PACIFICA SCHOLARSHIPS, CONT.

Scholarship awards can range from \$500 to \$4,000. Program specific scholarships are renewable, meaning a student (if they submit the renewal application every year and if the student continues to meet academic requirements) can receive their assigned scholarship award during their course work. Renewable scholarships can be applied during dissertation, but not dissertation extension.

Scholarships are a great resource to reduce student loan debt.

All students (including international students) are encouraged to apply!

To apply: Students must be accepted by the application deadline, have current FAFSA on file, and submit their scholarship application along with their brief essay. *Late or incomplete applications will not be considered.

The Scholarship Committee reviews all applications and students are notified of their award by August 15th.

Outside Scholarships: Review the “Types of Financial Aid” page on Pacifica’s Financial Aid site. We have gone through and listed some outside scholarships on our site. ***Do your research***

FEDERAL STUDENT LOANS

Submit a 2018/2019 FAFSA at, <https://fafsa.ed.gov/> using your 2016 tax information.

- The FAFSA is a **Free** Application for Federal Student Aid. Make sure you do not pay to complete it. Note: You are not obligated to accept the loan.
- **All eligible students qualify for \$20,500 in an Unsubsidized Loan per award year as long as they have not come close to or have reached their aggregate loan limit of \$138,500.**
- Note: The unsubsidized loan is available to cover the majority of your tuition per year.
- For more information regarding eligibility status, please review the Federal Student Aid website: <https://studentaid.ed.gov/sa/eligibility/basic-criteria>

FEDERAL STUDENT LOANS, CONT.

If you require more funding than what the Unsubsidized Loan permits, you may apply for a supplemental Graduate Plus Loan at <https://studentloans.gov>

The Graduate Plus application is a separate application from the FAFSA and, unlike the FAFSA which is an entitlement program, the Graduate Plus is credit based.

- The Department of Education will run your credit. They do not view your FICO score or debt-to-income ratio.
- Some things that may impact the credit decision include foreclosure, bankruptcy, delinquent accounts, etc., within the past 5 years.
- You may apply for the Grad PLUS Loan to help cover any difference in costs not covered by the Stafford Unsubsidized Loan and any other form of financial aid (i.e. scholarships), as well as to provide additional funds for other education-related expenses such as travel costs. Students whose applications are denied though may still borrow the Grad PLUS Loan either by obtaining an endorser (co-signer) or by appealing with the Department of Education.

****Not meant to replace your income or to be used for daily expenses.****
