

love, peace, and joy

HAPPY
holidays

from Pacifica Graduate Institute

December 21, 2022

Dear Pacifica Community,

It's that time of year...when our vision of rest from work and studies, quality time with family and friends, and care for ourselves and our communities honor our values and feed our souls.

It is in this spirit that we take the time to express our gratitude to all who have made our achievements possible. Students, administrators, faculty, staff, trustees, alums, and friends of Pacifica, we are grateful for you and wish you peace, love, and joy.

Here are a couple of notes and reminders heading into the holidays:

- Our campuses and offices will be quiet from December 23, 2022 through January 2, 2023 in honor of the holidays and afford our dedicated staff and faculty a deserved break. For students who may need support from one of our offices, we ask that you please reach out by noon on Thursday, December 22. Anything urgent that may arise and need a timely response during the holiday break should be marked as such in your communication. Otherwise, we look forward to connecting back with you better than ever in the new year.
- My second *Eye on Pacifica* video update is now available: [EYE ON PACIFICA VIDEO - DECEMBER 2022](#). Please watch for institutional updates, recognition, and holiday message.

Please enjoy your time of rest, rejuvenation, and reflection. See you in 2023!

Happy Holidays!
