Navigating the Learning Modules
1. Click on the **Learning Modules** tab in the mini navbar.
2. This screen will appear. **Click on a specific Learning Module** to view its content.

**Be mindful of the dates associated with the Learning Module.**
3. Learning Modules can contain many different types of content, which depend on your instructor and your degree program. Common submodules include:
- Class Activities
- Required Readings
- Discussion/Write and Post
4. Click a sub module name to view its specific content. In this example, I’ll click **Class Activities**.
5. Once you are taken to the Class Activities sub module, click on the content to view it.
6. The Class Activity will appear.
7. Repeat steps 4 and 5 for all sub modules to view all the course content.
