Dialog Setting

You should change modal dialogs to pop-ups if a) you primarily view the website on a small device, b) you primarily view the website with style sheets disabled, or c) you use an assistive technology (such as a screen reader, screen magnifier or voice software) that benefit from simpler page designs.

Show secondary window as

- Dialogs
- Pop-ups

HTML Editor Settings

The HTML editor enables you to enter text and HTML in the system. It has many additional rich text features. If you use assistive technology such as screen readers, some of these features might be difficult to navigate.

3. Click on Grid View and then click on Save and close
