment in good standing, which takes place at the end of the first academic year, students may prepare for the process of accruing practicum hours at their first site during the beginning of their second academic year. Clinical sites typically begin their clinical training schedule at the end of summer or beginning of fall each year. Once at least 500 hours of practicum hours are completed, students in the third year of the Ph.D. program and the fourth year of the Psy.D. Program, will prepare their internship readiness documentation, gain formal approval by the DCT to establish formal Readiness for Internship, and apply for their prospective internships. They must have completed all coursework in good standing and they are to have passed their comprehensive examinations prior to beginning internship. Psy.D. students must complete their dissertation before starting internship and the dissertation process is accompanied by coursework which ends in the fourth academic year. This is the reason for the additional year before beginning internship for Psy.D. students. Psy.D students, thus, begin their internship in their fifth year and Ph.D. students begin their internship in their fourth year. The Psy.D. program is structured such that students register for three quarters of internship and receive a total of nine units of academic credit. Financial aid is available for these three quarters of internship registration. To register, students must submit the Psy.D. Application for Internship Status form. There are separate Clinical Handbooks for the Psy.D. and Ph.D. programs which contain additional information and graphs detailing the entire sequence for clinical training. For the 2016-17 academic year of internship applications, students are eligible to apply to formal internships through the Association of Psychology Postdoctoral and Internship
Centers (APPIC) across the country and through the California Psychology Internship Council (CAPIC) in the state of California. Please note that this is the last year that non-APA accredited schools may take part in the APPIC process. In some cases, the DCT will approve a psychological assistantship in a mental health agency for the purposes of pre-doctoral internship hours on the condition that the site and supervisor explicitly document how the training demonstrates that it is sequential, graded in complexity, with opportunities for didactics and peer interaction. The state of California currently accepts psychological assistantships on a case by case basis. Some states require only formal internships, such as APA or APPIC. All students must thoroughly review their state board of psychology requirements for licensure, as some states may require more than 2500 pre-doctoral hours. In addition, some states may include practicum hours toward licensure, such that the state’s board of psychology oversees the practicum process as well as the internship process. Evaluations of student performance at practicum sites are completed by supervisors quarterly. The evaluations for internship performance take place twice a year. At the completion of practicum and internship, students are asked to complete an evaluation of the site as well. It is the student’s responsibility to be up to date on all requirements for the state in which they plan to apply for licensure. Students must comply with all the paperwork requirements set forth by the Clinical Training Office, including paperwork for readiness, approval of the site, log sheets signed by supervisors, evaluations, liability insurance verification, and supervision agreements. The paperwork is overseen by the Clinical Training Coordinator with final approval from the Director of Clinical Training. All paperwork must be approved in order for hours to count. Failure to submit paperwork will result in loss of hours counted toward practicum or internship training. It is imperative that students retain copies of all of their clinical paperwork as part of their professional development.

Supervised Fieldwork – Ph.D. and Psy.D. Clinical and M.A. Counseling Psychology Programs
All internships and supervised practicum experiences must include direct client contact. Each program’s Director of Clinical Training (DCT) must approve both the site and the clinical supervisors who oversee the supervised practicum experience or internship work. In cases where the DCT, Pacifica faculty, or training site supervisor identifies a need for remediation of student performance, the student may be subject to clinical probation.

The Director of Clinical Training reviews all concerns related to student performance in supervised fieldwork. The DCT may choose to simply discuss concerns about the student’s performance with the student informally in order to help the student improve performance. In other cases, the DCT may place the student on Clinical Probation for the purpose of identifying specific steps to remediate the problem. Clinical Probation involves a specific written Remediation Plan (refer to the Clinical Probation policy described in the Academic Standing section of this handbook).

Remediation Plans imposed as part of Clinical Probation may include reading or writing assignments, additional coursework or other training, and/or removal from a practicum or internship position. The student will have an opportunity to agree or disagree with the findings of the Remediation Plan and will be allowed to make comments. Students may appeal the requirements of the Remediation Plan through the Program Chair and then to the Education Council if the Chair does not agree with the student’s appeal. Additional details about clinical probation are outlined in the Clinical Training Handbook.
Students who practice any form of psychotherapy or healing activity outside of an approved supervised practicum site or internship site may not identify the work as affiliated with their education at Pacifica. A complete packet of supervised practicum or internship information will be provided to each student.

**Supervised Practicum Experience and Internship Only Enrollment**

Counseling Psychology students who have satisfactorily completed all required coursework and passed the Comprehensive Exams can enroll quarterly in CP 680 – Clinical Practicum. This status enables students to accrue supervised practicum experience during those periods when they may be working on their thesis, taking additional Independent Study courses, and/or remediating coursework.

Clinical Psychology students who have completed all coursework, have passed written exams, and are not enrolled in dissertation may enroll in Internship Only status, provided they have secured an internship approved by the Director of Clinical Training. This status enables students to accrue internship hours during those periods when they are not enrolled in coursework, independent studies, or dissertation. Students who elect to enroll in Internship Only status must receive approval from the Director of Clinical Training. The application to enroll in Internship Only status must be signed by the Director of Clinical Training and submitted to the Registrar prior to the beginning of the calendar quarter (Fall 10/1-12/31; Winter 1/1-3/31; Spring 4/1-6/30; Summer 7/1-9/30). There is a separate quarterly fee for this enrollment. An enrollment form must be submitted for each quarter a student wishes to be enrolled and the student’s account will be billed. Following degree completion, students may not enroll in Internship Only status.

Students with an Internship Only enrollment status are not considered enrolled at Pacifica for financial aid purposes. Financial aid recipients are not eligible for financial aid or loan deferment during this period of time.

**Personal Therapy**

If enrolled in either the Counseling Psychology or Clinical Psychology program, students are required to fulfill a personal therapy requirement while actively enrolled at Pacifica. Students are expected to choose their own therapist(s). Therapists must be licensed mental health clinicians or certified analysts. Students may satisfy the personal therapy requirement via individual, group, couple, and/or family therapy, but are prohibited from having a personal therapy relationship with any Pacifica faculty–core, adjunct, or contributing–until they have graduated or withdrawn from the Institute.

Only psychotherapy fulfills this requirement. Groups created for the purpose of being psycho-educational, support groups, 12-step programs, or other non-psychotherapy formats will not be accepted. If you have questions about the acceptability of a specific group, please address them with the Director of Clinical Training prior to engaging in the psychotherapy. Individual sessions are to be at least 45 minutes in length, and group therapy sessions are to be at least 90 minutes in length.
Clinical students must complete 60 hours of personal therapy while actively enrolled at Pacifica. Completed hours are to be recorded on the Personal Therapy Documentation form, signed by the therapist and submitted to the Clinical Training Office. Pacifica faculty strongly recommend the completion of a minimum of 25 hours of personal therapy for each year of enrollment. Students should refer to the Clinical Training Handbook for verification forms and required hours.

Counseling students must complete a minimum of 5 hours by the end of each of the 10 quarters of their first, second, and third years for a total of 50 hours of personal therapy. Completed hours are to be recorded on the Personal Therapy Verification form, signed by the therapist and submitted to the Practicum office. Personal therapy hours must be accrued while actively enrolled at Pacifica. Counseling students please see Supervised Practicum Guidelines for verification forms and required hours.

**Depth Transformative Practice**

In the Depth Psychology program, students are required to participate in transformative practice as follows: sixty hours for the Community/Liberation/Ecopsychology specialization and fifty hours for the Somatic Studies specialization. Examples of such practice include, but are not limited to: individual depth psychotherapy, group dialogue work, facilitated vision questing, rites of passage, meditation, artistic engagement, or other psycho-spiritual practice. The transformative practice must be approved in advance by the Transformative Practice Coordinator. Completed hours are to be recorded on the Depth Transformative Practices Documentation of Hours form (available on the Pacifica website), which should be signed by the appropriately trained guide, teacher, or therapist and then submitted to the Program Administrator. These hours are required for the completion of the M.A. degree in each specialization.

**Self-Directed Studies Requirement of Jungian and Archetypal Studies specialization**

The purpose of Self-Directed Studies is to allow students to explore areas of interest in depth psychology outside the boundaries of the curriculum. This may take the form of attending conferences, workshops, lectures, and/or seminars; engaging with an analyst or other practitioner/s for personal therapy or healing work; or seeking training in a modality that augments their practice of depth psychology. Students must complete a total of 30 hours and submit a reflective paper; this may occur anytime during the course of the program, and is required for the awarding of the Ph.D. All hours must be pre-approved through discussion with the program's Self-Directed Studies Coordinator. Students and faculty are asked to be mindful of Pacifica’s multiple relationship policy when scheduling Self-Directed Studies.

**Practice Requirement of Depth Psychotherapy/Integrative Therapy & Healing Practices specialization**

Students in the Depth Psychology Program with Specialization in Psychotherapy must engage in the practice of psychotherapy in order to meet the basic requirements for practicum coursework. However, Pacifica does not monitor this work, nor does Pacifica provide clinical supervision of these hours for licensure.

Likewise, for students in the Depth Psychology Program with Specialization in Integrative Therapy & Healing Practices, there is no minimum number of required hours of practice, but students must be actively engaged in the practice of therapy, counseling, or work in their healing-
oriented or wellness profession with clients while enrolled in coursework. This assures that all students will be able to participate fully in the sequence of practicum courses. Pacifica does not provide the supervision of practice hours that may be required for licensure or any similar purpose. Students must provide for their own insurance coverage for professional liability.

**Oral and Written Comprehensive Examinations Capstone I A and B**

*Counseling Psychology – Capstone I A, Comprehensive Oral Examination*
Master’s students enrolled in Clinical Practice III must successfully pass the Comprehensive Oral Examination. Each student must be in good standing in order to take the exam and must have completed the required minimum hours of direct client contact at his or her supervised practicum site and achieved a grade of C or better in Clinical Practice I and II.

If a student does not pass the oral exam, that student must consult with the Director of Clinical Training who will advise whether a tutorial or a more extended independent study would best address the area(s) of weakness evidenced in the exam. It is suggested that an academic tutorial or independent study be completed prior to rescheduling the exam. A re-examination fee will be charged to the student’s account. Students who do not pass the oral exam within three attempts will be academically disqualified.

*Counseling Psychology – Capstone I B, Written Vignette Online Exam*
Students who are enrolled in 3rd year CP 614 take their Written Vignette Exam, Part I fall quarter. Students who are enrolled in the 3rd year CP 615 take their Written Vignette Exam, Part II winter quarter.

*Clinical Psychology – Comprehensive Examination Portfolio*
Upon successful completion of nine quarters (defined as completion of 70 or more academic credit hours without failing grades or incompletes) of Ph.D. or Psy.D. coursework in the Clinical Psychology program, a student is eligible to take the Comprehensive Exam Portfolio. Students must be in good standing (i.e., have no outstanding courses to remediate and not on academic probation) in order to register for their Comprehensive Exam Portfolio. Students who are currently on a Leave of Absence are not permitted to take the exam. The goal of the Comprehensive Exam Portfolio is to demonstrate competencies in the domains represented within the curriculum of the Clinical Psychology doctoral training. The portfolio is structured not only to assess students’ knowledge and skills based on submission of responses to questions and vignettes posed within the portfolio, but also to provide detailed narratives that highlight and demonstrate competencies in the domain areas. This provides an evaluation of the student’s cognitive understanding of the coursework, as well as documentation of competencies achieved as the result of studies. The Comprehensive Exam Portfolio serves as partial fulfillment of the degree requirements, and is delivered and completed via the Desire2Learn (D2L) Learning Management System.

Each student must achieve a passing grade for each portion of the portfolio from at least two of three evaluators and must retake any failed portion of the exam. A student may take an academic tutorial in preparation for re-examination. A per question re-examination fee will be charged to the student’s account. If the student does not retake the failed comprehensive question(s) within two
quarters or pass the exam within two attempts, he or she will be placed on academic disqualification status.

In addition, a student must pass all components of the Comprehensive Exam Portfolio in order to advance to Dissertation Writing (Ph.D.) or Internship (Psy.D. and Ph.D.).

**Depth Psychology Specializations – Written Comprehensive Examination**

In the Somatic Studies Specialization, students are eligible to take the written comprehensive exam upon successful completion of at least five quarters of coursework, provided they are in good academic standing. If a student has completed less coursework but wishes to take the exam, he or she may submit a written request to the Program Chair.

In order to successfully pass the exam for the purposes of the M.A. degree, students must receive a minimum score of 18 points per exam question. To continue to the doctoral phase of the program, students must receive a minimum score of 26 points per exam question. Students who receive less than 26 points on any question will not be eligible to continue taking coursework toward the Ph.D. degree. Students who receive less than 18 points on any question may retake the failed question(s) within one month in order to meet the requirements for the M.A. degree. A per question re-examination fee will be charged to the student’s account. If the retake score for any question is still less than 18 points, the student will be placed on academic disqualification status.

In the Jungian and Archetypal Studies specialization, the written comprehensive exam is taken after successful completion of at least six quarters of the first two years of coursework. Students who do not pass one or more written exam question at the Ph.D. threshold will not be permitted to continue on to the doctoral phase of the program. However, these students will be permitted one retake attempt of each question failed at the M.A. pass level. A per question re-examination fee will be charged to the student’s account.

Students who pass the exam retake for each failed question at the M.A. pass level or higher, and meet all other master’s degree graduation requirements, will be awarded the master’s degree and will then terminate the program. Students who do not pass all failed questions following their retake attempt, will be placed on academic disqualification status.

In the Community Psychology/Liberation Psychology/Ecopsychoogy Specialization, students enrolled in the Spring Quarter who have completed 31.67 units of required coursework are expected to sit for the comprehensive exam when it is scheduled. Any exceptions must be approved by the Education Council in advance of the exam. Faculty will set and communicate threshold percentages for successful completion of the M.A. degree and for matriculation into the final year of the Ph.D. program. If the student fails to meet either the M.A. or the Ph.D. threshold, any failed exam questions may be retaken. Students may take an academic tutorial in preparation for re-examination. A per question re-examination fee will be charged to the student’s account. Students who do not pass the written exam at the Ph.D. threshold within one re-take attempt will be unable to progress to the doctoral phase of the program. Students who do not pass all exam questions at the M.A. threshold following one re-take attempt will be placed on academic disqualification status.
**Depth Psychology – Ph.D. Oral Examination**

Depth Psychology doctoral students who have passed the written comprehensive examination are eligible to take the oral examination in the third year (Spring for Community/Liberation/Ecopsychology students, Spring for Somatic Studies students, and Summer or Winter depending on the track for Jungian and Archetypal Studies students). This is the final evaluation of students’ ability to integrate academic coursework, and the oral exam serves as partial fulfillment of the degree requirements. A student who fails the exam will be required to take a tutorial and to remediate the failed examination, by revising his or her concept paper based on the examiners’ feedback during the oral examination and/or by writing a fifteen-page paper judged by the faculty to be a viable doctoral-level presentation. A re-examination fee will be charged to each student’s account. If the student does not pass the oral exam or the equivalent paper within two attempts, he or she will be placed on academic disqualification status.

**Depth Psychotherapy/Integrative Therapy & Healing Practices specialization – Written Comprehensive Examination**

Depth Psychotherapy specialization students who have successfully completed at least five quarters of Ph.D. coursework and who are in good standing will be eligible to complete the written comprehensive examination. Students in the Integrative Therapy & Healing Practices specialization who have successfully completed at least six quarters of Ph.D. coursework and who are in good standing are eligible to complete the written comprehensive examination.

For Depth Psychotherapy specialization students, the written exam will consist of a take home assignment given at the end of the Winter Quarter and due at the end of the Spring Quarter of their second year. For Depth Therapy specializations students, the written exam will consist of a take home assignment given at the end of the Spring Quarter and due at the end of the Summer Quarter of their second year. This is an evaluation of the student’s understanding of the coursework to date as well as an opportunity to set learning goals for the balance of the program. It serves as partial fulfillment of the degree requirements.

The examination will be read by two faculty members and must be approved by both in order for the student to pass. Students who do not pass the written examination may retake it one-time only and will be required to take an academic tutorial prior to retaking the exam. A re-examination fee will be charged to the student’s account. If the student does not pass the written examination within two attempts, he or she will be placed on academic disqualification status.

**Depth Psychotherapy/Integrative Therapy & Healing Practices specialization – Oral Comprehensive Presentation**

Depth Psychotherapy/Integrative Therapy & Healing Practices specialization students who have passed the written comprehensive examination are eligible to take the oral comprehensive examination in the summer of their third year. The oral exam occurs in the context of DPP 994/DPT 994 Oral Comprehensive Presentation which also focuses on the development of teaching and oral presentation skills. The exam is the final evaluation of the student’s ability to integrate academic coursework and practical experience, and the exam serves as partial fulfillment of the degree requirements.
Mythological Studies – Written Comprehensive Examination
Upon the successful completion of at least five quarters of coursework, students are eligible to take the written comprehensive exam provided that they are in good academic standing. If a student has completed less coursework but wishes to take the exam, he or she may submit a written request to the Program Chair. The instructor submits the signed contract to the Registrar’s Office who then mails a copy to the student. Successful completion of this written exam is a requirement for the M.A. degree. Each student must obtain a minimum of 70 points for each of the three parts of the written exam to be eligible for the M.A. degree. To be eligible to continue taking coursework for the Ph.D. degree, students must receive at least 80 points for each exam question.

Students must retake any failed portion of the exam in order to meet the requirement for the M.A. degree; however, students who fail one or more portions of the exam will not be eligible to continue taking coursework toward the Ph.D. degree. If the student does not pass the written exam within two attempts, he or she will be placed on academic disqualification status.

Mythological Studies – Oral Consultation
An oral consultation takes place in the Dissertation Formulation course during the third year of the program. The purpose of this assessment is to raise critical questions pertaining to a proposed dissertation project. Students must successfully incorporate the critique in this consultation into the dissertation concept paper in order to be advanced to candidacy.

If a student does not receive a Pass grade for the concept paper by the coursework deadline, he or she will be required to take a tutorial prior to resubmitting it. Each student will also be required to meet (or talk in a conference call) with the Research Coordinator. There is a separate fee for a tutorial. Each student may take a maximum of two tutorials or one extended tutorial to achieve an acceptable paper. If a student is unable to achieve an acceptable concept paper via the tutorial process within one year of receiving a No Pass grade for the MS 733 Dissertation Formulation course, he or she will be placed on academic disqualification status.

Engaged Humanities and the Creative Life Program – Project Workshop
In lieu of a Master’s thesis, students in the Engaged Humanities program are required to complete a final project. The final project will be developed during a capstone course in which advanced students will be required to consider the discipline broadly and integrate what they have learned from the curriculum. The project must be completed during the final quarter and presented during the residential session of that quarter. Assessment data for a variety of outcomes will be collected in this course, particularly outcomes related to integrating and applying the discipline, information literacy, critical thinking, creativity, and research and communication skills.

Counseling Psychology Program Thesis
Students in Counseling Psychology who matriculated in Fall 2012 or more recently will complete a Master’s thesis within the Seminar in Directed research IA, IB, IC, IIA, IIB, and IIC sequence of courses. The Thesis Handbook with a set of guidelines is available to students on Desire2Learn and on the Thesis Resources pages of the Pacifica website. Master’s students follow the guidelines of the Counseling Psychology Thesis Handbook that is current at the time their work is being submitted. It is the student’s responsibility to obtain and follow thesis guidelines.
If a student who matriculated in Fall 2012 or more recently does not complete a thesis by the conclusion of Seminar in Directed Research IIC, he or she may take an Incomplete in Seminar in Directed Research IIC to complete the thesis. If the thesis is not completed during the Incomplete, the student may register for a tutorial to complete work on the thesis.

If a student who matriculated prior to Fall 2012 did not complete a thesis within the first three quarters of enrollment in CP 651 Directed Research II, he or she may re-enroll on a quarterly basis by submitting a Thesis Registration Form to the Registrar’s Office prior to the beginning of each quarter. Thesis quarters begin on October 1, January 1, April 1, and July 1. There is a separate fee for additional thesis quarters. The student may register for a maximum of two quarters of CP 653 extended thesis enrollment in order to complete the thesis.

**Advancement to Doctoral Candidacy**
A student will earn the designation of “doctoral candidate” after he or she has successfully completed all coursework, passed written and/or oral comprehensive exams (if required), and a dissertation concept paper has been accepted by the Institute. Once candidacy is achieved, however, students may not indicate in public announcements or advertising that they hold a doctorate. The use of Ph.D. or Psy.D. is not permissible as a designation until the student completed all degree requirements and obtained their doctoral diploma.

**The Dissertation (Ph.D.)**
Each doctoral program has a dissertation handbook available online which includes a set of guidelines and forms for the dissertation process. Please note the Clinical Psychology Psy.D. dissertation process below.

Students begin dissertation writing by submitting a registration form to the Dissertation Office prior to the start date of the quarter of their track. Once the quarter has begun, they may begin to formally convene the members of their dissertation committee, beginning with the dissertation chair. When students first register, they are enrolled for nine consecutive quarters, which is approximately two calendar years. This is often referred to as the two-year dissertation “clock.”

To begin the dissertation clock, the student must:

a) have completed two or three years of coursework, depending upon the requirements of their program (see below);

b) pass all components of the written comprehensive exam;

c) have an approved concept paper on file with the Dissertation Office;

d) be in good academic standing with no outstanding failing grades; and

e) be in good financial standing with the Student Accounts Office.

f) In the Clinical Psychology Program, students must pass all components of the Written Comprehensive Exam Portfolio in order to advance to Dissertation Writing.

g) Somatic Studies specialization students are qualified to register for dissertation writing when they have completed their M.A. requirements with no failing grades, have passed the Oral Comprehensive Examination, have passed all the DPS 932 a, b, & c Dissertation Development courses and have an approved concept paper, and are in good financial and academic standing.
If they have program approval, students may register for dissertation writing concurrently with their other coursework.

In some programs, students may begin their dissertation writing at the same time they are completing the third year of coursework. In others, completion of all coursework is required, and students must petition to begin dissertation writing concurrently with other courses. Students should check with the Research Coordinator or Director of Research for their program’s policy.

Students needing to enroll beyond the two-year clock are required to register for additional one-year periods until the dissertation is completed, however, students registered in the one year clock will be billed only for those quarters that are required for acceptance of a final draft. To register for an additional year, students must submit a Dissertation Registration Form to the Dissertation Office in accordance with the registration deadlines stated above. Dissertation registrations may not extend beyond the 8-year program time limit.

Students are required to make payment arrangements for their dissertation fee with the Student Accounts Office. The dissertation fee schedule is included at the back of this handbook. Students may contact the Student Accounts Office for additional information. Financial aid is available for the two-year dissertation period for those students who qualify; contact the Financial Aid Office for complete details.

Following completion of coursework, a student may take a leave of absence for a maximum of one year prior to registering for dissertation writing. Once registered, continued enrollment is required for a student to maintain his or her committee. Any break in enrollment, including Leaves of Absence following the conclusion of either the two-year or one-year clock, however, will result in committee dissolution. Financial aid recipients should consult with the Financial Aid Office to discuss the impact that a break in enrollment will have on current and future student loans.

If a student plans to return following a break in enrollment, he or she must do so within the permissible Leave of Absence period, one year, and the eight year program time limit. The student must also submit a Dissertation Registration Form to the Dissertation Office in accordance with the registration deadlines stated above. Upon return, the student will need to reconstitute a committee. Please note that former committee members are under no obligation to rejoin the committee and that new committee members have the right to disapprove work that may have been approved by former committee members.

At the completion of either the two-year or one-year clock, students may be eligible for a one quarter, no-fee extension. Such extensions are not granted automatically, but instead require the student to submit a petition to the Dissertation Office, using the form found in the Dissertation Handbook. The extension may be applied one time only after completing either the nine quarter initial registration or four quarter extended registration period. The extension is granted as a result of a short illness, committee member sabbatical, or being within one quarter of final draft approval by all committee members. Further extensions of dissertation enrollment without additional fee may only take place by petitioning the Education Council and are only granted under exceptional circumstances, such as serious and prolonged medical illness.
Students will be assessed an additional dissertation processing fee that includes the costs of proofreading, duplicating, publishing, copyrighting, and binding the dissertation. This fee varies per student and is determined after the final proofread and edited manuscript has been submitted.

If students intend to complete the dissertation process in time to participate in the commencement ceremony, they must submit a final copyedited version of the dissertation manuscript for publication to the Dissertation Office and have successfully completed the oral defense of the work at least six weeks prior to the date set for the ceremony. These final steps, including committee approval, proofing the dissertation manuscript, and oral defense can take several months to complete. Please keep in mind that the months of April and May are particularly busy, so students may wish to plan their completion efforts to avoid those months.

**Psy.D. Dissertation Completion**
The Psy.D. Dissertation Completion course series emphasize the development of critical thinking skills related to evaluating research studies and the writing of the Psy.D. Dissertation in Clinical Psychology. The course series focuses on the completion of an initial proposal which contains a literature review of the seminal sources, a well-defined clinical research question, a preliminary review of method(s) to be used in addressing the question, and an explication of the relevance of the question for the practice of clinical psychology. At the beginning of the third year, in order to assure timely completion of the Dissertation, students must (1) complete the composition of their committee, (2) complete Introduction, Literature Review and Methods sections, and (3) finalize their ethics application. In addition, students are encouraged to begin their data collection and analysis. At the beginning of the fourth year, in order to assure timely completion of the dissertation, students must (1) complete data collection (2) complete data analysis (3) complete the final draft document including Results and Discussion sections (the Discussion section needs to include implications for the advancement of the practice of clinical psychology), (4) participate successfully in the Oral Defense, and (5) complete the final document edits as required by the Dissertation Office.

**Institutional Research Board**
Any research that includes human subjects needs to follow the guidelines for such work in the corresponding department’s research and thesis, fieldwork, or dissertation handbook. This includes informing subjects of their rights and securing informed consent forms from each subject. For instance, if a student is interviewing individuals for a term paper, he or she must inform them of their right to anonymity and of their right to discontinue the interview at any point. Subjects should also sign an informed consent form. The format for these forms can be found in the research handbooks for each department.

**Program Time Limits for Completion of Degree Requirements**
Students enrolled in the Master’s program in Counseling Psychology or Engaged Humanities and the Creative Life must complete all applicable degree requirements (coursework, supervised practicum, personal therapy, oral exam, thesis or portfolio, and on-campus sessions as applicable) within a five-year period from the initial quarter of program matriculation.

Students enrolled in the Clinical Psychology, Depth Psychology, Mythological Studies, or Depth Psychotherapy/Integrative Therapy & Healing Practices programs/specializations must complete
all degree requirements (coursework, internship, personal therapy, depth transformative practice, exams, oral consultation and dissertation, if required by the program) within an eight-year period from the initial quarter of program matriculation. Time limits for program completion include periods of non-enrollment, such as a Leave of Absence.

If a student wishes to attend beyond the time frame described above, he or she must petition the Education Council in advance for an extension of the program time limit. If the program time limit expires, the student will be administratively withdrawn from the program. Students who wish to complete degree requirements must re-apply for admission and be accepted. Upon readmission, students must satisfy all degree requirements in effect at the time they return, including but not limited to: total units, courses, personal therapy or depth transformative hours, written and oral exams, supervised practicum or internship hours, and final project, thesis, or dissertation.

**Posting of Degrees**
A student’s degree will be posted to his or her transcript once verification has been confirmed by the Registrar’s Office that all degree requirements have been successfully completed. These include all required courses based on the student’s matriculation year as well as any clinical, therapy, thesis, or dissertation requirements of the program. Students will not be awarded an M.A. or Ph.D./Psy.D. with a grade of D, F, or NP in any courses leading to that degree. The student’s degree date will reflect the date of receipt of notification that the final degree requirements have been met.

Once the degree is conferred and posted to the transcript, the Registrar will send a letter of congratulations to the student. Once degree requirements are completed, a minimum of two weeks may be required to process the degree. If confirmation of the degree is not received within three weeks, please contact the Registrar.

Diplomas are distributed at commencement ceremonies. If a student is unable to attend commencement, the Registrar’s Office will mail the diploma. Students need to resolve all financial obligations with the Student Accounts Office (including but not limited to tuition, residential/non-residential fees, thesis or dissertation fees, library fees and fines, parking fines, and miscellaneous charges) before their diploma or official transcript will be released. In addition, doctoral students must submit a final, corrected dissertation manuscript and the accompanying forms for publishing and copyright before official transcripts will be released by the Registrar’s Office.

**Commencement Ceremonies**
Students who wish to participate in commencement ceremonies must successfully complete all degree requirements at least six weeks prior to the date set for the ceremony. Participation, though voluntarily, must be planned. All students intending to participate in the exercises must notify the Registrar’s Office by the published due date so that regalia can be ordered. Students who do not follow these procedures will not be allowed to participate in commencement exercises.

In order to receive a diploma or official transcript, all outstanding prior balances (including but not limited to tuition, residential/non-residential fees, thesis or dissertation fees, library fees and fines, parking fines, and miscellaneous charges) must be paid in full to the Student Accounts Office.
**Transcripts**
The Registrar’s Office is responsible for maintaining an official record of each student’s academic program of studies at Pacifica. Among other things, the transcript reflects the degree program, a chronological record of courses and grades, and degree(s) earned within that program at Pacifica.

Students may request an official or unofficial copy of a transcript at any time. A request for an official transcript will not be processed if the Student Accounts Office or Dissertation Office has placed a hold on the student’s account. Transcripts will be provided at no cost to students who are currently enrolled, and a processing fee of $4.00 per transcript applies if a requester is no longer enrolled at Pacifica.

Transcripts cannot be released without a valid signature. To order a transcript, submit a signed written request to the Registrar’s Office along with applicable payment. All transcript requests must be in writing by mail or fax. Telephone and email requests cannot be honored. Students may also request transcripts through My.Pacifica. The Registrar’s Office maintains all files in compliance with applicable law.

**Academic Integrity**

**Changes in Academic Policy**
Members of the academic community may submit suggested changes to academic policies to the Education Council. The Education Council will convene a policy review meeting to discuss and evaluate suggested policy changes and obtain input from the appropriate faculty and staff and will then send recommendations to the Provost. If the Provost also approves, he will communicate changes of policy to faculty and staff.

Students have input at Pacifica Graduate Institute in a number of ways. Means of input include, but are not limited to: faculty and course evaluations, faculty liaison meetings, and periodic student surveys conducted by the Office of Institutional Learning and other departments.

**Curriculum and Program Review**
The sequence of classes may be changed by the Program Chair at any time prior to the start of a quarter. Other significant curricular changes are implemented only after review by the Curriculum Review Committee and the approval of the Provost. To ensure that our programs offer the highest quality educational experience, we continually evaluate the curriculum and programs.

**Course Evaluation**
At the conclusion of each course, students assess components of the learning process through the Course Evaluation. Course Evaluation forms are completed online the week before final assignments are due. Instructions will be sent to students about how and when to access the evaluations through Pacifica’s assessment software, on the My.Pacifica page, or through an e-learning module for individual courses. Students may receive points, participation credit, or other incentives for completing the evaluation in each course; however, each student’s identity is not linked to his or her responses and the instructors will not have access to the confidential results until after grades are submitted for each course.
Individual and aggregate responses will be reviewed by the Program Chair for better understanding about all aspects of the learning process. Course Evaluation feedback is important because it affects curriculum development, assignments, format, and instructor selection.

**Ethics Committee (Non-Research)**

The Ethics Committee at Pacifica is comprised of either faculty members or a combination of faculty members and staff. Members are appointed by Institutional Management to serve for a period of three years. The purpose of the committee includes but is not limited to the following:

- To offer information and counsel regarding issues that may present an ethical dilemma.
- To offer advice and/or recommendations on appropriate courses of action on issues brought to the committee. Examples include problems within the institute that arise between student and faculty, among faculty, or involving staff or administration.

The Ethics Committee is not a policy making or decision making body, but is available to provide consultation and recommendations when requested or needed. Students may bring issues to this committee by making a request to the Academic Affairs Office (either the Provost or Academic Affairs Associate).

**Complaint and Grievance Policies and Procedures**

The Student Relations Liaison position is intended as an additional support for students who are seeking information and mediation regarding the grievance processes related to policies described in the Student Handbook. One of the key responsibilities of the Liaison is to create communication between students and their faculty, staff, and administration regarding creation of fair and positive solutions that uphold Pacifica’s standards and values as well as to address student’s questions and concerns.

The Student Relations Liaison can be reached at a confidential phone line (805) 220-8707 or at studentliaison@pacific.edu.

**Procedure for Resolving Academic and Administrative Complaints**

Students are encouraged to first discuss complaints with the person(s) who is (are) directly involved in the complaint in an effort to come to a satisfactory, informal resolution.

If these informal direct discussions are not successful, the student may pursue further informal avenues as defined within each academic program. The Program Chair, Student Affairs representative, or Student Relations Liaison may be involved in discussing possible resolutions or can be of assistance in directing a student to the appropriate person. If the matter relates to the student’s financial account, it may be referred to the Student Accounts Committee.

Before filing a formal grievance, Pacifica encourages students to use established program procedures for addressing and resolving complaints whenever possible. In some cases, students or faculty may be directed to the Ethics Committee for consultation or to the Educational Council for consideration of exceptions to academic policies. If it is determined that the student complaint is appropriate for consideration by the Education Council, the Education Council will review the
matter in accordance with its procedures and its decision will be final, subject to review by the Provost as described in Education Council procedures. When Education Council review is not appropriate, or where other specific and separate grievance procedures are not applicable, students may file a formal grievance according to the procedures described below. When an Education Council review is conducted, there will not be a duplicative grievance procedure.

**Restorative Approach**

Conflict on campus takes many forms. Sometimes it involves behaviors that are in clear violation of campus or community norms. Other times, it may be a personal harm that extends beyond campus policy, whether purposeful or unintentional. As part of the grievance process, Pacifica Graduate Institute has adopted a Restorative Approach to addressing conflict.

A **Restorative Approach** is a process of addressing conflict which focuses on repairing harm and healing relationships. Rather than a directive and punitive responses to wrongdoings, a restorative approach seeks to construct an environment where affected individuals have the opportunity to express their experience in a meaningful way. The fundamental premise of a restorative approach is that when participants understand the position of another person and are able to co-create a mutual resolution, affected individuals are more satisfied with the outcome, rather than having an individual or committee determine if and what punitive measures should be applied.

**Restorative Justice** is an alternative resolution method for individuals who accept responsibility for the violation of policies and community standards. Those responsible for the violation of policy are joined in a circle with those who were harmed by the incident, supporters of both offenders and harmed parties, as well as affected community members. In the RJ circle, all participants co-create and sign a contract that contains specific actions to be completed in order to repair the harm that has been caused.

<table>
<thead>
<tr>
<th>Goals of Restorative Approaches</th>
<th>Inherent Benefits of Restorative Approaches</th>
</tr>
</thead>
<tbody>
<tr>
<td>Process is Healing and Transformative</td>
<td>Those affected have a voice in the resolution process</td>
</tr>
<tr>
<td>Outcomes are decided by those most affected by the incident</td>
<td>Allows participants to focus on the harm that occurred and decide how to best repair it</td>
</tr>
<tr>
<td>Reduces the likelihood of future violations</td>
<td>Facilitates a conversation between those impacted and those who harmed the community</td>
</tr>
</tbody>
</table>

**Procedure for Addressing Grievances**

The grievance policy and procedures provide students with a method for addressing any concerns that may arise regarding possible violations to Pacifica’s academic or administrative policies that pertain to students, or an arbitrary or discriminatory application of, or failure to act in accordance with, the academic or administrative policies of Pacifica Graduate Institute pertaining to students. The procedure provides a thorough review of the student’s complaint and affords due process rights to dispute participants with the intent of arriving at a mutual agreement. The grievance
procedures are only for non-Education Council matters.

**Definitions**

Complaint
A student complaint is an allegation by a student that there has been an arbitrary or discriminatory application of, or failure to act in accordance with, the academic or administrative policies of Pacifica Graduate Institute pertaining to students.

A student complaint may involve a faculty or staff member(s) and/or the Program Chair or it may be related to an academic or administrative process.

Grievance
A grievance is made when complaints have not been resolved and the student alleges that there has been an arbitrary or discriminatory application of, or failure to act in accordance with, the academic or administrative policies of Pacifica Graduate Institute. A formal written grievance is made by a student to a designated academic (Program Chair) or administrative officer (Director) in which specific remedies may be requested.

**Formal Procedure for Resolving Grievances**
A grievance is initiated by completing and filing a Grievance Form available on Pacifica’s website or by writing a letter that includes the following description. This form requires a detailed description of the grievance, the parties involved, the attempts to resolve the grievance informally, and the remedies sought.

Most frequently, the grievance is addressed to the Program Chair or, if it involves non-academic matters, to the administrative director of that function, e.g., Financial Aid, Student Accounts Office, etc. If the Program Chair or an administrative director is a party to the grievance, the formal written grievance must be addressed to the Provost, who will assign the matter for review. If the Provost is a party to a grievance, the formal written grievance should be directed to the Chancellor, who will assign the matter for review.

The person receiving the formal written grievance will review it and within 30 days will gather information from the grievance parties, keeping a record and/or summary of this information. He or she will recommend a solution to the grievance based on mutual agreement. If a mutual agreement cannot be reached, a resolution will be determined and the grievant will be notified of the resolution in writing. Copies of all records will be sent to and maintained by the Academic Affairs Office or, for administrative department grievances, by the Human Resources office.

**Appeal Process**
For both academic and administrative grievances, if the parties accept the resolution, the grievance is considered settled. If the resolution is not accepted, then the grievant(s) may appeal the resolution in writing within 15 days of the date the resolution is mailed to the grievant(s). If the appeal is not submitted within the prescribed time limit, the resolution is final.

If the grievant(s) elects to appeal, appeals are submitted to the Provost, along with the written
If the Provost is the object of the grievance, the grievance will be referred to the Chancellor.

Within 30 days of appeal to the Provost, the Provost may decide the matter or may convene a Special Hearing Committee to further investigate the grievance. The Committee may include any of the following members, depending upon the circumstances: Core Faculty members, any Administrative Director, Ethics Committee members, or others. The Committee will make its recommendations to the Provost within 45 days after being convened.

The Provost will accept, reject, or revise the Committee’s decision and communicate it to the grievant(s). This decision will be based on the record and the Provost will not reopen the matter for additional evidence or argument. The action of the institutional management will be final.

**On-Campus at Pacifica**

**Housing, Transportation, and Meal Policies**

Pacifica Graduate Institute aims to host students in an environment that promotes academic growth and personal comfort. Student life at Pacifica is based on respect for self and others, responsibility, and consciousness of behaviors and attitudes that form the basis of a community of learners. Additionally, Pacifica strives to provide students with a space that supports physical, emotional, and spiritual wellness while engaging in challenging academic, intellectual, and social growth.

Pacifica’s vision for its students is for them to remain in community with their group, both in and out of the classroom. Meal times and the time spent while in residence are key opportunities for students and faculty to generate cohesion and camaraderie. These interactions are essential to fully experience and understand life at Pacifica. Residential students are required to stay in Institute-provided housing during their class sessions. Students may contact the Guest Services Coordinator for detailed information about lodging arrangements for their individual track.

There are two types of student housing status at Pacifica: Residential and Non-Residential. Residential status means that a student resides in Pacifica housing for each session. Non-Residential status means that a student does not reside at Pacifica overnight. Non-Residential status is available to students who reside in either Santa Barbara or Ventura counties. Proof of current residency is required from students wishing non-residential status.

**Lodging and Meal Fees**

The fees for lodging and meal plans are described in the “Enrollment Agreement Form” signed by all students. Please note that there are only three circumstances under which our housing policy provides for fee adjustments:

1. Students have been granted Non-Residential status
2. Students submit timely notification of an anticipated absence*
3. Special scheduling of classes as determined by the Registrar occurs
*In case of an anticipated absence for a particular session, a written cancellation must be received by the Guest Services Coordinator at least five days prior to scheduled arrival to avoid residential fees for that session.

Students who believe that they have a special circumstance that requires an exception to Pacifica’s housing policy may submit a written petition to the Pacifica Housing Committee. Petitions must be sent to the Guest Services Coordinator at housing@pacific.edu who will then submit them to the Housing Committee.

Student lodging requests will be canceled if the Education Council approves a student’s petition for part-time enrollment. The student may, subsequently, request housing by submitting a Part-Time Residential form to the Guest Services Coordinator one week prior to the start of the quarter in which part-time enrollment begins.

**Residential Students**

While scheduling adjustments may cause reassignment of a program’s campus of instruction, residential housing is provided at one of two locations, depending on the program. Students in the Counseling Psychology program, Depth Psychology programs (Somatics, Community/Liberation/Ecopsychology, Jungian and Archetypal Studies specializations), and Engaged Humanities and the Creative Life program typically attend classes and are housed on the Ladera Lane Campus.

Students in the Mythological Studies, Clinical Psychology, and Depth Psychotherapy/Integrative Therapy & Healing Practices programs typically attend classes on Pacifica’s Lambert Road Campus and are housed at the Best Western Carpinteria Inn. Shuttle service is provided by Pacifica to transport students between the Lambert Road Campus and Best Western Carpinteria Inn and between campuses at designated times. Shuttle service information is available at each campus’ Reception Desk.

Lodging for Residential students staying at the Best Western Carpinteria Inn is based on double occupancy. Customarily, roommates are assigned by the Guest Services Coordinator and are based on gender and class year. Occasionally, however, it may be necessary to pair students from a different class year in order to fulfill the double occupancy requirement. If a student has a roommate preference, he or she may email the Guest Services Coordinator requesting a particular student as a roommate.

If changes in housing needs or status are not anticipated during the academic year, a student may choose to submit the Residential Housing Form or Non-Residential Application/Housing Form annually. Students are responsible for any charges incurred if they fail to submit timely written notification of their non-attendance.

Residential students wishing to change to Non-Residential status may do so by submitting a Residential Housing Form to the Guest Services Coordinator that includes the address of the student’s residence in Santa Barbara or Ventura County. This change will take effect upon receipt of the written notice and acceptance by the Housing Committee of proof of county residency (see below).
Pacifica reserves the right to make temporary alternative housing and/or transportation arrangements if necessary.

**Non-Residential Students**

To meet the conditions of Non-Residential status, a student must reside in Santa Barbara or Ventura County. “Residence,” “reside,” and “residing,” refer to a place of continuous domicile. Both new and returning students are required to submit annual proof of county residency, along with a Non-Residential Form.

Residency is established and supported by producing three or more of the following documents:

- California driver’s license
- California voter registration card
- Copy of most recent Federal or State tax return
- Current paycheck stub
- Current utility bill
- Current vehicle registration card
- Rental agreement with a property management company (no personal owner agreements accepted)

Students may also qualify for Non-Residential status if they choose to stay with an immediate family member who resides in either Ventura or Santa Barbara County. Pacifica defines immediate family member as parents (natural or adoptive), grandparents, or siblings. Any student who plans to stay with immediate family during the sessions must submit a Non-Residential Form and a notarized affidavit confirming the immediate family relationship. The Non-Residential form may be sent to the Guest Services Coordinator via email to housing@pacific.edu, by fax to (805) 879-8270, or by mail to 249 Lambert Road, Carpinteria, CA 93013.

If a student does not meet the above conditions, but wants to be considered for Non-Residential status due to special circumstances, he or she may do so by submitting a written request to the Housing Committee. Requests will be carefully reviewed, and, if the Housing Committee approves the request, the Guest Services Coordinator will notify the student in writing and the status change will become effective before the next class session.

If a student moves to Santa Barbara County or Ventura County during the academic year, Non-Residential status will take effect before the next class session, contingent upon the Housing Committee’s acceptance of the student’s proof of residency in one of these counties. It is the student’s responsibility to notify the Guest Services Coordinator about changes in residence. The Guest Services Coordinator may request proof of residence once the student has made initial contact. If the circumstances that originally qualified a student for Non-Residential status become invalid, he or she must notify the Housing Office in writing and Residential status will be assigned.

Residential or Non-Residential status remains in effect until the student notifies the Guest Services Coordinator in writing of a change. Changes of status become effective for the subsequent class session.
Non-Residential students are responsible for their own transportation, must abide by the parking policies, and remain participants in the Pacifica meal plan.

**Residential Housing Waiver**

Students who live outside of the Santa Barbara and Ventura Counties have the option to apply for a Residential Housing Waiver for family related considerations, financial hardships, medical concerns, or summer residential exceptions. Students wishing to be exempt from Residential status must complete a Residential Waiver Form, which enables a student to request a change to their Residential status for one academic year. Forms must be filled out and returned to the Housing Office eight weeks prior to the start of the first session of an academic year, if the request is for a full year, or eight weeks prior to the start of a summer residential session. The student should provide documentation as to why he or she is requesting a change in residential status with the waiver form to be review by the Housing Committee. The Guest Services Coordinator will notify the student of the status of their Non-Residential request and when the change is scheduled to become effective.

Once completed, academic year residential status changes are locked-in for one academic year, and changes to the student’s residential status will not be allowed until the following academic year, unless the student is to move in or out of Santa Barbara or Ventura County. Students are responsible for resubmitting their waiver application to the Housing Office eight weeks before the beginning of each academic year, or eight weeks before the first summer residential session for a summer exception.

**Please note the following:**

- Students with Non-Residential status may not stay on either the Lambert or Ladera campus overnight. This includes sharing rooms with Residential status students, camping on the grounds, or sleeping in the parking lot.
- Student parking on the Lambert Campus is **not allowed** per Santa Barbara county law, and shuttle service from the Best Western Hotel in Carpinteria will be provided while classes are in session. If a student is found to be parking on campus or on Lambert Road, their car may be towed at the owner’s expense and Non-Residential status may be revoked.

If a student does not abide by these guidelines for Non-Residential status or if there is any violation of the student conduct policy, the Housing Committee reserves the right to revoke a student’s Non-Residential status. The Residential Waiver Form can be found on the Housing Office website and may be sent to the Guest Services Coordinator via email, housing@pacific.edu, by fax to (805) 879-8270, or by mail to 249 Lambert Road, Carpinteria, CA 93013.

**Transportation/Shuttle Service**

Pacifica’s shuttle service is provided to transport:

- Students who attend program sessions on the Lambert Campus. The shuttle runs to and from the Best Western Carpinteria Inn and between campuses at designated times throughout the day. Students may check with the Receptionist at either campus to obtain shuttle schedule information.
• Students who attend program sessions on the Lambert and Ladera campuses. The shuttle runs to and from the Best Western Carpinteria Inn, the IHOP Santa Barbara Airbus Stop, and the Amtrak station, on the day before and the morning of each session.
• Shuttles do not provide service from the Best Western Carpinteria Inn or any other location to the Ladera campus for Public Program participants (regardless of student status).
• Shuttle service between campuses is provided for prospective students at designated times during Introduction Days.

Other than what is listed above, shuttle service is not provided to the Ladera Campus.

**Student Meals**
Meal plans for both Residential and Non-Residential students include breakfast, lunch, and dinner. Meal plans may vary among programs due to differing schedules. Students may contact the Guest Services Coordinator to obtain detailed information about the meal plan for their track.

Pacifica’s meal policy requires full participation by all students during their class sessions. Meal times provide a wonderful setting for students and faculty to come together as a community. Students may request an exemption from the policy if they have successfully petitioned the Education Council for an altered class schedule. If a student does not require meals for the full session due to non-attendance or approved alteration to a class schedule, that student must notify the Guest Services Coordinator at least five days prior to the scheduled class session to avoid any charges.

Students are asked to bus their own tables. Students are asked to return all dishware and utensils to the busing station in the dining room if they eat outside or bring these items to their classrooms or dorm rooms.

**Special Diets**
Pacifica’s catering service will provide special meals for any student who is placed on a restricted diet by his or her physician. To request a medically restricted diet, a student must complete the Dietary Form available on the Pacifica website and submit it to the Housing and Guest Services Coordinator, along with a physician’s prescription, at least three weeks prior to attendance. If necessary, the kitchen staff will discuss any dietary restriction with the physician in order to provide the proper meal within the context of the current menu. It is imperative that meal planning be done in advance so that the kitchen staff may be prepared.

Students following a vegan diet are asked to fill out the Dietary Form and the caterer will provide an alternative meal. These meals are for vegans only. If a student selects a vegan diet on the dietary form, all meals will be prepared as vegan. Vegan menus will not be available on a meal-by-meal basis.

Students who request a special diet meal are responsible for identifying themselves to the kitchen staff at mealtime and should not go through the buffet line. The caterer will try to accommodate personal preferences and personal choice diet requests (e.g., low fat, high protein, low cholesterol) if such variations to the meals can be addressed within the context of the currently planned menus. Please inform the Guest Services Coordinator to review what options may be possible.
**Guest Meals and Campus Visits**

Occasionally students may invite a guest to join them for a meal. To make arrangements for a guest meal, students need to notify the Guest Services Coordinator at least one week prior to the class session. This notice ensures that the catering staff is prepared. The hosting student’s account will be charged for the guest’s meal. Guest meals that are not cancelled at least three days in advance are billed to the hosting student’s account. Because our dining facilities are often utilized for classroom interaction during mealtimes, the dining facilities at each campus are considered classrooms. As such, students are asked to limit the number of meals their guest participates in. Guests may not be under 18 years of age. Guests should not arrive or remain on campus for extended periods of time prior to or after the meal. Guest meals are a privilege which may be revoked at any time, for any reason, at Pacifica’s discretion.

Visitors, regardless of age, are not permitted in classrooms (which may at certain times include the dining halls on both campuses). No one unaffiliated with Pacifica who is either selling products to students or charging or requesting a fee for services rendered to students is permitted on campus at any time. A guest or family member may not sleep overnight on the Ladera campus. Everyone on either campus or traveling to or from either campus must abide by all parking, traffic, and land use regulations.

Students who wish to have a meal on campus while a different track is in session should notify the Guest Services Coordinator prior to arrival and obtain a meal ticket. All meals are coordinated through the Housing Office. Ticketed meals are billed to the student’s account.

**Lost and Found**

Pacifica is not responsible for misplaced personal items. As a courtesy, however, a lost and found service is provided through the Reception Desk.

**Nursing Mothers/Special Needs**

Pacifica wishes to support student mothers who are nursing infants and asks that all mothers and caretakers are mindful of the importance of the learning environment. Day care resources are not available at either campus.

Students with special needs, including nursing mothers, who require a family member or caretaker’s presence on campus for distinct periods, are required to contact their Program Administrator prior to class sessions so that appropriate arrangements can be made. Nursing infants may be transported privately (shuttle service is not available) onto common campus areas only during lunch or dinner breaks and must leave when classes resume. Infants should not be brought into the dining room, library, and computer labs for their protection and safekeeping. A private room can be made available for nursing and breast milk expression during meal periods. If disturbances or other issues arise, the visitor exception may be withdrawn and other feeding arrangements will need to be made.

Parking arrangements for visitors to the Lambert Road campus must be made with the Campus Receptionist at (805) 969-3626 x101 prior to arriving on campus.
Campus Safety and Security
Pursuant to the Crime Awareness and Campus Security Act of 1990, annual reports of crime statistics and campus polices concerning crime and security on campus are available in the Campus Transportation and Security Office located on the Lambert Road Campus in the main building above the Bookstore, on the Pacifica website, and in this handbook.

Lambert Road Campus
Each Lambert campus building is equipped with one or more fire extinguishers and a first aid station. For safety reasons, students are asked to stay on designated paths when walking on campus. While most paths are lighted at night, we advise students to carry a flashlight and walk on the driveway. Moreover, for safety reasons, students are strongly discouraged from walking on Lambert Road. If it is necessary to walk on Lambert Road, however, walk only two abreast and on the side of the road facing traffic.

The Transportation and Security office is responsible for responding to student safety and security concerns. For on-campus emergencies between 6:00 am and 11:00 pm, please call (805) 896-1887, (805) 896-1888, or the campus receptionist or another staff member at (805) 969-3626 x101. Any staff responder will then dial 911. For off-campus emergencies please dial 911 and notify the security office if possible. Please note that shuttle drivers are not able to transport injured students to any location other than the Best Western Carpinteria Inn. If necessary, shuttle drivers have access to the Student Emergency Contact Forms, which are located in the Transportation and Security Office. Please report any and all campus safety concerns to the Transportation and Security Office.

Ladera Lane Campus
The Ladera Lane campus site is a member of the Montecito Emergency Response and Recovery Action Group (MERRAG). This group, initially formed by the Montecito Fire, Water and Sanitary Districts, is designed as a “self-help” organization that enables these special districts and the community to respond to a disaster during the first 72 hours after an event.

Ladera Lane campus buildings are equipped with fire extinguishers. First aid supplies for minor medical problems or supplies for personal needs may be obtained at the reception desk in the Administration building. Staff members are on duty at the Ladera Lane campus reception desk from 7:00 am to 12:00 am to assist students.

If there is an after-hours emergency, call the Ladera night security caretaker at (805) 708-4531. Please identify the location as the Ladera Lane campus. A 911 call may be made from public phones. (Each room at the Ladera Lane campus has been supplied with a pamphlet containing the above information and phone numbers.)

Meeting rooms on the Ladera Lane campus are locked at 11:30 pm and buildings are locked at 11:45 pm. On-site security is available for emergencies.

Students are advised to stay on paths as poison oak flourishes in the brush. Even though the walkways are lit during the evening hours, a flashlight is recommended.
Please report any and all safety concerns to Pacifica personnel.

**Gun-Free School Zone**
The California Gun-Free School Zone Act of 1995 and Amendments, codified in California Penal Codes §§ 626.9 & 626.10 ("the Act"), prohibit the transportation and possession of firearms and other dangerous weapons on public or private school properties in California, including property of Pacifica Graduate Institute. This policy prohibits the transportation and possession of firearms and other dangerous weapons on the grounds of Pacifica, areas adjacent to the Campus, or to activities of or programs conducted by the Institute. This policy applies to all students, employees, and other members of the Institute’s community, to any vendor or contractor providing services on either campus, and to any individual visiting or participating in programs or activities.

Any person, who processes a Firearm, Generally Prohibited Weapon, Lethal Weapon, Less Lethal Weapon, Stun Gun, Imitation Firearm, Fireworks, or Incendiary or Destructive Device, all as defined in the Act, on Pacifica Property, may be subject to criminal penalties and/or disciplinary action.

**Student Parking**
All students are required to comply with Pacifica’s parking and transportation policies, as presently written and as they may be amended. These policies are designed to be respectful of our neighborhood and to comply with our Conditional Use Permit (CUP) requirements and local, county, and state laws.

Pacifica is not liable for loss or damages to any vehicle or its contents while parked at either campus location or the Best Western Carpinteria Inn. Please be careful to lock your vehicle and secure all valuables.

**Lambert Road Campus**
Parking on the Lambert Road campus for faculty and staff is limited and occurs by assignment only. We ask that students be respectful of staff and faculty parking needs, and remember to park on campus only after 5:00 am. and on weekends. This privilege is subject to Pacifica’s needs and can change at any time. Additionally, in accordance with local regulations, students, family members, and guests are not permitted to park on Lambert Road, at the off-ramp area at the intersection of Via Real and Highway 101, or at Loon Point. Students who violate a parking or transportation policy will receive a verbal or windshield notice of violation. A second violation will result in a vehicle being ticketed with an accompanying fine. Each subsequent violation will result in additional fines and repeat violations may result in disciplinary action including possible dismissal from the Institute by the Education Council.

**Physically Disabled and Special Needs Parking at Lambert Road Campus**
All parking at the Lambert campus is by assignment only with arrangements made through the Campus Receptionist at (805) 969-3626 x101 prior to coming to the Lambert campus.
Student requesting parking at the Lambert Road Campus because of physical disability or temporary special need are required to contact the Disability Services Coordinator or possess a valid Disabled Person Parking placard issued by the DMV which must be properly displayed within the vehicle or on its license plate. In addition, if a student has special needs that require a
family member or caretaker’s presence on campus for an extended period of time, arrangements for the parking must be made prior to coming to the Lambert campus.

**Ladera Lane Campus**
Student parking is available at the Ladera Lane campus. Residential students are asked to park in the parking area next to the handball courts behind the Residence Building. Non-Residential students should park in the main lot in front of the Administration Building. Students may not park in restricted areas. Please read the parking signs and note there is no student parking on Ladera Lane or on Toro Canyon Road.

**Good Neighbor Policy**
Pacifica’s community reputation, in part, is based on its relationship with its neighbors. We ask that each student join with us in extending consideration to those with whom we share our connected space.

When on Pacifica campuses, please be guided by the following:

**Lambert Road Campus**
- Respect Pacifica’s and our neighbors’ boundaries. Please do not go on any property other than the campus areas between our driveway and Lambert Road, our gardens, and the open area above the gardens.
- Please do not feed or pet the neighboring horses or pick orchard fruit.
- To respect all community members, animals are not allowed on campus grounds or in campus buildings and should not be left in vehicles parked on campus. Service animals are an exception. Please review the Service and Assistance Animal policy for details.
- Any use of sports equipment (i.e.: volleyballs, hula hoops, badminton sets, etc.) on campus is at the user’s own risk. Pacifica has no legal liability for any injury or other damage that may occur as a result of using the sports equipment on campus.
- Please be attentive to noise levels on campus at all times. This is a remote, quiet campus where even the sound of voices travel great distances, particularly during the evening hours. Please conduct evening gatherings indoors only.
- Please follow all posted speed limits and use caution when entering and exiting the property.

**Ladera Lane Campus**
- We ask that all students respect both Pacifica’s and our neighbors’ boundaries. Please do not enter or tread on any property other than the campus areas surrounding the buildings. For your own safety, please stay on the pathways when walking on the grounds.
- A strict noise curfew takes effect each evening at 10:00 pm. Ladera is a very quiet neighborhood and sound travels great distances. Please keep voices low while outside, and be sure noises remain confined within building walls after 10:00 pm.
- To respect the needs of all community members, pets are not allowed on campus grounds, in campus buildings, or in vehicles parked on campus, with the exception of approved service animals. Please note that neighbors are permitted to walk their leashed dogs through the campus grounds.
- Parking is allowed only in designated spaces on the campus lots. Disabled person parking
is located to the rear of the Dining Hall and in the lot on the southeast side of campus. Parking on neighborhood streets is prohibited.

- Any use of sports equipment (i.e.: volleyballs, hula hoops, badminton sets, etc.) on campus is at the user’s own risk. Pacifica has no legal liability for any injury that may occur as a result of using the sports equipment.
- Please drive carefully when approaching and departing the campus. Ladera Lane, East Valley Road, and neighboring streets are narrow, winding, and often filled with fast moving traffic.
- For the same reasons, it is not advisable to walk on Ladera Lane, East Valley Road, and/or Toro Canyon Road. If it is necessary to do so, however, please walk single file and on the side of the road facing oncoming traffic.
- Please follow all posted speed limits and use caution when entering and exiting the property.

Organized Student Gatherings
Due to the Conditional Use Permit (CUP) restrictions imposed by Santa Barbara County at both campus sites, plans for any group gatherings other than those indicated on the program class schedule must be submitted in advance for review and approval by the Program Chair and campus site administration.

Use of Alcohol
The use of alcohol on the grounds of either campus is prohibited except for Pacifica approved functions.

Fires
The Lambert and Ladera Lane campuses are both located in high fire danger areas. The making of fires and the use of candles and other flammable items by students on the grounds or in the buildings of either campus is strictly prohibited.

Smoking
Due to the constantly high fire danger, students must be very careful when smoking outdoors. Students may smoke only in designated areas on either campus. Use of electronic cigarettes is not permitted inside or on any other part of campus outside of designated smoking areas. Please exercise respect for others when smoking, including the use of electronic cigarettes.

Lambert Road Campus
The Lambert Road campus has a designated smoking area located near the garden by the faculty parking lot. Smoking, including the use of electronic cigarettes, is not permitted in any other area on the Lambert campus.

Ladera Lane Campus
The Ladera Lane campus has a designated smoking area located outside in the gazebo near the northwest corner of the dining hall. Smoking, including the use of electronic cigarettes, is not permitted in any other area on the Ladera campus.
**Student Solicitations**
Outside vendors may submit advertisements to the Director of Guest Services who will evaluate ads for appropriateness. Approved ads will be posted on the student bulletin board. Student-to-student solicitations for selling of services and goods are not allowed on either campus. Students are not permitted to use other students’ names, addresses, and/or email addresses for solicitation purposes. Students are also encouraged to refer to the Multiple Relationship Policy.

**Bookstore**
The Institute established a bookstore to serve students studying the specialized curriculum of Pacifica. Bookstores are located on both the Ladera Lane and Lambert Road campuses. The bookstore offers an excellent selection of suggested readings, faculty publications, and other books relevant to thesis and dissertation research. Purchases made in the bookstore may not be charged to a student account as the bookstore accounting system is independent of the Student Accounts System. All returns must be made within five weeks of purchase and must be accompanied by a receipt. Merchandise must be in new and saleable condition. Opened videos, audio cassettes, tarot decks, CDs, and any discounted items are not returnable.

**Textbooks**
All textbooks sales are offered online at: [http://bookstore.mbsdirect.net/pacifica.htm](http://bookstore.mbsdirect.net/pacifica.htm)

At the website, select the quarter the textbooks are needed, the program, and the year of study. Select a course from the list to see the required reading material. If used textbooks or e-books are available, there will be an option to choose a new, used, or electronic book. Select the books desired and proceed to the checkout. Online purchases may be returned up to 14 days from the original purchase date or from the start date of class, whichever is later. **To receive a full refund from MBS Direct, textbooks must be in purchased condition.** At the end of the quarter, students will have the opportunity to sell back books that are in demand. Visit Pacifica’s online textbook store for specific buyback information.

**International Students** – If you need to purchase and pick-up your textbooks on campus, please contact the Bookstore in advance so that your textbooks can be made available for you on a quarterly basis. The bookstore can be contacted by email at bookstore@pacifica.edu.

**Student Accounts Office**

**Tuition and Fee Payments**
Pacifica’s annual tuition and fees are billed quarterly, approximately 80% over Fall, Winter and Spring, with Summer’s tuition charge making up the remaining 20%. The quarterly tuition plus residential or non-residential fee charges are due fourteen (14) days prior to the first day of class for each quarter for all continually enrolled students. All other fees are due to Pacifica on or before the end of the month in which billing was received. To ensure continued enrollment in a program, students must pay their student account balance in accordance with Pacifica’s payment policies, regardless of whether or not a statement has been received.
Students who are using Federal Stafford Loans to assist with their payment of quarterly tuition and fees need to pay the balance not covered by their loan within the fourteen (14) day deadline described above.

Students may make payments either by personal check, cashier’s check, money order, or by credit card (MasterCard, Visa, American Express, or Discover). To make a credit card payment, access the self-service section of my.Pacifica.edu, and click on the Finance tab. IT support is available at ITSupport@pacific.edu or at (805) 969-3626 x199. Pacifica does not accept cash payments. Any payment that is declined due to Non-Sufficient Funds (NSF) is subject to an additional $50 fee.

A $100 late fee will be assessed to the student’s account each quarter if payment for tuition and residential or non-residential fees is not received by Pacifica Graduate Institute by the end of the first day of the quarter.

**Although statements may be mailed, students are encouraged to access their My.Pacifica account for current Student Account balance information.**

In order to be eligible for enrollment in subsequent quarters, students must be in **good financial standing.** Good financial standing means that quarterly tuition and fees are paid in accordance with the payment policies described above and any balance due on the Student Account is paid each month in full.

**Refundable Tuition**

Students withdrawing or taking a Leave of Absence from Pacifica are eligible for a tuition refund after submitting written notification to the Registrar’s Office. The date of withdrawal will be determined by the date written notification is received by the Registrar Office. If students withdraw or file for a Leave of Absence from Pacifica after instruction has begun, they will receive a prorated refund of the tuition charges as stated below. Any credit balance on a student’s account resulting from a tuition refund will be refunded to the student by check or direct deposit (if the student is signed up for direct deposit through Nelnet). Otherwise, the tuition refund will be applied to any unpaid balance. If a refund is due to the student and the student paid by credit card, the refund amount will be credited back to the student’s credit card.

Students dropping or withdrawing from a course are eligible for a tuition refund after submitting a completed Request to Drop a Class form to the Registrar’s Office. The effective date will be determined by the date written notification is received by the Registrar’s Office. If students drop a class or withdraw from a course after instruction has begun, they will receive a prorated refund based on a “per unit tuition calculation” which is the sum of the quarterly tuition in the specific program divided by the total quarterly units offered in that program.

<table>

Day 29 to day 35 of the quarter .................................................................40%*
Day 36 to day 42 of the quarter .................................................................30%*
Day 43 and beyond .........................................................................................0%

**Summer Quarter Policy:**
On or before the first day of class .................................................................100%
* Based on “per unit tuition calculation”

If a student withdraws from Pacifica after the first day their track begins the Summer Session, the tuition refund is prorated based on the number of days in the quarter, up to and including the date written notification is received by the Registrar’s Office.

**Refundable Residential or Non-Residential Fee**
Students who plan to miss an on-site session will be eligible for a refund of the residential or non-residential fee if written notification is submitted to the Housing Department at least five (5) days prior to the first day of class for the missed session.

If a student attends any portion of the quarterly on-site session and then withdraws, takes a Leave of Absence, or drops courses from Pacifica, a Residential/Non-Residential refund will only apply to subsequent sessions in that quarter and not the session during which the student withdraws, takes a Leave of Absence, or drops courses. If the school cancels or discontinues an on-site course, students will receive a prorated refund of the fee.

**Dissertation Refund Policy**
Students who withdraw from Pacifica while enrolled in the dissertation phase of their program must submit a written request to the Registrar’s Office. The date of withdrawal will be determined by the date written notification is received by the Registrar’s Office. If a student withdraws after the first day of a quarter, he or she will be charged the full dissertation fee for that quarter, and any excess payment will be refunded within thirty (30) days of notification of withdrawal. If the student is a financial aid recipient, any pending financial aid will be canceled.

Please be aware that students may not take or register for a leave of absence during any dissertation enrollment period. Students are able to take a leave of absence after the two-year dissertation phase has ended. By registering for a leave of absence, the dissertation committee will be dissolved. Upon returning from leave, it will be the student’s responsibility to convene a new committee.

**Financial Aid Office**
The purpose of financial aid is to provide financial assistance to students enrolled on at least a half-time basis (minimum 3 units) in an eligible program at Pacifica. Pacifica’s Board of Trustees, administrators, faculty, and staff do all they can to ensure that quality education is accessible to all students. Pacifica is committed to a policy of non-discrimination in its regulations pertaining to the award of financial aid.

For complete details on how to apply and the types of financial aid available, please visit the Financial Aid Office website at [http://www.pacifica.edu/financial-aid](http://www.pacifica.edu/financial-aid). You may also download the
Pacifica Financial Aid Guide from the website or stop by the Financial Aid Office for a printed copy.

Important note: The financial aid information published in this handbook is current and accurate at the time of printing. Federal and state regulations governing the various federal and state programs may change periodically. Please consult the Financial Aid Office for the most up-to-date information.

**General Eligibility Requirements**
To qualify for federal financial aid at Pacifica, a student must:

1. Be admitted to an eligible program at Pacifica and enrolled in that program on at least a half-time basis (minimum 3 units/quarter);
2. Complete and submit the Free Application for Federal Student Aid (FAFSA) form each year to determine eligibility for federal financial assistance at www.fafsa.gov. Pacifica’s School Code is **G31268**.
3. Be in good standing in order to qualify for federal financial assistance (a student may not have federal liens, be in default, or owe a refund on any federal financial aid program).
4. Be a United States citizen, legal permanent resident of the United States or eligible non-citizen; provide proof of compliance with selective service and drug conviction regulations.
5. Be making Financial Aid Satisfactory Academic Progress (FSAP) toward the completion of degree requirements. (See FSAP policy for details.)
6. Complete an entrance counseling session with the Financial Aid Office prior to receiving the first loan disbursement and an exit counseling session when leaving Pacifica.

**Types of Financial Aid Available**

**Pacifica Scholarship Programs**
Pacifica offers a number of institutional scholarships each year in the Fall: The Pacifica Education Assistance Program, the Joseph Campbell Scholarship, the Herman Warsh Scholarship, the Jung/Freud Clinical Scholarship, the Marion Woodman Scholarship, the Founders Scholarship, and the Global Innovators Scholarship. Scholarships are awarded to those applicants who show high financial need and academic merit. For complete details, deadlines, and to download the scholarship applications please review the Scholarship webpage at [http://www.pacific.edu/financial-aid/financial-aid-scholarship-programs](http://www.pacific.edu/financial-aid/financial-aid-scholarship-programs).

**Pacifica Matching AmeriCorps Scholarship Program**
Pacifica is a proud participant in the Segal AmeriCorps Matching Education Award program and is pleased to offer the Segal AmeriCorps Matching Scholarship to qualified AmeriCorps Alumni enrolled in one of Pacifica’s master or doctoral programs. For complete details, please review the Scholarship webpage on the Financial Aid Office website.

**CLE Specialization Matching Grant**
Offered to newly admitted students in the M.A./Ph.D Community, Liberation, and Ecopsychology (CLE) specialization. Pacifica will match (through tuition grant) up to $12,500 per year offered by an incoming student’s employer, non-profit organization, sponsoring member of the community, or foundation. The number and amount of individual awards is contingent upon the number of eligible applications received. Applicants should have experience in and commitment to working in community based settings or on environmental or cultural issues. The matching funds awarded will be renewable throughout a student’s course of study in conjunction with their sponsoring source.

**Peace Corps Paul D. Coverdell Fellow Program**
Offered to qualified returned Peace Corps volunteers newly admitted in the M.A. Counseling Program and M.A./Ph.D. Community, Liberation, and Ecopsychology specialization. The Fellow benefits include application fee waiver; $10,000 tuition waiver per year for the three years of on-campus coursework; five units of credit for fieldwork (DPC 783), if service in the Peace Corps has been in the last four years. Accepted Coverdell students will not need to pay for these five units.

**Veterans Administration Educational Benefits**
Pacifica’s programs are approved for the training of veterans and other eligible persons under Title 38, U.S. Code. To determine eligibility requirements under any of the education benefit programs, call 1-888-GIBILL1 or logon to the VA website at [http://www.gibill.va.gov/](http://www.gibill.va.gov/).

Pacifica has agreed to participate in the Post 9/11 GI Bill Yellow Ribbon Matching Scholarship program. For details of Pacifica’s Yellow Ribbon Matching Scholarship program contact the Financial Aid Office or visit the Pacifica Scholarship Programs link on the Financial Aid website.

For students eligible for education benefits through the Veterans Administration, all previous education and training will be evaluated. Credit will be awarded where appropriate and the program will be shortened accordingly. The student and the Veterans Administration will be notified by the Registrar promptly.

**Federal Direct Loan Program**
Pacifica Graduate Institute participates in the U.S. Department of Education William Ford Direct Loan program. The Direct Loan program provides students with access to federal Unsubsidized Stafford Loans as well as PLUS Loans for graduate and professional students by allowing students to borrow directly from the U.S. Department of Education. To learn more about these Federal Direct Loan programs, visit the U.S. Department of Education website at [http://www.direct.ed.gov](http://www.direct.ed.gov) or the Pacifica Financial Aid website at [http://www.pacifica.edu/financial-aid](http://www.pacifica.edu/financial-aid). You may also learn more about these loan programs in the Pacifica Financial Aid Guide, which is available for download online or in the Financial Aid Office.

**Student Employment**
Pacifica does not participate in the Federal Work-Study program.

**Private Alternative Education Loans**
Private alternative education loans are private, non-federal loan programs that require at least half-time enrollment, good credit history, the ability to repay the loan, and US citizenship or permanent
resident status. Some loans may require a creditworthy co-signer. For complete details, please refer to Pacifica’s Financial Aid Guide or visit the Pacifica Financial Aid website.

**Return of Federal Funds/Refunds**
Pacifica Graduate Institute adheres to the Return of Federal Funds (R2T4) regulated by federal policy (Sect. 668.22 Higher Education Amendments of 1998). For those students who are eligible and receive federal financial aid and find it necessary to withdraw from all courses at Pacifica prior to the completion of the current quarter, the following federal policy applies. The focus of the policy is to return the unearned portion of the federal financial aid for the enrollment period. Only the amount of financial aid that has been earned (based on the number of calendar days completed in the period of enrollment) will be retained on the student’s behalf. Any unearned aid will be returned to the Department of Education (DOE).

Return of federal funds will be calculated based on the date an official withdrawal notice is received by the Registrar’s Office (i.e., written notification, the last date of documented attendance, or, for an unofficial withdrawal, the mid-point of the term or the last documented date of attendance).

If withdrawing from school on or before the 60% point in the term, the school, and possibly the student, shall return the percentage of unearned Title IV federal financial aid.

The distribution of returned funds is as follows:
1. Federal Direct Unsubsidized Stafford Loan
2. Federal Direct Plus Loan
3. State, private, or institutional aid
4. The student

A “refund” refers to the calculation of institutional charges and is a separate calculation from the Return of Federal Funds calculation. The amount of refundable institutional charges (tuition and residential/non-residential fees) will be prorated based on school policy. Policy details are available in the Refund Policy section of this handbook. If there is a balance due by the student as a result of the unearned financial aid being returned, the student will be responsible for payment of the difference.

Details and examples of the Return of Federal Funds Policy are available in the Financial Aid Office. Details and examples of the Refund Policy are available from the Student Accounts Office.

**Financial Aid Satisfactory Academic Progress (FSAP) Policy**

For All Federal Financial Aid Recipients Enrolled in Coursework:
Annual evaluation of FSAP will occur after Summer grades are posted each year (*in August or September depending on the Summer track end dates*). For Psy.D. Clinical Psychology program the FSAP annual evaluation will occur after the Spring grades are posted each year.

A cumulative grade point average of 3.0 must be maintained AND a minimum of 67% of attempted units must be successfully completed with a grade of “C” or better (grade of “B” or
better required for Clinical students). Transfer credit (TR) will be considered as both attempted and completed units. Incomplete grades (I), failing grades (F, NP), withdrawn grades (W), repeated courses (R) and courses in progress with grades pending (J) will be counted as attempted units and excluded from completed units until successful grades are posted to the transcript.

Example: The percentage of completed units is calculated by dividing the number of successfully completed units by the number of attempted units. For example, if you attempt 6 units in each of the Fall, Winter, and Spring terms for a total of 18 attempted units and you successfully complete a total of 12 units, you have completed only 66.7% and are not maintaining FSAP. Your eligibility for federal aid would be suspended.

Dissertation students completing dissertation coursework are considered to be in progress and will be counted as attempted credits and will not receive a grade until the student is able to complete his or her dissertation. Students who are completing their dissertation demonstrate FSAP by having a committee formed and submitting acceptable written work to their dissertation committee chair/advisor by the end of the first year. The student and committee chair must confirm that such progress has occurred. At the end of the ninth quarter of dissertation, in order to be making FSAP, a student must have a committee-approved proposal to receive aid during a third year of dissertation work. All pending financial aid will be cancelled once the final draft is approved. Federal financial aid is not available beyond the thirteenth quarter of dissertation work. Please review the Dissertation Satisfactory Academic Progress flyer for more details.

Financial Aid Suspension
It is the student’s responsibility to ensure FSAP is maintained. Students will not receive prior FSAP warnings. Students who fail to maintain a minimum cumulative grade point average of 3.0 and/or fail to successfully complete a minimum of 67% of attempted units each year will lose eligibility for Federal Stafford and Grad Plus Loans. Dissertation students who fail to meet the FSAP requirements will also lose eligibility for federal financial aid. These students will be notified in writing if or when their eligibility for federal aid is suspended.

Appeal Process
Students for whom federal aid has been suspended may appeal this determination if extenuating circumstances (such as a death in the family, injury, illness, or other special circumstances) has hindered academic performance.

Students are strongly encouraged to submit a written appeal within two weeks after receiving notification that financial aid has been suspended. Appeals must be in writing and describe the basis for the appeal. The appeal should include the following items:

- An explanation as to what has changed that would allow the student to demonstrate FSAP at the next evaluation.
- A Corrective Action Plan (CAP) that provides a detailed explanation of how and when deficiencies will be resolved.
- A proposed academic plan for completion of the degree requirements.

The appeal and the CAP must be submitted in writing to the Director of Financial Aid at Pacifica Graduate Institute, 249 Lambert Road, Carpinteria, CA 93013. Phone: (805) 969-3626 x137. The
FSAP Committee will review each student’s appeal and CAP to determine whether the FSAP standards will be met and if eligibility for federal aid will be re-instated.

**Maximum Timeframe**

Students must successfully complete the program within the maximum timeframe. Students in the Master’s programs must complete the degree requirements within 5 years and Doctoral programs within 8 years. The maximum number of units a student may attempt in the process of completing the degree is:

<table>
<thead>
<tr>
<th>Program</th>

* The maximum number of units attempted may vary based on degree requirements at the point of admission to the program of study

**Student Responsibilities**

Students must:

- Accurately complete and submit all applications by the required deadlines;
- Promptly respond to requests for additional required documentation;
- Avoid intentional misreporting of information on financial aid forms;
- Read, understand, and retain copies of all forms signed and submitted;
- Read, understand, and accept responsibility for all signed agreements;
- Review and understand all information about the program of study prior to enrollment;
- Understand and comply with all requirements of federal, non-federal, and Pacifica financial aid programs;
- Repay your student loans plus interest that accrues, even if you do not complete your education, cannot get a job, or are not satisfied with your education;
- You must use your federal student loan for educational expenses only;
- File for a deferment or forbearance, or change repayment plans if you are at risk of default;
- Remain continuously enrolled, i.e., not have a break in enrollment such as a leave of absence for sequential continuation of financial aid;
• Complete the required Entrance Counseling session prior to the receipt of the first loan disbursement;
• Complete an Exit Counseling session prior to leaving Pacifica (i.e., upon completion of degree requirements or prior to a leave of absence or withdrawal); and
• Notify the Department of Education and alternative loan lenders and the administrative offices at Pacifica of all changes to a student’s address, phone number, email address, and enrollment status. Failure to notify the Financial Aid Office may result in delayed processing of the financial aid.

**Notice of Penalties of Drug Law Violations**
Federal law provides that a student who has been convicted of an offense under any federal or state law involving the possession or sale of a controlled substance during a period of enrollment for which the student was receiving financial aid shall not be eligible to receive any federal financial aid during the period beginning on the date of such conviction and ending after the interval specified in the following table.

If convicted of an offense involving:

<table>
<thead>
<tr>
<th>Possession of a Controlled Substance:</th>
<th>Ineligibility Period:</th>
</tr>
</thead>
<tbody>
<tr>
<td>First Offense</td>
<td>1 year</td>
</tr>
<tr>
<td>Second Offense</td>
<td>2 years</td>
</tr>
<tr>
<td>Third Offense</td>
<td>Indefinite</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Sale of a Controlled Substance:</th>
<th>Ineligibility Period:</th>
</tr>
</thead>
<tbody>
<tr>
<td>First Offense</td>
<td>2 years</td>
</tr>
<tr>
<td>Second Offense</td>
<td>Indefinite</td>
</tr>
</tbody>
</table>

A student whose eligibility has been suspended based on a conviction for possession or sale of a controlled substance may resume eligibility before the end of the ineligibility period if:

A. The student satisfactorily completes a drug rehabilitation program that:
   1. Complies with the criteria prescribed in the federal regulations; and
   2. Includes two unannounced drug tests;

B. The student successfully passes two unannounced drug tests conducted by a drug rehabilitation program that complies with the criteria prescribed in the federal regulations; or

C. The conviction is reversed, set aside, or otherwise rendered nugatory.

**Gainful Employment Disclosure**
Pacifica Graduate Institute’s U.S. Department of Education’s Office of Post-Secondary Education Identification number (OPEID): 031268-00

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at: [http://www.pacifica.edu/degree-programs/graduate-degree-programs-in-depth-psychology](http://www.pacifica.edu/degree-programs/graduate-degree-programs-in-depth-psychology).
For program specific gainful employment information, please visit our website at:

Vaccination Policy
Pacifica does not require vaccinations for its students. However, students are encouraged to be responsible for their well-being. Please visit the Centers for Disease Control and Prevention website at [www.cdc.gov](http://www.cdc.gov).

Research and Information Technology Resources

The Graduate Research Library and Joseph Campbell & Marija Gimbutas Library

**Introduction**

Pacifica Graduate Institute’s library resources and services support graduate-level study in the areas of counseling psychology, clinical psychology, depth psychology, depth psychotherapy, mythological studies, and humanities. Subject area strengths are in Jungian and archetypal psychology, depth psychology, psychoanalysis, clinical psychology, mythology, religious studies, psychological studies of literature, and research methodology.

**Library Collections**

The Graduate Research Libraries on the Lambert and Ladera campuses contain over 23,000 books, 100,000 ebooks, 2,900 theses and dissertations, and 1,000 audio and video materials. They also provide access to thousands of journals, both in print and electronic formats. Special reference collections include faculty publications, rare and hard-to-find books, and other unique multimedia materials. Computer terminals are available for students at both campus libraries to support word processing, web-based email, and Internet/database searching. Printers and photocopiers are also available and wireless Internet access is available throughout both campuses for personal laptop use. Library items can be sent by shuttle between the two campuses upon request, though transferring can take one business day or more. These items are available through the library catalog, which is available from the library’s website.
The smaller Ladera campus library is staffed when Ladera campus students are in session. When Ladera classes are not in session, the Ladera library is closed, and students are asked to use the Lambert campus main library. Shuttle service is offered between the two campuses at designated times so students can make use of both library facilities.

OPUS Archives and Research Center is an independent 501(c)3 non-profit organization located on both campuses. The Joseph Campbell and Marija Gimbutas library, consisting of approximately 4,600 books, is housed on the Lambert campus. These books do not circulate and cannot be checked out. The archival collections of Joseph Campbell, Marija Gimbutas, James Hillman, Jane Hollister and Joseph Wheelwright, Marion Woodman, Christine Downing, and Katie Sanford are on the Ladera campus OPUS facility. Various parts of these collections include manuscripts, drafts of published and unpublished books, correspondence, audio lectures, research notes, photos, slides, paintings, and personal items. These collections and the Campbell and Gimbutas library are open to the public by appointment only. If you would like to visit the archives for research or become a volunteer archival assistant, contact OPUS at (805) 969-5750 or visit the website at [www.opusarchives.org](http://www.opusarchives.org).

**Library Account and Off-Campus Resource Access**
You can access all electronic library resources off-campus, including your library catalog account. Your username is your firstname.lastname and your password is your 5-digit student ID number (found on your student ID card). For example:

Username: Joe.Student  
Password: 12345

Logging into your library catalog account lets you renew your checked-out items online, see what you have assigned to your account, and see what, if any fines accruals you may have. Contact library circulation if you have trouble accessing resources off-campus.

**Circulation Services**
Most of the library’s materials circulate except for reference books, print journals, and special collections (e.g., rare items). Currently enrolled Pacifica students may check out up to 50 library items at one time, and the standard loan period is six weeks.

**Renewals and Holds**
Items checked out may be renewed indefinitely as long as they have not been placed on hold by another patron or not overdue by longer than 30 days. Students can renew items through their own personal library catalog accounts or ask library staff to renew them in-person, by phone, or e-mail. Students may also place up to 12 items on hold at a time. When a requested item is available, the library catalog automatically emails the hold requestor notifying them that the item came in. Holds may either be mailed to the requestor or held at one of the libraries for pick up. These options are available through the catalog when requesting a hold or students can notify staff directly of their choice.

**Overdue Items**
Overdue books accrue fines of 35¢ per day per item, with a maximum charge of $65.00 per item. Items overdue longer than 30 days cannot be renewed. Items overdue within 30 days can be renewed, though overdue charges still apply. Students are advised to inquire at the circulation desk about overdue fines for psychological assessment materials which accumulate hourly. Items that are returned damaged (this includes highlighting, underlining, liquid damage, or other book defacement), or are missing components, are also subject to replacement costs. If and when the Library must replace lost or damaged items, students will be charged the full replacement cost of the item purchased new, in addition to any accrued overdue fees. Items overdue more than 6 months will be replaced, with students charged $65.00 per item. Once overdue items are replaced, no fee adjustments or waivers can be issued for them. Lost Master’s theses will incur a $20.00 replacement fee and lost Doctoral dissertations will incur a $50.00 replacement fee. Students must contact Library staff before attempting to purchase a replacement item for one they have lost; this enables staff to verify that the replacement will be a suitable one, including the same edition and published year. Billing for all library charges is handled through the Student Accounts Office for students on a monthly basis; please do not send payment directly to the library.

All circulation requests may be made in person, by email at circulation@pacific.edu, or by telephone at (805) 679-6115. All library correspondence regarding overdue materials, library accounts or library services is sent to students’ @My.Pacific.edu email accounts. Students are required to check their @My.Pacific.edu email accounts regularly for important official notices from the Library.

Library Accessibility
The library offers a number of resources and assistive technologies for individuals with learning or mobility challenges. This page outlines the general services offered, though we encourage anyone with specialized needs to contact staff members for personal assistance. Please note that many of the library’s electronically accessible ebooks and journals now come with built-in voice-reading technology; contact library staff for further assistance with those.

Accessible Stations
The Lambert library provides an accessible computer and learning station. From this terminal, students are able to access all online library resources including the library catalog, the library’s subscription databases, and online research guides. Additional components include speech recognition software, specialized screen-reading software, headphones, microphone, and accessible keyboard. This station is located in an accessible room that can be closed from the rest of the library for students with attention sensitivities requiring reduced audio-visual stimulation. This station is only available to our patrons requiring additional accessibility features. A similar workstation is available in the Ladera campus computer lab, adjacent to the Ladera library.

Intel Reader
For individuals requiring assistance with reading from the general collections, the library can provide an Intel Reader (for use within the library) which can convert captured pages into speech. This assistive device can also read additional transferred text files and comes with headphones. Please note that the library assumes no responsibility for the accuracy and reliability of this Reader.
Special Services
Library staff are available to attend to any patron who needs individual assistance. Requests for special access services need to be submitted in advance to the library’s circulation staff so they can best accommodate the request. Requests for special services made while visiting the library will be accommodated as best as possible.

Electronic and Off-Campus Resources
Pacifica students have access to thousands of e-books, full-text online journals, online videos, dissertations & theses, and numerous academic databases which cover a variety of subject areas. They are available both on and off campus. The library’s physical holdings (i.e. its print collections, DVDs, and CDs) can be requested via its catalog, at http://catalog.my.pacifica.edu/. Other electronic resource databases providing ebooks, e-journals, reference resources, and more, include the following:

- Academic Search Premier - full text to over 4,600 publications via EBSCO
- Archive for Research in Archetypal Symbolism (ARAS)
- ATLA Religion with ATLASerials (produced by EBSCO)
- Business Source Elite (produced by EBSCO, containing leadership journals)
- Cabell’s Publishing Directory for Psychology, Psychiatry
- Cambridge Collections Online
- Collected Works of C.G. Jung online (via EBSCO eBooks and ebrary)
- Collected Works of Sigmund Freud online (via PEP Archive)
- DSM-V Online
- Ebrary Academic Complete
- EBSCO eBooks
- EBSCO E-Journals Database
- Electronic Journals Service (EJS provides access to the library’s individual journal subscriptions) via EBSCO
- Gale Virtual Reference Library
- Health Source Nursing Academic (produced by EBSCO)
- Humanities International Complete database via EBSCO
- JSTOR Arts & Sciences III
- Mental Measurements Yearbook with Tests in Print via EBSCO
- Oxford Classical Dictionary
- Oxford Companions
- Oxford English Dictionary
- Oxford Handbooks in Religion, Philosophy, and Psychology
- ProQuest Dissertations and Theses (formerly known as Digital Dissertations) - contains PDF versions of all Pacifica dissertations, as well as over 1 million dissertations from universities throughout the world
- Psychoanalytic Electronic Publishing (PEP) Archive via EBSCO
- PsycARTICLES (produced by the APA) via EBSCO
- PsycBOOKS (produced by the APA) via EBSCO
- PsycCRITIQUES (produced by the APA) via EBSCO
Interlibrary Loan Services
Materials not held by the library may be requested through Inter-Library Loan (ILL). Requests may be made in-person, through the online request form at http://www.pacific.edu/graduate-research-library/library-interlibrary-loan-request-form, by e-mail at ill@pacific.edu, or by telephone at (805) 679-6115. ILL requests for items already owned by the Pacifica Library will not be processed. Students will be contacted by email when the requested items arrive, though it is difficult to predict how quickly that will occur since the Library depends on the speed of the lender to process requests, the mail delivery service, etc. To cover the fees of the lending libraries, $3.50 plus shipping is charged per item for this service to students. Students may request to pick items up in-person at either campus library to avoid shipping costs. Renewal policies for ILL documents are dependent on the lending library, not Pacifica’s. Overdue ILL items are charged a $1/day fee and items not returned after one month are assessed a replacement charge, determined by the lending library, plus a $20 processing fee. Students are limited to 20 ILL requests per 30 days.

Reference Services
Reference librarians are available to provide orientations to the library, information literacy instruction, and assistance with scholarly research. Individual instruction (by appointment or on a walk-in basis) and small group instruction are available throughout the year. Reference requests may be made in-person, by mail, telephone at (805) 679-6144, or e-mail to reference@pacific.edu.

Delivery/Shipping Charges
Library items may be shipped to students via shippers who use trackable systems, such as UPS or US Postal Service Priority Mail, and via an expedited service such as FedEx upon request. The charge for the first item delivered via standard UPS shipping is $5.50 and each additional item is 50¢. Papers, articles, etc. (small items) are delivered at a reduced rate of $1. The additional cost of expedited service, if requested, will be added to these fees. If articles or book chapters must be photocopied and/or scanned by library staff, up to 25 pages per day are provided free of charge. More than 25 scans or photocopies per day incur an additional charge of 20¢ per scanned/photocopied page.

Check Out Policy for Psychological Assessment Materials
Students may check out testing materials on a first-come, first-served basis, and for 3 hours at a time per test. Since psychological assessment materials must remain in the library, the library recommends that students reserve the library conference/reading room 24 hours in advance in order to review and use the testing materials. Students who do not arrive within 1 hour of their reservation times may forfeit the use of the testing materials as well as the library
conference/reading room and may need to make arrangements to reschedule. Please inquire at the circulation desk about fines for testing materials that are kept beyond their times.

**Library Hours**

**Lambert Library Hours**
Monday-Saturday: 9:00 am – 7:00 pm  
Sunday: 10:00 am – 7:00 pm

**Ladera Library Hours** (open only when classes in session at Ladera)  
Monday-Tuesday: 10:00 am – 7:00 pm  
Wednesday: 9:00 am – 6:00 pm  
Thursday-Friday: 10:00 am – 7:00 pm  
Saturday: 10:00 am – 2:00 pm and 5:00 pm – 7:00 pm  
Sunday: 9:00 am – 6:00 pm

The Joseph Campbell and Marija Gimbutas Library is open to Pacifica students for brief visits; advanced notice is recommended for more extensive research visits. Please contact Richard Buchen, Special Collections Librarian, for an appointment at rbuchen@pacific.edu

**Writing Resources and Tutors**

The Library also provides access to online writing resources, both created/provided by Pacifica and from other external organizations. Pacifica-created resources include recorded webinars and presentations by Pacifica faculty members on scholarly writing and APA Style, as well as online guides, tutorials, and handbooks on APA and MLA Style. Resources from external organizations, such as Purdue’s Online Writing Lab (OWL) include links to materials on MLA and APA Style, scholarly writing, proofreading, the writing process, and plagiarism.

Pacifica currently provides access to writing tutors, free of charge to currently enrolled students who need help with *course papers* (not dissertations or theses). This includes English as Second Language (ESL) writing assistance. Tutors may help with grammar, structure, MLA and APA
formatting, and more. Please contact tutors for appointments well in advance of due dates so that
you can work with them in enough time to receive feedback, and at different points in the writing
process. This will give you enough time to revise your papers as necessary. Support is provided on
a first-come, first-serve basis.

All writing resource and tutor information can be found at http://www.pacific.edu/graduate-
research-library/writing-assistance, in the Graduate Research Library navigation menu.

Information Technology Policies
Pacifica’s Information Technology department is committed to advancing the use of technology to
enhance the quality and effectiveness of the educational experience for our students, faculty, and
staff. The office is uniquely structured to provide technical support and computing services in
support of Pacifica’s mission of providing quality graduate degree programs that foster research in
the fields of depth psychology, humanities, and mythological studies

Computer and Network Resource Acceptable Use Policy
Pacifica is committed to providing those facilities, faculty, curricula, resources, and administrative
personnel that facilitate the free exchange of ideas. The school is dedicated to creating an
academic environment that fosters the willing and enthusiastic participation of those individuals
and groups who compose its community. At the same time, the school must protect itself from the
legal, academic, and personal ramifications ensuing from the misuse of its computer and network
resources. Thus, the school has placed reasonable limits on the use of its computing and network
resources. Any policies contained herein are intended to preserve a learning environment
characterized by mutual respect and the exchange of intellectual thoughts. The full text of
Pacifica’s Computer and Network Resource Acceptable Use Policy may be found at:
http://www.pacifica.edu/about-pacifica/pacifica-graduate-institute-student-services/pacifica-
information-technology/computer-network-resource-acceptable-use-policy.

Information Security Plan
Pacifica continues to be diligent in providing safeguards to protect against unwanted intrusions
with malicious or other intent, as well as to protect the information that the institution works with
during the normal course of business. The safeguards the school has adopted address the
information that is stored centrally, as well as decentralized information that is stored in hardcopy
and electronic format. The Information Security Plan outlines the privacy practices or information
security measures of the school. The plan describes Pacifica’s safeguards to protect confidential
information belonging to its students, faculty, and staff. The full text of Pacifica’s Computer
Information Security Plan may be found at: http://www.pacifica.edu/about-pacifica/pacifica-
graduate-institute-student-services/pacifica-information-technology/information-security-plan.

Student Computer Requirements
Students attending Pacifica are required to have access to computing resources and to possess a
functional level of working computer knowledge to support their academic aspirations. The
technology and communication systems at the school are designed to facilitate efficient, timely
communication and notification within the community. To facilitate distance learning, Pacifica
uses a Learning Management System (LMS), email, phone, and the Student Self-Service website
to interact with students while completing coursework. The LMS facilitates student-instructor communication in a non-traditional classroom setting. Students registered for courses receive usernames and passwords which grants them access to My.Pacifica systems once the enrollment process is completed on the first day of coursework. The full text of the Student Computer Requirements matrix may be found at: http://www.pacifica.edu/about-pacifica/pacifica-graduate-institute-student-services/pacifica-information-technology/pacifica-computer-requirements-table.

My.Pacifica Student Technical Support
For immediate assistance to common Pacifica computer related questions, please visit Pacifica’s Information Technology home page at: https://www.pacifica.edu/information_technology.aspx. Students may also receive individual technical support from 8:30 am through 5:00 pm Monday thru Friday, and 7:30 am through 3:30 pm Saturday and Sunday, excluding holidays and breaks observed by the school, by contacting the IT Help Desk at itsupport@pacifica.edu or (805) 679-6199.

Copyright and Intellectual Property Policies

Course Materials and Content
The contents of each course taught by instructors at Pacifica Graduate Institute are copyright protected. All federal and state copyrights are reserved for all original material presented in each course through any medium, including lecture, print, and electronic documents. Students are prohibited from being paid for taking, selling, or otherwise transferring for value, personal class notes made during each course to any entity without the instructor’s written permission. In addition to legal sanctions, students found in violation of these policies may be subject to academic disciplinary action.

Classroom Lecture Taping
Pacifica acknowledges faculty members’ and Pacifica’s legal copyright protection over classroom lectures. Therefore, faculty may limit circumstances under which certain students may audio tape classroom lectures. Individual faculty members may inform students during the first week of class regarding their taping policy. The absence of notice provides students with the right to audio tape lectures; however, students who wish to record must ask permission from the instructor first. Recordings are for private use only and are not permitted to be shared or distributed without prior consent. Due to the personal and confidential nature of some classroom discussion and material, the instructor has discretion to prohibit certain parts of class from being recorded.

Students granted audio taping rights through a Pacifica approved disability accommodation plan are entitled to audio tape. An approved plan supersedes any individual faculty member’s classroom taping policy, and each faculty member is notified of the accommodation. Unless approved through a disability accommodation plan, Pacifica does not facilitate or provide audio recordings of classes. Students must manage permitted recordings themselves.
For Pacifica Students

Introductory Note
Copyright rules for education and academia are not stringent. This section serves only as a guideline regarding current practices in Intellectual Property, and students are personally responsible for complying with copyright law.

Definitions and Terms

What is Intellectual Property?
The term “Intellectual Property” refers to all ideas, information, creation, and knowledge protected by law. Intellectual Property concerns everything tangible that human minds have created, as opposed to physical property. For example, the Microsoft® (or MSN®) butterfly is not a physical object, but it is a fixed form protected by Intellectual Property Rights.

What is Copyright?
Copyright law is designed to protect the works of authors and creators of art, music, poetry, prose, etc., from unauthorized republication, reproduction, duplication, or distribution. Original copyright law was drafted to foster creativity and inspire new, original, academic, cultural, or economic contributions. Any work in a fixed, tangible form is automatically protected by copyright the moment it is completed; registration with the Copyright Office offers additional benefits to copyright holders, but it is not necessary for protection under the law.

What Else Might be Protected by Intellectual Property Rights?
Patents, trademarks, registered trademarks, registered designs, company logos, cartoons, created scents, trade dresses, performances, maps, spoken recordings, and lectures are all examples of items or ideas that can be protected from unauthorized use.

What is Public Domain?
Public Domain concerns anything published or produced prior to 1923, anything published between 1923 and 1977 without copyright notice, and anything published from 1923 to 1964 with copyright notice but without copyright renewal. Other exceptions exist as well. Anything that falls within Public Domain may be freely used by anyone (with proper citations, of course). For updated information about Public Domain materials, consult the U. S. Copyright Office (http://www.copyright.gov). Cornell University has an excellent web page on materials available through Public Domain (http://www.copyright.cornell.edu/resources/publicdomain.cfm).

What is Fair Use?
Fair use is a copyright exemption that allows greater latitude for scholars and critics engaged in non-commercial use. However, fair use is not a law and is mostly considered more along the lines of a doctrine. Unfortunately, Fair Use is not clearly defined and often is only defined individually in legal cases. The four factors judges consider are:

- The purpose and character of your use
- The nature of the copyrighted work
- The amount and实质性 of the portion taken
- The effect of the use upon the potential market
This is not to say that the amount and substantiality of the portion taken cannot always be defined in absolute terms. Even if you take a small portion of a work, your copying will not be a fair use if the portion taken is the “heart” of the work. In other words, you are more likely to run into problems if you take the most memorable aspect of a work, or the part that sums it up. For example, it would probably not be a fair use to copy only the opening guitar riff and the words, “I can’t get no satisfaction” from the song, “Satisfaction.” (Source: Stanford Libraries and Academic Information Resources page, “Measuring Fair Use: The Four Factors” at http://fairuse.stanford.edu/Copyright_and_Fair_Use_Overview/chapter9/9-b.html#3)

Using Protected Materials

Books, Manuscripts, and Printed Materials
According to copyright law, no more than 10% or 1,000 words of a single work may be reproduced without authorization; however, for academic purposes, “fair use” clauses relax such restrictions. Most students do not quote more than 10% of a book within their own papers, theses, or dissertations, so this is not often an issue. Though the boundaries of “fair use” are often unclear, anything in the 15-20% range is considered excessive, and anything greater than 15-20% of the entire work will likely be considered unacceptable. Proper attribution and citation are always required (anything else is plagiarism).

Poetry
An entire poem may be quoted if its length is less than 250 words; if the poem is longer, up to 250 words may be used. Additionally, no more than five poems or poem excerpts by different authors from the same anthology may be used and no more than three poems or poem excerpts by any one poet.

Music or Lyrics
Reproducing music for academic, educational fair use is limited to 10%, but not more than 30 seconds, of a musical work. Students may not alter or change the fundamental musical structure or character of the work. Even if the intent is for “academic” or “educational” use, copying or distributing complete songs is not protected under fair use. This means that students may not submit entire songs or copied CDs to accompany their papers, theses, or dissertations (also known as “pirating” material) without expressed permission from the copyright holders. Additional copyright restrictions involving the thwarting of industry technology (anti-pirating coding) also prevent the copying of entire CDs.

CD art work, designs, and lyrics may also be protected by copyright law, although no legal precedent has been set for the reproduction of lyrics. It is recommended that no more than 10% is reproduced, and it is suggested that students obtain copyright permission if they intend to use this type of work in their projects.

Photographs, Art Work, and Other Illustrations
In most cases, expressed permission to use these must be obtained. For example, students who wish to use a strip from Calvin and Hobbes must obtain (written) permission from Bill Watterson to do so. This extends to photographs of protected architecture and buildings or architecture
created on or after December 1, 1990 in some cases, even if you snapped the photo. So, students who wish to use a picture of the Guggenheim may be required to obtain (written) permission to use the image from the Guggenheim. In most art and architecture books, there will be an extensive section of items listed as “[re]printed with permission”. Also, finding material on a website does not imply that it is free of copyright restrictions or fees. Students who intend to use a photograph of a person will need to possess (written) permission to do so.

It may be necessary to obtain permission to reproduce paintings from the governing or owning body, such as the Tate, the Huntington, the Getty, the National Gallery, as well as the copyright holder.

No more than five images by an artist or photographer, and no more than 10%, or up to 15 images, of a collective work (periodical issue, anthology, encyclopedia, etc.) may be used in any one work.

As with music, it is not permissible to alter the integrity of copyrighted art work or make modifications without approval from the copyright holder.

Videos, Movies and Multimedia
Students may use up to 10%, but not more than 3 minutes, of a copy protected video, movie, motion picture, etc. For copyrighted databases, data tables, and datasets, up to 10%, or 2,500 fields, or cells (whichever is less) may be used.

Consequences
Failure to comply with copyright and intellectual property laws can result in a variety of consequences. In addition to cease-and-desist letters or lawsuits from copyright holders or companies, students may be subject to federal penalties such as injunctions, federally assessed damages and profits, seizures, forfeitures, recovery of legal costs, and criminal prosecution. For additional information on the full range of federal actions that may be taken, please review Sections 501-513 of U.S. Copyright Law at http://www.copyright.gov/title17/92chap5.html.

Dissertations and theses cannot receive final approval or be published if they violate these standards.

Honesty and Plagiarism Policy
Pacifica Graduate Institute is committed to the highest standards of academic honesty. It is expected that students will complete all course assignments, exams, research projects, theses, and dissertations with honesty and integrity. Students may not, at any time, misrepresent the authorship of work submitted in their name. Plagiarism, fabrication of research data, and failure to complete separate written work for each course taken are examples of violations of the honesty policy. Students who use similar material for different courses must first obtain explicit permission from the instructors. Students may be required to submit electronic copies of course assignments for plagiarism scanning software. The Institute uses the anti-plagiarism service, Turnitin.com, which is used to scan student submissions for originality.

Students are expected to be familiar with and abide by the definitions of plagiarism provided by the writing and publication manuals of their respective disciplines. These definitions are available
in the current editions of the *Publication Manual of the American Psychological Association* and the *MLA Style Manual and Guide to Scholarly Publishing*. Appropriate citation and referencing of sources as described by these manuals is the best way to avoid the possibility of plagiarism. Since the intent to deceive is not a necessary element in plagiarism, careful note taking and citation are essential to avoid unintentional plagiarism.

All instances of academic dishonesty must be reported to the Program Chair and the Provost.

If a student plagiarizes (presents others’ words as his or her own), misrepresents the source of the work, steals, borrows and/or collaborates in a dishonest way with others in completing such work, or is fraudulent in any way related to practicum work, the student will receive a failing grade from the instructor or research committee member for that work. In addition, the Registrar will automatically place the student on academic probation pending a formal review by the Education Council. Sanctions range from a grade of “F” for the assignment to permanent expulsion from Pacifica Graduate Institute, depending upon the Education Council’s assessment of the academic breach. Evidence of plagiarism discovered after graduation may lead to the revocation of a student’s degree. If the penalty involves separation from Pacifica Graduate Institute, the Registrar will notify the student in writing.

Students may appeal Education Council decisions to the Provost, who may appoint a Review Committee. Decisions made by the Provost are final.

Students’ written work is protected by intellectual property rights. Faculty may not duplicate or distribute certain written work by students’ without the student’s permission. Course content is also protected by intellectual property rights. Faculty have certain rights to lecture material and other course content. Students may not duplicate, distribute, or sell lecture notes or other protected course content without faculty permission.

**Campus Equity and Student Conduct**

**Title IX Compliance**
Title IX is a portion of the Education Amendments of 1972, Public Law No. 92-318, 86 Stat. 235 (June 23, 1972), codified at 20 U.S.C. sections 1681 through 1688. It states (in part) that:

No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.

Pacifica investigates complaints by faculty, staff, students, and applicants who believe themselves to be harmed by sexual harassment or discrimination and harassment related to issues that have protected class status. Complaints should be addressed to the Provost.

**Nondiscrimination and Equal Opportunity Statement**
Pacific Graduate Institute does not discriminate on the basis of race, color, national origin, religion, creed, gender, sexual orientation or gender identity, physical or mental disability, citizenship status (within the limits imposed by law or Institute policy), marital status, medical
condition, or age in any of its policies, procedures, or practices. This nondiscrimination policy covers treatment in institutionally approved academic programs and activities. In conformance with Institute policy, Pacifica Graduate Institute is an Affirmative Action/Equal Opportunity Employer. Students who believe they have been subjected to any form of unlawful discrimination should submit a written complaint to the Student Relations Liaison in the Provost’s Office.

In addition, Pacifica protects all student speech and association rights in support of the open exchange of ideas and the equal and fair treatment of all its students.

**The Diversity Committee Mission Statement**
Diversity in the student body, faculty, staff, board, and administration is an essential component of the learning experience at Pacifica Graduate Institute. The purpose of the Diversity Committee is to nourish an atmosphere at Pacifica that promotes, respects, and encourages diversity in its fullest sense.

In order to achieve greater diversity, concerted effort is necessary in recruitment and retention. To build an atmosphere of hospitality toward differences, Pacifica encourages cross-cultural dialogue, reviews the curriculum regularly with regard to issues of diversity, and explores pedagogies that enlist awareness of diversity in the learning process.

Appreciation for diversity begins with thoughts and attitudes that support multicultural environments. Pacifica engages in a process of self-evaluation regarding institutional, collective, and individual racism, and other bias in order to work toward a more inclusive learning environment. To this end, Pacifica encourages regular dialogue on issues of diversity among the staff, faculty, and student body. Depth psychology is an historical, philosophical, and practical conversation of diverse voices with multiple, yet related, points of view on interiority, culture, context, the unconscious, imagination, dialogue, transformation, myth, symbol, symptom, and healing.

Practitioners of depth psychology who are struggling to become conscious about issues of cultural bias, Eurocentrism, colonialism, and domination in the field find that many theories of depth psychology can be used as a valuable guide to the hosting of diversity. Depth “psychologies” may more aptly describe the complexity of voices that comprise any situation: intrapsychic, interpersonal, intercultural, or interspecies. They ask us to acknowledge our point of view at any moment as one among many. This attitude helps allow space for alternate perspectives to emerge, thus augmenting, challenging, confirming, and critiquing points of view with which we have identified. Depth psychologies see this discipline as a necessary and ongoing process that is sensitive to shifts in what calls from the margins of a culture at any particular time.

The movement from singularity of voice to polyphony, from identification with a fixed viewpoint to a critical and contextualizing viewpoint, parallels psychology’s own contemporary movement from a universalist standpoint that often covered over cultural context and bias. Just as the individual seeks to open a space for other viewpoints to emerge, some depth psychologies are presently struggling to be clear about their origins in Euro-American culture and the implicit values underlying their predominant foci of research, clinical and community practice, and favored methodologies.
This struggle allows psychology thoughtfully to extend its research and clinical and community practice to groups and issues previously under-represented by a more monocultural discipline, by working in concert with members of such groups. Therefore, at Pacifica, we seek to view diversity within the container of plurality, tolerance, and debate.

In accord with Pacifica’s commitment to depth psychology, we actively support an educational environment that respectfully welcomes the richness of cultural, racial, gender, sexual orientation, class, religion, learning style, able-bodiedness, and other even as yet unnamed differences, which all who study and work in this Institute bring as gifts for a learning community.

Gender-Based and Sexual Misconduct Policy

Introduction
Members of the Pacifica community, guests, and visitors have the right to be free from sexual violence. All members of the campus community are expected to conduct themselves in a manner that does not infringe upon the rights of others. Pacifica believes in a zero tolerance policy for gender-based and sexual misconduct. When an allegation of misconduct is brought to the attention of Pacifica administration, and a respondent is found to have violated this policy, serious sanctions will be used to reasonably ensure that such actions are never repeated. This policy has been developed to reaffirm these principles and to provide recourse for those individuals whose rights have been violated. This policy is intended to define community expectations and to establish a mechanism for determining when those expectations have been violated. The sexual orientation and/or gender identity of individuals engaging in sexual activity is not relevant to allegations under this policy.

Overview of Policy Expectations with Respect to Physical Sexual Misconduct
The expectations of the Pacifica community regarding sexual misconduct can be summarized as follows: In order for individuals to engage in sexual activity of any type with each other, there must be clear, knowing, and voluntary consent prior to and during sexual activity. Consent can be given by word or action, but non-verbal consent is not as clear as talking about what is permissible and what is not. Consent to some form of sexual activity cannot be automatically taken as consent to any other form of sexual activity. Silence, without actions demonstrating permission, cannot be assumed to show consent. Additionally, there is a difference between seduction and coercion. Coercing someone into sexual activity violates this policy in the same way as physically forcing someone into sex. Coercion happens when someone is pressured unreasonably for sex.

Because alcohol or other drug use can place the capacity to consent in question, sober sex is less likely to raise such questions. When alcohol or other drugs are being used, a person will be considered unable to give valid consent if he or she cannot fully understand the details of a sexual interaction (who, what, when, where, why, or how) because they lack the capacity to reasonably understand the situation. Individuals who consent to sex must be able to understand what they are doing. Under this policy, “no” always means “no,” and “yes” may not always mean “yes.” Anything but a clear, knowing, and voluntary consent to any sexual activity is equivalent to a “no.”
Overview of Policy Expectations with Respect to Consensual Relationships

There are inherent risks in any romantic or sexual relationship between individuals in unequal positions (such as teacher and student, supervisor and employee). These relationships may be less consensual than perceived by the individual whose position confers power. The relationship also may be viewed in different ways by each of the parties, particularly in retrospect. Furthermore, circumstances may change, and conduct that was previously welcome may become unwelcome. Even when both parties have consented at the outset to a romantic or sexual involvement, this past consent may not remove grounds for a later charge of a violation of this policy. Pacifica does not wish to interfere with private choices regarding personal relationships when these relationships do not interfere with the goals and policies of the university. For the personal protection of members of this community, relationships in which power differentials are inherent (faculty-student, staff-student, administrator-student) are generally discouraged. Please review the Multiple Relationship policy in this handbook for further details.

Consensual romantic or sexual relationships in which one party maintains a direct supervisory or evaluative role over the other party are unethical. Therefore, persons with direct supervisory or evaluative responsibilities who are involved in such relationships must bring those relationships to the timely attention of their supervisor and will likely result in the necessity to remove the employee from the supervisory or evaluative responsibilities, or shift the student out of being supervised or evaluated by someone with whom they have established a consensual relationship.

Sexual Violence – Risk Reduction Tips

Risk reduction tips can often take a victim-blaming tone, even unintentionally. With no intention to victim-blame, and with recognition that only those who commit sexual violence are responsible for those actions, these suggestions may nevertheless help you to reduce your risk of experiencing a non-consensual sexual act.

- If you have limits, make them known as early as possible.
- Tell a sexual aggressor “NO” clearly and firmly.
- Try to remove yourself from the physical presence of a sexual aggressor.
- Find someone nearby and ask for help.
- Take affirmative responsibility for your alcohol intake/drug use and acknowledge that alcohol/drugs lower your sexual inhibitions and may make you vulnerable to someone who views a drunk or high person as a sexual opportunity.
- Take care of your friends and ask that they take care of you. A real friend will challenge you if you are about to make a mistake. Respect them when they do.

If you find yourself in the position of being the initiator of sexual behavior, you owe sexual respect to your potential partner. These suggestions may help you to reduce your risk for being accused of sexual misconduct:

- Clearly communicate your intentions to your sexual partner and give them a chance to clearly relate their intentions to you.
- Understand and respect personal boundaries.
- Don’t make assumptions about consent, about someone’s sexual availability, about whether they are attracted to you, about how far you can go, or about whether they are
physically and/or mentally able to consent. If there are any questions or ambiguity then you DO NOT have consent.

- Mixed messages from your partner are a clear indication that you should stop, defuse any sexual tension and communicate better. You may be misreading them. They may not have figured out how far they want to go with you yet. You must respect the timeline for sexual behaviors with which they are comfortable.
- Don’t take advantage of someone’s drunkenness or drugged state.
- Realize that your potential partner could be intimidated by you or fearful. You may have a power advantage simply because of your gender or size. Don’t abuse that power.
- Understand that consent to some form of sexual behavior does not automatically imply consent to any other forms of sexual behavior.
- Silence and passivity cannot be interpreted as an indication of consent. Read your potential partner carefully, paying attention to verbal and non-verbal communication and body language.

Pacifica reserves the right to take whatever measures it deems necessary in response to an allegation of sexual misconduct in order to protect students’ rights and personal safety. Such measures include, but are not limited to, modification of living arrangements, interim suspension from campus pending a hearing, and reporting the matter to the local police. Not all forms of sexual misconduct will be deemed to be equally serious offenses, and Pacifica reserves the right to impose different sanctions, ranging from verbal warning to expulsion, depending on the severity of the offense. Pacifica will consider the concerns and rights of both the complainant and the person accused of sexual misconduct.

**Sexual Misconduct Offenses Include, But Are Not Limited To:**
- Sexual Harassment
- Non-Consensual Sexual Contact (or attempts to commit same)
- Non-Consensual Sexual Intercourse (or attempts to commit same)
- Sexual Exploitation

**Sexual Harassment**
Sexual harassment is defined as unwelcome, gender-based verbal or physical conduct that is sufficiently severe, persistent, or pervasive that it unreasonably interferes with, denies or limits someone’s ability to participate in or benefit from Pacifica’s educational program and/or activities, and is based on power differentials, the creation of a hostile environment, or retaliation.

Examples include: an attempt to coerce an unwilling person into a sexual relationship; to repeatedly subject a person to egregious, unwelcome sexual attention; to punish a refusal to comply with a sexual based request; to condition a benefit on submitting to sexual advances; sexual violence; intimate partner violence, stalking; gender-based bullying.

**Non-Consensual Sexual Contact**
Non-consensual sexual contact is defined as any intentional sexual touching, however slight, with any object, by a man or a woman upon a man or a woman that is without consent and/or by force.
Sexual Contact includes: Intentional contact with the breasts, buttock, groin, or genitals, or touching another with any of these body parts, or making another touch you or themselves with or on any of these body parts; any intentional bodily contact in a sexual manner, though not involving contact with/of/by breasts, buttocks, groin, genitals, mouth, or other orifice.

Non-Consensual Sexual Intercourse
Non-consensual sexual intercourse is any sexual intercourse, however slight, with any object, by a man or woman upon a man or a woman that is without consent and/or by force.

Intercourse includes: vaginal penetration by a penis, object, tongue, or finger; anal penetration by a penis, object, tongue, or finger; and oral copulation (mouth to genital contact or genital to mouth contact), no matter how slight the penetration or contact.

Sexual Exploitation
This occurs when a person takes non-consensual or abusive sexual advantage of another for his/her own advantage or benefit, or to benefit or advantage anyone other than the one being exploited, and that behavior does not otherwise constitute one of the other sexual misconduct offenses. Examples of sexual exploitation include, but are not limited to:
- Invasion of sexual privacy
- Prostituting another person
- Non-consensual video or audio-taping of sexual activity
- Going beyond the boundaries of consent (such as letting your friends hide in the closet to watch you having consensual sex)
- Engaging in voyeurism
- Knowingly transmitting a sexually transmitted disease or infection to another student
- Exposing one’s genitals in non-consensual circumstances or inducing another to expose their genitals
- Sexually-based stalking and/or bullying may also be forms of sexual exploitation

Additional Applicable Definitions
- Consent: Consent is clear, knowing, and voluntary. Consent is active, not passive. Silence, in and of itself, cannot be interpreted as consent. Consent can be given by words or actions, as long as those words or actions create mutually understandable clear permission regarding willingness to engage in (and the conditions of) sexual activity. Consent to any one form of sexual activity cannot automatically imply consent to any other forms of sexual activity. Previous relationships or prior consent cannot imply consent to future sexual acts. In order to give effective consent, a person must be of legal age.
- Force: Force is the use of physical violence and/or imposing on someone physically to gain sexual access. Force also includes threats, intimidation (implied threats), and coercion that overcome resistance or produce consent (“Have sex with me or I’ll hit you.” “Okay, don’t hit me. I’ll do what you want.”).
- Coercion: Coercion is unreasonable pressure for sexual activity. Coercive behavior differs from seductive behavior based on the type of pressure someone uses to get consent from another. When someone makes clear to you that they do not want sex, that they want to
stop, or that they do not want to go past a certain point of sexual interaction, continued pressure beyond that point can be coercive. There is no requirement that a person resists the sexual advance or request, but resistance is a clear demonstration of non-consent. The presence of force is not demonstrated by the absence of resistance. Sexual activity that is forced is by definition non-consensual, but non-consensual sexual activity is not by definition forced.

- Incapacitation: Incapacitation is a state where someone cannot make rational, reasonable decisions because they lack the capacity to give knowing consent (e.g., to understand the “who, what, when, where, why or how” of their sexual interaction). Sexual activity with someone who one should know to be, or based on the circumstances should reasonably have known to be, mentally or physically incapacitated (by alcohol or other drug use, unconsciousness or blackout), constitutes a violation of this policy.

This policy also covers a person whose incapacity results from mental disability, sleep, involuntary physical restraint, or from the taking of rape drugs. Use of alcohol or other drugs will never function as a defense for any behavior that violates this policy.

**Other Misconduct Offenses**

- Threatening or causing physical harm, extreme verbal abuse, or other conduct which threatens or endangers the health or safety of any person
- Discrimination, defined as actions that deprive other members of the community of educational or employment access, benefits or opportunities on the basis of race, color, national origin, religion, creed, gender, sexual orientation or gender identity, physical or mental disability, citizenship status (within the limits imposed by law or Institute policy), marital status, medical condition, or age
- Intimidation, defined as implied threats or acts that cause an unreasonable fear of harm in another
- Hazing, defined as acts likely to cause physical or psychological harm or social ostracism to any person within the Pacifica community, when related to the admission, initiation, pledging, joining, or any other group-affiliation activity
- Bullying, defined as repeated and/or severe aggressive behavior likely to intimidate or intentionally hurt, control or diminish another person, physically or mentally (that is not speech or conduct otherwise protected by the 1st Amendment).
- Violence between those in an intimate relationship to each other
- Stalking, defined as repetitive and/or menacing pursuit, following, harassment and/or interference with the peace and/or safety of a member of the community; or the safety of any of the immediate family of members of the community.

**Sexual Assault**

Sexual assault is a violation Pacifica Graduate Institute’s standard of conduct for students, as well as a violation of the law. In the event that a sexual assault does occur, Pacifica takes the matter very seriously. A student who is found to have committed sexual assault on or off campus is subject to immediate suspension, expulsion, or dismissal from Pacifica. A student wishing to officially report such an incident may do so to the Provost at (805) 679-6172 or the Director of
Transportation and Safety at (805) 896-1884. Anyone with knowledge about a sexual assault is encouraged to report it immediately.

**Definition of Sexual Assault**

Sexual assault is a general term that covers a broad range of inappropriate and unlawful conduct, including rape. As defined under California law, rape is nonconsensual sexual intercourse that involves the use of force, violence, or immediate and unlawful bodily injury or threats of force, violence, or immediate and unlawful bodily injury or of future retaliation and duress. Sexual intercourse is considered nonconsensual, and therefore rape, when the person: 1) is a minor (age 17 or under); or 2) has a mental disorder or developmental or physical disability that renders her or him incapable of giving consent; 3) is unconscious; or 4) is incapable of giving consent because she or he is incapacitated from alcohol or other drugs, and this condition was known, or reasonably should have been known, by the accused. “Incapacitated” means intoxicated to the point that the person is incapable of exercising the judgment required to decide whether to consent.

Other examples of sexual assault include the following nonconsensual acts: oral copulation, anal intercourse, penetration of the anal or vaginal area with a foreign object, including a finger. Sexual assault may also include the act of touching a person’s intimate parts or the clothing covering the immediate area of those parts, or forcing a person to touch another’s intimate parts.

**If You Are Sexually Assaulted:**

1. Go to a safe place and speak with someone you trust. Tell this person what happened. If there is any immediate danger, call Security at (805) 896-1884 or (805) 705-4531 if you are on-campus or 911 if you are off-campus.
2. Consider securing immediate professional support to assist you in the crisis. You can consider on- or off-campus options:
   a. If you are seeking help during regular hours you may call either the Provost at (805) 679-6172 or the Director of Transportation and Safety at (805) 896-1884.
   b. During regular hours or after hours, you may access the Santa Barbara Rape Crisis Center 24 hour a day hotline at (805) 564-3696.
3. For your safety and wellbeing, immediate medical attention is encouraged to evaluate for physical injury, sexually transmitted diseases, and pregnancy. Further, being examined as soon as possible, ideally within 72 hours, is important for evidence collection, which may be used to support prosecution should you decide immediately or later to pursue criminal charges. The Santa Barbara Rape Crisis Center will arrange for a specific medical examination. To preserve evidence, it is best that you do not bathe, shower, douche, or change clothes before that exam. Even if you have already bathed, you are still encouraged to receive prompt medical attention. Additionally, you are encouraged to gather bedding, linens, or unlaundered clothing and any other pertinent articles which may be used for evidence.
4. Even after the immediate crisis has passed, consider seeking support from the Santa Barbara Rape Crisis Center.
5. Contact your Program Administrator or Program Chair if you need assistance with academic related concerns, (e.g., missed classes or exams; requesting extensions
regarding coursework) or on-campus housing issues. They will report your concerns to the proper departments.

**Reporting a Sexual Assault**

Making the decision whether or not to report a sexual assault is the beginning of the process by which victims regain control over their lives. Though the reporting and judicial process can be difficult, it is often worth the effort because victims feel empowered by bringing the assailant to justice. Reporting a sexual assault may also help to establish precedents that will aid other victims in the future.

Some students will choose to pursue criminal charges (i.e., through the police and criminal courts). Others will choose to pursue internal Institute options if the offender is a Pacifica student. Some will choose both. Civil litigation is a third option that some victims choose. It is important that you understand your options as you make these decisions. Speaking confidentially with a counselor from Santa Barbara Rape Crisis Center or another trusted individual may be helpful as you decide how you would like to proceed.

For help in reporting the offense to local law enforcement, call the Provost or the Director of Transportation and Safety at the numbers listed above. It is important to understand that reporting the incident does not obligate the victim to press criminal charges. To pursue internal action through the Institute, please contact your Program Administrator or Program Chair.

If the alleged assailant is identified by the victim or another source, the Department of Safety will collaborate with local law enforcement in conducting an investigation. Support of a victim is the Institute’s highest priority in these matters; therefore, the victim’s wishes will always be taken into consideration. There are also community safety issues to be considered. Thus, if the offending student is perceived to be a potential threat to the victim or other students, the Institute may choose internal action against the alleged offender regardless of whether the victim submits or wishes to pursue a complaint.

**Immunity for Victims**

Pacifica encourages the reporting of sexual assault. Sometimes victims are hesitant to report to college officials because they fear that they themselves may be charged with policy violations. To encourage reporting, Pacifica offers victims immunity from policy violations related to the sexual assault.

**Internal Conduct and/or Grievance Hearings**

Persons accused of sexual assault will be subject to internal proceedings, following the procedures set forth in the student conduct section of the Student Handbook and/or the Grievance Procedure section of the handbook.

The Institute’s actions are not dependent on the initiation or outcome of criminal charges. Internal proceedings may be carried out prior to, simultaneously with, or following civil or criminal proceedings.
The reporting party and the accused are entitled to the same opportunities during an internal conduct and/or grievance proceeding. During the proceeding, if a hearing is convened, both parties will be allowed to have an advisor present and may make an impact statement if they so desire. Both parties will be informed of the outcome of any internal proceeding alleging sexual assault.

If the Provost or designee determines that continued close proximity or potential for unwanted interaction with the alleged offender may pose a threat to the victim, a temporary order may be issued at any time including prior to the hearing. This order may include alternative living arrangements, exclusion of the alleged offender from various Institute properties or privileges, or interim suspension of the accused, pending a hearing.

**Harassment**

Pacifica is committed to maintaining a safe, productive environment for all members of its community. Harassment can take many forms, including sexual harassment. Each member of the Pacifica community must be sensitive to the feelings of others and must not act in a way that might be considered harassment by someone else. Prohibited harassment includes the following forms of offensive behavior:

- **Verbal harassment**: Making or using derogatory comments, epithets, slurs, and jokes
- **Physical harassment**: Touching, assaulting, impeding or blocking movement
- **Visual harassment**: Leering, making sexual gestures, displaying of sexually suggestive objects or pictures, cartoons, drawings, written material, or Internet images
- **Sexual favors**: Unwelcome sexual advances, offering benefits in exchange for sexual favors, or making or threatening reprisals after a negative response to sexual advances

Sexual harassment is any unwelcome behavior that has the purpose or effect of creating a sexually intimidating, hostile, or offensive environment.

If a student has been the victim of harassment, that student should provide a written complaint to the Program Chair as soon as possible after the incident. The complaint should include details of the incident(s), the names of the individuals involved, and the names of any witnesses. The incident will be investigated. Student cooperation is crucial for Pacifica to maintain a safe, comfortable academic environment. There will be no retaliation against any student for making a harassment complaint.

If a student prefers not to report harassment to the Program Chair, the student is urged to speak to an administrator whom he or she trusts or to a member of the institute’s Ethics Committee.

The procedure for submitting a harassment complaint is the same as the grievance procedure outlined in this handbook.

**Multiple Relationships**

Pacifica’s policy on multiple relationships encourages the cultivation of warm, authentic, and enriching interactions in our academic community while placing necessary boundaries on some behaviors. Our policy is informed by the observation that community life always requires the surrender of certain personal freedoms, and this surrender opens up broader opportunities for constructive interaction.

89
A wisely drafted policy on multiple relationships serves to promote rather than to deter closer interpersonal connections among faculty, students, and staff. It also supports the multiplicity of our relationships as we interact with each other as students, teachers, and colleagues, particularly those that facilitate learning and constructive actions that result from such learning. For example, faculty and students can mutually benefit from mentorship that involves joint research and teaching opportunities, such as those achieved through teaching and research assistantships.

Pacifica’s multiple relationship policy limits only those interactions that carry a strong potential for bringing harm to individuals, the learning cohorts of which they are members, the larger Pacifica community, or the Institute as a legal entity. In addition, however, actions by students, faculty and staff outside of direct coursework or on-campus experience but that relate to their contribution to Pacifica (e.g., clinical training, clinical practice, clinical supervision, teaching, and scholarship) that have constituted problematic multiple relationships, which resulted in ethics investigation and/or sanctions should be submitted.

**Multiple Relationship Policy**

Faculty – core, adjunct, and contributing – and students are prohibited from entering into or continuing pre-existing sexual, financial, client-therapist, or clinical supervision relationships from the time that the student begins coursework at Pacifica until the student has graduated or withdrawn from the Institute. Exceptions to this policy must be approved by the Education Council or the Provost. Exceptions to this policy shall not be made when the student and faculty member are involved in coursework together or scheduled to be in coursework together in the immediate future. Oral exams, tutorial work, and thesis or dissertation advising are also classified as “coursework involvement.” Teaching and research assistantships that are remunerated by the Institute or clinical supervision relationships without compensation approved by the Program Chair are not prohibited by this policy. In all circumstances, any relationships potentially falling within the scope of this policy, existing or contemplated, should be reported promptly to the faculty member's chair or the Provost.

**Definitions and Explication**

A distinction must be made between multiple relationships and sexual harassment. Sexual harassment is characterized by non-mutuality and abuse of power. Harassing behaviors may include making unwelcome sexual advances, making sexual statements, or attempting to use power or position as leverages for sexual favors. These kinds of behaviors are prohibited in the strictest sense by Pacifica’s Gender-Based and Sexual Misconduct Policy and its Conduct Policy. Procedures for filing sexual harassment grievances are outlined in this handbook.

Multiple relationships differ from sexual harassment in two main ways. The former are entered into by mutual consent, generally being welcomed by both parties. Secondly, multiple relationships encompass a wide range of interactions, including financial interactions and client-therapist relationships. They become problematic only when the interaction interferes with official roles, duties, or activities at the Institute. For example, a therapist might find it difficult to give a poor evaluation of a student’s work if it is warranted.
Multiple relationships become increasingly problematic when an inequality of power exists between parties. When these interactions go awry, they carry the potential for bringing harm to individuals and the community. Harm may take the form of emotional pain, impairment of the learning environment, interruption of graduate studies, loss of employment at the Institute, or litigation – to name a few.

Therefore, the first and most important commitment is to stay mindful of multiple relationship issues as we interact with each other. Everyone shares this responsibility. Before becoming involved in ways that extend beyond our official roles at the Institute, we should ask, “What potential harm to individuals, the learning environment, or the Institute could result from this anticipated interaction? Would our ability to work together professionally be impaired by this anticipated interaction? What would happen if our outside relationship turned sour?” Serious multiple relationship problems would become a rarity if questions such as these were kept in conscious awareness.

Four specific areas of behavior have been identified as carrying considerable risks for engendering harm in multiple relationships: sexual interactions, financial interactions not mediated by the Institute, client-therapist interactions, and supervisory interactions not mediated by the Institute.

The term “student” includes all individuals who are enrolled at Pacifica and who have neither received their degrees nor withdrawn from the school. Individuals on a leave of absence are also “students.”

Sexual interactions include all of those interactions associated with erotic and romantic relationships. Sexual interactions are prohibited between students and all core or adjunct faculty members. They are also prohibited between students and contributing faculty when the student is enrolled in or scheduled to be enrolled in a class taught by that faculty.

Financial interactions not mediated by the Institute include exchanging services or goods for money, entering into financial partnerships, loaning or borrowing money, and entering into any other private money exchange relationship. Financial interactions are prohibited between students and all core or adjunct faculty members. They are not prohibited between students and contributing faculty as long as a student is neither enrolled in, nor scheduled to be enrolled in, further coursework with that faculty.

In reviewing the above guidelines, it should be emphasized that some interactions may be imprudent even if not prohibited under the guidelines. Students, faculty, and staff are urged to consider all possible outcomes carefully before entering into a multiple relationship situation.

**Tending Multiple Relationship Issues on an Ongoing Basis**

Multiple relationship issues are a continuing part of our inter-subjective field. For example, faculty and students can mutually benefit from mentorship that involves joint research and teaching opportunities, such as those achieved through teaching and research assistantships. We encourage students, faculty, administrators, and staff to process specific issues as they arise, exploring how we feel about them, what effects they may have on others, what stances might be taken in regard
Civility and Conduct

Civility Statement
Pacifica Graduate Institute offers degrees in disciplines that require the mastery of a large body of knowledge and in some cases the acquisition of clinical skills, as well as high standards of behavior and appropriate attitudes. In addition to fulfilling all academic requirements, students are required to display attitudes, personal characteristics, and behaviors consistent with accepted standards of professional conduct while at Pacifica Graduate Institute. Pacifica expects all students to be professional and respectful in their dealings with colleagues, faculty, staff, and clients and to demonstrate caring and compassionate attitudes. These and other qualities will be evaluated – formally and informally – in a variety of school settings by both faculty and peers. Concerns about a student’s emotional state of being and/or behavior may come from the student, faculty, staff, field training supervisors, or other students.

Fundamental Principles of Civility
Pacifica encourages students to adopt an interpersonal stance that is curious, tolerant, and flexible, and reflects a mix of doubt vs. certainty.

Curiosity. Pacifica encourages a depthful approach to human life. This approach includes emphasis on the fact that many unconscious and sometimes irrational factors contribute to what we see as visible behavior, including our decision making, judgment, core principles, and interpersonal style. Indeed, depth psychology encourages focus on becoming aware of these dynamic, unconscious forces before we make decisions based on them. The depth approach encourages an evenhanded, emotionally honest willingness to encounter all kinds of different thoughts, opinions, feelings, projections, and emotions in ourselves and in others. An attitude of curiosity suggests that we are receptive to these different forces in ourselves and others and that we have a healthy respect for the broad range of things they might mean. Expressing curiosity about another person’s experience or truth encourages dignity and respect and minimizes the chance for misunderstandings that could breed conflict.

Tolerance and Compassion. Curiosity, as defined above, contributes to tolerance. In fact, one could say that tolerance is curiosity in action. An attitude of tolerance allows us to communicate across different points of view, value systems, cultural backgrounds, and other differences of perspective. Tolerance expresses a willingness to truly experience the truths of another person while holding judgment in abeyance. To practice tolerance requires us to avoid pretending that we know what we do not know. While we cannot heedlessly express tolerance for all kinds of behavior, we can practice tolerance for all kinds of feelings, thoughts, opinions, and perspectives. Even as we all agree upon formal codes of behavior and that certain lines are not crossed when it comes to what we actually do or say, we can and should allow others and ourselves the necessary time, space, respect, and sometimes assistance to develop compassion for multiple and complex perspectives.

Flexibility. There is an old story about a traveler in New England asking a farmer for directions, who laconically replies “You can’t get there from here.” The expression is supposed to be
humorous because conventional wisdom dictates you can get anywhere from anywhere, if you can find the right pathway. Flexibility means just that. No matter how intensely you feel you disagree with someone (or even some unwanted part of yourself), practice mental flexibility by finding a way to that place you cannot agree with.

Be curious about the circumstances, conditions, and environments that may have contributed to another person having a different point of view than you do. Be tolerant of the fact that this other person may look upon the same situations or experiences that you do, yet draws very different conclusions. Flexibility would be required, for example, for a very politically liberal person to have a conversation with a very politically conservative person about politics over lunch while remaining open, respectful, and courteous – and still liking each other at the end.

Doubt vs. Certainty. At first glance, it may seem best to be as confident as possible at all times. Confidence suggests the conviction of being in the right, and a certain amount of power flows from this; however, being confident of one’s own point of view can also get in the way of curiosity, tolerance, and flexibility. Being supremely confident in all things suggests that one has learned all that there is to know or that one is so assured of the moral correctness of his or her position that all the other points of view must be wrong.

Instead, Pacifica encourages the peculiar kind of emotional courage that comes with a healthy blend of doubt and certainty. Successful professional life requires not blind or heedless confidence, but rather an ability to carry on with one’s principles even in the absence of certainty about the right thing to do. A successful blend of doubt and certainty requires remaining centered and poised even while acknowledging a clear-eyed awareness of the complexity and sometimes moral ambiguity of human life. Psychoanalyst Nancy McWilliams (2004) wrote that this approach to life involves “the willingness to feel very small in the presence of the vast and unknowable” (p. 29).

Pacifica’s Expectations for Civil Behavior
As a student and as a professional, you are encouraged to find your own ways to embody these ideals. There are certain rules-of-thumb that spring from these principles, and here are some more specific expectations:

- Use courteous speech at all times
- Your on-campus and online presence, related to your educational experiences at Pacifica, must reflect professionalism, commitment to ethical behavior, and awareness of others.
- Attend all class sessions, arriving on time and remaining until dismissed
- Present yourself and your ideas in a professional manner, including online, phone, and in-person communications
- Notify the instructor in advance of anticipated absences, late arrivals, or early departures
- Refrain from class or meeting disturbances
- Turn off and store away cell phones and all electronic devices unless permission has been otherwise granted

93
• If using a laptop or tablet computer in class to take notes, refrain from checking email or social media websites as a courtesy to your classmates and instructor
• Prepare fully for each class
• Participate in all classes and allow others to participate
• Respect fellow classmates and the instructor
• Practice appropriate hygiene
• Complete all assignments and exams honestly, punctually, and to the best of your ability
• Refrain from giving or receiving inappropriate assistance
• Treat fellow students, faculty, staff, and administrators fair, impartially, and with professional courtesy
• Refrain from discrimination and harassment, and work to increase your awareness of discriminatory behaviors and prejudicial ideas that may be consciously or unconsciously present in your interactions with others
• Be constructive and fair in your consideration of administrators, faculty, staff, and fellow students
• Be professional and courteous in social media communications
• Treat Pacifica staff with respect and professionalism in all forms of communication
• When dealing with conflictual issues, use “I statements” in order to avoid blaming. Stick to describing the situation and refrain from commenting on the character or competence of the person involved.
• Be equally civil in e-mail and other virtual communication as you would be in person

Remediation for Problematic Behavior
Pacifica students, faculty and staff are encouraged not to respond to rude or abusive communication, other than to encourage rephrasing in a more professional and civil behavior. Departmental review of problematic behavior occurs throughout the year in certain programs, and may be specifically addressed in the annual student evaluations. Identified problems may involve the use of departmental Identification of Problem form/procedures and/or Probation form/procedures.

In cases in which the Pacifica faculty, administration, staff, or training site supervisor identifies a need for remediation of student behavior, the Program Chair will review the situation. The Chair may elect to ask Pacifica’s Provost to assist in addressing the issue with the student. In cases of minor concerns, the Program Chair may simply discuss concerns about the student’s conduct with the student informally in order to help the student improve his or her conduct. In the Clinical Psychology programs, student conduct concerns may be formally identified, documented and addressed. In other cases, the Chair may forward a recommendation to the Education Council for specific remediation, suspension, academic probation, and/or disqualification. Students may appeal the Education Council decisions to the Student Affairs Liaison in the Provost’s office who may appoint a Review Committee. Decisions by the committee are forwarded to the Provost, who makes a final decision and recommendation, which are final.

Conduct Policy
The purpose of a conduct policy is to respect and safeguard the intention of the faculty, administration, staff, and students to create an atmosphere where learning and dialogue can flourish. Whenever engaged in any activity related to being a student – whether in the classroom,
offices, campus, residential areas, on shuttles, or in any form of correspondence with other students, staff, or faculty – students are expected to maintain themselves and behave in an orderly and respectful, professional manner and in a sober, drug free, and capable condition. Orderly behavior means behavior that does not disrupt regular academic life and complies with school policies.

Verbal abuse, sexual harassment, openly and consistently discriminatory remarks or behavior, the carrying of weapons, issuing of threats – verbal, written or otherwise – acts of violence, or any other form of disorderly conduct are all expressly forbidden and will not be tolerated. Students shall also respect parking and land use regulations while on campus and be mindful of the Expectations for Civil Behavior listed in this handbook.

Students are expected to arrive for class on time and to behave respectfully toward staff, faculty, and other students and to refrain from any behavior that might interfere with the learning environment. While disagreement can enrich academic exchange, all members of the educational environment need to pursue disagreement with basic respect for the other.

**Drug, Alcohol, and Impairment Policy**

In compliance with the Drug-Free Schools and Communities Act Amendments of 1989 which requires that each institution of higher education receiving federal financial assistance adopt and enforce a drug-free school policy, Pacifica Graduate Institute’s Drug and Alcohol policy prevents the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees.

**Drug-Free School and Workplace Policy**

Pacifica Graduate Institute strictly prohibits the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance, as defined by applicable law, on Pacifica property or as part of any Institute sponsored activity. The use of alcoholic beverages while on Pacifica premises, including during meal periods and breaks, is absolutely prohibited except when authorized by a member of the Institutional Management Council for approved Pacifica functions.

**Impairment Policy**

Students who are impaired for any reason and are not able to function within the expectations of the Conduct and Impairment Policy should contact their Program Chair, Program Administrator, or Student Affairs representative rather than come onto campus. In addition, impairment documented through formal means (e.g., Board of Psychology, Board of Behavioral Mental Health, federal and local legal sentencing) should be submitted.

Violation of any of the above guiding principles is cause for suspension, academic probation, and/or disqualification by the Program Chair pending a formal review by the Education Council. The Council has the authority to take appropriate disciplinary action.

Students may appeal the Education Council decisions to the Provost who may appoint a Review Committee. Decisions from the Provost are final.
Additionally, Pacifica reserves the right to take necessary and appropriate action to protect the safety and wellbeing of our campus community and to support our mission. This may include taking disciplinary action as outlined in our Conduct and Impairment Policies against students whose off-campus behavior poses a potential danger to others, to self, or would otherwise disrupt the campus environment or adversely affect Pacifica Graduate Institute.

Health Risks Associated With the Use of Illicit Drugs and the Abuse of Alcohol

The Drug-Free Schools and Communities Act requires that students, faculty, and staff be made aware of the health risks associated with the use of illicit drugs and the abuse of alcohol that are stated here. Alcohol and illicit drug use and abuse are prohibited not simply for legal reasons, but because of the demonstrated health risks associated with use. Using drugs and alcohol can cause physical and psychological dependence. Use and abuse can interfere with memory, sensation, and perception. Drugs impair the brain’s ability to synthesize information. Regular users of drugs develop tolerance and physical dependence often accompanied by withdrawal symptoms. The psychological dependence occurs when the drug taking becomes central to the user’s life.

While the following list is not exhaustive, it serves to demonstrate the range of potential hazards associated with alcohol and drug use:

<table>
<thead>
<tr>
<th>Substances: Category and Name</th>
<th>Examples of Commercial and Street Names</th>

<td>Acute Effects/ Health Risks</td>
</tr>
<tr>
<td>--------------------------------</td>
<td>----------------------------------------</td>
<td>------------------</td>
<td>----------------------------</td>
</tr>
<tr>
<td>purple passion, shrooms, little smoke</td>
<td>Injected, swallowed, applied to skin</td>
<td>Hallucinogen Persisting Perception Disorder Also for psilocybin—nervousness; paranoia; panic</td>
<td></td>
</tr>
<tr>
<td><strong>Other / Anabolic Steroids</strong></td>
<td>Anadrol, Oxandrin, Durabolin, Depo-Testosterone, Equipoise: roids, juice, gym candy, pumpers</td>
<td>Injected, swallowed, applied to skin</td>
<td>Steroids—no intoxication effects /hypertension; blood clotting and cholesterol changes; liver cysts; hostility and aggression; acne; in adolescents—premature stoppage of growth; in males—prostate cancer, reduced sperm production, shrunken testicles, breast enlargement; in females—menstrual irregularities, development of beard and other masculine characteristics</td>
</tr>
<tr>
<td><strong>Inhalants</strong></td>
<td>Solvents (paint thinners, gasoline, glues); gases (butane, propane, aerosol propellants, nitrous oxide); nitrates (isoamyl, isobutyl, cyclohexyl): laughing gas, poppers, snappers, whippets</td>
<td>Inhaled through nose or mouth</td>
<td>Inhalants (varies by chemical)—stimulation; loss of inhibition; headache; nausea or vomiting; slurred speech; loss of motor coordination; wheezing/cramps; muscle weakness; depression; memory impairment; damage to cardiovascular and nervous systems; unconsciousness; sudden death</td>
</tr>
<tr>
<td><strong>Selected Prescription Drugs</strong></td>
<td>Commonly abused classes of prescription medications include opioids (for pain), central nervous system depressants (for anxiety and sleep disorders), and stimulants (for ADHD and narcolepsy). Opioids include hydrocodone (Vicodin), oxycodone (OxyContin), propoxyphene (Darvon),</td>
<td>Swallowed, sometimes injected or inhaled</td>
<td>Long-term use of opioids or central nervous system depressants can lead to physical dependence and addiction. Opioids can produce drowsiness, constipation and, depending on amount taken, can depress breathing. Central nervous system depressants slow down brain function; if combined with other medications that cause drowsiness or with alcohol, heart rate and respiration can slow down dangerously. Taken repeatedly or in high doses, stimulants can cause anxiety, paranoia, dangerously high body temperatures, irregular heartbeat, or seizures.</td>
</tr>
<tr>
<td>Substances: Category and Name</td>
<td>Examples of Commercial and Street Names</td>
<td>How Administered</td>
<td>Acute Effects/ Health Risks</td>

</table>

**Disciplinary Actions**
The school will impose disciplinary sanctions on students, faculty, and staff who violate this policy. In addition, the school will consider disciplinary sanctions brought against students, faculty and staff by consumer protection boards (e.g., Board of Psychology) or federal, state or local law enforcement agencies. Disciplinary actions may range from a warning to immediate expulsion, termination, or suspension, and/or referral to local, state, or federal law enforcement authorities for prosecution. Students violating the policy may be suspended, placed on academic probation, be subject to disqualification, and/or face other disciplinary measures. The school may require completion of an appropriate rehabilitation program as a disciplinary sanction.

Alternatives to immediate dismissal may include:
- Rehabilitation – Enrollment in and completion of an approved rehabilitation treatment program
- After Care – Enrollment in and completion of an approved after-care program
- Substance Abuse Education – Enrollment in an approved substance abuse education or similar program
Any further drug or alcohol abuse after an alternative treatment program will be grounds for immediate dismissal. Violation of local, state, and federal laws constitutes a violation of school policy.

**Applicable Legal Sanctions Under Federal, State, and Local Law**

Local, state, and federal laws establish severe penalties for unlawful possession, manufacture or distribution of illicit drugs. The sanctions may range from a small fine and probation for minor infractions to imprisonment, fines and seizure of property for felony convictions.

Laws governing the possession and abuse of alcohol vary from state to state and may carry substantial penalties. Drivers convicted of misdemeanor or felony DUI in the state of California can receive county jail or state prison sentences, fines, impoundment or forfeiture of vehicle, license restriction/suspension/revocation, an ignition interlock device requirement, or probation.

**Drug and Alcohol Counseling and Treatment Resources**

- Alcoholics Anonymous: [www.aa.org](http://www.aa.org)
- Al-Anon: [www.al-anon.alateen.org](http://www.al-anon.alateen.org)
- Narcotics Anonymous: [www.na.org](http://www.na.org)
- National Institute on Drug Abuse: [www.drugabuse.gov](http://www.drugabuse.gov)
- Community Agencies – Local directories under “Drug Abuse and Addiction Information and Treatment Centers”

Students may appeal the disciplinary decisions to the Provost who may appoint a Review Committee. Decisions from the Provost are final.

**Attending to a Student who is “in Crisis” While on Campus or in Pacifica Housing**

If a student is experiencing psychological or emotional distress beyond his or her ability to handle alone, he or she should be encouraged to consult with his or her personal mental health professional or physician. In less severe situations, faculty, staff, and even students may engage in “supportive conversations,” but this must never move into any kind of therapeutic intervention provided by faculty, staff, or other students. Faculty, staff, and other students are encouraged to engage the student who is in crisis in kind, caring conversation including ideas of reassurance; support; and offering suggestions for how the student may seek help, locate an appropriate person for mental health assistance or crisis intervention, and find a safe place to be.

When a student notifies faculty and/or staff that he or she is experiencing psychological or emotional distress while on campus beyond the student’s capacity to handle alone, or when a student’s behavior suggests the need for psychological intervention, Pacifica employees are encouraged to assist in the following ways:

- Pacifica personnel will access the person(s) the student has indicated as a contact in case of an emergency. Students are required to maintain accurate contact information throughout their time at Pacifica.
- If the student expresses inability to handle his or her emotions and/or psychological distress, or if that inability is apparent, personnel from Pacifica will call 911 (emergency services).
• If the student wishes, Pacifica personnel will assist the student in contacting his or her personal mental health professional for a telephone counseling session or other professional intervention.

• If the student appears unable to drive and wishes to leave campus, Pacifica personnel will assist in finding appropriate transportation to get the student to a safe environment, potentially including the local emergency psychiatric services. Pacifica discourages faculty and staff from driving the student anywhere in their personal vehicles.

While Pacifica is an empathic community that cares deeply for its members, students are responsible for the management of their own emotional and/or psychological distress.

It is often difficult to recognize the severity of a student’s distress and if it is debilitating or dangerous to the student or others. If possible, faculty and staff are strongly encouraged to consult with their colleagues before acting. Students who are unsure about the psychological or emotional state of their peers are encouraged to bring the situation to the attention of Pacifica faculty or staff. If there appears to be a danger to the student or others, 911 may be called to provide safe transportation to emergency psychiatric services.

Medical Emergency
In case of a serious medical emergency, the following protocol should be followed:

• Call 911 and follow instructions, and
• Alert campus security by calling (805) 896-1884 from 6:30 am to 11:00 pm or (805) 896-1886 from 11:00 pm to 6:30 am.
• Give your name, telephone number, location, and a description of the emergency.
• If you are staff, call your supervisor.
• If you are assisting someone in an emergency, stay with the victim. If the victim is conscious, ask what the problem is. If the victim is unconscious, check for breathing and bleeding. Only trained individuals should administer first aid and/or CPR.
• Keep the victim still, comfortable, and warm.
• Protect the victim from any disturbances.
• Search for emergency identification.
• Wait for emergency personnel to arrive.

Missing Student Policy and Procedure
The purpose of this policy is to establish procedures for the Institute’s response to reports of missing students as required by the Higher Education Opportunity Act of 2008. This policy applies to student(s) staying in on-campus housing, including off-campus housing which is leased by Pacifica Graduate Institute for student residents who, based on the facts and circumstances known to Pacifica, are determined to be missing.

For purposes of this policy, a student may be considered to be a “missing person” if the person’s absence is contrary to his or her usual pattern of behavior and unusual circumstances may have caused the absence. In an academic environment, most missing person reports result from a student changing his or her routine without informing classmates and/or friends of the change.
Anyone who believes a student to be missing should report the concern to the Program Administrator who in turn will report the information to the Director of Guest Services. Every report made will be followed up with an immediate investigation once a student has been missing for 24 hours.

At the beginning of each academic year, residential students will be asked—on a voluntary basis—to provide emergency contact information which will be used in the event the student is reported missing while enrolled at Pacifica. This emergency information will be kept by the Director of Guest Services and will remain in effect until it is changed or revoked by the student.

**General Procedure**

- Any individual on campus who has information that a residential student may be a missing person must notify the Program Administrator as soon as possible. If the Program Administrator is not available, please notify the campus receptionist or security personnel. They will notify the Director of Operations.

- The official receiving the report will collect and document the following information at the time of the report:
  - The name and relationship of the person making the report
  - The date, time, and location the missing student was last seen
  - The general routine or habits of the suspected missing student (e.g. visiting friends who live off-campus, working a job away from campus) including any recent changes in behavior or demeanor
  - The missing student’s cell phone number (if known by the reporter)

- Once the Director of Guest Services has been notified, he or she will gather all essential information about the residential student from the reporting person and from the student’s acquaintances such as description, last worn clothing, where the student might be, who the student might be with, vehicle description, information about the physical and mental wellbeing of the student, up-to-date photograph, class schedule, etc.). Appropriate Institute staff will be notified to aid in the information gathering and search for the student. This step could include the assistance of the technology staff to access email logs and last log-ins or access to the Pacifica network.

- If the above actions are unsuccessful in locating the student or if it is immediately apparent that the student is a missing person (e.g., witnessed abduction), the Director of Guest Services will contact local law enforcement agencies to report the student as a missing person at which time the local law enforcement agencies will take charge of the investigation.

- No later than 24 hours after determining that a residential student is missing, the Director of Guest Services or designated representative will notify the student’s emergency contact that he or she is believed to be missing.
• In cases involving missing persons, law enforcement personnel are best situated to provide
ingformation to the media that is designed to elicit public assistance in the search for a
missing person. Therefore, all communications regarding missing students will be handled
by outside law enforcement authorities who may consult with Pacifica staff. All inquiries
regarding missing students or information provided to any individual at Pacifica about a
missing student needs to be referred to the Director of Guest Services who will direct the
inquiries and information to law enforcement officials.

Policy for Accommodating Students and Applicants with Disabilities

Introduction
The Disability Services Office provides services, advocacy, auxiliary aids, and accommodations
for students at Pacifica Graduate Institute who experience disabilities.

This policy, required forms, and other information are available on Pacifica’s website at

Mission
The mission of Disability Services is to collaborate with and empower students who have
disabilities in order to coordinate support services and programs that enable equal access to the
educational experience at Pacifica.

Mandates
There are two legal mandates that protect students with disabilities from discrimination and ensure
that they have equal access to all aspects of the educational experience. These laws include
Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act (ADA) of

Section 504 of the Rehabilitation Act states: “No otherwise qualified individual with a disability in
the United States…shall, solely by reason of his or her disability, be excluded from participation
in, be denied the benefits of, or be subjected to discrimination under any program or activity
receiving Federal financial assistance.”

Disability Defined
A disability is defined by the ADA as a physical or mental impairment that substantially limits one
or more major life activities, a record of such an impairment or being regarded as having such an
impairment in condition, manner, and/or duration. Major life activities include, but are not limited
to, such functions as caring for one’s self, performing manual tasks, seeing, hearing, eating,
sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating,
thinking, communicating, and working.

Major life activities also include the operation of major bodily functions including, but not limited
to, the immune system, special sense organs, skin, normal cell growth, digestive, genitourinary,
bowel, bladder, neurological, brain, respiratory, circulatory, cardiovascular, endocrine, hemic,
lymphatic, musculoskeletal, and reproductive functions. The operation of a major bodily function
includes the operation of an individual organ within a body system.
Students Requesting Accommodations

Accommodations Defined
An accommodation is defined as: (a) the modification of policies, practices, and procedures; (b) the provision of auxiliary aids and services; (c) academic adjustments and modifications to the environment intended to remove barriers to equivalent access.

Reasonable Accommodations
Pacifica will provide services and accommodations as required by the ADA and Section 504. Because each student, each disability, and the particular circumstances surrounding each request are unique, the accommodation needs of every person and situation will be considered on an individual basis. The Disability Services Office will consider the student’s disability, history, experience, and request along with the unique characteristics of the course, program, or requirement to determine whether or not an accommodation is reasonable.

Pacifica will make reasonable accommodations to students with disabilities. Students with disabilities who require accommodations must make those needs known to the Disability Services Coordinator as soon as possible. It is the student’s responsibility to make his or her needs known in a timely manner, and the student should not assume that this information is known by Pacifica because it was included in the student’s application for admission or communicated to anyone other than the Disability Services Coordinator.

Students seeking accommodations should contact the Disability Services Coordinator to begin the process of registering with the Disability Services Office. The Disability Services Coordinator will work with the student to develop a suitable accommodation plan. Temporary impairments are not commonly regarded as disabilities, and only in rare circumstances will the degree of limitation rendered by a temporary impairment be substantial enough to qualify as a disability as described in this policy.

Whether a requested accommodation will be provided will depend on the nature and functional limitations of the student’s disability, the particular class or classes taken, the burden that the accommodation would place on Pacifica in terms of resources, and whether the accommodation would fundamentally disturb or alter the nature of the service provided. While Pacifica takes the needs of students with disabilities seriously, it is not able to guarantee that all services requested can or will be provided. Specifically, accommodations that are unduly burdensome or that fundamentally alter the nature of the service, program, or activity may not be entertained.

Disability Verification
In order to determine eligibility for services, the Disability Services office will seek information directly from the student about his or her condition in order to establish the existence of the disability, to understand how the disability may impact the student, and to make informed decisions about accommodations. This process is deliberative and collaborative and is responsive to the unique experience of each individual.
If additional information is needed in order to determine the need for and/or nature of accommodations, Disability Services may request external documentation. Documentation from external sources may include educational or medical records or reports and assessments created by healthcare providers. This documentation should be current and relevant.

Admission of Students with Disabilities
Pacifica will make admission decisions using criteria which do not consider an applicant’s disability. Thus, Pacifica will not impose or apply admission or eligibility criteria that screen out or tend to screen out applicants on the basis of their disability, unless such criteria is necessary to keep the program, service or activity being offered from being overburdened or fundamentally altered.

Students with disabilities who wish to enroll in any of Pacifica’s programs, services, or activities must be able to meet Pacifica’s minimal standards and those of the particular program, service, or activity to which admission is sought.

Service and Assistance Animal Policy
Pacifica Graduate Institute recognizes the importance of Service Animals and Assistance Animals to individuals with disabilities and has established the following policy. This policy ensures that people with disabilities, who require the use of Service Animals or Assistance Animals as a reasonable accommodation, receive the benefit of the work or tasks performed by such animals or the therapeutic support they provide. Pacifica is committed to allowing people with disabilities the use of a Service Animal on campus to facilitate their full participation and equal access to the Institute’s programs and activities. Set forth below are specific requirements and guidelines concerning the appropriate use of and protocols associated with Service Animals and Assistance Animals. Pacifica reserves the right to amend this policy as circumstances require.

Mandates
The Service and Assistance Animal Policy is guided by the Americans with Disabilities Act (Service Animals) and Section 504 of the Rehabilitation Act of 1973 and the Fair Housing Act (Assistance Animals).

Definitions

Service Animal
A “Service Animal” is a dog that has been individually trained to do work or perform tasks for the benefit of an individual with a disability. In some cases, a miniature horse may be permitted as a Service Animal. Other animals, whether wild or domestic, do not qualify as Service Animals. Examples of such work or tasks include guiding people who are blind, alerting people who are deaf, pulling a wheelchair, alerting and protecting a person who is having a seizure, reminding a person with mental illness to take prescribed medications, calming a person with Post Traumatic Stress Disorder (PTSD) during an anxiety attack, or performing other duties. Service Animals are working animals, not pets. The work or task a Service Animal has been trained to provide must be directly related to the person’s disability. Dogs whose sole function is to provide comfort or emotional support do not qualify as Service Animals.
**Assistance Animal**
“Assistance Animals” are (1) animals that work, provide assistance, or perform tasks for the benefit of a person with a disability, or (2) animals that provide emotional support which alleviates one or more identified symptoms or effects of a person’s disability. Some, but not all, animals that assist persons with disabilities are professionally trained, while other Assistance Animals are trained by the owners. In some cases, no special training is required. Unlike a Service Animal, an Assistance Animal does not assist a person with a disability with activities of daily living, nor does it accompany a person with a disability at all times. Assistance Animals may be considered for access to campus housing; however, they are not permitted in other areas of the institute (e.g. libraries, academic buildings, classrooms, dining halls, meeting spaces, etc.).

**Approved Animal**
An “Approved Animal” is a Service Animal or Assistance Animal that has been granted as a reasonable accommodation under this policy.

**Owner**
The “Owner” is the student or other covered person who has requested the accommodation and has received approval to bring the “approved animal” on campus.

**Assistance Animals in Campus Housing**

*Assistance Animals may not be brought into campus housing without prior approval.* A person requesting permission to keep an Assistance Animal in campus housing must make a formal request to the Disability Services Office. To do so, the person should submit an Accommodations Request Form as well as documentation of his or her disability. This documentation should include verification of the individual’s disability from a physician, psychiatrist, social worker, or other mental health professional and a statement on how the animal serves as an accommodation for the verified disability.

**Owner’s Responsibilities in Campus Housing**

1. Service Animals may travel freely with their owner throughout campus housing (and other areas of the institute). Assistance Animals must be contained within the privately assigned residential area at all times, except when transported outside the private residential area in an animal carrier or controlled by leash or harness. When outside the residence, the owner of an Assistance Animal shall carry proof that the animal is an Approved Animal.

2. Approved Animals must be taken with the student if they leave campus for a prolonged period.

3. The Owner is responsible for assuring that the Approved Animal does not unduly interfere with the routine activities of the residence or cause difficulties for students who reside there.

4. The Owner is financially responsible for the actions of the Approved Animal including bodily injury or property damage. The owner’s responsibility covers, but is not limited to,
replacement of furniture, carpet, window, wall covering, and the like. The owner is expected to cover these costs at the time of repair.

5. The Owner is responsible for any expenses incurred for cleaning above and beyond a standard cleaning or for repairs to campus premises that are assessed after the student and animal vacate the residence. The institute shall have the right to bill the student account of the owner for unmet obligations.

6. The Owner must notify Disability Services in writing if the Approved Animal is no longer needed as an Approved Animal or will no longer accompany the owner to campus. To replace an Approved Animal the owner must file a new Accommodations Request Form.

7. The Owner agrees to continue to abide by all other residential policies.

**Guidelines for Maintaining an Approved Animal**

1. Service Animals must be harnessed, leashed, or tethered, unless these devices interfere with the service animal’s work or the individual’s disability prevents using these devices. In that case, the individual must maintain control of the animal through voice, signal, or other effective controls.

2. Care and supervision of the animal are the responsibility of the individual who benefits from the Approved Animal’s use. The owner is required to maintain control of the animal at all times and is responsible for the proper disposal of animal waste.

**Requirements for Faculty, Staff, Students, and Other Members of the Community**

*Members of the community are required to abide by the following practices:*

1. They are to allow a Service Animal to accompany its owner at all times and in all places on campus, except where animals are specifically prohibited.

2. They are not to touch or pet a Service or Assistance Animal unless invited to do so.

3. They are not to feed a Service or Assistance Animal.

4. They are not to deliberately startle a Service or Assistance Animal.

5. They are not to separate or to attempt to separate an owner from his or her Service or Assistance Animal.

6. They are not to inquire for details about the owner’s disabilities. The nature of a person’s disability is a private matter.

**Removal of Approved Animal**

The institute may exclude/remove a Service Animal only if: (1) the dog is out of control and the handler does not take effective action to control it or (2) the dog is not housebroken. When there is
a legitimate reason to ask that a service animal be removed, staff will offer the person the opportunity to obtain goods or services without the animal’s presence.

The institute may exclude/remove an Assistance Animal when (1) the animal poses a direct threat to the health or safety of others, (2) the animal’s presence results in a fundamental alteration of the institute’s program, (3) the owner does not comply with Owner’s Responsibilities in Campus Housing section of this policy, or (4) the animal or its presence creates an unmanageable disturbance or interference with the Pacifica community.

Areas Off Limits to Assistance Animals
All areas except for privately assigned living space in campus housing are off limits to approved Assistance Animals without prior authorization from Disability Services.

Grievance Process for Students with Disabilities
The purpose of this process is to assure students prompt and equitable resolution if they believe their request for disability accommodations has been improperly denied or if they believe that they may have been discriminated against on the basis of their disability. This process is designed to secure resolution through mutual agreement and is responsive to students’ concerns while providing due process rights for all participants within the disputed issue.

Informal Process
In an effort to remediate a grievance through an informal process, it is preferred that students who feel they have been unreasonably denied access or accommodations address their concerns with the faculty or staff member(s) who is/are directly involved in the issue. Students are also encouraged to contact the Disability Services Coordinator who may be able to initiate discussions to explore alternative solutions to the requests. In addition, students may pursue informal remediation through contact with the Program Chair or the Director.

Formal Process
If the informal grievance process does not result in the successful remediation of the issue, the student may initiate a formal grievance by submitting the grievance in writing. The grievance should be filed with the Disability Services Coordinator within 30 days of the alleged violation or perceived discrimination.

The grievance will be reviewed, additional information will be gathered from all parties, and the appropriate supervisors will be consulted. In most cases, a written decision and/or resolution will be rendered within ten days of receipt of the formal complaint and in no circumstance will the timeline extend beyond 30 days. In addition, if it is found that discrimination based upon disability was evident or accommodations were improperly denied, measures will be enacted to prevent future incidents.

Appeal Process
If the decision or recommended resolution is not acceptable, the student may file an appeal to the Provost within 21 days of the recommendation being mailed to the grievant. A written request for appeal should include a summary of the grievance as well as copies of the documents provided throughout the informal and formal grievance process. The Provost will review the grievance,
investigate further, and issue a written decision and/or resolution within 21 days of receipt of the grievance. The decision of the Provost will be final.

If the matter involves the Provost, the grievance may be brought to the attention of the Office of the Chancellor. The Chancellor will review the grievance, investigate further, and issue a written decision and/or resolution within 21 days of receipt of the grievance. The decision of the Chancellor will be final.

If it is found that discrimination based upon disability was evident or accommodations were improperly denied, measures will be enacted to prevent future incidents.

**Dissertation Fee Schedule**

The initial nine-quarter enrollment clock is based on the year of initial enrollment (or re-admitted year) in the Ph.D. program.

<table>
<thead>
<tr>
<th></th>
<th>Fee</th>
<th>Quarterly Payment</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall 2011</td>
<td>$25,965</td>
<td>$2,885.00</td>
</tr>
<tr>
<td>Fall 2012</td>
<td>$26,484</td>
<td>$2,942.67</td>
</tr>
<tr>
<td>Fall 2013</td>
<td>$27,014</td>
<td>$3,001.56</td>
</tr>
<tr>
<td>Fall 2014</td>
<td>$27,400</td>
<td>$3,044.44</td>
</tr>
<tr>
<td>Fall 2015</td>
<td>$28,100</td>
<td>$3,122.22</td>
</tr>
<tr>
<td>Fall 2016</td>
<td>$28,500</td>
<td>$3,166.67</td>
</tr>
</tbody>
</table>

**Payment Options:**

Option 1: Initial nine-quarter enrollment clock – Pay one-ninth of the Dissertation Fee quarterly. See quarterly payment figures above.

Option 2: Financial Aid recipients – Must complete the FAFSA form each year and maintain satisfactory academic progress toward completion; may qualify for up to $20,500 annually. See Pacifica’s website for details or contact the Financial Aid Office.

Initial nine-quarter enrollment clock – One-ninth of the Dissertation Fee (quarterly payment) will be deducted from the Stafford loan(s) each quarter. Excess loan funds will be made available (within 14 days of receipt of funds) to the students each quarter for educational expenses. Contact the Financial Aid Office for complete details.

**Extended One-Year Enrollment Clock:**
For students enrolling in extended one-year dissertation clock the fee will be billed quarterly:

<table>
<thead>
<tr>
<th></th>
<th>Fee</th>
<th>Quarterly Payment</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall 2015-Summer 2016</td>
<td>$13,242.00</td>
<td>$3,310.50</td>
</tr>
<tr>
<td>Fall 2016-Summer 2017</td>
<td>$13,507.00</td>
<td>$3,376.75</td>
</tr>
</tbody>
</table>

**Payment Options:**

Option 1: Extended one-year enrollment clock – Pay each quarter as billed. See quarterly payment figures above.
Option 2: Financial Aid recipients – Must complete the FAFSA form each year and maintain satisfactory academic progress toward completion; may qualify for up to $20,500 annually. See Pacifica’s website for details or contact the Financial Aid Office.

Extended one-year enrollment clock – One-fourth of the fee will be billed and deducted from the Stafford loan(s) each quarter. Excess loan funds will be made available to the students (within 14 days of receipt of funds) each quarter for educational expenses. Contact the Financial Aid Office for complete details.
